*Hospitals participate in BCBS and Cigna networks subject to agreements with those insurance carriers. If an agreement is terminated, out-of-network benefits will apply to all medically necessary care other than emergency services. Maximum Allowable Charge is the most a plan will pay for a covered service. For nonemergent care from an out-of-network provider who charges more than the MAC, members pay the copay or coinsurance PLUS the difference between MAC and actual charge, unless otherwise specified by state or federal law. A hospital leaving a network is not a qualifying event and does not allow members to make coverage changes. REMEMBER: Network level benefits are available for medically necessary emergency care. This document is a valid list of participating hospitals as of the published date but should only be used as a resource to compare hospital participation across networks. Contact your insurance carrier or search for providers through the carrier's website in real time to verify a hospital's participation in your network prior to receiving care. In case of a medical emergency, seek care at the nearest hospital.

**Monthly premiums for the broad networks are \$65 more for the employee only and employee + child(ren) coverage levels and \$130 more for the employee + spouse and employee + spouse + child(ren) coverage levels.

If an agreement is terminated, out-of-network benefits will apply to all medically necessary care other than emergency services. Maximum Allowable Charge is the most a plan will pay for a covered service. For nonemergent care from an out-of-network provider who charges more than the MAC, members pay the copay or coinsurance PLUS the difference between MAC and actual charge, unless otherwise specified by state or federal law. A hospital leaving a network is not a qualifying event and does not allow members to make coverage changes. REMEMBER: Network level benefits are available for medically necessary emergency care. This document is a valid list of participating hospitals as of the published date but should only be used as a resource to compare hospital participation across networks. Contact your insurance carrier or search for providers through the carrier's website in real time to verify a hospital's participation in your network prior to receiving care. In case of a medical emergency, seek care at the nearest hospital.

**Monthly premiums for the broad networks are \$65 more for the employee only and employee + child(ren) coverage levels and \$130 more for the employee + spouse and employee + spouse + child(ren) coverage levels.
