1. **Section 1 -- Background Information**

1.1. This solicitation is to bid on a 5 year contract with the Tennessee Department of Correction for the Inmate Holiday Package program. Inmates and their friends and family will be able to purchase from a variety of items to be sent to the inmate in their respective facility. Facility locations, order frequency and information on core and non-core items can be found within the Revenue contract attached to this solicitation. Respondents are expected to complete the Event Workbook excel sheet completely and attach it to the designated bid factor. The Event Workbook contains Core Items that are required to be supplied by the Contractor for the duration of the Contract. Award will be based on the lowest total cost as calculated in the Event Workbook—the cost will be determined by the sum of all of the Core Items. Historically end-users have purchased five million dollars ($5,000,000) worth of Inmate Food Package Program items per year.

1.2. **Accommodation for People with Disabilities.** Any individuals with disabilities who wish to participate in public meetings such as a scheduled pre-response conference or other scheduled function should contact the Solicitation Coordinator to discuss any auxiliary aids or services needed. Such contact should be made no less than three (3) business days prior to the public meeting to allow time for the Solicitation Coordinator to provide needed aids or services.

1.3. **Questions.** Respondents may submit written questions about this ITB to the Solicitation Coordinator. All questions must be submitted no later than April 20, 2022 2pm CT.

1.4. **Responses Due.** The response must be received by the State on or before the date and hour designated for the response opening. Responses that are submitted untimely shall be rejected.

2. **Award Criteria**

2.1. **Single Award -- Lowest Cost.** A single contract will be awarded for all line items to the respondent whose response meets the requirements and criteria set forth in this ITB at the lowest cost.
3. **Standard Terms of the Solicitation**

3.1. **Respondent Registration.** Pursuant to Tenn. Code Ann. § 4-56-105 all respondents must be registered prior to the issuance of a contract or a purchase order. Respondents can register online at the State of Tennessee Supplier Portal:

https://sso.edison.tn.gov/psp/paprd/SUPPLIER/SUPP/h/?tab=PAPP_GUEST

3.2. **Respondent’s Ability to Perform.** The State shall have the right to require evidence of the respondent's ability to perform the services or deliver the goods required pursuant to the terms and conditions of this ITB.

3.3. **Quality of Workmanship and Materials.** Unit price responses are requested on goods or services that equal or exceed the specifications, unless the specifications limit the dimensions, brands, or model of goods or services. The absence of detailed specifications or the omission of detailed descriptions shall mean that only the best commercial practices and only first quality goods and workmanship shall be supplied.

3.4. **Performance.** The respondent who is awarded a contract will be responsible for delivering the goods or providing the services set out in this ITB. All goods or services are subject to inspection and evaluation by the State.

3.5. **Clarifications.** The State reserves the right to conduct clarifications or negotiations with one or more respondents. All communications, clarifications, and negotiations shall be conducted in a manner that is fair and transparent.

3.6. **Negotiations.** The State may elect to negotiate by requesting revised Cost Proposals from apparently responsive and responsible respondents. However, the State reserves the right to award a contract on the basis of initial responses received. Therefore, each response should contain the respondent's best terms from a price and technical standpoint. The State reserves the right to conduct multiple negotiation rounds. If the State exercises its right to enter into negotiations, it may identify areas of a response that may require further clarification or areas in which it is apparent that there may have been miscommunications or misunderstandings as to the State's specifications or requirements. The State may seek to clarify those identified issues during negotiations. All responsive respondents will be given equivalent information with respect to cost negotiations. All cost negotiations will be documented for the procurement file. Additionally, the State may conduct target pricing and other price or service level negotiations. Target pricing may be based on considerations such as current pricing, market considerations, benchmarks, budget availability, or other method that does not reveal individual respondent pricing. During target price negotiations respondents are not obligated to meet or beat target prices, but will not be allowed to increase prices. All communications, clarifications and negotiations shall be conducted in a manner that supports fairness in response improvement. Note that each clarification sought by the State may be unique to an individual respondent.

3.7. **Response Cancellation and Rejection.** The State may cancel this ITB in its entirety and reissue it in whole or in part.
The State may reject any or all responses in its sole discretion. Additionally, the State may reject a response that: (a) qualifies the offer to provide goods or services as required by this ITB; (b) proposes alternative goods or services unless expressly requested by this ITB; (c) involves collusion, consultation, communication, or agreement among respondents; (d) includes information the respondent knew or should have known was materially incorrect; or (e) does not comply with the terms, conditions, specifications, or performance requirements of this ITB.

After the State opens the responses, no price changes shall be permitted except pursuant to target pricing or best and final offer negotiations as specified in this ITB.

#### B. TERM OF CONTRACT:

This Contract shall be effective on DATE (“Effective Date”), and extend for a period of sixty (60) months after the Effective Date (“Term”). The State shall have no obligation for goods or services provided by the Procuring Party prior to the Effective Date.

#### C. PAYMENT TERMS AND CONDITIONS:

C.1. The Contractor shall add a five percent (5%) TDOC administrative fee to each order. The administrative fees shall be delivered to TDOC monthly for the reimbursement of State employee salaries and overtime costs associated with the use of this program.

#### D. STANDARD TERMS AND CONDITIONS:

D.1. **Required Approvals.** The State is not bound by this Contract until it is signed by the contract parties and approved by appropriate officials in accordance with applicable Tennessee laws and regulations (depending upon the specifics of this contract, said officials may include, but are not limited to, the Commissioner of Finance and Administration, the Commissioner of Human Resources, and the Comptroller of the Treasury).

D.2. **Modification and Amendment.** This Contract may be modified only by a written amendment signed by all parties hereto and approved by both the officials who approved the base contract and, depending upon the specifics of the contract as amended, any additional officials required by Tennessee laws and regulations (said officials may include, but are not limited to, the Commissioner of Finance and Administration, the Commissioner of Human Resources, and the Comptroller of the Treasury).
D.3. **Termination for Convenience.** The Contract may be terminated by either party by giving written notice to the other, at least thirty (30) days before the effective date of termination. Said termination shall not be deemed a breach of contract by the State. Should the State exercise this provision, the State shall have no liability to the Procuring Party. Should either the State or the Procuring Party exercise this provision, the Procuring Party shall be required to compensate the State for satisfactory, authorized services completed as of the termination date and shall have no liability to the State except for those units of service which can be effectively used by the Procuring Party. The final decision, as to what these units of service are, shall be determined by the State. In the event of disagreement, the Procuring Party may file a claim with the Tennessee Claims Commission in order to seek redress.

Upon such termination, the Procuring Party shall have no right to any actual general, special, incidental, consequential, or any other damages whatsoever of any description or amount.

D.4. **Termination for Cause.** If either party fails to properly perform or fulfill its obligations under this Contract in a timely or proper manner or violates any terms of this Contract, the other party shall have the right to immediately terminate the Contract. The Procuring Party shall compensate the State for completed services.

D.5. **Subcontracting.** Neither the Procuring Party nor the State shall assign this Contract or enter into a subcontract for any of the services performed under this Contract without obtaining the prior written approval of the other. If such subcontracts are approved, they shall contain, at a minimum, sections of this Contract below pertaining to “Conflicts of Interest,” “Nondiscrimination,” and “Records” (as identified by the section headings).

D.6. **Conflicts of Interest.** The Procuring Party warrants that no amount shall be paid directly or indirectly to an employee or official of the State of Tennessee as wages, compensation, or gifts in exchange for acting as an officer, agent, employee, subcontractor, or consultant to the Procuring Party in connection with any work contemplated or performed relative to this Contract other than as required by section A. of this Contract.

D.7. **Nondiscrimination.** The State and the Procuring Party hereby agree, warrant, and assure that no person shall be excluded from participation in, be denied benefits of, or be otherwise subjected to discrimination in the performance of this Contract or in the employment practices of the State or the Procuring Party on the grounds of handicap or disability, age, race, color, religion, sex, national origin, or any other classification protected by Federal, Tennessee State constitutional, or statutory law.

D.8. **Records.** The Procuring Party shall maintain documentation for its transactions with the State under this Contract. The books, records, and documents of the Procuring Party, insofar as they relate to work performed or money paid under this Contract, shall be maintained for a period of five (5) full years from the final date of this Contract and shall be subject to audit, at any reasonable time and upon reasonable notice, by the state agency, the Comptroller of the Treasury, or their duly appointed representatives. The financial statements shall be prepared in accordance with generally accepted accounting principles.

D.9. **Strict Performance.** Failure by any party to this Contract to insist in any one or more cases upon the strict performance of any of the terms, covenants, conditions, or provisions of this Contract shall not be construed as a waiver or relinquishment of any such term, covenant, condition, or provision. No term or condition of this Contract shall be held to be waived, modified, or deleted except by a written amendment signed by the parties hereto.

D.10. **Independent Contractor.** The parties hereto, in the performance of this Contract, shall not act as employees, partners, joint venturers, or associates of one another. It is expressly acknowledged by the parties hereto that such parties are independent contracting entities and that nothing in this Contract shall be construed to create an employer/employee relationship or to allow either to
exercise control or direction over the manner or method by which the other transacts its business affairs or provides its usual services. The employees or agents of one party shall not be deemed or construed to be the employees or agents of the other party for any purpose whatsoever.

Claims against the State of Tennessee, or its employees, or injury damages expenses or attorney’s fees are heard and determined by the Tennessee Claims Commission or the Tennessee Board of Claims in the manner prescribed by law (Tennessee Code Annotated, Sections 9-8-101 et seq., 9-8-301 et seq., and 9-8-401 et seq.). Damages recoverable against the State of Tennessee shall be expressly limited to claims paid by the Board of Claims or the Claims Commission pursuant to Tennessee Code Annotated, Section 9-8-301 et seq.

D.11. **State Liability.** The State shall have no liability except as specifically provided in this Contract.

D.12. **Force Majeure.** The obligations of the parties to this Contract are subject to prevention by causes beyond the parties' control that could not be avoided by the exercise of due care including, but not limited to, natural disasters, riots, wars, epidemics, or any other similar cause.

D.13. **State and Federal Compliance.** The Procuring Party and the State shall comply with all applicable State and Federal laws and regulations in the performance of this Contract.

D.14. **Governing Law.** This Contract shall be governed by and construed in accordance with the laws of the State of Tennessee. The Procuring Party agrees that it will be subject to the exclusive jurisdiction of the courts of the State of Tennessee in actions that may arise under this Contract. The Procuring Party acknowledges and agrees that any rights or claims against the State of Tennessee or its employees hereunder, and any remedies arising therefrom, shall be subject to and limited to those rights and remedies, if any, available under Tennessee Code Annotated, Sections 9-8-101 through 9-8-407.

D.15. **Completeness.** This Contract is complete and contains the entire understanding between the parties relating to the subject matter contained herein, including all the terms and conditions of the parties’ agreement. This Contract supersedes any and all prior understandings, representations, negotiations, and agreements between the parties relating hereto, whether written or oral.

D.16. **Severability.** If any terms and conditions of this Contract are held to be invalid or unenforceable as a matter of law, the other terms and conditions hereof shall not be affected thereby and shall remain in full force and effect. To this end, the terms and conditions of this Contract are declared severable.

D.17. **Headings.** Section headings of this Contract are for reference purposes only and shall not be construed as part of this Contract.

D.18. **HIPAA Compliance.** The State and Procuring Party shall comply with obligations under the Health Insurance Portability and Accountability Act of 1996 (HIPAA), Health Information Technology for Economic and Clinical Health (HITECH) Act and any other relevant laws and regulations regarding privacy (collectively the “Privacy Rules”).

a. Procuring Party warrants to the State that it is familiar with the requirements of the Privacy Rules, and will comply with all applicable requirements in the course of this Contract.

b. Procuring Party warrants that it will cooperate with the State, including cooperation and coordination with State privacy officials and other compliance officers required by the Privacy Rules, in the course of performance of the Contract so that both parties will be in compliance with the Privacy Rules.
c. The State and the Procuring Party will sign documents, including but not limited to business associate agreements, as required by the Privacy Rules and that are reasonably necessary to keep the State and Procuring Party in compliance with the Privacy Rules. This provision shall not apply if information received or delivered by the parties under this Contract is NOT “protected health information” as defined by the Privacy Rules, or if the Privacy Rules permit the parties to receive or deliver such information without entering into a business associate agreement or signing another such document.

d. The Procuring Party will indemnify the State and hold it harmless for any violation by the Procuring Party or its subcontractors of the Privacy Rules. This includes the costs of responding to a breach of protected health information, the costs of responding to a government enforcement action related to the breach, and any fines, penalties, or damages paid by the State because of the violation.

D.19. Confidentiality of Records. Strict standards of confidentiality of records and information shall be maintained in accordance with applicable state and federal law. All material and information, regardless of form, medium or method of communication, provided to the Procuring Party by the State or acquired by the Procuring Party on behalf of the State shall be regarded as confidential information in accordance with the provisions of applicable state and federal law, state and federal rules and regulations, departmental policy, and ethical standards. Such confidential information shall not be disclosed, and all necessary steps shall be taken by the Procuring Party to safeguard the confidentiality of such material or information in conformance with applicable state and federal law, state and federal rules and regulations, departmental policy, and ethical standards.

The Procuring Party’s obligations under this section do not apply to information in the public domain; entering the public domain but not from a breach by the Procuring Party of this Contract; previously possessed by the Procuring Party without written obligations to the State to protect it; acquired by the Procuring Party without written restrictions against disclosure from a third party which, to the Procuring Party’s knowledge, is free to disclose the information; independently developed by the Procuring Party without the use of the State’s information; or, disclosed by the State to others without restrictions against disclosure. Nothing in this paragraph shall permit Procuring Party to disclose any information that is confidential under federal or state law or regulations, regardless of whether it has been disclosed or made available to the Procuring Party due to intentional or negligent actions or inactions of agents of the State or third parties.

It is expressly understood and agreed the obligations set forth in this section shall survive the termination of this Contract.

E. SPECIAL TERMS AND CONDITIONS:

E.1. Conflicting Terms and Conditions. Should any of these special terms and conditions conflict with any other terms and conditions of this Contract, these special terms and conditions shall control.

Any such communications, regardless of method of transmission, shall be addressed to the respective party at the appropriate mailing address, facsimile number, or EMAIL address as set forth below or to that of such other party or address, as may be hereafter specified by written notice.

E.3 Tennessee Department of Revenue Registration. The Procuring Party shall be registered with the Department of Revenue for the collection of Tennessee sales and use tax. This registration requirement is a material requirement of this Contract.

E.4. Debarment and Suspension. The Procuring Party certifies, to the best of its knowledge and belief, that it, its current and future principals, its current and future subcontractors and their principals:

a. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal or state department or agency;

b. have not within a three (3) year period preceding this Contract been convicted of, or had a civil judgment rendered against them from commission of fraud, or a criminal offence in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) transaction or grant under a public transaction; violation of federal or state antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification, or destruction of records, making false statements, or receiving stolen property;

c. are not presently indicted or otherwise criminally or civilly charged by a government entity (federal, state, or local) with commission of any of the offenses detailed in section b. of this certification; and

d. have not within a three (3) year period preceding this Contract had one or more public transactions (federal, state, or local) terminated for cause or default.

The Procuring Party shall provide immediate written notice to the State if at any time it learns that there was an earlier failure to disclose information or that due to changed circumstances, its principals or the principals of its subcontractors are excluded, disqualified, or presently fall under any of the prohibitions of sections a-d.

E.5. Incorporation of Additional Documents. Each of the following documents is included as a part of this Contract by reference. In the event of a discrepancy or ambiguity regarding the Contractor's duties, responsibilities, and performance under this Contract, these items shall govern in order of precedence below:
a. any amendment to this Contract, with the latter in time controlling over any earlier amendments;
b. this Contract with any attachments or exhibits (excluding the items listed at subsections c. through f., below), which includes Attachment A and B;
c. any clarifications of or addenda to the Contractor’s proposal seeking this Contract;
d. the State solicitation, as may be amended, requesting responses in competition for this Contract;
e. any technical specifications provided to proposers during the procurement process to award this Contract; and
f. the Contractor’s response seeking this Contract.

E.6. **Insurance.** Contractor shall maintain insurance coverage as specified in this Section. The State reserves the right to amend or require additional insurance coverage, coverage amounts, and endorsements required under this Contract. Contractor’s failure to maintain or submit evidence of insurance coverage, as required, is a material breach of this Contract. If Contractor loses insurance coverage, fails to renew coverage, or for any reason becomes uninsured during the Term, Contractor shall immediately notify the State. All insurance companies providing coverage must be: (a) acceptable to the State; (b) authorized by the Tennessee Department of Commerce and Insurance (“TDCI”); and (c) rated A- / VII or better by A.M. Best. All coverage must be on a primary basis and noncontributory with any other insurance or self-insurance carried by the State. Contractor agrees to name the State as an additional insured on any insurance policy with the exception of workers’ compensation (employer liability) and professional liability (errors and omissions) insurance. All policies must contain an endorsement for a waiver of subrogation in favor of the State. Any deductible or self insured retention (“SIR”) over fifty thousand dollars ($50,000) must be approved by the State. The deductible or SIR and any premiums are the Contractor’s sole responsibility. The Contractor agrees that the insurance requirements specified in this Section do not reduce any liability the Contractor has assumed under this Contract including any indemnification or hold harmless requirements.

To achieve the required coverage amounts, a combination of an otherwise deficient specific policy and an umbrella policy with an aggregate meeting or exceeding the required coverage amounts is acceptable. For example: If the required policy limit under this Contract is for two million dollars ($2,000,000) in coverage, acceptable coverage would include a specific policy covering one million dollars ($1,000,000) combined with an umbrella policy for an additional one million dollars ($1,000,000). If the deficient underlying policy is for a coverage area without aggregate limits (generally Automobile Liability and Employers’ Liability Accident), Contractor shall provide a copy of the umbrella insurance policy documents to ensure that no aggregate limit applies to the umbrella policy for that coverage area. In the event that an umbrella policy is being provided to achieve any required coverage amounts, the umbrella policy shall be accompanied by an endorsement at least as broad as the Insurance Services Office, Inc. (also known as “ISO”) “Noncontributory—Other Insurance Condition” endorsement or shall be written on a policy form that addresses both the primary and noncontributory basis of the umbrella policy if the State is otherwise named as an additional insured.

Contractor shall provide the State a certificate of insurance (“COI”) evidencing the coverages and amounts specified in this Section. The COI must be on a form approved by the TDCI (standard ACORD form preferred). The COI must list each insurer’s National Association of Insurance Commissioners (NAIC) number and be signed by an authorized representative of the insurer. The COI must list the State of Tennessee – CPO Risk Manager, 312 Rosa L. Parks Ave., 3rd floor Central Procurement Office, Nashville, TN 37243 as the certificate holder. Contractor shall provide the COI ten (10) business days prior to the Effective Date and again thirty (30) calendar days before renewal or replacement of coverage. Contractor shall provide the State evidence that all subcontractors maintain the required insurance or that subcontractors are included under the Contractor’s policy. At any time, the State may require Contractor to provide a valid COI. The Parties agree that failure to provide evidence of insurance coverage as required is a material
breach of this Contract. If Contractor self-insures, then a COI will not be required to prove coverage. Instead Contractor shall provide a certificate of self-insurance or a letter, on Contractor’s letterhead, detailing its coverage, policy amounts, and proof of funds to reasonably cover such expenses. The State reserves the right to require complete copies of all required insurance policies, including endorsements required by these specifications, at any time.

The State agrees that it shall give written notice to the Contractor as soon as practicable after the State becomes aware of any claim asserted or made against the State, but in no event later than thirty (30) calendar days after the State becomes aware of such claim. The failure of the State to give notice shall only relieve the Contractor of its obligations under this Section to the extent that the Contractor can demonstrate actual prejudice arising from the failure to give notice. This Section shall not grant the Contractor or its insurer, through its attorneys, the right to represent the State in any legal matter, as the right to represent the State is governed by Tenn. Code Ann. § 8-6-106.

The insurance obligations under this Contract shall be: (1)—all the insurance coverage and policy limits carried by the Contractor; or (2)—the minimum insurance coverage requirements and policy limits shown in this Contract; whichever is greater. Any insurance proceeds in excess of or broader than the minimum required coverage and minimum required policy limits, which are applicable to a given loss, shall be available to the State. No representation is made that the minimum insurance requirements of the Contract are sufficient to cover the obligations of the Contractor arising under this Contract. The Contractor shall obtain and maintain, at a minimum, the following insurance coverages and policy limits.

a. Commercial General Liability (“CGL”) Insurance

1) The Contractor shall maintain CGL, which shall be written on an ISO Form CG 00 01 occurrence form (or a substitute form providing equivalent coverage) and shall cover liability arising from property damage, premises and operations products and completed operations, bodily injury, personal and advertising injury, and liability assumed under an insured contract (including the tort liability of another assumed in a business contract).

The Contractor shall maintain single limits not less than one million dollars ($1,000,000) per occurrence. If a general aggregate limit applies, either the general aggregate limit shall apply separately to this policy or location of occurrence or the general aggregate limit shall be twice the required occurrence limit.

b. Workers’ Compensation and Employer Liability Insurance

1) For Contractors statutorily required to carry workers’ compensation and employer liability insurance, the Contractor shall maintain:

i. Workers’ compensation in an amount not less than one million dollars ($1,000,000) including employer liability of one million dollars ($1,000,000) per accident for bodily injury by accident, one million dollars ($1,000,000) policy limit by disease, and one million dollars ($1,000,000) per employee for bodily injury by disease.
2) If the Contractor certifies that it is exempt from the requirements of Tenn. Code Ann. §§ 50-6-101 – 103, then the Contractor shall furnish written proof of such exemption for one or more of the following reasons:

   i. The Contractor employs fewer than five (5) employees;
   ii. The Contractor is a sole proprietor;
   iii. The Contractor is in the construction business or trades with no employees;
   iv. The Contractor is in the coal mining industry with no employees;
   v. The Contractor is a state or local government; or

c. Automobile Liability Insurance

   1) The Contractor shall maintain automobile liability insurance which shall cover liability arising out of any automobile (including owned, leased, hired, and non-owned automobiles).

   2) The Contractor shall maintain bodily injury/property damage with a limit not less than one million dollars ($1,000,000) per occurrence or combined single limit.

E.7. Prohibition of Illegal Immigrants. The requirements of Tenn. Code Ann. § 12-3-309 addressing the use of illegal immigrants in the performance of any contract to supply goods or services to the state of Tennessee, shall be a material provision of this Contract, a breach of which shall be grounds for monetary and other penalties, up to and including termination of this Contract.

a. The Contractor agrees that the Contractor shall not knowingly utilize the services of an illegal immigrant in the performance of this Contract and shall not knowingly utilize the services of any subcontractor who will utilize the services of an illegal immigrant in the performance of this Contract. The Contractor shall reaffirm this attestation, in writing, by submitting to the State a completed and signed copy of the document at Attachment A, semi-annually during the Term. If the Contractor is a party to more than one contract with the State, the Contractor may submit one attestation that applies to all contracts with the State. All Contractor attestations shall be maintained by the Contractor and made available to State officials upon request.

b. Prior to the use of any subcontractor in the performance of this Contract, and semi-annually thereafter, during the Term, the Contractor shall obtain and retain a current, written attestation that the subcontractor shall not knowingly utilize the services of an illegal immigrant to perform work under this Contract and shall not knowingly utilize the services of any subcontractor who will utilize the services of an illegal immigrant to perform work under this Contract. Attestations obtained from subcontractors shall be maintained by the Contractor and made available to State officials upon request.

c. The Contractor shall maintain records for all personnel used in the performance of this Contract. Contractor’s records shall be subject to review and random inspection at any reasonable time upon reasonable notice by the State.
d. The Contractor understands and agrees that failure to comply with this section will be subject to the sanctions of Tenn. Code Ann. § 12-3-309 for acts or omissions occurring after its effective date.

d. For purposes of this Contract, "illegal immigrant" shall be defined as any person who is not: (i) a United States citizen; (ii) a Lawful Permanent Resident; (iii) a person whose physical presence in the United States is authorized; (iv) allowed by the federal Department of Homeland Security and who, under federal immigration laws or regulations, is authorized to be employed in the U.S.; or (v) is otherwise authorized to provide services under the Contract.

E.8. Personally Identifiable Information. While performing its obligations under this Contract, Contractor may have access to Personally Identifiable Information held by the State ("PII"). For the purposes of this Contract, "PII" includes "Nonpublic Personal Information" as that term is defined in Title V of the Gramm-Leach-Bliley Act of 1999 or any successor federal statute, and the rules and regulations thereunder, all as may be amended or supplemented from time to time ("GLBA") and personally identifiable information and other data protected under any other applicable laws, rule or regulation of any jurisdiction relating to disclosure or use of personal information ("Privacy Laws"). Contractor agrees it shall not do or omit to do anything which would cause the State to be in breach of any Privacy Laws. Contractor shall, and shall cause its employees, agents and representatives to: (i) keep PII confidential and may use and disclose PII only as necessary to carry out those specific aspects of the purpose for which the PII was disclosed to Contractor and in accordance with this Contract, GLBA and Privacy Laws; and (ii) implement and maintain appropriate technical and organizational measures regarding information security to: (A) ensure the security and confidentiality of PII; (B) protect against any threats or hazards to the security or integrity of PII; and (C) prevent unauthorized access to or use of PII. Contractor shall immediately notify State: (1) of any disclosure or use of any PII by Contractor or any of its employees, agents and representatives where the purpose of such disclosure is not known to Contractor or its employees, agents and representatives. The State reserves the right to review Contractor's policies and procedures used to maintain the security and confidentiality of PII and Contractor shall, and cause its employees, agents and representatives to, comply with all reasonable requests or directions from the State to enable the State to verify or ensure that Contractor is in full compliance with its obligations under this Contract in relation to PII. Upon termination or expiration of the Contract or at the State's direction at any time in its sole discretion, whichever is earlier, Contractor shall immediately return to the State any and all PII which it has received under this Contract and shall destroy all records of such PII.

The Contractor shall report to the State any instances of unauthorized access to or potential disclosure of PII in the custody or control of Contractor ("Unauthorized Disclosure") that come to the Contractor's attention. Any such report shall be made by the Contractor within twenty-four (24) hours after the Unauthorized Disclosure has come to the attention of the Contractor. Contractor shall take all necessary measures to halt any further Unauthorized Disclosures. The Contractor, at the sole discretion of the State, shall provide no cost credit monitoring services for individuals whose PII was affected by the Unauthorized Disclosure. The Contractor shall bear the cost of notification to all individuals affected by the Unauthorized Disclosure, including individual letters and public notice. The remedies set forth in this Section are not exclusive and are in addition to any claims or remedies available to this State under this Contract or otherwise available at law. The obligations set forth in this Section shall survive the termination of this Contract.

E.9. Contractor Hosted Services Confidential Data, Audit, and Other Requirements
a. “Confidential State Data” is defined as data deemed confidential by State or Federal statute or regulation. The Contractor shall protect Confidential State Data as follows:

(1) The Contractor shall ensure that all Confidential State Data is housed in the continental United States, inclusive of backup data.

(2) The Contractor shall encrypt Confidential State Data at rest and in transit using the current version of Federal Information Processing Standard (“FIPS”) 140-2 validated encryption technologies.

(3) The Contractor and the Contractor’s processing environment containing Confidential State Data shall either (1) be in accordance with at least one of the following security standards: (i) International Standards Organization (“ISO”) 27001; (ii) Federal Risk and Authorization Management Program (“FedRAMP”); or (2) be subject to an annual engagement by a CPA firm in accordance with the standards of the American Institute of Certified Public Accountants (“AICPA”) for a System and Organization Controls for service organizations (“SOC”) Type II audit. The State shall approve the SOC audit control objectives. The Contractor shall provide proof of current ISO certification or FedRAMP authorization for the Contractor and Subcontractor(s), or provide the State with the Contractor’s and Subcontractor’s annual SOC Type II audit report within 30 days from when the CPA firm provides the audit report to the Contractor or Subcontractor. The Contractor shall submit corrective action plans to the State for any issues included in the audit report within 30 days after the CPA firm provides the audit report to the Contractor or Subcontractor.

If the scope of the most recent SOC audit report does not include all of the current State fiscal year, upon request from the State, the Contractor must provide to the State a letter from the Contractor or Subcontractor stating whether the Contractor or Subcontractor made any material changes to their control environment since the prior audit and, if so, whether the changes, in the opinion of the Contractor or Subcontractor, would negatively affect the auditor’s opinion in the most recent audit report.

No additional funding shall be allocated for these certifications, authorizations, or audits as these are included in the Maximum Liability of this Contract.

(4) The Contractor must annually perform Penetration Tests and Vulnerability Assessments against its Processing Environment. “Processing Environment” shall mean the combination of software and hardware on which the Application runs. “Application” shall mean the computer code that supports and accomplishes the State’s requirements as set forth in this Contract. “Penetration Tests” shall be in the form of attacks on the Contractor’s computer system, with the purpose of discovering security weaknesses which have the potential to gain access to the Processing Environment’s features and data. The “Vulnerability Assessment” shall be designed and executed to define, identify, and classify the security holes (vulnerabilities) in the Processing Environment. The Contractor shall allow the State, at its option, to perform Penetration Tests and Vulnerability Assessments on the Processing Environment.

(5) Contractor shall be certified to host Payment Card Industry (“PCI”) data in accordance with the current version of PCI DSS (“Data Security Standard”), maintained by the PCI Security Standards Council.
(6) Upon State request, the Contractor shall provide a copy of all Confidential State Data it holds. The Contractor shall provide such data on media and in a format determined by the State.

(7) Upon termination of this Contract and in consultation with the State, the Contractor shall destroy all Confidential State Data it holds (including any copies such as backups) in accordance with the current version of National Institute of Standards and Technology (“NIST”) Special Publication 800-88. The Contractor shall provide a written confirmation of destruction to the State within ten (10) business days after destruction.

b. Minimum Requirements

(1) The Contractor and all data centers used by the Contractor to host State data, including those of all Subcontractors, must comply with the State’s Enterprise Information Security Policies as amended periodically. The State’s Enterprise Information Security Policies document is found at the following URL: [https://www.tn.gov/finance/strategic-technology-solutions/strategic-technology-solutions/sts-security-policies.html](https://www.tn.gov/finance/strategic-technology-solutions/strategic-technology-solutions/sts-security-policies.html).

(2) The Contractor agrees to maintain the Application so that it will run on a current, manufacturer-supported Operating System. “Operating System” shall mean the software that supports a computer’s basic functions, such as scheduling tasks, executing applications, and controlling peripherals.

(3) If the Application requires middleware or database software, Contractor shall maintain middleware and database software versions that are at all times fully compatible with current versions of the Operating System and Application to ensure that security vulnerabilities are not introduced.

c. Comptroller Audit Requirements

Upon reasonable notice and at any reasonable time, the Contractor and Subcontractor(s) agree to allow the State, the Comptroller of the Treasury, or their duly appointed representatives to perform information technology control audits of the Contractor and all Subcontractors used by the Contractor. Contractor will maintain and cause its Subcontractors to maintain a complete audit trail of all transactions and activities in connection with this Contract. Contractor will provide to the State, the Comptroller of the Treasury, or their duly appointed representatives access to Contractor and Subcontractor(s) personnel for the purpose of performing the information technology control audit.

The information technology control audit may include a review of general controls and application controls. General controls are the policies and procedures that apply to all or a large segment of the Contractor’s or Subcontractor’s information systems and applications and include controls over security management, access controls, configuration management, segregation of duties, and contingency planning. Application controls are directly related to the application and help ensure that transactions are complete, accurate, valid, confidential, and available. The audit shall include the Contractor’s and Subcontractor’s compliance with the State’s Enterprise Information Security Policies and all applicable requirements, laws, regulations or policies.

The audit may include interviews with technical and management personnel, physical inspection of controls, and review of paper or electronic
