Important answers to some common questions

What do the terms “Disabled” and “Disability” mean? How are they defined?

For Short Term Disability
“Disabled” or “Disability” means that, due to sickness, or as a direct result of accidental injury:
You are receiving Appropriate Care and Treatment and complying with the requirements of such treatment; and
You are unable to earn more than 80% of Your Predisability Salary at Your Own Job at the State of Tennessee.

For purposes of determining whether a Disability is the direct result of an accidental injury, the Disability must have occurred within 90 days of the accidental injury and resulted from such injury independent of other causes.

If your occupation requires a license, the fact that you lose your license for any reason will not, in itself, constitute Disability.

What is my Pre-Disability Salary, and when is it determined?
Your gross, base annual salary is defined as your Pre-Disability Salary. The gross base annual salary you make on September 1 prior to the start of the 2019 Annual Enrollment Period determines the benefit you are eligible for beginning 2019.

For new hires, annual salary will be based on your date-of-hire salary, and coverage will be effective after you complete one full calendar month of employment.

Annually, there will be a benefit and premium level adjustment. If your salary has changed from the prior year, your benefit and premium will change accordingly using the gross base annual salary you make on September 1. This adjustment will become effective on October 1.

Important answers to some common questions

When do Short Term Disability benefit payments begin and how long do they continue?
Benefit payments will begin after the end of the elimination period and once all accrued paid leave (annual, sick leave and comp time) is exhausted. The elimination period begins on the day you become disabled and is the length of time you must wait while being disabled before you are eligible to receive a benefit. Your elimination periods for Short Term Disability are as follows and will depend on which plan is chosen:

- Option A: 14 calendar days;
- Option B: 30 calendar days;

The maximum benefit period is 26 weeks. The benefit period starts once the elimination period has been satisfied, but the benefit payments will not start until all accrued paid leave (annual, sick leave and comp time) has been exhausted. Please note – because every disability is different, not every disability may last for the maximum period.

I have “Leave” time accrued. Does this affect my Short Term Disability benefit?
Yes. You must use all of your accrued leave. This includes all sick, annual, and any compensatory leave before your disability payments begin. You will not be paid from two different sources for your disability. Your disability payment will begin after your pay from any accrued leave ends.

Every Employee’s situation is different. Consider how much accrued sick and annual leave you have when deciding whether to purchase Short Term Disability Insurance.

Will using days from the “Sick Leave Bank” impact my STD benefit payments?
You are NOT required to use days from the Sick Leave Bank. However, if you withdraw days from your Sick Leave Bank, any Sick Leave Bank days that extend beyond the STD benefit start date will be an offset to the STD benefit. You will not be paid from two different sources for your disability. Your disability payment from MetLife will begin after your pay from the Sick Leave Bank ends.

How does Short Term Disability work with FMLA?
If you are on FMLA due to your own disability, you may be eligible to receive disability benefits if you meet the definition of disability per the plan. If you are on FMLA for any other reason, such as care of a family member, for example, you are not eligible to receive disability benefits. While on FMLA leave, you will be billed for disability coverage just as you are for other benefits, such as Dental or Life.

Can I receive benefits if I return to work part-time?
Yes, as long as you are disabled and meet the terms of your Disability plan, you may qualify for adjusted Disability benefits.

Are there any Limitations for Pre-Existing Conditions?
No.

Are there any exclusions to my Short Term Disability coverage?
Yes. Short Term Disability insurance do not cover any disability which results from or is caused or contributed to by:

- War, whether declared or undeclared, or act of war, insurrection, rebellion or terrorist act;
- Active participation in a riot;
- Intentionally self-inflicted injury or attempted suicide;
- Commission of or attempt to commit a felony;
- We will not pay any Disability caused or contributed to by elective treatment or procedures, such as:
  - Cosmetic surgery or treatment primarily to change appearance;
  - Reversal of sterilization;
  - Liposuction;
  - Visual correction surgery; and
  - In vitro fertilization, embryo transfer procedure or artificial insemination. However, pregnancies and complications from any of these procedures will be treated as a Sickness.

For a complete list of exclusions, please see the Certificate of Insurance.
