WHY IS DISABILITY INCOME INSURANCE SO IMPORTANT?

- ➔ **Replaces a percentage of income** lost due to sickness, pregnancy or accidental injury
- ➔ Helps you to **cover your essential living expenses** if you are sick or hurt and cannot work. An example of expenses are car payments, mortgage payments, groceries, child care, tuition and more.
- ➔ **Short-Term Disability** insurance replaces a portion of your income during disability for up to 26 weeks.

IS DISABILITY INSURANCE RIGHT FOR ME?

Disability insurance might be right for you if you:

- Have little or no annual or sick leave saved up
- Don't have much in the way of savings or an emergency fund
- Take part in high-risk activities

NOTE: You must use all of your accumulated leave (sick, annual and comp time) before your disability payments begin.

How do I apply for coverage?

- Apply online in Edison ESS. Be sure to apply during your Annual Enrollment period (Oct 1 – Oct 14, 2022). Deadline is October 14 at 4:30 p.m. Central Time.
- You must apply during the 2023 Annual Enrollment period. A full Statement of Health form is required for all new applicants and current participants who wish to increase coverage.
- Once you apply, MetLife will mail you the full Statement of Health form. The SOH can also be found online at tn.gov/PartnersForHealth or metlife.com/StateOfTN. Your completed application must be emailed or mailed to MetLife with a postmark no later than November 15th.

How do I pay for coverage?

- Coverage is paid through payroll deductions.

SHORT-TERM DISABILITY PLAN RATES

STD COST: PER \$100 OF MEMBER'S COVERED MONTHLY SALARY	
Option A: 60%, 14 day elimination period	\$0.41
Option B: 60%, 30 day elimination period	\$0.33

CALCULATE YOUR MONTHLY PREMIUM FOR SHORT-TERM DISABILITY

For this example, we're using an employee with a salary of \$45,000 annually, selecting Option A

STEPS	EXAMPLE
1. Determine your Covered Monthly Salary (Annual Salary ¹ divided by 12.) If your Annual Salary exceeds \$216,666.84 enter \$18,055.57 as your Covered Monthly Salary. ²	$\$45,000 \div 12 = \$3,750$
2. Divide Covered Monthly Salary by \$100 to get your per \$100 of Covered Monthly Salary	$\$3,750 \div 100 = \37.50
3. Calculate your approximate monthly premium (Multiply your per \$100 of Covered Monthly Salary by the appropriate cost from the chart above based on Option elected)	$\$37.50 \times \$1.34 = \$15.38$

¹ Annual salary is based on your salary as of September 1, effective October 1. See FAQs for new hire and annual adjustment information.

² The amount of STD benefit may not exceed the Maximum Weekly Benefit established under the plan of \$2,500 regardless of your annual salary amount. Therefore, the maximum covered monthly salary eligible for benefit is \$18,055.57, or \$216,666.84 annually. This will be the same for Option A or B

SHORT-TERM DISABILITY - EXAMPLES

Payable Benefit Period Calculation – Short-Term Disability Examples

1. Disability Period - The period of time the member is deemed disabled per the plan definition. The disability period begins on the first day of disability and includes the elimination period and the benefit period. The disability period ends the day before returning to work or the end of the approved disability period, whichever occurs first. The Disability Period is calendar day based.
2. Elimination Period - The portion of the disability period during which the Short-Term Disability (STD) plan does not pay benefits. The elimination period begins on the first day of disability and continues for the consecutive 14 or 30 calendar-day period of time outlined in the plan in which the member is enrolled. Elimination Period is calendar day based.
3. Benefit Period - The portion of the disability period during which benefits may be payable. The benefit period starts on the calendar day after the elimination period has been satisfied and extends for the length of time approved by MetLife for the member's specific disability, not to exceed the maximum benefit period of 26 calendar weeks.
4. Accrued Paid Leave – The amount of paid time off the member has accrued with his or her employer. This includes annual leave, sick leave, and compensatory time. Use of accrued paid leave begins on the date of disability and runs concurrently with both the elimination period and disability period. All accrued paid leave must be used before disability benefit payments may begin. Accrued leave is work day/work hour based.
5. Payable Benefit Period – The period of time the member may be paid after the elimination period has been satisfied and all accrued paid leave has been used.

To determine the benefit period payable by the STD plan:

Disability Period minus Elimination Period = Benefit Period

Benefit Period minus Accrued Paid Leave after Elimination Period = Payable Benefit Period

Condition A – requires six weeks to recover

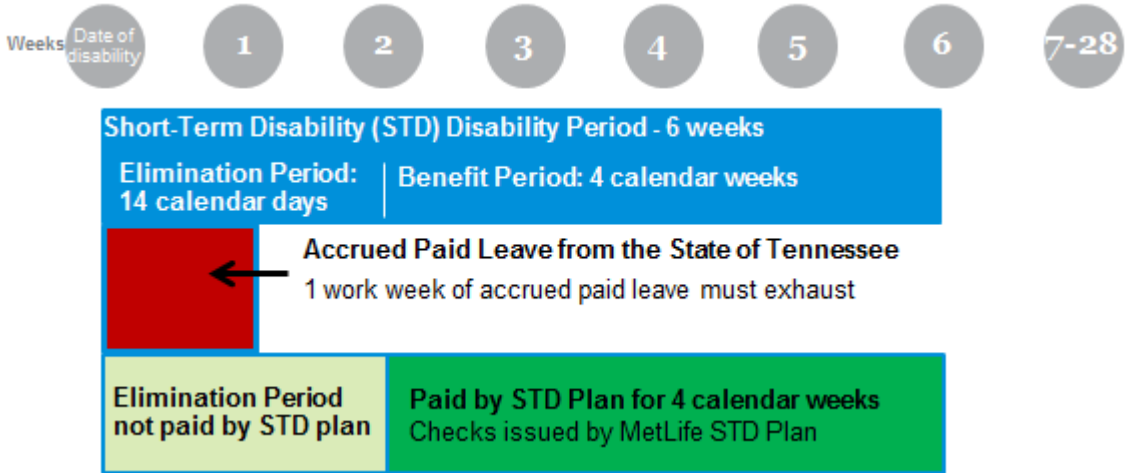

Short-Term Disability Timeline – Plan Option A

Situation Scenario:

- Member’s approved Disability Period = six weeks
- Member’s Accrued Paid Leave = one week
- Elimination Period = 14 calendar days
- Member Payable Benefit Period = four weeks

Payment details:

- One week Accrued Paid Leave from the State of TN
- Four weeks STD pay from the STD plan with MetLife
- Member will have one week during the Elimination Period that is not paid by the State of TN or the STD plan with MetLife

NOTE: The Maximum Benefit Period Duration for STD is 26 Weeks. However, each disability is different so not all disabilities will result in the full 26 week benefit period being approved. These examples are for illustrative purposes only. **Every disability may be different. Accrued leave is per work day and is hourly based. Accrued leave varies by individual. Elimination Period is calendar day based.** Benefits payable during the payable benefit period may be reduced by other sources of income, e.g. worker's compensation, unemployment insurance, and sick leave bank. See the STD certificate of coverage for [Higher Ed](#) and [State](#) employees for a comprehensive list of other sources of income which may reduce the STD benefit.

Condition B – requires 30 weeks to recover

Short-Term Disability Timeline – Plan Option B

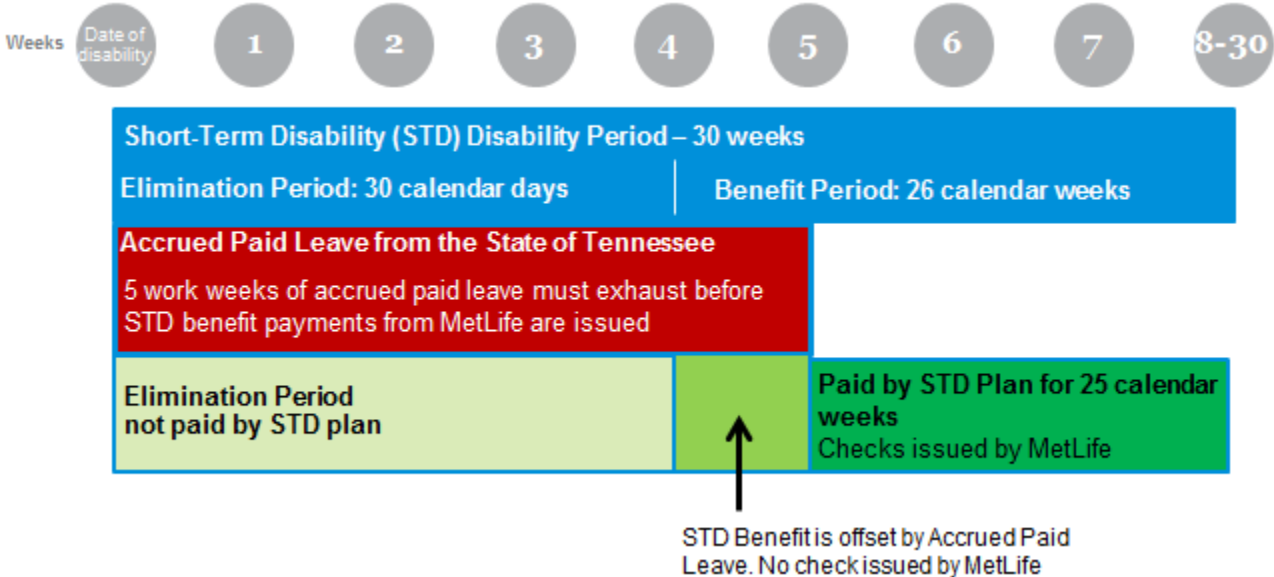

Situation Scenario:

- Member’s approved Disability Period = 30 weeks
- Member’s Accrued Paid Leave = 5 weeks
- Elimination Period = 30 calendar days

- Member Payable Benefit Period = 25 calendar weeks

Payment details:

- 5 week Accrued Paid Leave from the State of TN
- 25 weeks STD pay from the STD plan with MetLife

NOTE: The Maximum Benefit Period Duration for STD is 26 Weeks. However, each disability is different so not all disabilities will result in the full 26 week benefit period being approved. These examples are for illustrative purposes only **Every disability may be different. Accrued leave is per work day and is hourly based. Accrued leave varies by individual. Elimination Period is calendar day based.** Benefits payable during the payable benefit period may be reduced by other sources of income, e.g. worker's compensation, unemployment insurance, and sick leave bank. See the STD certificate of coverage for [Higher Ed](#) and [State](#) employees for a comprehensive list of other sources of income which may reduce the STD benefit.

SHORT-TERM DISABILITY – PREGNANCY FAQ'S

Frequently Asked Questions about disability benefits due to pregnancy

Is there a difference in the amount of disability time allowed for a cesarean delivery versus a normal delivery?

Generally:

- Normal vaginal delivery disability period is six weeks from date of delivery, and
- Cesarean delivery disability period is eight weeks from date of delivery.

Can I receive disability benefits for any period of time prior to my expected date of delivery (prepartum)?

In many cases, women are able to work up until their delivery. However, there are times when problems may arise and there is a need to take an early maternity leave. Ante-partum time (prior to delivery) of up to two weeks is allowed without requiring medical documentation. However, if your first day absent is more than two weeks before delivery, then medical documentation must be sent to MetLife.

What if I have problems with my pregnancy and need to be out of work earlier or longer than expected?

You should start a claim for disability. MetLife will notify your doctor and request medical information to evaluate your disability. MetLife will use the medical information to make a claim decision.

When are benefits payable?

The benefit period will begin the day after you satisfy the elimination period of either 14 or 30 calendar days. However, benefits are only payable after all accrued paid leave (annual, sick leave and comp time) has been exhausted.

When should I file my disability claim?

Typically, you should file your claim on the last day worked. However, you should [check your employer's plan documents](#) and the [FAQs](#) on the MetLife Disability website for more information: <https://metlife.com/StateofTN>

How do I file my disability claim?

MetLife offers claim filing through the internet, via telephone, or paper. However, you should check your employer's plan documents and the FAQs on the MetLife Disability website for more information: <https://metlife.com/StateofTN>

How will I know when a decision about my claim has been made?

A MetLife case manager will call you and provide a letter outlining the claim decision.

What information does my doctor need to provide to MetLife for my disability?

Your doctor will need to confirm your pregnancy and provide dates (due/delivery date). The doctor will also need to advise if there is anything else that the case manager should be aware of to assist with the handling of your disability claim.
