

SWC235 Industrial Supplies Pre-Response May 22, 2024, Questions and Answers

QUESTION / COMMENT	STATE of TN RESPONSE
1 Is the tape measure an open reel or closed reel.	The tape measure is a closed reel.
2 How many tines are on the manure fork?	There is not a spec for the number of tines on the manure fork.
3 On line 1, will you accept a thicker gauge option that exceeds the description?	Yes, a thicker gauge is acceptable.
4 Line 2 – Will you accept a blade length that is 17 3/4” which is slightly shorter than the item description is 19”?	The dimensions on the Western Scoop have been dropped from the spec and the scoop size #12 is acceptable.
5 Line 4 – Will you accept a handle length of 48” which is shorter than the 54” listed in the description?	A range of acceptable handle lengths has been added to the spec.
