AUGUST 2022

GRW PROJECT NO. 4691-02
EROSION & SEDIMENT CONTROL NOTES:

1. All work shall be done in accordance with the Storm Water Pollution Prevention Plan (SWPPP).
2. No work may proceed until a Notice of Coverage (NOC) has been issued by the State of Tennessee Department of Environment and Conservation.
3. The SWPPP shall be available at the site for review at all times.
4. At a minimum, the contractor shall install silt fence on the downhill side of the proposed construction area.
5. Contractor shall provide ditch checks as required.
6. Contractor shall furnish and install temporary erosion control blanket/mattin on all slopes greater than 1:1 unless noted otherwise.
7. All areas to remain bare more than 15 days shall be temporarily stabilized in accordance with the current best management practices (BMPs).
8. Contractor shall provide ditch checks as required.
9. Erosion control measures shall be checked and repaired if necessary at least twice each calendar week in accordance with the SWPPP. Inspections to be spaced 72 hours apart.
10. All erosion control measures utilized within State of Tennessee ROW’s shall meet or exceed the FDOT requirements.
