The books needed by Fire Prevention and Education & Outreach may also change as codes and processes are updated. At the State's discretion, line items may be updated or added during the life of the contract to reflect the most current edition of each proprietary book.

The chart below includes the proprietary books to be included on a five-year contract as well as the estimated quantities for the life of the contract. Only products matching the exact book titles and ISBN numbers below will be considered for award. Shipping must be included in the respondent's bid price.
