Dear County Commissioner/County Mayor/County Executive:

The Tennessee County Commissioners Association will be holding a series of 8 regional dinner meetings across the state this September. Newly elected commissioners are especially encouraged to attend and find out about the association and its programs. These meetings are a great opportunity to network with fellow county officials and hear about issues affecting county government in Tennessee. All meetings begin at 6:30 p.m. local time with a dinner, followed by programs and discussions. See our website for more information.
