2021 WELLNESS PROGRAM

INCENTIVE TABLE

STATE & HIGHER EDUCATION MEMBERS ONLY

Eligible members and spouses can earn up to \$250 each or \$500 per household. The funds are provided to your employer, who deposits them into the Head of Contract's paycheck – usually the end-of-month check. State employees who select the funds to be deposited into their health savings account (HSA) will be able to track the payments through the Optum Bank website.

*To meet the biometric screening values target range for metabolic syndrome – you must have 3 out of 5 values in the table below in the lower risk range for metabolic syndrome. If three or more values are in the higher risk range for metabolic syndrome, you may be at higher risk for heart disease, diabetes or stroke.

Value	Target Range: Lower Risk for Metabolic Syndrome	Higher Risk for Metabolic Syndrome
Triglycerides	< 150 mg/dL	≥ 150 mg/dL
HDL (Good) cholesterol	Women ≥ 50 mg/dL Men ≥ 40 mg/dL	Women < 50 mg/dL Men < 40 mg/dL
Blood glucose	< 100 mg/dL	> 100 mg/dL
Blood pressure	< 130/85 mmHg	≥ 130/85 mmHg
Body Mass Index (BMI)	< 30 kg/m ² or Waist Circumference: Women < 35 inches Men < 40 inches	≥ 30 kg/m ² or Waist Circumference: Women ≥ 35 inches Men ≥ 40 inches

You may have metabolic syndrome if you have three or more of the risk factors in the higher risk range. The **lowest** risk or healthy range for these 5 tests may be different. For example, healthy or normal blood pressure is less than 120/80. Other laboratories or other lab tests may have different "reference" ranges.

The criteria for metabolic syndrome is set by the National Heart, Lung, and Blood Institute. If you have any of the factors that are at higher risk for metabolic syndrome, be sure to follow up with your doctor.

**Complete one of the following preventative exams: Annual Physical and Well Woman Exam, Breast Cancer Screening, Colon Cancer Screening, Cervical Cancer Screening or Lung Cancer Screening.

Breast Cancer Screening:

- Covers Females ages 40 – 75
- Mammogram, Breast MRI

STATE & HIGHER EDUCATION MEMBERS ONLY**

**PARTNERS
FOR HEALTH**

***Must qualify based on health status. Disease management (DM) is for those with diabetes, asthma, COPD, congestive heart failure and coronary artery disease.

****Case Management - Case management is a program that promotes quality and cost-effective coordination of care for members with complicated medical needs, chronic illnesses and/or catastrophic illnesses or injuries. Members who need case management are identified and contacted by phone or in writing regarding alternative treatment plans. Members or providers may also contact member services if they believe they would benefit from case management.

- BCBST member service: 800-558-6213
- Cigna member service: 800-997-1617

Note — The incentive is taxable and subject to withholding, garnishment and reporting, which will impact the actual amount in your paycheck.
