

Specifications: ITB Event # 32901-19822-11507
Southern Folger Locks for the Tennessee Department of Correction (TDOC),
South Central Correctional Facility (SCCF)

PURPOSE:

The purpose of this document is to detail the requirements and specifications associated with the Folger Adams proprietary locks that the Tennessee Department of Correction (TDOC) utilizes at the South Central Correctional Facility (SCCF). The current locks are approximately thirty (30) years old and Folger Adams is only lock that is a direct replacement without modifications to the entire door locking system. Southern Steel and Folger Adam have designated three (3) authorized distributors to stock their products for high security detention equipment. The authorized distributors (Craftmaster Hardware, Sentry Fasteners Inc., and Western Detention Products) are able to help facilities with part identification, they have the ability to cut keys, and they can ensure that the parts you receive are genuine factory replacement parts. TDOC engineers worked with the manufacturer, Folger Adams, to determine the items needed as a part of the replacement for this one-time purchase.

FOLGER ADAMS ITEMS TO BE PURCHASED:

The awarded Respondent shall provide TDOC with the following Folger Adams locks:

- Item # FA/126MC-1-01-LHR-24V – a quantity of forty-five (45) each
- Item # FA/126MC-1-01-RHR-24V – a quantity of thirty-five (35) each

All of the locks shall be less mogul cylinders. The facility will install and replace the locks themselves. Quoted pricing should only be inclusive of the items requested.
