

**MAURY COUNTY DEMOLITION LANDFILL  
PLANS LATERAL AND VERTICAL EXPANSION  
FOR THE PURPOSE OF FINAL CLOSURE**

Maury County has applied to the Tennessee Department of Environment and Conservation (TDEC), Division of Solid Waste Management (DSWM), for a solid waste disposal facility permit modification to construct a lateral and vertical expansion to the existing 29 acres of the permitted waste footprint of the Maury County Demolition Landfill (DML600000029). The facility is located in Maury County at 1419 Santa Fe Pike in Columbia, Tennessee (latitude 35.643889° N/longitude -87.064722° W). This application is necessary to properly and permanently close the Maury County Demolition Landfill. The waste materials to be accepted are classified as farming wastes, landscaping and land clearing wastes, construction/demolition, shredded automotive tires, and/or certain wastes having similar characteristics and approved in writing by TDEC.

Under State law, the applicant must obtain a modification of the existing permit before constructing or operating the proposed facility expansion. DSWM has received a Part I Permit Application indicating Maury County's desire to obtain the required major permit modification.

A complete permit application consists of both a Part I and a Part II, as described in Regulations Governing Solid Waste Processing and Disposal Facilities in Tennessee, Rule 0400-11-01-.02(3)(c). When the facility submits the complete Part II application, DSWM will do an in-depth review to determine if the application meets the technical standards of the Regulations described in Tennessee Rule 0400-11-01-.04(9), Solid Waste Processing and Disposal. Once the technical review is completed, DSWM will make a tentative decision to either grant or to deny the permit and will issue a public notice. This second notice will provide the public at least 45 days to submit written comments on the proposed action. If there is a significant degree of public interest, DSWM will schedule a public hearing and give at least 15 days' notice. (A public hearing may be announced in the second notice if DSWM is already aware of significant public interest.) After considering all comments received, the DSWM Director shall issue a final permit decision and a response to comments.

For further information on this matter, contact the DSWM at the TDEC Columbia Environmental Field Office, 1421 Hampshire Pike, Columbia, TN 38401 (931-380-3371), or Mr. Doug Giles, Maury County Solid Waste Director, 1233 Lawson White Drive, Columbia, TN 38401 (931-375-6400).
