**INVITATION TO BID # 32101-11961
AMENDMENT # 1
FOR 4 Horse Trailer**

DATE: 7/20/2021

ITB # 32101-11961 IS AMENDED AS FOLLOWS:

1. State responses to questions and comments in the table below amend and clarify this ITB.

Any restatement of ITB text in the Question/Comment column shall NOT be construed as a change in the actual wording of the ITB document.

ITB SECTION	QUESTION / COMMENT	STATE RESPONSE
Specs	Slant load or straight load? The 20' +/- would imply slant, but calling for padded breast & butt dividers implies straight load (which will be closer to 30')	the type of load is up to the bidder, the trailer just needs to be at least 20 feet long, with 4 horse stalls and include the requirements listed in the specifications.
Specs	A hydraulic jack cannot have a spring loaded drop leg.	Specs have been updated reflect a hydraulic jack
Specs	A/C in the horse area? With 2ea 15K ACs, it will take a 50 amp RV service, if they are wired together in standard style. Which is a minimum 5500W generator.	This is fine. The end user has a generator.
Specs	There's no mention of rumpside windows- so plexiglass? Or drop doors? Or slider windows?	Specs have been updated to indicate slider windows.
Specs	There's no mention of headwall lining. Surely a lined headwall is desired? With a skin exterior rather than extruded (like this spec reads), an unlined headwall will be borderline dangerous to a horse. Not to mention looking horrible after the first few uses.	There is no need/requirement for a headwall lining.
Specs	All the earlier requests had a ramp or ramps. None now? Just wondering.	There is not a requirement for a ramp at this time.
Specs	The existence of a rear tack is not clearly defined? Assume not?	Please see section 11 of the specifications document
Specs	Pull out step at dressing room door? Many manufacturers do either full length running boards, a fixed step on this width, or a fold down step. But few still do a pull out as it is damage prone. But by specifying pull out- many good candidates are eliminated.	This is what the end user has asked for

2. **ITB Amendment Effective Date.** The revisions set forth herein shall be effective upon release. All other terms and conditions of this ITB not expressly amended herein shall remain in full force and effect.
