correction (collectively called "questions and comments"). Protests based on any objection to the ITB shall be considered waived and invalid if the objection has not been brought to the attention of the State, in writing, by the Written Questions & Comments Deadline.

Any prospective Respondent having questions and comments concerning this ITB must provide them in writing to the Solicitation Coordinator. All questions must be submitted no later than October 22, 2026 at 2 p.m. Central Time.

- 1.5. **Responses Due.** The response must be received by the State on or before the date and hour designated for the response opening. Responses that are submitted untimely shall be rejected.

2. Award Criteria

- 2.1. **Single Award -- Lowest Cost.** A single contract will be awarded for all line items to the respondent whose response meets the requirements and criteria set forth in this ITB at the lowest cost.

3. Standard Terms of the Solicitation

- 3.1. **Respondent Registration.** Pursuant to Tenn. Code Ann. § 4-56-105 all respondents must be registered prior to the issuance of a contract or a purchase order. Respondents can register online at the State of Tennessee Supplier Portal:

<https://www.edison.tn.gov> (please click the "Supplier Portal Home Page" button)

- 3.2. **Respondent's Ability to Perform.** The State shall have the right to require evidence of the respondent's ability to perform the services or deliver the goods required pursuant to the terms and conditions of this ITB.
- 3.3. **Quality of Workmanship and Materials.** Unit price responses are requested on goods or services that equal or exceed the specifications, unless the specifications limit the dimensions, brands, or model of goods or services. The absence of detailed specifications or the omission of detailed descriptions shall mean that only the best commercial practices and only first quality goods and workmanship shall be supplied.
- 3.4. **Performance.** The respondent who is awarded a contract will be responsible for delivering the goods or providing the services set out in this ITB. All goods or services are subject to inspection and evaluation by the State.
- 3.5. **Clarifications.** The State reserves the right to conduct clarifications or negotiations with one or more respondents. All communications, clarifications, and negotiations shall be conducted in a manner that is fair and transparent.

- 3.6. **Negotiations**. The State may elect to negotiate by requesting revised Cost Proposals from apparently responsive and responsible respondents. However, the State reserves the right to award a contract on the basis of initial responses received. Therefore, each response should contain the respondent's best terms from a price and technical standpoint. The State reserves the right to conduct multiple negotiation rounds. If the State exercises its right to enter into negotiations, it may identify areas of a response that may require further clarification or areas in which it is apparent that there may have been miscommunications or misunderstandings as to the State's specifications or requirements. The State may seek to clarify those identified issues during negotiations. All responsive respondents will be given equivalent information with respect to cost negotiations. All cost negotiations will be documented for the procurement file. Additionally, the State may conduct target pricing and other price or service level negotiations. Target pricing may be based on considerations such as current pricing, market considerations, benchmarks, budget availability, or other method that does not reveal individual respondent pricing. During target price negotiations respondents are not obligated to meet or beat target prices, but will not be allowed to increase prices. All communications, clarifications and negotiations shall be conducted in a manner that supports fairness in response improvement. Note that each clarification sought by the State may be unique to an individual respondent.

- 3.7. **Response Cancellation and Rejection**. The State may cancel this ITB in its entirety and reissue it in whole or in part.

The State may reject any or all responses in its sole discretion. Additionally, the State may reject a response that: (a) qualifies the offer to provide goods or services as required by this ITB; (b) proposes alternative goods or services unless expressly requested by this ITB; (c) involves collusion, consultation, communication, or agreement among respondents; (d) includes information the respondent knew or should have known was materially incorrect; or (e) does not comply with the terms, conditions, specifications, or performance requirements of this ITB.

After the State opens the responses, no price changes shall be permitted except pursuant to target pricing or best and final offer negotiations as specified in this ITB.

A Respondent must not submit a response as a prime contractor while also permitting one or more other Respondents to offer the Respondent as a subcontractor in their own responses. Such may result in the disqualification of all Respondents knowingly involved. This restriction does not, however, prohibit different Respondents from offering the same subcontractor as a part of their responses (provided that the subcontractor does not also submit a response as a prime contractor).

- 8.17. **Strict Performance.** Failure by any Party to this Contract to require, in any one or more cases, the strict performance of any of the terms, covenants, conditions, or provisions of this Contract shall not be construed as a waiver or relinquishment of any term, covenant, condition, or provision. No term or condition of this Contract shall be held to be waived, modified, or deleted except by a written amendment signed by the Parties.
- 8.18. **Independent Contractor.** The parties shall not act as employees, partners, joint ventures, or associates of one another. The parties are independent contracting entities. Nothing in this Contract shall be construed to create an employer/employee relationship or to allow either party to exercise control or direction over the manner or method by which the other transacts its business affairs or provides its usual services. The employees or agents of

one party are not employees or agents of the other party.

- 8.19. **Patient Protection and Affordable Care Act.** The Contractor agrees that it will be responsible for compliance with the Patient Protection and Affordable Care Act ("PPACA") with respect to itself and its employees, including any obligation to report health insurance coverage, provide health insurance coverage, or pay any financial assessment, tax, or penalty for not providing health insurance. - 8.20. **Limitation of State's Liability.** The State shall have no liability except as specifically provided in this Contract. In no event will the State be liable to the Contractor or any other party for any lost revenues, lost profits, loss of business, decrease in the value of any securities or cash position, time, money, goodwill, or any indirect, special, incidental, punitive, exemplary or consequential damages of any nature, whether based on warranty, contract, statute, regulation, tort (including but not limited to negligence), or any other legal theory that may arise under this Contract or otherwise. This limitation of liability is cumulative and not per incident.
- 8.21. **Limitation of Contractor's Liability.** In accordance with Tenn. Code Ann. § 12-3-701, the Contractor's liability for all claims arising under this Contract shall be limited to an amount equal to two (2) times the Maximum Liability amount and as may be amended. Except as set forth below, in no event will the Contractor be liable to the State or any other party for any lost revenues, lost profits, loss of business, decrease in the value of any securities or cash position, time, money, goodwill, or any indirect, special, incidental, punitive, exemplary or consequential damages of any nature, whether based on warranty, contract, statute, regulation, tort (including but not limited to negligence), or any other legal theory that may arise under this Contract or otherwise. PROVIDED THAT in no event shall this Section limit the liability of the Contractor for: (i) intellectual property or any Contractor indemnity obligations for infringement for third-party intellectual property rights; (ii) any claims covered by any specific provision in the Contract providing for liquidated damages; or (iii) any claims for intentional torts, criminal acts, fraudulent conduct, or acts or omissions that result in personal injuries or death.
- 8.22. **Hold Harmless.** The Contractor agrees to indemnify and hold harmless the State of Tennessee as well as its officers, agents, and employees from and against any and all claims, liabilities, losses, and causes of action which may arise, accrue, or result to any person, firm, corporation, or other entity which may be injured or damaged as a result of acts, omissions, or negligence on the part of the Contractor, its employees, or any person acting for or on its or their behalf relating to this Contract. The Contractor further agrees it shall be liable for the reasonable cost of attorneys' fees, court costs, expert witness fees, and other litigation expenses for the State to enforce the terms of this Contract.

In the event of any suit or claim, the Parties shall give each other immediate notice and provide all necessary assistance to respond. The failure of the State to give notice shall only relieve the Contractor of its obligations under this Section to the extent that the Contractor can demonstrate actual prejudice arising from the failure to give notice. This Section shall not grant the Contractor, through its attorneys, the right to represent the State in any legal matter, as the right to represent the State is governed by Tenn. Code Ann. § 8-

- 8.23. **HIPAA Compliance.** The State and Contractor shall comply with obligations under the Health Insurance Portability and Accountability Act of 1996 ("HIPAA"), Health Information Technology for Economic and Clinical Health ("HITECH") Act and any other relevant laws and regulations regarding privacy (collectively the "Privacy Rules"). - a) Contractor warrants to the State that it is familiar with the requirements of the Privacy Rules, and will comply with all applicable requirements in the course of this Contract.
 - b) Contractor warrants that it will cooperate with the State, including cooperation and coordination with State privacy officials and other compliance officers required by the Privacy Rules, in the course of performance of the Contract so that both parties will be in compliance with the Privacy Rules.
 - c) The State and the Contractor will sign documents, including but not limited to business associate agreements, as required by the Privacy Rules and that are reasonably necessary to keep the State and Contractor in compliance with the Privacy Rules. This provision shall not apply if information received or delivered by the parties under this Contract is NOT "protected health information" as defined by the Privacy Rules, or if the Privacy Rules permit the parties to receive or deliver the information without entering into a business associate agreement or signing another document.
- The Contractor will indemnify the State and hold it harmless for any violation by the Contractor or its subcontractors of the Privacy Rules. This includes the costs of responding to a breach of protected health information, the costs of responding to a government enforcement action related to the breach, and any fines, penalties, or damages paid by the State because of the violation.
- 8.24. **Tennessee Consolidated Retirement System.** Subject to statutory exceptions contained in Tenn. Code Ann. §§ 8-36-801, et seq., the law governing the Tennessee Consolidated Retirement System ("TCRS"), provides that if a retired member of TCRS, or of any superseded system administered by TCRS, or of any local retirement fund established under Tenn. Code Ann. §§ 8-35-101, et seq., accepts State employment, the member's retirement allowance is suspended during the period of the employment. Accordingly and notwithstanding any provision of this Contract to the contrary, the Contractor agrees that if it is later determined that the true nature of the working relationship between the Contractor and the State under this Contract is that of "employee/employer" and not that of an independent contractor, the Contractor, if a retired member of TCRS, may be required to repay to TCRS the amount of retirement benefits the Contractor received from TCRS during the Term.

"Force Majeure Event" means fire, flood, earthquake, elements of nature or acts of God, wars, riots, civil disorders, rebellions or revolutions, acts of terrorism or any other similar cause beyond the reasonable control of the Party except to the extent that the non-performing Party is at fault in failing to prevent or causing the default or delay, and provided that the default or delay cannot reasonably be circumvented by the non-performing Party through the use of alternate sources, workaround plans or other means. A strike, lockout or labor dispute shall not excuse either Party from its obligations under this Contract. Except as set forth in this Section, any failure or delay by a Party in the performance of its obligations under this Contract arising from a Force Majeure Event is not a default under this Contract or grounds for termination. The non-performing Party will be excused from performing those obligations directly affected by the Force Majeure Event, and only for as long as the Force Majeure Event continues, provided that the Party continues to use diligent, good faith efforts to resume performance without delay. The occurrence of a Force Majeure Event affecting Contractor's representatives, suppliers, subcontractors, customers or business apart from this Contract is not a Force Majeure Event under this Contract. Contractor will promptly notify the State of any delay caused by a Force Majeure Event (to be confirmed in a written notice to the State within one (1) day of the inception of the delay) that a Force Majeure Event has occurred, and will describe in reasonable detail the nature of the Force Majeure Event. If any Force Majeure Event results in a delay in Contractor's performance longer than forty-eight (48) hours, the State may, upon notice to Contractor: (a) cease payment of the fees for the affected obligations until Contractor resumes performance of the affected obligations; or (b) immediately terminate this Contract or any purchase order, in whole or in part, without further payment except for fees then due and payable. Contractor will not increase its charges under this Contract or charge the State any fees other than those provided for in this Contract as the result of a Force Majeure Event.

The Tennessee Claims Commission or the state or federal courts in Tennessee shall be the venue for all claims, disputes, or disagreements arising under this Contract. The Contractor acknowledges and agrees that any rights, claims, or remedies against the State of Tennessee or its employees arising under this Contract shall be subject to and limited to those rights and remedies available under Tenn. Code Ann. §§ 9-8-101 -- 408.
- 8.30. **Entire Agreement.** This Contract is complete and contains the entire understanding between the parties relating to its subject matter, including all the terms and conditions of the parties' agreement. This Contract supersedes any and all prior understandings, representations, negotiations, and agreements between the parties, whether written or oral.
- 8.31. **Severability.** If any terms and conditions of this Contract are held to be invalid or unenforceable as a matter of law, the other terms and conditions of this Contract shall not be affected and shall remain in full force and effect. The terms and conditions of this Contract are severable.
- 8.32. **Headings.** Section headings of this Contract are for reference purposes only and shall not be construed as part of this Contract.
- 8.33. **Incorporation of Additional Documents.** Each of the following documents is included as a part of this Contract by reference. If insurance expires during the Term, the State must receive a new COI at least thirty (30) calendar days prior to the insurance's expiration date. If the Contractor loses insurance coverage, does not renew coverage, or for any reason becomes uninsured during the Term, the Contractor shall notify the State immediately.

The COI shall be on a form approved by the Tennessee Department of Commerce and Insurance ("TDCI") and signed by an authorized representative of the insurer. The COI shall list each insurer's national association of insurance commissioners (also known as NAIC) number or federal employer identification number and list the State of Tennessee, Risk Manager, 312 Rosa L. The State agrees that it shall give written notice to the Contractor as soon as practicable after the State becomes aware of any claim asserted or made against the State, but in no event later than thirty (30) calendar days after the State becomes aware of such claim. The failure of the State to give notice shall only relieve the Contractor of its obligations under this Section to the extent that the Contractor can demonstrate actual prejudice arising from the failure to give notice. This Section shall not grant the Contractor or its insurer, through its attorneys, the right to represent the State in any legal matter, as the right to represent the State is governed by Tenn. Code Ann. § 8-6-106.

- (4) In the event of drive/media failure, if the drive/media is replaced, it remains with the State and it is the State's responsibility to destroy the drive/media, or the Contractor shall provide written confirmation of the sanitization/destruction of data according to NIST 800-88.

c. Business Continuity Requirements.

The Contractor shall maintain sets of documents, instructions, and procedures that enable the Contractor to respond to accidents, disasters, emergencies, or threats without any stoppage or hindrance to key operations ("**Business Continuity Requirements**").

Business Continuity Requirements shall include:

(1) Disaster Recovery Capabilities

Disaster Recovery Capabilities refer to the actions the Contractor takes to meet the Recovery Point Objective (RPO) and Recovery Time Objective (RTO) defined below. Disaster Recovery Capabilities shall comply with NIST SP 800-53 Rev. 5, Contingency Planning (CP) controls, (moderate baseline controls) including CP-1 through CP-10, as applicable, and shall ensure continuity of operations for critical systems and services.

i.Recovery Point Objective (RPO)

The RPO is defined as the maximum targeted period in which data might be lost from an IT service due to a major incident: 24 hours

ii.Recovery Time Objective (RTO)

The RTO is defined as the targeted duration of time and service level within which a business process must be restored after a disruption in order to avoid unacceptable consequences: 24 hours

(2) Disaster Recovery Plan

- 4) The Contractor and Subcontractor(s) shall maintain a documented Disaster Recovery Plan aligned with NIST SP 800-53 CP controls (e.g., CP-2: Contingency

Plan, CP-4: Contingency Plan Testing, CP-6: Alternate Storage Site). The plan shall include, at minimum:

(3) Disaster Recovery Testing

The Contractor and Subcontractor(s) shall perform at least one Disaster Recovery Test every 365 days. A Disaster Recovery Test shall verify the effectiveness of restoration procedures executed after a critical IT failure or disruption. Success shall be defined as demonstrating the ability to meet the State's RPO and RTO objectives.

(4) Reporting

The Contractor shall provide written confirmation to the State after each Disaster Recovery Test, verifying that the Contractor's Disaster Recovery Capabilities meet the RPO and RTO requirements.

d. Comptroller Audit Requirements.

Upon reasonable notice and at any reasonable time, the Contractor agrees to allow the Comptroller of the Treasury, or the Comptroller's duly appointed representatives, to perform information technology control audits of the Contractor's information technology hosting and processing environment used by the Contractor to provide services under this Contract. The audit may evaluate whether the Contractor has implemented appropriate privacy and security controls consistent with NIST Special Publication 800-53, including controls generally classified as general controls and application controls. The audit may also assess whether those controls are designed and operating effectively and whether the Contractor is complying with applicable policies, laws, and regulations.

For purposes of this section:

General Controls are policies, procedures, and technical mechanisms that support the overall operation and integrity of information systems and applications, including areas such as access security, change management, system development, backup and recovery, and system maintenance.

Application Controls are the automated or manual controls built into specific applications to ensure the completeness, accuracy, authorization, and validity of data and transactions processed by those applications.

The audit may include, but is not limited to:

- 1) Review and evaluation of independent assurance deliverables required under Contract Section D.a.(4). to determine whether the Contractor's or Subcontractor's control environment and related safeguards are designed and operating effectively;

- 2) Review of documentation describing the Contractor's information technology control environment, policies, and procedures;
- 3) Interviews with technical and management personnel responsible for implementing, monitoring, and maintaining information technology controls;
- 4) Inspection of technical, administrative, or physical controls implemented to protect State Data and support service delivery under this Contract;
- 5) Review of relevant transaction logs, audit trails, vulnerability scans, or other supporting evidence necessary to verify compliance with applicable control requirements; and
- 6) Performance of other audit procedures deemed necessary by the Comptroller of the Treasury to verify compliance with applicable federal or state laws, regulations, or policies, or to assess the adequacy and effectiveness of the Contractor's control environment.

The Contractor shall ensure that its Subcontractors cooperate and provide reasonable access to information or personnel necessary for the audit to the extent such information pertains to the services provided under this Contract.

The Contractor must have a process for correcting control deficiencies that were identified in the Comptroller of the Treasury's information technology audit. For any audit issues identified, the Contractor shall submit a corrective action plan to the Comptroller of the Treasury which addresses the actions taken, or to be taken, and the anticipated completion date in response to each of the audit issues and related recommendations of the Comptroller of the Treasury. The corrective action plan shall be provided to the Comptroller of the Treasury upon request from the Comptroller of the Treasury and within 30 days from the issuance of the audit report or communication of the audit issues and recommendations. Upon request from the Comptroller of the Treasury, the Contractor shall provide documentation and evidence that the audit issues were corrected.

Each party shall bear its own expenses incurred while conducting the information technology controls audit.
