NOTICE OF INDIVIDUAL PERMIT DECISIONS

May 6, 2022

NOTICE OF INDIVIDUAL PERMIT DECISIONS
This serves as notice of the division’s decisions on Aquatic Resource Alteration Permit or §401 Water Quality Certification applications previously posted for public comment. Publication of this notice serves as commencement of the thirty-day period for appeal by third parties pursuant to TCA 69-3-105(i). All documents pertaining to the Aquatic Resource Alteration Permit (ARAP) can be viewed on the TDEC website at DWR Permits in TN.

NRS20.177

Applicant: Marshall County Board of Public Utilities
Activity: The Marshall County Board of Public Utilities was issued an Aquatic Resource Alteration Permit to construct a mid-river, passive screen water intake and to withdraw drinking water at the instantaneous rate of up to 2,100 gallons per minute from the Duck River in Marshall County. The issued permit contained statements that were unclear. This revision deletes those statement.
County: Marshall
Resource: Duck River
Action: Issued  Date of Action: 3-MAY-22

NRS21.166

Applicant: Jackson County Highway Department
Activity: The Jackson County Highway Department proposes to install 1,020 feet of rip rap on existing roadbeds along Free State Road and Big Bottom Road abutting Cordell Hull Reservoir for roadbed stabilization and erosion protection.
County: Jackson
Resource: Cordell Hull lake, Cumberland River
Action: Issued  Date of Action: 4-MAY-22

NRS21.220

Applicant: Tennessee Department of Transportation (TDOT)
Activity: The Tennessee Department of Transportation proposes to encapsulate 18 feet of Hines Creek, place 42 feet of riprap on the banks of the stream, impact 20 feet of stream with the construction of wingwalls, and temporarily impact five stream channels through utility line installation, while improving safety along SR-71 in Knox County. Loss of resource value will be provided by removing a run of the river dam on Pistol Creek in Blount County.
County: Knox
Resource: Multiple Waterbodies
