INTRODUCTION

Overview

This guide will help you understand your insurance options and the coverage rules for state and higher education employees. If you are viewing the guide online, you can hover over any website link and click to go to that website. There is a separate guide for retirement insurance.

Benefits Administration, within the Department of Finance and Administration, manages the State Group Insurance Program. The State Plan includes employees of state government and higher education.

If you are eligible, you may enroll in health, dental, vision, life and disability insurance. Flexible spending accounts (FSA) are also available.

If You Have Questions:

About eligibility or enrollment (e.g., becoming insured, adding dependents, when your coverage starts, transferring between plans, ending coverage) contact your agency benefits coordinator. They will work with Benefits Administration to help you.

About health coverage (e.g., prior authorization, claims processing or payment, bills, benefit statements or letters from your healthcare provider or insurance company) contact the insurance company's member service number on your insurance card. See also, information at the end of this guide about your appeal rights.

For More Information

Your agency benefits coordinator (ABC) is your primary contact. This person is usually located in your human resources office. He/she is available to answer benefit questions and can provide you with forms and insurance materials.

You can also find information like brochures and handbooks, plan documents, summaries of benefits and coverage and sample certificates of coverage on the Benefits Administration website, tn.gov/partnersforhealth.html.

Authority

The State Insurance Committee is authorized to determine the premiums, benefits package, funding method, administrative procedures, eligibility provisions and rules relating to the State Plan. You will be given written notice of changes.

State Insurance Committee

- Commissioner of Finance and Administration (Chairman)
- State Treasurer
- Comptroller of the Treasury
- Commissioner of Commerce and Insurance
- Commissioner of Human Resources
- Two members elected by popular vote of general state employees
- One higher education member selected under procedure established by the Tennessee Higher Education Commission
- One member from the Tennessee State Employees Association selected by its Board of Directors
- Chairs of the House and Senate Finance, Ways and Means Committees

Certain state and federal laws and regulations, which may be amended or the subject of court rulings, apply to the group insurance program. These laws, regulations and court rulings shall control over any inconsistent language in this guide.

ELIGIBILITY AND ENROLLMENT

Employee Eligibility

The following employees are eligible to enroll in coverage:

- Full-time employees regularly scheduled to work at least 30 hours per week
- All other individuals cited in state statute, approved as an exception by the State Insurance Committee or defined as full-time employees for health insurance purposes by federal law

Employees NOT Eligible to Participate in the Plan

Individuals who do not meet the employee eligibility rules outlined above are ineligible UNLESS they otherwise meet the definition of an eligible employee under applicable state or federal laws or by approval of the State Insurance Committee. As an example, the following individuals are normally ineligible but might qualify for coverage if they meet the federal definition of a full-time employee under the Patient Protection and Affordable Care Act.

- Individuals performing services on a contract basis
- Individuals in positions that are temporary appointments

Dependent Eligibility

If you enroll in health, vision or dental coverage, you may also enroll your eligible dependents. You or your spouse must be enrolled in voluntary term life in order to add a child term rider to the coverage.

The following dependents are eligible for coverage:

- Your spouse (legally married)
- Natural or adopted children
- Stepchildren
- Children for whom you are the legal guardian
- Children for whom the plan has qualified medical child support orders

All dependents must be listed by name during enrollment. Proof of the dependent's eligibility is also required. Refer to the dependent definitions and required documents chart (https://www.tn.gov/content/dam/tn/finance/fa-benefits/documents/deva_eligible_docs.pdf) for the types of proof you must provide. You are required to provide a valid Social Security number for dependents (if they have one). A dependent can only be covered once within the State Plan but can be covered under two separate plans (state, local education or local government). Dependent children are eligible for coverage through the last day of the month of their 26th birthday.

Children who are mentally or physically disabled and not able to earn a living may continue coverage beyond age 26 if they were disabled before their 26th birthday and they were already insured under the State Group Insurance Program. The child must meet the requirements for dependent eligibility listed above. A request for extended coverage must be provided to Benefits Administration before the dependent's 26th birthday. The insurance carrier will decide if a dependent is eligible based on disability. Coverage will end and will not be restored once the child is no longer disabled.

An employee may not be enrolled as both head of contract and dependent within the State Plan. A newly hired employee can choose coverage for his/her spouse as a dependent when that spouse is an eligible employee who declined coverage when first eligible. The employee's spouse will have dependent status unless he/she requests to change during the annual enrollment period or later qualifies under the special enrollment provisions. The spouse who is also an employee, however, may only apply as an employee for the voluntary term life insurance program.

Individuals Not Eligible for Coverage as a Dependent

- Ex-spouse (even if court ordered)
- Parents of the employee or spouse
- Foster children
- Children over age 26 (unless they meet qualifications for incapacitation/disability)
- Live-in companions who are not legally married to the employee

Enrollment and Effective Date of Coverage

As a new employee, your eligibility date is your hire date. You must complete enrollment within 31 days after your hire date. Coverage starts on the first day of the month after you complete one full calendar month of employment, except for voluntary term life insurance. Voluntary term life insurance will become effective after you have completed three full calendar months of employment.

If you are a part-time employee who has completed one full calendar month of employment and you gain full-time status, your coverage will start the first day of the month after gaining full-time status. Application must be made within 31 calendar days of the date of the status change, but you should submit your enrollment request as soon as possible to avoid the possibility of double premium deductions.

You must be in a positive pay status on the day your coverage begins. If you do not enroll in health coverage by the end of your enrollment period, you must wait for the annual enrollment period, unless you have a qualifying event during the year. Refer to the special enrollment provisions on pages 7-8 of this guide for more information.

Positive Pay Status — Being paid even if you are not actually performing your normal work duties. This is related to any type of approved leave with pay.

A dependent's coverage starts on the same date as yours unless newly acquired. Application to add a newly acquired dependent (https://www.tn.gov/content/dam/tn/finance/fa-benefits/documents/1043_2018.pdf) must be submitted within 60 days of the acquire date. Family coverage based on enrolling newly acquired dependent children due to birth, adoption or legal custody must begin on the first day of the month in which the event occurred and the children shall be eligible for coverage on the date they were acquired. Coverage for an adopted child begins when the child has been adopted or has been placed for adoption. If enrolled in single coverage and adding a newly-acquired spouse, you may choose to begin family coverage on the first day of the month in which your spouse was acquired or the first day of the following month. Depending on the date you choose, your newly acquired spouse will be covered beginning with the acquire date (date of marriage) or the first day of the following month.

Insurance cards will be mailed to you three to four weeks after your application is processed. You may call the insurance carrier to ask for extra cards or print a temporary card from the carrier's website.

Choosing a Premium Level (Tier)

There are four premium levels for health, dental and vision coverage to choose from. You may choose the same or different levels for each of the insurance plans (health, dental and vision).

- Employee Only
- Employee + Child(ren)
- Employee + Spouse
- Employee + Spouse + Child(ren)

Family Coverage — Is any coverage level other than "Employee Only."

If you enroll as a family in the second, third or fourth premium level, all of you must enroll in the same health, dental and vision options. However, if you are married to an employee who is also a member of the state, local education or local government plan, you can each enroll in employee-only coverage if you are not covering dependent children. If you have children, one of you can choose employee only and the other can choose employee + child(ren). Then you can each choose your own benefit option and carrier.

If you are in the State Plan and your spouse is also in the State Plan, you both may want to think about choosing coverage as the head of contract. State Plan employees can get a higher level of basic term life insurance coverage as the head of contract. Refer to the available benefits section of this guide beginning on page 13 for more information.

Premium Payment

For state and higher education employees, the state pays about 80 percent of the cost of your health insurance premium if you are in a positive pay status or on approved family medical leave. If you are approved for worker's compensation and receiving lost-time pay, the state pays the entire health insurance premium. Insurance premiums are taken from the paycheck you get at the end of each month to pay for the next month's coverage. Voluntary coverages, such as dental, disability and vision, get no state support, and you must pay the total premium.

The plan permits a 30-day deferral of premium for premiums being billed directly instead of through payroll deduction. If the premium is not paid at the end of that deferral period, coverage will be cancelled back to the date you last paid a premium. There is no provision for restoring your coverage.

Premiums are not prorated. You must pay the premium for the entire month in which the effective date occurs and for each covered month thereafter.

Pre-tax Premiums — State employee premiums for health, dental and vision are paid before income or Social Security tax is deducted. Pre-tax premiums reduce an employee's taxable income because they are taken out before taxes are withheld.

Adding New Dependents

Enrollment must be completed within 60 days of the date a dependent is acquired (https://www.tn.gov/content/dam/tn/finance/fa-benefits/documents/1043_2018.pdf). The "acquire date" is the date of birth, marriage, or, in case of adoption, when a child is adopted or placed for adoption. Premium changes start on the first day of the month in which the dependent was acquired or, the first of the next month, depending on the coverage start date.

Add Dependents — Within 60 days of the acquire date/Within 40 days for qualified medical support order

An employee's child named under a qualified medical support order must be added within 40 days of the court order.

If adding dependents while on single coverage, you must request the correct family coverage tier for the month the dependent was acquired so claims are paid for that month. This change is retroactive, and you must pay the premium for the entire month each month the dependent is insured.

To add a dependent more than 60 days after the acquire date the following rules apply based on the type of coverage you currently have:

If you have single coverage

- The new dependent can enroll if they have a qualifying event under the special enrollment provisions or during the annual enrollment period.

If you have family coverage

- The new dependent can enroll if they have a qualifying event under the special enrollment provisions or during the annual enrollment period.
- The new dependent can also enroll if the level of family coverage you had on the date the dependent was acquired was sufficient to include that dependent without requiring a premium increase. You must have maintained that same level of family coverage without a break. The dependent's coverage start date may go back to the acquire date in this case.

More information is provided under the special enrollment provisions section of this guide, starting on page 7.

Updating Personal Information

State employees can update information, such as home address and email, in Edison or by contacting their agency human resources offices. Higher education employees can update information in Edison, contact their agency benefits coordinators or call the Benefits Administration service center to request an address or email address change. All employees who contact Benefits Administration will be required to provide their Social Security number or Edison ID, date of birth, previous address and confirm authorization of the change before BA can update the information. **It is your responsibility to keep your address, phone number and email address current with your employer.**

Annual Enrollment Period

During the fall of each year, benefit information is mailed to you and provided in detail on our Partners for Health website. Review this information carefully to make the best decisions for you and your family members. The enrollment period gives you another chance to enroll in health, dental, vision, voluntary accidental death coverage, voluntary term life and disability insurance coverage. You can also make changes to your existing coverage, like increasing or decreasing voluntary term life insurance, transferring between health, dental, disability and vision options and cancelling insurance.

Most changes you request start the following January 1. However, voluntary term life and disability insurance may start January 1, February 1 or March 1. This is because the insurance carriers may need to review your medical history to determine if you qualify for coverage.

Benefit enrollments remain in effect for a full plan year (January 1 through December 31). However, you may cancel disability and voluntary term life coverage at any time. **You may not cancel other coverage outside of the enrollment period unless eligibility is lost or there is a qualifying change or event.** For more information, see the section on cancelling coverage below.

Cancelling Coverage

Outside of the annual enrollment period, you can only cancel coverage (other than disability and voluntary term life insurance) for yourself and/or your covered dependents, IF:

- You lose eligibility for the State Group Insurance Program (e.g., changing from full-time to part-time)
- You experience a special qualifying event, family status change or other qualifying event as approved by Benefits Administration

60-day Deadline — Read details at left

You must notify your agency benefits coordinator of any event that causes you or your dependents to become ineligible for coverage. You must repay any claims paid in error. Refunds for any premium overpayments are limited to three months from the date notice is received.

When cancelled for loss of eligibility, coverage ends the last day of the month eligibility is lost. For example, coverage for adopted children ends when the legal obligation ends. Insurance continued for a disabled dependent child ends when he/she is no longer disabled or at the end of the 31-day period after any requested proof is not given.

Divorce — If you request to terminate coverage of a dependent spouse while a divorce case is pending, such termination will be subject to laws and court orders related to the divorce or legal separation. This includes the requirements of Tennessee Code Annotated Section 34-4-106 and the requirement that you provide notice of termination of health insurance to your covered dependent spouse under Tennessee Code Annotated Section 56-7-2366. As the employee, it is your responsibility to make sure that any request to terminate your dependent spouse is consistent with those legal requirements.

Cancelling coverage in the middle of the plan year —You may only cancel coverage for yourself and/or your dependents in the middle of the plan year if you lose eligibility or you experience an event that results in you/your dependents becoming newly eligible for coverage under another plan. There are no exceptions. You have 60 days from the date that you and/or your dependents become newly eligible for other coverage to turn in an application and proof to your agency benefits coordinator (<https://www.tn.gov/content/dam/tn/finance/fa-benefits/documents/1047.pdf>). The required proof is shown on the application. Events that might result in becoming newly eligible for coverage elsewhere are:

- Marriage, divorce, legal separation, annulment
- Birth, adoption/placement for adoption
- Death of spouse, dependent
- New employment, return from unpaid leave, change from part-time to full-time employment (spouse or dependents)
- Entitlement to Medicare, Medicaid or TRICARE
- Court decree or order
- Open enrollment
- Change in place of residence or workplace out of the national service area (i.e., move out of the U.S.)
- Marketplace enrollment

Once your application and required proof are received, the coverage end date will be either:

- The last day of the month before the eligibility date of other coverage
- The last day of the month that the event occurred

You may request to cancel the Prepaid Dental Plan if there is no participating general dentist within a 40-mile radius of your home address.

If you request to cancel disability coverage, 30 days advance written notice is required.

Transferring Between Plans

Members eligible for coverage under more than one state-sponsored plan may transfer between the state, local education and local government plans. You may apply for a transfer during the plan's designated enrollment period with an effective date of January 1 of the following year. In no case may you transfer to another state-sponsored plan and remain on your current plan as the head of contract.

If You Don't Apply When First Eligible

If you do not enroll in health coverage when you are first eligible, you must wait for the annual enrollment period. You can also apply during the year through special enrollment due to certain life events.

Special Enrollment Provisions

The Health Insurance Portability and Accountability Act (HIPAA) is a federal law. It allows you to enroll in a group health plan due to certain life events. The State Group Insurance Program will only consider special enrollment requests for health, dental, disability, voluntary term life and vision insurance coverage.

An employee experiencing one of the events below may enroll in employee only or family coverage. Previously eligible dependents (those who were not enrolled when initially eligible and are otherwise still eligible) may also be enrolled. Submission of medical history will be required by the disability and voluntary term life insurance carriers to determine your qualification for coverage.

- A new dependent spouse is acquired through marriage
- A new dependent newborn is acquired through birth
- A new dependent is acquired through adoption or legal custody

You must make the request within 60 days of acquiring the new dependent (https://www.tn.gov/content/dam/tn/finance/fa-benefits/documents/1043_2018.pdf). You must also submit proof, as listed on the enrollment application, to show:

- The date of the birth
- The date of placement for adoption
- The date of marriage

60-day Deadline —
Read details at left

The above events are ONLY subject to special enrollment IF you want to use the event to enroll yourself or you already have coverage and want to add other previously eligible dependents at the same time as the new dependent. If you already have coverage and only want to add a newly acquired dependent, this is treated as a regular enrollment change.

Options for coverage start dates due to the events above are:

- Day on which the event occurred if enrollment is due to birth, adoption or placement for adoption
- Day on which the event occurred or the first day of the next month if enrollment is due to marriage

Other events allow enrollment based on a loss of coverage under another plan:

- Death of a spouse or ex-spouse
- Divorce
- Legal separation
- Loss of eligibility (does not include loss due to failure to pay premiums or termination of coverage for cause)
- Termination of spouse's or ex-spouse's employment
- Employer ends total premium support to the spouse's, ex-spouse's or dependent's insurance coverage (not partial)
- Spouse's or ex-spouse's work hours reduced
- Loss of coverage due to exhausting lifetime benefit maximum
- Loss of TennCare (does not include loss due to non-payment of premiums)

Applications for the above events must be made within 60 days of the loss of the insurance coverage.

You must submit proof as required to show ALL of the following:

- A qualifying event has occurred
- You and/or your dependents were covered under another group health plan at the time of the event
- You and/or your dependents may not continue coverage under the other plan

If enrolling due to loss of coverage under another plan, options for coverage start dates are:

- The day after the loss of other coverage, or
- The first day of the month following loss of other coverage

Important Reminders

- If enrolling dependents who qualify under the special enrollment provisions, you may choose to change to another carrier or health option, if eligible
- If you or your dependents had COBRA continuation coverage under another plan and coverage has been exhausted, enrollment requirements will be waived if application is received within 60 days of the loss of coverage
- Loss of eligibility does not include a loss due to failure of the employee or dependent to pay premiums on a timely basis or termination of coverage for cause

CONTINUING COVERAGE DURING LEAVE OR AFTER TERMINATION OF EMPLOYMENT

Extended Periods of Leave

Family and Medical Leave Act (FMLA)

FMLA allows you to take up to 12 weeks of leave during a 12-month period for things like a serious illness, the birth or adoption of a child or caring for a sick spouse, child or parent. If you are on approved family and medical leave, you will continue to get state support of your health insurance premium. Initial approval for family and medical leave is up to each agency head. You must have completed a minimum of 12 months of employment and worked 1,250 hours in the 12 months immediately before the onset of leave. Cancellation due to failure to pay premiums does not apply to FMLA.

Leave Without Pay — Health Insurance Continued

If continuing coverage while on an approved leave of absence, you must pay the total monthly health insurance premium once you have been without pay for one full calendar month. You will be billed at home each month for your share and the employer's share. The maximum period for a leave of absence is two continuous years. At the end of the two years, you must immediately report back to work for no less than one full calendar month before you can continue coverage during another leave of absence. If you do not immediately return to work at the end of two years of leave, coverage is canceled and COBRA eligibility will not apply.

Leave Without Pay — Insurance Suspended

You may suspend coverage while on leave if your premiums are paid current. All insurance programs are suspended, including any voluntary coverage. The \$20,000 basic term life and the \$40,000 basic accidental death coverages provided at no cost to all eligible employees will remain in effect. You may reinstate coverage when you return to work. If canceled for nonpayment, you must wait for the next annual enrollment period to re-enroll unless you have a qualifying event under the special enrollment provisions during the year.

To Reinstate Coverage After You Return

You must submit an application to your agency benefits coordinator within 31 days of your return to work. You must enroll in the same health option you had before. If you do not enroll within 31 days of your return to work, you must wait for the next annual enrollment period to re-enroll unless you have a qualifying event under the special enrollment provisions during the year. Coverage goes into effect the first of the next month after you return to work. There are additional requirements for the disability insurance that may be found in the sample certificate of coverage.

If you and your spouse are both insured with the State Group Insurance Program, you can be covered by your spouse as a dependent during your leave of absence. Any deductibles or out-of-pocket expenses will be transferred to the new contract. To transfer coverage, submit an enrollment application to suspend your coverage. Your spouse should submit an enrollment application to add you as a dependent. Benefits Administration must be contacted to assist with this change and to transfer deductibles and out-of-pocket expenses.

Reinstatement for Military Personnel Returning from Active Service

An employee who returns to work after active military duty may reinstate coverage on the earliest of the following:

- The first day of the month, which includes the date discharged from active duty
- The first of the month following the date of discharge from active duty
- The date returning to active payroll
- The first of the month following return to the employer's active payroll

If restored before returning to the employer's active payroll, you must pay 100 percent of the total premium. In all instances, you must pay the entire premium for the month.

Reinstatement of coverage is not automatic. Military personnel must re-apply within 90 days from the end of leave.

Leave Due to a Work-related Injury

If you have a work-related injury or illness, contact your agency benefits coordinator about how this will affect your insurance. You must keep insurance premiums current until you receive a notice of lost-time pay from the Division of Claims Administration. You will receive a refund for any health insurance payments you make once you receive notice.

If approved for lost-time pay, only the premium for health insurance is paid by your agency. You must pay the premium for any voluntary coverage on a monthly basis. You are responsible for 100 percent of the premium when lost-time pay ends if you do not have any paid leave.

Lost-time Pay — Payments received due to lost time (without pay) caused by an approved work-related injury. Approved by the Department of Treasury, Division of Claims.

All benefits paid by the plan for work-related injury or illness claims will be recovered. This means that you are required to repay all claims paid related to a work-related injury.

Termination of Employment

Your insurance coverages end when your agency terminates your employment and the information is sent to Benefits Administration.

- State employees: If your last day worked is the last day of the month, your coverage will end on the last day of the following month. If your last day worked is any date other than the last day of the month, your coverage will end on the last day of the current month. Disability insurance will end after your last day worked.
- Higher education employees: Coverage will end on the last day of the month following the month you terminate employment. Disability insurance will end after your last day worked.

A COBRA notice to continue health, dental and/or vision coverage (depending upon your enrollment as an active employee) will be mailed to you. Disability and life insurance conversion notices will also be mailed, if applicable.

In the event that your spouse is also insured as a head of contract under either the state, local education or local government plan, you have the option to transfer to your spouse's contract as a dependent. Application must be made within one full calendar month of your termination of employment.

Continuing Coverage through COBRA

You may be able to continue health, dental and/or vision insurance coverage under the Consolidated Omnibus Budget Reconciliation Act. This is a federal law known as COBRA. This law allows employees and dependents whose insurance would end to continue the same benefits for specific periods of time. Persons may continue health, dental and/or vision insurance if:

- Coverage is lost due to a qualifying event (refer to the COBRA brochure on our website for a list of events)
- You are not insured under another group health plan as an employee or dependent

Benefits Administration will send a COBRA packet to you. It will be sent to the address on file within 7-10 days after your coverage ends. Make sure your correct home address is on file with your agency benefits coordinator. You have 60 days from the date coverage ends or the date of the COBRA notice, whichever is later, to return your application to Benefits Administration. Coverage will be restored immediately if premiums are sent with the application. If you do not receive a letter within 30 days after your insurance ends, you should contact Benefits Administration.

Continuing Coverage at Retirement

There are separate eligibility guides for retirement insurance. The Guide to Continuing Insurance at Retirement for State and Higher Education is available on the ParTNers for Health website under “Publications” at tn.gov/partnersforhealth.

Coverage for Dependents in the Event of Your Death

If you die while actively employed, your covered dependents will be offered continuation of whatever State medical, dental and vision insurance they have on the date of your death. Your dependents may also be able to convert life insurance.

Health — Your covered dependents get six months of health coverage at no cost. After that, your dependents may continue health coverage under COBRA for a maximum of 36 months, as long as they remain eligible. Instead of COBRA, your eligible dependents may continue coverage through retiree group health if you meet the eligibility criteria for continuation of coverage as a retiree at the time of your death.

If you are a member of the Tennessee Consolidated Retirement System (TCRS), election of a monthly pension benefit is required to continue insurance for your covered dependents if you die. Your covered dependents do not have to be the pension beneficiaries, but if either you or your designated pension beneficiary elected to take a lump sum pension payout, this will result in your surviving dependents losing the right to continue retiree health insurance coverage.

Premiums for continued coverage of your eligible surviving dependents will be deducted from your monthly TCRS pension check if a covered dependent is your designated pension beneficiary. Covered surviving dependents must submit insurance premiums directly to Benefits Administration if your TCRS pension check is insufficient to cover the premiums or if your designated pension beneficiary is someone other than a dependent covered on your insurance at the time of your death.

Dental and Vision — Your dependents may be eligible for continuation of dental and vision coverage through COBRA or the retirement program as outlined below.

Your surviving dependents covered under your dental and/or vision plan on the date of your death may continue their enrollment in the plan with one of the two options listed below. (**Note:** Your dependents must continue enrollment in the retiree health plan to be able to continue retiree vision insurance.)

- If you are eligible for continuation of coverage as a retiree at the time of your death, your dependents may elect COBRA or retiree continuation of dental and/or vision elections in effect for them on the date of your death; or
- If you are not eligible for continuation of coverage as a retiree at the time of your death, your dependents may elect COBRA continuation for dental and/or vision elections in effect for them on the date of your death.

The surviving spouse should contact BA to confirm eligibility.

If You Die in the Line of Duty

Your covered dependents will get six months of health coverage at no cost. After that, they may only continue health coverage at an active employee rate until they become eligible for other insurance coverage or they no longer meet the dependent eligibility rules.

Line of Duty — An employee on the job in a positive pay status; as determined by the State Division of Claims Administration in the Department of Treasury.

If You Are Covered Under COBRA

Your covered dependents will have up to a total of 36 months of COBRA, provided they continue to meet the eligibility requirements.

AVAILABLE BENEFITS

Health Insurance

You have a choice of three health insurance options:

- Premier Preferred Provider Organization (PPO)
- Standard PPO
- Consumer-driven Health Plan (CDHP)/Health Savings Account (HSA)

You also have a choice of three insurance carrier networks:

- BlueCross BlueShield Network S
- Cigna LocalPlus Network
- Cigna Open Access Plus Network – includes more hospitals in Tennessee. You pay a monthly surcharge: \$40 for employee only and employee+child(ren)/\$80 for employee+spouse and employee+spouse+child(ren)

With each health insurance option, you can see any doctor you want. However, each carrier network has a list of doctors, hospitals and other healthcare providers that you are encouraged to use. The in-network providers have agreed to take lower fees for their services. Your cost is higher if you use out-of-network providers.

Each health insurance option:

- Provides the **same comprehensive health insurance coverage** (although medical policies for specific services may vary between carriers)
- Includes in-person and state-sponsored Telehealth medical services
- Covers **in-network preventive care** (like annual well visits and routine screenings) **at no cost to you**
- Covers **maintenance** prescription drugs without having to first meet a deductible
- Has a deductible
- Has out-of-pocket maximums to limit your costs

There are some differences between the PPOs and the CDHP:

With the PPOs

- You pay a higher monthly premium but have a lower deductible
- You pay fixed copays for doctor office visits and prescription drugs without first having to meet your deductible

With the CDHP/HSA

- You pay a lower monthly premium but have a higher deductible
- You pay the full discounted network cost for **ALL** healthcare expenses, except for in-network preventive care and certain maintenance drugs, until you meet your deductible
- You have a tax-free HSA which can be used to cover your qualified medical expenses, including your deductible

CDHP/HSA

If you enroll in this option, the state will deposit \$250 for employee only coverage or \$500 for family coverage into your HSA. If your coverage effective date is September 2 through the end of the year, you will not receive the state contribution towards your HSA in 2020.

Health Savings Account

If you enroll in the CDHP, a HSA will be set up for you. You can contribute pre-tax money to your HSA through payroll deduction to cover your qualified medical expenses, including your deductible, or save it. For example, you could take the money you save in premiums for this plan versus a PPO and put it in your HSA. The HSA is managed by PayFlex, a company selected and contracted by the state.

Benefits of a HSA

- The money you save in the HSA (both yours and any employer contributions) rolls over each year and collects interest. You don't lose it at the end of the year.
- You can use money in your account to pay your deductible and qualified medical, behavioral health, vision and dental expenses.
- The money is yours. You take your HSA with you if you leave or retire.
- The HSA offers a triple tax advantage on money in your account:
 1. Both employer and employee contributions are tax free
 2. Withdrawals for qualified medical expenses are tax free
 3. Interest accrued on HSA balance is tax free
- The HSA can be used to pay for qualified medical expenses that may not be covered by your health insurance plan (like vision and dental expenses, hearing aids, contact lens supplies and more) with a great tax advantage.
- It serves as another retirement savings account option. Money in your account can be used tax free for health expenses even after you retire. And, when you turn 65, it can be used for non-medical expenses. But non-medical expenses will be taxed.

Contribution Limits

- IRS guidelines allow total tax-free annual contributions up to \$3,550 for individuals and \$7,100 for families in 2020.
- At age 55 and older, you can make an additional \$1,000/year contribution.

These limits include the \$250 individual and \$500 family state contributions.

Your full HSA contribution is not available upfront at the beginning of the year or after you enroll. Your pledged amount is taken out of each paycheck each pay period. You may only spend the money that is available in your HSA at the time of service or care.

Enrolling in Social Security at age 65 automatically triggers Medicare Part A enrollment. If enrolled in a CDHP, this may have tax consequences and affect your HSA contribution.

Consult with your tax advisor for advice.

Restrictions

You cannot enroll in the CDHP/HSA if you are enrolled in another plan, including a PPO, your spouse's plan or any government plan (e.g., Medicare A and/or B, Medicaid, TRICARE, Social Security benefits), or if you have received care from an Veterans Affairs (VA) facility or the Indian Health Services (IHS) within the past three months.

Generally, members eligible to receive care at any VA facility cannot enroll in the CDHP because a HSA is automatically opened for them. Individuals are not eligible to make HSA contributions for any month if they receive medical benefits from the VA at any time during the previous three months. However, members may be eligible if the following applies:

- Member did not receive any care from the VA facility for three months, or
- The member only receives care from a VA facility for a service-connected disability (and it must be a disability).
- Go to https://www.irs.gov/irb/2004-33_IRB/ar08.html for HSA eligibility information.

You cannot enroll in the CDHP/HSA if either you or your spouse has a medical flexible spending account (FSA) or HRA at either employer. You can have a limited purpose FSA (L-FSA) for vision or dental expenses.

Pharmacy

Pharmacy benefits are included when you and your dependents enroll in a health plan. The plan you choose determines the out-of-pocket prescription costs. Specialty drugs must be filled through a Specialty Network Pharmacy and can only be filled every 30 days.

There are lower out-of-pocket costs on a large group of maintenance drugs. To pay the lower price for these certain medications, you must use the special, less costly Retail-90 network (pharmacy or mail order) and fill a 90-day supply of your medication. The maintenance tier list includes certain medications for high blood pressure, high cholesterol, coronary artery disease, congestive heart failure, depression, asthma/chronic obstructive pulmonary disease (COPD), and diabetes (oral medications, insulins, needles, test strips and lancets).

Eligible members will be able to receive certain low-dose statins in-network at zero cost share. These medications are primarily used to treat high cholesterol. No high dose or brand statins are included.

Any and all compound medications (as determined by the pharmacy benefits manager) must be processed electronically. Paper claims will not be reimbursed and will be denied. In addition, many compound medications require prior authorization by the pharmacy benefits manager before claims processing and determination on payment will occur.

Members won't have to pay for some specific medications used to treat opioid dependency.

Basic Features of the Health Options

| In-network | PPOs (Premier & Standard) | CDHP/HSA |
|--|---|--|
| Covered Services | Each option covers the same set of services | |
| Preventive Care — routine screenings and preventive care | Covered at 100% (no deductible) | |
| Employee Contribution — premium | Higher than the CDHP | Lower than the PPOs |
| Deductible — the dollar amount of covered services you must pay each calendar year before the plan begins reimbursement | Lower than the CDHP | Higher than the PPOs |
| Physician Office Visits — includes specialists and behavioral health and substance use services | You pay fixed copays without having to first meet your deductible | You pay the discounted network cost until the deductible is met, then you pay coinsurance |
| Non Office Visit Medical Services — hospital, surgical, therapy, ambulance, advanced x-rays | You pay the discounted network cost until the deductible is met, then you pay coinsurance | |
| Prescription Drugs | You pay fixed copays without having to first meet your deductible | You pay for the medication at the discounted network cost until your deductible is met — then you pay coinsurance until you meet the out-of-pocket maximum |
| Out-of-Pocket Maximum — The most you pay for covered services; once you reach the out-of-pocket maximum, the plan pays 100% | Higher than the CDHP | Lower than the PPOs |
| Health Savings Account | None | The state will contribute \$250 for single coverage and \$500 for family coverage to help offset the deductible — your contributions are pre-tax |

2020 Benefit Comparison

PPO services in this table ARE NOT subject to a deductible. CDHP/HSA services in this table ARE subject to a deductible with the exception of in-network preventive care and 90-day supply maintenance medications. In the table, \$ = your copayment amount; % = your coinsurance; and 100% covered = you pay \$0 in-network. See footnote on page 19.

Disability Insurance

The state offers voluntary disability benefits to full-time state and higher education employees.

- Full-time **state employees** may enroll in short term disability insurance and/or long term disability insurance.
- Full-time **higher education employees** may enroll in short term disability insurance. Higher education employees should contact their agency benefits coordinators for more information on long term disability insurance available to them.
- Those who enroll will pay 100 percent of the premium with after-tax dollars. By paying with after-tax dollars, any benefits paid to you will result in a tax free benefit.
- If you intend to enroll in both short term and long term disability insurance, you should consider enrolling in one of the long term disability options with a 180-day elimination period. The 26-week short term disability insurance will best cover the 180-day elimination period for your long term disability, at a lower monthly cost.
- Enroll in either or both of the state group insurance disability programs within the first 31 days of your eligibility date and you will not be required to answer any medical history questions. If you wait to apply for coverage during the next annual enrollment period or due to a special qualifying event, you will be required to answer questions about your full medical history. MetLife will review your completed medical questionnaire and determine whether to approve or deny your coverage.
- **You must use all of your accumulated leave (sick, annual and comp time) before your disability payments begin.**
- Benefits payable during the payable benefit period may be reduced by other sources of income, e.g., worker's compensation, unemployment insurance, and sick leave bank. See the certificate of coverage for a comprehensive list of other sources of income which may reduce the STD and/or LTD benefit.

Why is having disability insurance important?

Disability Insurance is insurance for your paycheck. If you are unable to work due to sickness, pregnancy or as a direct result of accidental injury, disability insurance can help pay your most important expenses. These include:

- Mortgage or rent
- Car payments
- Food
- Child care/tuition
- Utilities

Short term disability insurance (available to state and higher education employees)

Short term disability insurance replaces a percentage of your income during a disability, which could last up to 26 weeks. It may be good for those who:

- Have little annual or sick leave
- Take part in high-risk activities
- Don't have six-month emergency funds

To calculate your monthly premium, go to [metlife.com/StateOfTN](https://www.metlife.com/StateOfTN), click on state employees or higher education employees and then click on **Rates** at the top.

Long term disability insurance (available to state employees only)

Long term disability insurance replaces a percentage of your income during a disability that is expected to last for an extended period of time. This period of time is typically longer than 90 or 180 days. It may be good for those who:

- Need their income to pay for housing, food and other bills
- Would have trouble supporting themselves if out of work more than 90 days

For more information and to calculate your rates, go to [metlife.com/StateOfTN](https://www.metlife.com/StateOfTN).

The State Group Insurance Program long term disability and short term disability insurance plans are both managed by MetLife. Please call the MetLife State of Tennessee Dedicated Customer Service Line with questions: 855.700.8001, Mon.-Fri., 7 a.m.-10 p.m., Central time.

Note: A complete description of the benefits, provisions, conditions, limitations and exclusions for both the MetLife STD and LTD plans will be included in their respective Certificate of Insurance. If any discrepancies exist between the information listed above and the legal plan documents, the legal plan documents will govern. We recommend you review these documents. These documents may be reviewed at <https://www.tn.gov/partnersforhealth/publications/publications.html>.

Dental Insurance

Voluntary dental coverage is available to state and higher education employees and their dependents. You must pay 100 percent of the premium if you elect it. Two dental insurance plans are available: a prepaid plan and a dental preferred provider organization (DPPO) plan.

In the prepaid plan, you must select from a specific group of dentists. Under the DPPO plan, you may visit the dentist of your choice; however, members get maximum savings when visiting an in-network provider. Both dental options have specific rules for benefits such as exams and major procedures and have a four-tier premium structure just like health insurance.

You can enroll in dental coverage as a new employee or during the annual enrollment period. You may also enroll if you have a special qualifying event. You do not have to be enrolled in health coverage to be eligible for dental insurance.

2020 Monthly Premiums for Dental

| | CIGNA PREPAID PLAN | METLIFE DPPO PLAN |
|--------------------------------|--------------------------|-------------------------|
| ACTIVE MEMBERS | | |
| Employee Only | \$13.44 | \$23.64 |
| Employee + Child(ren) | \$27.91 | \$54.36 |
| Employee + Spouse | \$23.83 | \$44.72 |
| Employee + Spouse + Child(ren) | \$32.76 | \$87.50 |

Prepaid Plan (Cigna)

- Must select and use a Network General Dentist (NGD) from the prepaid dental plan list for each covered family member — the network is a select number of dentists in Cigna Dental HMO (DHMO). You may select a network Pediatric Dentist as the NGD for your dependent child under age 13. At age 13, you must switch the child to a NGD or pay the full charge from the pediatric dentist. The list of providers for the state may be found by visiting the website, <https://www.cigna.com/sites/stateoftn/>.
- Copays for dental treatments, including adult and child orthodontia for up to 24 months
- An Office Visit Fee Copay applies per patient, per office visit, and is in addition to any other applicable patient charges
- No claim forms
- Preexisting conditions are covered if they are listed in the Patient Charge Schedule (https://www.tn.gov/content/dam/tn/finance/fa-benefits/documents/dental_prepaid_charge_schedule_20.pdf), unless treatment starts before coverage begins
- Certain Limitations and Exclusions apply. Please refer to the Patient Charge Schedule and the Cigna Dental Certificate (<https://www.tn.gov/partnersforhealth/publications/publications.html>) for additional details
- Referrals to specialists are required
- No maximum benefit levels
- No deductibles
- No charge for oral exams, routine semiannual cleanings, most x-rays and fluoride treatments; however, an office visit copay applies
- Orthodontic treatment is not covered if the treatment plan began prior to the member's effective date of coverage with Cigna. The completion of crowns, bridges, dentures or root canal treatment already in progress on the member's effective date of coverage is also not covered.

DPPO Plan (MetLife)

- Use any dentist, but you receive maximum benefits when visiting an in-network MetLife DPPO provider. The list of network providers in the MetLife DPPO network for the state may be found by visiting the website, <https://www.metlife.com/stateoftn/>.
- \$1,500 calendar year benefit maximum per person
- Deductible applies for basic and major dental care. Coinsurance for basic, major, orthodontic and out-of-network covered services
- You or your dentist will file claims for covered services
- Referrals to specialists are not required
- Pre-treatment estimates are recommended for more expensive services
- Benefits for covered services are paid at the lesser of dentist charge, maximum allowable charge or Alternate Benefit Amount
- Some services require waiting periods of six months and up to one year, and certain limitations and exclusions apply
- Lifetime benefit maximum of \$1,250 for orthodontia

NOTE: A complete description of the benefits, provisions, conditions, limitations and exclusions for both the MetLife and Cigna dental plans will be included in their respective Certificate of Insurance. If any discrepancies exist between the information listed above and the legal plan documents, the legal plan documents will govern. We recommend you review these documents. These documents may be reviewed at <https://www.tn.gov/partnersforhealth/publications/publications.html>.

| • Waiting Period | none | | 12 months | |
| • Age Limit | none | | up to age 19 | |

MAC—Maximum Allowable Charge is the lesser of the amount charged by the dentist or the maximum payment amount that in-network dentists have agreed to accept in full for the dental service. When a participant receives dental services from an out-of-network provider, MetLife will reimburse a percentage of the MAC. The participant is then responsible for everything over the percentage of MAC reimbursed up to the charge submitted by the out-of-network dentist.

The benefits listed are a sample of the most frequently utilized dental treatments. Refer to vendor materials for complete information on coverage, limitations and exclusions.

[1] Does not apply to diagnostic and preventive benefits such as periodic oral evaluation, cleaning and x-ray.

[2] A charge may apply for a missed appointment when the member does not cancel at least 24 hours prior to the scheduled appointment.

[3] Members are responsible for additional lab fees for these services.

[4] A six-month waiting period applies.

[5] The orthodontics lifetime maximum is for a dependent member enrolled in the state group dental insurance program even if the member has been covered under different employing agencies.

[6] Additional copays apply for specific orthodontic procedures. Orthodontic treatment after a member's effective date will not be covered under the Cigna plan if it began prior to the member's effective date.

Vision Insurance

Voluntary vision coverage is available to state and higher education employees and dependents. You must pay 100 percent of the premium for coverage. Two options are available: a basic and an expanded plan. Both offer:

- Routine eye exam once every calendar year
- Frames once every two calendar years
- Choice of eyeglasses or contact lenses once every calendar year
- Discount on LASIK/Refractive surgery
- Discount on hearing aids (includes Free Hearing Exam) through Your Hearing Network (YHN)

What you pay for services depends on the plan you choose. The Basic Plan pays for your eye exam and various “allowances” (dollar amounts) for materials. The Expanded Plan includes greater “allowances” (dollar amounts) and additional materials versus the Basic Plan. See the benefit chart on the following page to compare benefits in both plans.

The basic and expanded plans are both administered by Davis Vision. You will receive the maximum benefit when visiting a provider in their network. However, out-of-network benefits are also available.

General Limitations and Exclusions

The following services are not covered under the vision plan:

- Treatment of injury or illness covered by workers’ compensation or employer’s liability laws
- Cosmetic surgery and procedures
- Services received without cost from any federal, state or local agency
- Charges by any hospital or other surgical or treatment facility and any additional fees charged for treatment in any such facility
- Services by a vision provider beyond the scope of his/her license
- Vision services for which the patient incurs no charge
- Vision services where charges exceed the amount that would be collected if no vision coverage existed

Note: If you receive vision services and materials that exceed the covered benefit, you will be responsible for paying the difference for the actual services and materials you receive.

Davis Vision offers some value-added services which include:

- Zero copay for single vision, bifocal, trifocal or lenticular lenses purchased at an in-network location
- Free pair of “Fashion Selection” eyeglass frames from Davis Vision’s “The Exclusive Collection” under the in-network Basic Plan. “Designer” and “Premier” Selections have \$15 and \$40 copays respectively
- Free pair of eyeglass frames from any Davis Vision’s “The Exclusive Collection”, which includes “Fashion, Designer and Premier” Selections under the in-network Expanded Plan
- Free pair of frames at Visionworks retail locations
- 40% discount off retail under the in-network Expanded plan and 30% discount off retail under the in-network Basic plan for an additional pair of eyeglasses, except at Walmart, Sam’s Club or Costco locations
- 20% discount off retail cost of additional pair of conventional or disposable contact lenses under in-network Expanded plan
- One year warranty for breakage of most eyeglasses
- 40% discount off retail under the in-network Expanded plan and 30% discount off retail under the in-network Basic plan for an additional pair of eyeglasses, except at Walmart, Sam’s Club or Costco locations
- 20% discount off retail cost of additional pair of conventional or disposable contact lenses under in-network Expanded plan
- One year warranty for breakage of most eyeglasses

Covered Vision Services

Here is a comparison of discounts, copays and allowed amounts for 2020 under the vision options. Copays represent what the member pays. Employee Assistance Program

Your Employee Assistance Program (EAP) is administered by Optum. It is available to all benefits-eligible employees and eligible dependents, even if they are not enrolled in a health plan. COBRA participants are also eligible. Receive five EAP visits, per problem, per year at no cost to you. EAP sessions are issued and authorized on a per-problem-per-year-per-person basis. For example the member receives five EAP counseling sessions for each problem. Should a different unrelated problem arise within the same plan year, the member would receive an additional five sessions to address the new problem. A different problem is either: 1) a new issue for which the member has received no previous counseling or 2) an existing issue that has not been treated in that plan year. Examples of different problems (not an exhaustive list): Relationship issues, Job stress, Parenting issues, Caregiving of a loved one, and Death of a loved one.

Prior authorization is required to see an EAP provider and can be obtained by either logging in to [Here4TN.com](https://www.here4tn.com) or calling 855-Here4TN (855-437-3486). Available in person or by virtual visit. Virtual visits allow you to get the care you need sooner, in the privacy of your own home.

Master's level specialists are available around the clock to assist with stress, legal, financial, mediation and work/life services. They can even help you find a network provider, a plumber who works nights, find services for your elderly parents, theater tickets, all-night pharmacies and so much more.

Members have access to a telephonic coaching program called Take Charge at Work which helps people dealing with stress or depression. It's available at no additional cost to all benefits-eligible employees and dependents over the age of 18 who are working either full or part-time.

Optum knows you are busy, and they want to provide you with information when you need it. All you have to do is call 855.Here4TN (855.437.3486) or go to [HERE4TN.com](https://www.here4tn.com).

Here4TN Behavioral Health and Substance Use Services

You and your dependents enrolled in health coverage are eligible for behavioral health and substance use benefits, which are administered by Optum Health. New in 2020, all enrolled members will get an ID card from Optum to use for your behavioral health services.

Whether you are dealing with a mental health or substance use condition, support is available through your behavioral health coverage. Optum can help you find a provider (in person or virtual visits), explain benefits, identify best treatment options, schedule appointments and answer your questions

New this year, costs are waived for members who use certain preferred substance use treatment facilities. PPO members who use these facilities won't pay a deductible or coinsurance for facility-based substance use treatment. CDHP/HSA members' coinsurance is waived after meeting their deductible. However, copays for PPO members and the deductible/coinsurance for CDHP/HSA members will still apply for standard outpatient treatment services.

To receive maximum benefit coverage, participants must use an in-network provider. For assistance finding a network provider, call 855.HERE4TN (855.437.3486).

For virtual visits, you can meet with a provider through private, secure video conferencing. Virtual visits allow you to get the care you need sooner and in the privacy of your home. Virtual visit copays are the same as an office visit.

To get started, go to [Here4TN.com](https://www.here4tn.com), scroll down, select provider search, and filter results by virtual visits to find a provider licensed in Tennessee, or call 855.Here4TN (855.437.3486) for assistance.

ParTNers for Health Wellness Program

State and higher education members and enrolled spouses have access to a wellness program administered through our vendor ActiveHealth Management. They can help you achieve your health goals through special programs and resources, and you can also get rewarded for taking action by earning cash incentives that will be deposited through payroll*.

Here's how it works:

You and your enrolled spouse can each earn up to \$250 a year by completing certain wellness activities (if eligible). Each participant will be able to earn the maximum \$250 per person (\$500 annual maximum per family). You must first complete ActiveHealth's health assessment before you can earn the cash incentives. **Note:** New hires/new plan members, your earnings may be limited depending on your hire date.

There are a variety of programs to choose from. They include:

- Biometric screenings
- Weight management program**
- Tobacco cessation program
- Wellness counseling (diet, stress, exercise, etc.)
- Digital coaching
- Disease management program
- Group coaching for lifestyle and disease management programs
- Online resources (challenges, health education library with videos and articles)

A printable Incentive Table and information about programs and activities are at www.tn.gov/partnersforhealth, under Other Benefits and Wellness.

*Members must be in a positive pay status to receive an incentive. The cash incentive for both the employee and eligible spouse will be deposited directly into the member's paycheck and will be taxed.

** To be eligible to enroll, your BMI must be equal or greater than 30.

Diabetes Prevention Program

Health plan members also have access to a free Diabetes Prevention Program if you meet eligibility criteria. The program can help you prevent or delay type 2 diabetes. It's offered as part of your health insurance at no cost if you use an in-network provider. There are two online programs offered; one for Cigna members through Omada, and another for BlueCross BlueShield members through RetroFit. We also have an in-person program available through the ParTNers Health and Wellness Center.

For details, go to tn.gov/partnersforhealth under Other Benefits and Wellness and scroll down to the Diabetes Prevention Program (DPP) webpage.

Notice Regarding Wellness Program

The ParTNers for Health Wellness Program is a voluntary wellness program available to all state and higher education employees and spouses enrolled in health coverage. Local education, local government and retirees enrolled in health coverage have access to certain programs like disease management and the web portal. The program is administered according to federal rules permitting employer-sponsored wellness programs that seek to improve employee health or prevent disease, including the Americans with Disabilities Act of 1990, the Genetic Information Nondiscrimination Act of 2008 and the Health Insurance Portability and Accountability Act, as applicable, among others. If you choose to participate in the wellness program, you will be asked to complete a voluntary health questionnaire (assessment) that asks a series of questions about your health-related activities and behaviors and whether you have or had certain medical conditions (e.g., cancer, diabetes or heart disease). You are not required to complete the assessment or other medical examinations.

Although you are not required to complete the health questionnaire, only active state and higher education employees and spouses who do so are eligible to receive cash incentives.

If you are unable to participate in any of the health-related activities required to earn an incentive, you may be entitled to a reasonable accommodation or an alternative standard. You may request a reasonable accommodation or an alternative standard by contacting the ParTNers for Health Wellness Program at 888.741.3390.

The information from your health questionnaire and the results from your biometric screening (active state and higher education employees and spouses only) will be used to provide you with information to help you understand your current health and potential risks. It may also be used to offer you services through the wellness program such as weight management, Diabetes Prevention Program and other programs. You also are encouraged to share your results or concerns with your own doctor.

Protections from Disclosure of Medical Information

We are required by law to maintain the privacy and security of your personally identifiable health information (PHI). Although the wellness program and the State of Tennessee may use aggregate information it collects to design a program based on identified health risks in the workplace, the ParTNers for Health Wellness Program will never disclose any of your personal information either publicly or to your employer, except as necessary to respond to a request from you for a reasonable accommodation needed for you to participate in the wellness program, or as expressly permitted by law. Medical information that personally identifies you that is provided in connection with the wellness program will not be provided to your supervisors or managers and will never be used to make decisions regarding your employment.

Your health information will not be sold, exchanged, transferred, or otherwise disclosed except to the extent permitted by law to carry out specific activities related to the wellness program, and you will not be asked or required to waive the confidentiality of your health information as a condition of participating in the wellness program or receiving an incentive. Anyone who receives your information for purposes of providing you services as part of the wellness program will abide by the same confidentiality requirements. The only individual(s) who will receive your personally identifiable health information are the wellness vendor (nutritionists, nurses, nurse practitioners, registered dietitians, health coaches and other healthcare professionals) and their vendor partners (case managers with the medical and behavioral health vendors, weight management vendor and the biometric screening vendor) in order to provide you with services under the wellness program.

In addition, all medical information obtained through the wellness program will be maintained separate from your personnel records, information stored electronically will be encrypted and no information you provide as part of the wellness program will be used in making any employment decisions. Appropriate precautions will be taken to avoid any data breach, and in the event a data breach occurs involving information you provide in connection with the wellness program, you will be notified promptly.

You may not be discriminated against in employment because of the medical information you provide as part of participating in the wellness program, nor may you be subjected to retaliation if you choose not to participate.

If you have questions or concerns regarding this notice, or about protections against discrimination and retaliation, please contact ParTNers for Health at partners.wellness@tn.gov.

Life Insurance

New: Securian Financial has an online tool, Benefit Scout, to help you estimate the amount of life insurance you need at lifebenefits.com/stateoftn.

Basic Group Term Life and Accidental Death & Dismemberment Insurance

The state provides, at no cost to you, \$20,000 of basic term life insurance and \$40,000 of basic accidental death & dismemberment (AD&D) coverage. If you enroll in health insurance as the head of contract, the amount of coverage increases as your salary increases, with premiums for coverage above \$20,000/\$40,000 deducted from your paycheck. The maximum amount of coverage is \$50,000 for basic term life and \$100,000 for accidental death & dismemberment. The face amount of coverage declines at ages above 65. If you do not enroll in health coverage, the amount of coverage does not increase regardless of salary.

Changes in coverage based on age or salary take effect the first day of October based on your age and salary as of September 1.

Eligible dependents (spouse and children) enrolled in health insurance are covered for \$3,000 of basic dependent term life coverage and for basic AD&D. The amount of AD&D coverage is based on salary and family composition. If you do not enroll in health coverage, your dependents are not eligible for basic term life or basic AD&D coverage.

Voluntary Accidental Death & Dismemberment

You and your dependents (spouse and children) may enroll in this coverage at low group rates, no questions asked. It is in addition to the basic AD&D coverage and you must pay a premium. Benefits are paid for dismemberment if the loss occurs within 180 days of the accident, as long as you or your dependent is covered on the date of the accident and meet the criteria. Coverage amounts are based on your salary. The maximum benefit for you is \$60,000.

Voluntary Term Life Insurance

You and your dependents may enroll in this coverage whether or not you enroll in health coverage. A premium is required. For employee guaranteed issue coverage, you must enroll during the first 31 calendar days of employment with the state. The effective date of coverage is the first of the month after you have completed three full calendar months of employment. If you do not enroll when first eligible, you can apply for coverage during the annual enrollment period by answering health questions.

You may select up to five times your annual base salary (subject to a maximum of \$500,000) if you apply when first eligible, without answering health questions. You may apply for up to seven times your annual base salary (subject to a maximum of \$500,000), but evidence of good health is required. The minimum coverage level is \$5,000.

Your spouse may apply for \$5,000, \$10,000 or \$15,000 of term life insurance at any age. Spouses below age 55 may apply for increments of \$5,000, subject to an overall maximum of \$30,000. Spouses must be performing normal duties of a healthy person of similar age and gender and not have been hospitalized, advised to seek medical treatment or received disability benefits within six months prior to the application to enroll date for coverage to be issued without answering any additional health questions. A spouse who does not meet the criteria may apply for coverage by answering specific health questions which the insurance company will use to decide if coverage will be allowed. You do not have to enroll in this coverage for your spouse to participate.

Children may be covered under either a \$5,000 or a \$10,000 term rider. The rider is added to either your certificate or your spouse's certificate, but not both. These amounts will cover all eligible children who meet the dependent definition. Coverage for children is guaranteed issue.

The voluntary term life insurance provides a death benefit and the premiums increase with age each January 1st if you move into a higher age bracket. It also offers an advance benefit rider, which allows payment of the life insurance proceeds if an insured encounters a terminal illness with a life expectancy of no more than 12 months.

Enroll

Computer enrollment for Voluntary Term Life — It's easy to enroll (and to designate your beneficiary) online.

1. Log on to LifeBenefits.com/stateoftn with the ID and password provided below. You will be prompted to change your password the first time you log on.

- Your ID: The letters TN followed by your Edison ID number
- Your password: Your password is your eight-digit date of birth (MMDDYYYY) followed by the last four digits of your Social Security number

If you do not have access to a computer or the internet, forms are available by calling Securian Financial at 1.866.881.0631 or from your agency benefits coordinator.

2. Enter your information. Follow the instructions on the site to enroll for insurance coverage for you and your spouse and children if desired, and to designate your beneficiary. After submitting your information, please print a copy of your application for your records.

3. Clean up. Clear your personal information before leaving the computer.

To enroll for Voluntary AD&D — Please log into Edison and complete your enrollment and designate your beneficiary or utilize a paper form. Consult with your agency benefits coordinator in your human resources office on the appropriate method to use for enrollment.

Your enrollment in Basic Term Life and Basic AD&D — Will be automatically processed based upon your enrollment choice for medical insurance in Edison. You should sign-on to Edison to enter your beneficiary information.

For more details, refer to the member handbook, available on the Publications page at <https://www.tn.gov/partnersforhealth/publications/publications.html>. Your agency benefits coordinator can provide premium information. For Securian Financial (Minnesota Life) go to lifebenefits.com/stateoftn or call 866.881.0631.

Note: A complete description of the benefits, provisions, conditions, limitations and exclusions for the Securian Financial Basic Life/AD&D, Voluntary AD&D, and Voluntary Life plans will be included in their respective Certificates of Insurance. If any discrepancies exist between the information listed above and the legal plan documents, the legal plan documents will govern. We recommend you review these documents. The documents are available at <https://www.tn.gov/partnersforhealth/publications/publications.html>.

Flexible Spending Accounts

Flexible spending accounts (FSAs) help you decrease your taxable income and increase your take-home pay. They allow you to pay certain expenses from your pre-tax income rather than after-tax income. The maximum amount you can contribute to a FSA is set by the Internal Revenue Service (IRS). The limits are subject to change yearly. Unless you have an approved family status change, you cannot enroll in or cancel a medical or dependent care FSA in the middle of a calendar year.

Full-time, Insurance-eligible employees can enroll in the following FSAs:

- **Medical FSA:** For medical, dental and vision expenses (Annual limit: \$2,700/Carryover limit: \$500). If you enroll in the CDHP/HSA, you do not qualify for a medical FSA.
- **Limited Purpose FSA:** For dental and vision expenses only (Annual limit: \$2,700/Carryover limit \$500). If you have the CDHP/HSA, the Limited Purpose FSA is a great way to save on vision and dental expenses.
- **Dependent Care FSA:** For certain dependent-care costs, such as after school care and baby-sitting fees (Annual limit \$5,000, up to \$2,500 per spouse for married couples filing jointly/No carryover amount).
- **Transportation and Parking FSA:** Available to state employees only for certain work-related commuting and/or parking expenses (Monthly limit is \$265). A debit card is not provided. Claims are filed with Benefits Administration.

PayFlex administers all of the FSAs except Transportation and Parking.

Important:

- You cannot enroll in both a medical FSA and a Limited Purpose FSA in the same year.
- For Medical and Limited Purpose FSAs, all contributions are available up front.

Note: Medical FSA and Limited Purpose FSA members get debit cards to use their funds at the pharmacy or provider's office. Per IRS rules, PayFlex may need you to verify some debit card purchases by providing your explanation of benefits or claims document. Make sure to respond or your debit card may be suspended.

There is an FSA/HSA chart showing contribution amounts, tax benefits and how to use your funds at tn.gov/partnersforhealth under Publications.

Enrollment

- State employees enroll in Edison for Medical, Limited and Dependent Care FSAs. For Transportation and Parking, state employees submit a paper form (<https://www.tn.gov/partnersforhealth/publications/forms.html>).
- Higher education employees enroll on the PayFlex website at stateoftn.payflexdirect.com.

OTHER INFORMATION

Coordination of Benefits

If you are covered under more than one insurance plan, the plans will coordinate benefits together and pay up to 100 percent of the eligible charges. At no time should payments exceed 100 percent of the eligible charges.

As an active employee, your health insurance coverage is generally considered primary for you. However, if you have other health coverage as the head of contract, the oldest plan is your primary coverage. If covered under a retiree plan and an active plan, the active plan will always be primary. If your spouse has coverage through his/her employer, that coverage would be primary for your spouse and secondary for you.

Primary coverage on children is determined by which parent's birthday comes earliest in the calendar year. The insurance of the parent whose birthday falls last will be considered the secondary plan. This coordination of benefits can be superseded if a court orders a divorced parent to provide primary health insurance coverage. If none of the above rules determines the order of benefits, the benefits of the plan which has covered an employee, member or subscriber longer are determined before those of the plan which has covered that person for the shorter time.

From time to time, carriers will send letters to members asking for other coverage information. This is necessary because it is not uncommon for other coverage information to change. This helps ensure accurate claims payment. In addition to sending a letter, the carriers may also attempt to gather this information when members call in. You must respond to the carrier's request for information, even if you just need to report that you have no other coverage.

If you do not respond to requests for other coverage information, your claims may be pended or held for payment. When claims are pended, it does not mean that coverage has been terminated or that the claims have been denied. However, claims will be denied if the requested information is not received by the deadline. Once the carrier gets the requested information, they will update the information regarding other coverage, and claims that were pended or denied will be released or adjusted for payment.

Subrogation

The medical plan has the right to subrogate claims. This means that the medical plan can recover the following:

- Any payments made as a result of injury or illness caused by the action or fault of another person
- A lawsuit settlement that results in payments from a third party or insurer of a third party
- Any payments made due to a workplace injury or illness

These payments would include payments made by worker's compensation insurance, automobile insurance or homeowners insurance whether you or another party secured the coverage.

You must assist in this process and should not settle any claim without written consent from the Benefits Administration subrogation section. If you do not respond to requests for information or do not agree to pay the plan back for any money received for medical expenses the plan has already paid for, you may be subject to collections activity.

On-the-job Illness or Injury

Work-related illnesses or injuries are not covered under the plan. The plan will not cover claims related to a work-related accident or illness regardless of the status of a worker's compensation claim or other circumstances.

Fraud, Waste and Abuse

Making a false statement on an enrollment or claim form is a serious matter. Only those persons defined by the group insurance program as eligible may be covered. Eligibility requirements for employees and dependents are covered in detail in this guide.

If your covered dependent becomes ineligible, you must inform your agency benefits coordinator and submit an application within one full calendar month of the loss of eligibility. Once a dependent becomes ineligible for coverage, he/she cannot be covered even if you are under court order to continue to provide coverage.

If there is any kind of error in your coverage or an error affecting the amount of your premium, you must notify your agency benefits coordinator. Any refunds of premiums are limited to three months from the date a notice is received by Benefits Administration. Claims paid in error for any reason will be recovered from you.

Financial losses due to fraud, waste or abuse have a direct effect on you as a plan member. When claims are paid or benefits are provided to a person who is not eligible for coverage, this reflects in the premiums you and your employer pay for the cost of your healthcare. It is estimated that between 3–14 percent of all paid claims each year are the result of provider or member fraud. You can help prevent fraud and abuse by working with your employer and plan administrator to fight those individuals who engage in fraudulent activities.

How You Can Help

- Pay close attention to the explanation of benefits (EOB) forms sent to you when a claim is filed under your contract and always call the carrier to question any charge that you do not understand
- Report anyone who permits a relative or friend to “borrow” his/her insurance identification card
- Report anyone who makes false statements on their insurance enrollment applications
- Report anyone who makes false claims or alters amounts charged on claim forms

Please contact Benefits Administration to report fraud, waste or abuse of the plan. All calls are strictly confidential.

To File an Appeal

If you have a problem with coverage or payment of medical, behavioral health and substance use or pharmacy services, there are internal and external procedures to help you. These procedures do not apply to any complaint or grievance alleging possible professional liability, commonly known as malpractice, or for any complaint or grievance concerning benefits provided by any other plan.

You should direct any specific questions regarding initial levels of appeal (the internal appeal process) to the insurance carrier member service numbers provided at the front of this guide. You can also find those numbers on your insurance cards. Benefits Administration is not involved in the appeal process. The appeals process follows federal rules and regulations and assigns appeal responsibilities to the carriers and independent review organizations.

Benefit Appeals

Before starting an appeal related to benefits (e.g., a prior-authorization denial or an unpaid claim), you or your authorized representative should first contact the insurance carrier to discuss the issue. You or your authorized representative may ask for an appeal if the issue is not resolved as you would like.

Different insurance carriers manage approvals and payments related to your medical, behavioral health, substance use and pharmacy benefits. To avoid delays in the processing of your appeal, make sure that you submit your request on time and direct it to the correct insurance carrier. For example, you or your authorized representative will have 180 days to start an internal appeal with the medical insurance carrier following notice of an adverse determination with regard to your medical benefits.

Appealing to the Insurance Company

To start an appeal (sometimes called a grievance), you or your authorized representative should call the toll-free member service number on your insurance card. You or your authorized representative may file an appeal/member grievance by completing the correct form or as otherwise instructed.

The insurance company will process internal levels of appeal — Level I and Level II appeals. Decision letters will be mailed to you at each level. These letters will tell you if you have further appeal options (including independent external review) and if so, how to pursue those options and how long you have to do so.

LEGAL NOTICES

Anti-Discrimination and Civil Rights Compliance

Benefits Administration does not support any practice that excludes participation in programs or denies the benefits of such programs on the basis of race, color, national origin, sex, age or disability in its health programs and activities. If you have a complaint regarding discrimination, please call 1-866-576-0029.

If you think you have been treated in a different way for these reasons, please mail this information to Benefits Administration:

- Your name, address and phone number. You must sign your name. (If you write for someone else, include your name, address, phone number and how you are related to that person, for instance wife, lawyer or friend.)
- The name and address of the program you think treated you in a different way.
- How, why and when you think you were treated in a different way.
- Any other key details.

The Notice of Privacy Practice

Your health record contains personal information about you and your health. This information that may identify you and relates to your past, present or future physical or mental health or condition and related health care services is referred to as Protected Health Information (PHI). The Notice of Privacy Practices describes how we may use and disclose your PHI in accordance with applicable law, including the Health Insurance Portability and Accountability Act (HIPAA), including Privacy and Security Rules. The notice also describes your rights regarding how you may gain access to and control your PHI.

We are required by law to maintain the privacy of PHI and to provide you with notice of our legal duties and privacy practices with respect to PHI. We are required to abide by the terms of the Notice of Privacy Practices. The Notice of Privacy Practice is located on the Benefits Administration website at <https://www.tn.gov/partnersforhealth.html>. You may also request the notice in writing by emailing benefits.privacy@tn.gov.

Prescription Drug Coverage and Medicare

Medicare prescription drug coverage became available in 2006 to everyone with Medicare. By law, we are required to inform plan members of this coverage yearly. You can find a copy of the required notice regarding your options on the Benefits Administration website, <https://www.tn.gov/partnersforhealth.html>.

If you are actively employed or a pre-65 retiree enrolled in health coverage, you have pharmacy benefits. You do not need to enroll in Medicare prescription drug coverage regardless of your age. Once your retiree group health coverage terminates due to becoming Medicare eligible you may want to enroll in Medicare prescription drug coverage if you need pharmacy benefits.

Summary of Benefits and Coverage

As required by law, the State of Tennessee Group Health Plan has created a Summary of Benefits and Coverage (SBC) for the state-sponsored health plans. The summary describes your 2020 health coverage options. You can view it online at <https://www.tn.gov/partnersforhealth/summary-of-benefits-and-coverage.html> or request that we send you a paper copy free of charge. To ask for a paper copy, call Benefits Administration at 855.809.0071.

Plan Document

The information contained in this guide provides a detailed overview of the benefits available to you through the State of Tennessee. More information is contained within the formal plan documents. If there is any discrepancy between the information in this guide and the formal plan documents, the plan documents will govern in all cases. You can find a copy on the Benefits Administration website at <https://www.tn.gov/partnersforhealth/publications.html>.

Other Publications

In addition to the documents mentioned above, the Benefits Administration website contains many other important publications at <https://www.tn.gov/partnersforhealth/publications.html>, including, but not limited to, a sample basic term life/basic AD&D certificate, sample voluntary AD&D certificate, brochures and handbooks for medical, pharmacy, dental, vision, life insurance and the plan document, brochure and handbook for The Tennessee Plan (Supplemental Medical Insurance for Retirees with Medicare).
