About Tennessee Faith & Freedom Coalition

“Freedom regards religion as the companion in all its battles and all its triumphs as the very cradle of its infancy and the source of all its claims.... because religion alone is the safeguard of morality, and morality is the best and surest pledge for the survival of freedom.” - Alexis de Tocqueville

We believe that the greatness of America lies not in the government but in the character of our people — the simple virtues of faith, hard work, marriage, family, personal responsibility, and helping the least among us. If we lose sight of these values, America will cease to be great.

Our Principles

- Respect for the sanctity and dignity of life, family, and marriage as the foundations of a free society
 - Protecting our children & fighting human trafficking
- Limited government, lower taxes and fiscal responsibility to unleash the creative energy of entrepreneurs
 - Help the poor, the needy, and those who have been left behind
 - Free markets and free minds to create opportunity for all
