

PUTNAM COUNTY CLASS III/IV LANDFILL PERMIT MODIFICATION – COMMENTS WELCOME

The Tennessee Department of Environment and Conservation (TDEC), Division of Solid Waste Management (DSWM), has tentatively decided to issue a solid waste disposal facility permit major modification to Putnam County for their Class III/IV Landfill. This major modification will result in a vertical expansion within the limits of the existing 19.2 acres of permitted disposal area.

The facility, identified as the Putnam County Class III/IV Demolition Landfill (DML71000068), is located in Putnam County at 11089 Cookeville Boat Dock Rd., Baxter, Tennessee (latitude 36.0349° N/ longitude 85.6576° W). This permit would allow construction, operation, closure, and post-closure care of the Class III/IV disposal facility which may include farming wastes, landscaping and land clearing wastes, construction/demolition waste, shredded automotive tires, and/or certain wastes having similar characteristics and approved in writing by TDEC. No hazardous wastes, as regulated by the Tennessee Hazardous Waste Management Act (Tennessee Code Annotated, Section 68-212-101, et. seq.) and the Rules adopted pursuant to the Act, shall be accepted for disposal at this facility. The official responsible for operation of the facility is the Honorable Randy Porter, Putnam County Mayor, 300 East Spring Street, Room 8, Cookeville, TN 38501 (931-528-2161).
