TN TOWER – 3RD FLOOR – NASHVILLE ROOM

Members in Attendance:
Jason Mumpower, Sondra Howe, Buddy Lea, Rick Peppers, Terry Anderson, Michelle Lane, (Mike Perry – late arrival)

Others in Attendance:

I. Call to Order: Shannon Howell, Interim Deputy Chief Procurement Officer, announced that Mike Perry, Chief Procurement Officer, was unavailable due to a meeting conflict and that she would chair the meeting in his absence as a non-voting proxy. Ms. Howell called the meeting to order and recognized that three voting members were present, which constituted a quorum.

II. Minutes from the February 3, 2015 Meeting: Interim Deputy Chief Procurement Officer Howell asked if there were any corrections or additions to the minutes from the February 3, 2015 meeting. Seeing none, a motion was made by Jason Mumpower, Chief of Staff, Comptroller's Office, to accept the minutes as presented. The motion was seconded by Buddy Lea, Assistant Commissioner, Department of Finance and Administration. All members voted in favor – none opposed.

III. New Business: Interim Deputy Chief Procurement Officer Howell turned the floor over to Paul Krivacka, Lead Attorney/Director of Category Management, Central Procurement Office, to discuss the following New Business agenda items.

(1) Model State Agency Purchasing Card Procedures

Mr. Krivacka summarized the following points with regard to the Model State Agency Purchasing Card ("P-Card") Procedures:
• The statewide P-Card policy requires state agencies to develop their own internal procedures on P-Card use. These internal procedures must comply with the statewide policy and address certain subject areas.

• To assist agencies in developing their internal procedures, the Central Procurement Office ("CPO") prepared model state agency P-Card procedures. Agencies will have the option to use this customizable document when drafting their internal procedures.

• This document identifies the information that must be included in every agency’s internal procedures (e.g., documentation, roles, and responsibilities) and allows agencies flexibility in tailoring the document to their needs.

• To ensure compliance with the statewide P-Card policy, the CPO and Comptroller of the Treasury ("COT") must review and approve an agency’s internal P-Card procedures before they take effect. It is anticipated that the Model State Agency P-Card Procedures would be rolled out to state agencies in early April with a request for them to be submitted to the Central Procurement Office by the end of April. The CPO will facilitate CPO and COT approval of the agency procedures and it is anticipated that agency procedures would be approved and the new P-Card program in place by the end of May 2015.

Mr. Krivacka asked if there were any comments or questions regarding the Model State Agency Purchasing Card Procedures.

Mr. Mumpower stated that at the last Advisory Council meeting he had asked questions regarding the P-Card policy relative to two performance audit findings by the office of the Comptroller of the Treasury. Mr. Mumpower stated he had an additional question regarding the timeline of the roll-out of the new P-Card policy as it seemed to be moving rather quickly. In particular, Mr. Mumpower asked when the state agencies would be expected to submit their P-Card procedures to the CPO. Mr. Krivacka responded that the CPO would require each state agency to submit their P-Card procedures by the end of April. Mr. Krivacka continued that each agency would submit its proposed P-Card procedures in Microsoft Word format which would then be compared to the CPO model P-Card procedures utilizing a comparison software to identify and redline any differences. If the CPO is in agreement with the redlined differences, the proposed agency procedures would be forwarded to the COT for review and comment. Mr. Krivacka stated that this process should expedite CPO and COT review and that he anticipated that all agency procedures would be reviewed by the end of May.

Mr. Mumpower asked Mr. Krivacka if that timeline would include review by both divisions (CPO and COT) and Mr. Krivacka confirmed that was correct. Mr. Mumpower stated that the COT has the responsibility to review and approve many documents and in an effort to better serve their clients, the citizens of Tennessee, the COT had instituted a process to establish its own internal timelines for document review/approval. Mr. Mumpower continued that in some instances,
if the timeline for review was not met, the document would be deemed automatically approved. Mr. Mumpower asked if the Advisory Council would want to consider and discuss such a structured, formal process that might give automatic approval to the proposed agency P-Card procedures after a certain time period, e.g. 10 business days. Mr. Mumpower also stated that he believed that the CPO and the COT would process the documents as expeditiously as possible and could proceed on that commitment or the Advisory Council might want to implement a more formal and structured timeline. Mr. Krivacka stated that the COT had worked very collaboratively with the CPO and that the COT had been great to work with in the past. Mr. Krivacka indicated that based on the working relationship between COT and CPO he had no doubt that the end of May timeline for approval of agency P-Card procedures could be met. Mr. Mumpower concurred and indicated that the end of May timeline would be COT’s goal as well. Mr. Mumpower stated that as a member of the Procurement Commission, Comptroller Wilson had requested that a firm timeline for approval of agency P-Card procedures be presented at the April Procurement Commission meeting as a result of the Advisory Council recommending the model P-Card procedures. Mr. Krivacka stated that the Procurement Commission would be presented with a timeline that would include when state agencies must submit P-card procedures to the CPO, when the procedures would be submitted to COT, and when the procedures would have final approval. Mr. Krivacka asked if there were any other questions or comments.

Mr. Lea asked for clarification as to whether state agency P-Card procedures would be expected to be identical to the model P-Card procedures or if the goal was for them to be in compliance with CPO procedures with variations unique to each agency. Mr. Krivacka said that the latter was correct and that was the reason the document was a model and not designed as a template that would require a rule exception for changes. Mr. Krivacka indicated that the model procedures would allow state agencies more flexibility to customize them as needed. Mr. Mumpower added that Mr. Lea’s point related back to his earlier concern about the need for a timeline in light of the fact that all 22 state agency procedures could be, and probably should be, different and require time to review. Mr. Mumpower restated the importance of reviewing the state agency procedures as quickly as possible but also as thoroughly as possible. Mr. Krivacka indicated that he believed by using the Deltaview comparison software, the state agency P-Card procedures could be thoroughly reviewed and approved by CPO and COT as stated by the end of May.

Mr. Krivacka then asked if there were any other questions or comments regarding the Model State Agency Purchasing Card Procedures. Seeing none, Interim Deputy Chief Procurement Officer Howell asked for a motion to recommend the Model State Agency Purchasing Card Procedures as presented to the Procurement Commission for approval. Motion was made by Mr. Lea and seconded by Mr. Mumpower. All members voted in favor – none opposed.
(2) Central Procurement Office Policy Number 2015-010, Statewide Purchasing Card Policy and Procedures

Mr. Krivacka summarized the following points with regard to the Central Procurement Office Policy Number 2015-010, Statewide Purchasing Card Policy and Procedures:

- The Policy Review Subcommittee ("Subcommittee") made two revisions to this document to make the statewide P-Card program more efficient.
- The first revision authorizes the state agency P-Card Program Coordinator to terminate a Cardholder’s status as a Cardholder and cancel P-Cards.
  - Previously, only the statewide P-Card program Administrator had this authority.
  - While P-Card termination authority is now decentralized, the statewide P-Card Program Administrator will be notified of all P-Card terminations.
- The second revision aims to prevent duplicative documentation.
  - Physical P-Card users are no longer required to maintain a log of all purchase transactions.
  - Cardholders may use logs, provided that it is consistent with their agency’s internal P-Card procedures.
  - Cardholders must still provide receipts or invoices for all purchase transactions.

Mr. Krivacka asked if there were any questions or comments regarding Central Procurement Office Policy Number 2015-010, Statewide Purchasing Card Policy and Procedures. Seeing none, a motion was made by Mr. Mumpower to recommend Central Procurement Office Policy Number 2015-010, Statewide Purchasing Card Policy and Procedures to the Procurement Commission for approval as presented. The motion was seconded by Mr. Lea. All members voted in favor – none opposed.

(3) Insurance provisions for FA Template and Edison Configurator

Mr. Krivacka summarized the following points with regard to the Insurance provisions for FA template and Edison configurator:

- The CPO’s Risk Manager collaborated with the Department of Treasury’s risk management team to draft new insurance provisions for the FA Template and Edison configurator. Mr. Krivacka noted that the COT had assisted the CPO with the creation of the CPO Risk Manager position.
- Aon, an entity under contract to provide insurance consulting to the State, reviewed the provisions and confirmed that they align with industry standards.
- Revisions designed to better protect the State include:
  - Specifying the form and substance of certificates of insurance;
  - Requiring contractors to submit the certificate of insurance well in advance of the contract’s effective date; and
Identifying which types of insurance companies are acceptable to the State.
These new provisions also allow contractors to satisfy the insurance requirements by self-insuring. Large contractors who self-insure will no longer need to obtain a policy from an insurer and then pass those costs on to the State.

Mr. Krivacka asked if there were any questions or comments regarding the insurance provisions for the FA template and Edison configurator.

Mr. Lea asked if the proposed Tennessee insurance language had been compared to that used by other states to see if it was consistent. Mr. Krivacka indicated that our language was mostly consistent with other states, but more importantly Tennessee reached out to the contractors with Treasury to determine industry best practices. Mr. Krivacka indicated that because of Tennessee’s sovereign immunity, Tennessee insurance provisions would be different than other states or private industry. Mr. Krivacka indicated that the proposed insurance provisions were in compliance with current state law and reflect best practices in light of Tennessee’s sovereign immunity.

Mr. Krivacka asked if there were any additional questions or comments regarding the insurance provisions for FA template and Edison configurator. Seeing none, Mr. Mumpower made a motion to recommend the insurance provisions for FA template and Edison configurator as presented to the Procurement Commission for approval. The motion was seconded by Mr. Lea. All members voted in favor – none opposed.

(4) Protection of federal tax information provisions for the FA Template and Edison Configurator

Mr. Krivacka summarized the following points with regard to protection of federal tax information provisions for the FA template and Edison configurator:

- Previously, compliance with IRS Publication 1075 was dealt with on a case-by-case basis.
- Approval of this request will add two optional terms to the FA Template and Edison configurator. Both terms address the requirements for Contractors who have access to federal tax information.
- IRS Publication 1075 prescribes what Contractors, who have access to federal tax information, must do to safeguard the tax information. The language of these two terms comes directly from the IRS.
- The first term is appropriate for Contractors who have access to electronic forms of federal tax information. The second term is appropriate for Contractors who have access to hard copies of federal tax information.

Mr. Krivacka asked if there were any questions or comments regarding the protection of federal tax information provisions for the FA Template and Edison Configurator. Mr. Mumpower asked if there had been any instances in the past that had created any
problems because of inconsistent tracking. Mr. Krivacka responded that he was not aware of any problems in the past and that after consultation with Mr. Ivancic of COT, it was decided a more uniform approach was appropriate.

Mr. Krivacka asked if there were any additional questions or comments regarding the protection of federal tax information provisions for the FA Template and Edison Configurator. Seeing none, a motion was made by Mr. Mumpower to recommend the protection of federal tax information provisions for the FA Template and Edison Configurator as presented to the Procurement Commission for approval. The motion was seconded by Mr. Lea. All members voted in favor – none opposed.

(5) Central Procurement Office Policy Number 2013-006, Delegation of Authority Policy

Mr. Krivacka summarized the following points with regard to Central Procurement Office Policy Number 2013-006, Delegation of Authority Policy:

- In January, the Procurement Commission approved consolidation of several delegated authority documents into the DA Template. This required updating the Delegation of Authority Policy.
- In addition to revising the policy for consistency with the new DA Template, the Policy Review Subcommittee made revisions to:
  - Allow a delegation of authority to remain in effect for more than one fiscal year in the event that federal funds are involved and the term of the federal award is longer than one year;
  - Provide guidance on when the Chief Procurement Officer may revoke an approved delegated authority application; and
  - Improve the policy’s organization and coherence.

Mr. Krivacka asked if there were any questions or comments regarding Central Procurement Office Policy Number 2013-006, Delegation of Authority Policy.

Mr. Lea commented that allowing a DA to extend for multiple years when federal funding was for multiple years was a great improvement and he hoped that state agencies would appreciate how helpful that change would be. Seeing no other questions or comments, Mr. Lea made a motion to recommend Central Procurement Office Policy Number 2013-006, Delegation of Authority Policy as presented to the Procurement Commission for approval. Mr. Mumpower seconded the motion. All members voted in favor – none opposed.

(6) Delegated Authority (DA) Template
(7) Delegated Grant Authority (DG) Template

Mr. Krivacka summarized the following points with regard to Delegated Authority (DA) template and the Delegated Grant Authority (DG) template:

- To maintain consistency with the revised Delegation of Authority policy, the Policy Review Subcommittee changed these two templates to allow a delegated
authority or delegated grant authority to be in effect for as long as the term of the federal award if federal funds are involved.

Mr. Krivacka asked if there were any questions or comments regarding the Delegated Authority (DA) template or the Delegated Grant Authority (DG) template.

Although presented together, a separate vote was taken on each template. Mr. Lea made a motion to recommend the Delegated Authority (DA) template as presented to the Procurement Commission for approval. Mr. Mumpower seconded the motion. All members voted in favor – none opposed.

Mr. Mumpower made a motion to recommend the Delegated Grant Authority (DG) template as presented to the Procurement Commission for approval. Mr. Lea seconded the motion. All members voted in favor – none opposed.

(8) Delegated Authority Application Amendment Template

Mr. Krivacka summarized the following points with regard to Delegated Authority Application Amendment template:

- As part of a comprehensive review of delegated authority documents, the Policy Review Subcommittee revised the Delegated Authority Application Amendment Template.
- The Policy Review Subcommittee improved the document’s layout and organization by putting the default section of the document first and the options and considerations section last.
- Other revisions include clarifying instructional language and capitalizing defined terms consistently.

Mr. Krivacka asked if there were any questions or comments regarding the Delegated Authority Application Amendment template. Seeing none, Mr. Mumpower made a motion to recommend the Delegated Authority Application Amendment template as presented to the Procurement Commission for approval. Mr. Lea seconded the motion. All members voted in favor – none opposed.

(9) Interagency Agreement – Grant Model

Mr. Krivacka summarized the following points with regard to Interagency Agreement – Grant Model

- The Interagency Agreement – Grant Model (“IG”) is used for grant agreements between two Tennessee state agencies or between one state agency and a member of the UT-TBR education system.
- Because this document is a model—as distinct from a template—state agencies may modify the document without an approved Rule Exception Request. One of the revisions to the IG was deletion of all references to Rule Exception Requests.
• Other revisions include:
  o Improving the document's organization by putting the standard terms first and the optional terms second;
  o Clarifying the differences among the three budget line items options; and
  o Adding a term and optional attachment required to comply with the US O.M.B.'s Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.

Mr. Krivacka asked if there were any questions or comments regarding the Interagency Agreement – Grant Model. Seeing none, Mr. Mumpower made a motion to recommend the Interagency Agreement – Grant Model as presented to the Procurement Commission for approval. Mr. Lea seconded the motion. All members voted in favor – none opposed.

Interim Chief Procurement Officer Howell asked if there was any other business to be heard. Mr. Mumpower commented that Ms. Howell had done an excellent job of chairing the meeting in Mr. Perry’s absence.

IV. Adjournment: Seeing no other business, a motion for adjournment was made by Mr. Mumpower and seconded by Mr. Lea. All members voted in favor – none opposed.

performing party is at fault in failing to prevent or causing the default or delay, and provided that the default or delay cannot reasonably be circumvented by the non-performing party through the use of alternate sources, workaround plans or other means. A strike, lockout or labor dispute shall not excuse either party from its obligations under this Contract. Except as set forth in this Section, any failure or delay by a party in the performance of its obligations under this Contract arising from a Force Majeure Event is not a default under this Contract or grounds for termination. The non-performing party will be excused from performing those obligations directly affected by the Force Majeure Event, and only for as long as the Force Majeure Event continues, provided that the party continues to use diligent, good faith efforts to resume performance without delay. The occurrence of a Force Majeure Event affecting Contractor's representatives, suppliers, subcontractors, customers or business apart from this Contract is not a Force Majeure Event under this Contract. This one percent (1%) administrative fee will be rebated back to the State of Tennessee based on quarterly contract usage reports documenting State, local government and non-profit entity purchases. REDLINE VERSION
4.9.3.1. The State shall not be liable for payment of any type associated with the Contract resulting from this RFP (or any amendment thereof) or responsible for any goods delivered or services rendered by the Contractor, even goods delivered or services rendered in good faith and even if the Contractor is orally directed to proceed with the delivery of goods or the rendering of services, if it occurs before the Contract start date or after the Contract end date.

4.9.3.2. All payments relating to this procurement will be made in accordance with the Payment Terms and Conditions of the Contract resulting from this RFP (refer to RFP Attachment 6.6., Pro Forma Contract, Section C).

4.9.3.3. The Respondent awarded the Contract resulting from this RFP shall accept the State’s Purchasing Card (“P-Card”) as a form of payment at no cost to the State.

4.9.3.4. If any provision of the Contract provides direct funding or reimbursement for the competitive purchase of goods or services as a component of contract performance or otherwise provides for the reimbursement of specified, actual costs, the State will employ all reasonable means and will require all such documentation that it deems necessary to ensure that such purchases were competitive and costs were reasonable, necessary, and actual. The Contractor shall provide reasonable assistance and access related to such review. Further, the State shall not remit, as funding or reimbursement pursuant to such provisions, any amounts that it determines do not represent reasonable, necessary, and actual costs.

4.10. Contractor Performance

The Contractor who is awarded a contract will be responsible for the delivery of all acceptable goods or the satisfactory completion of all services set out in this RFP (including attachments) as may be amended. All goods or services are subject to inspection and evaluation by the State. The Contractor must not provide additional goods or render additional services until the State has issued a written contract amendment with all required approvals.

4.12. Severability

If any provision of this RFP is declared by a court to be illegal or in conflict with any law, said decision will not affect the validity of the remaining RFP terms and provisions, and the rights and obligations of the State and Respondents will be construed and enforced as if the RFP did not contain the particular provision held to be invalid.

Revise subsections, if necessary, to provide for additional instructions for labeling and submitting the Technical Response and Cost Proposal.

3.3. Response and Respondent Prohibitions

Option: No Extraneous Terms and Conditions in Response

If the RFP involves information, technology, goods or services, insert the following as 3.3.2. and renumber the subsequent subsections only after consulting with the Central Procurement Office's Legal Team and obtaining the Central Procurement Office's approval.

3.3.8. Response & Respondent Prohibitions

This RFP is also subject to Tennessee Code Annotated, Section 12-4-101.

A Respondent shall not include in its response, or after contract award, any end-user license agreement, manufacturer's terms and conditions, service guide, clickwrap agreement, shrinkwrap agreement, online terms and conditions, or other terms and conditions that supplement, modify, or contradict the terms set forth in the pro forma contract.

4. GENERAL CONTRACTING INFORMATION & REQUIREMENTS

4.8. Disclosure of Response Contents

Option: Additional Disclosure Information.

Add the following to the end of sub-section 4.8.3., if it is requested by the procuring agency and approved by the Attorney General's Office. The Attorney General's Office's approval shall be submitted with the RFP review request.

The State agrees to protect, to the fullest extent permitted by state law, the confidentiality of information expressly identified by the Respondent as confidential and proprietary, including information that would allow a person to obtain unauthorized access to confidential information or to electronic information processing systems owned by or licensed to the State.

5. EVALUATION & CONTRACT AWARD

5.1. Evaluation Categories & Maximum Points

The total, maximum possible points should be expressed as a numerical score, e.g., "100" (or "1,000"), so that the relative percentage of importance or emphasis of each category is readily apparent. The weight of each category should correspond to the importance to the State of each criterion. The evaluation points assigned to the Cost Proposal may NOT be less than 30% of the total points.

Replace the RFP Section 5.1. table with the following if an Oral Presentation requirement is proposed. Only include this section if the Oral Presentation will be evaluated as a separate evaluation category.

Option: Clarifications and Negotiations.
For CPO USE ONLY. Add the following section as 5.2.3. and renumber subsequent sections accordingly.

5.2.3. Clarifications and Negotiations: The State reserves the right to award a contract on the basis of initial responses received, therefore, each response shall contain the Respondent's best terms and conditions from a technical and cost standpoint. The State reserves the right to conduct clarifications or negotiations with one or more Respondents. All communications, clarifications, and negotiations shall be conducted in a manner that supports fairness in response improvement.

5.2.3.1. Clarifications: The State may identify areas of a response that may require further clarification or areas in which it is apparent that there may have been miscommunications or misunderstandings as to the State's specifications or requirements. The State may seek to clarify those issues identified during one or multiple clarification rounds. Each clarification sought by the State may be unique to an individual Respondent, provided that the process is conducted in a manner that supports fairness in response improvement.

5.2.3.2. Negotiations: The State may elect to negotiate with one or more Respondents by requesting revised responses, negotiating costs, or finalizing contract terms and conditions. The State reserves the right to conduct multiple negotiation rounds or no negotiations at all.

5.2.3.3. Cost Negotiations: All Respondents, selected for negotiation by the State, will be given equivalent information with respect to cost negotiations. All cost negotiations will be documented for the procurement file. Additionally, the State may conduct target pricing and other goods or services level negotiations. Target pricing may be based on considerations such as current pricing, market considerations, benchmarks, budget availability, or other methods that do not reveal individual Respondent pricing. During target pricing negotiations, Respondents are not obligated to reduce their pricing to target prices, but no Respondent is allowed to increase prices.

5.2.3.4. If the State determines that it is unable to successfully negotiate a contract with the apparent best evaluated Respondent, the State reserves the right to bypass the apparent best evaluated Respondent and enter into contract negotiations with the next apparent best evaluated Respondent.

Option: Multiple Contract Awards Possible
Revise the following subsections to describe how contracts will be awarded if more than one award is contemplated. This should also be mentioned in RFP section 4.4.1.1. "Statement of Procurement Purpose."

5.3. Contract Award Process

5.3.1. The Solicitation Coordinator will submit the Proposal Evaluation Team determinations and scores to the head of the procuring agency for consideration along with any other relevant information that might be available and pertinent to the contract awards.

5.3.2. The procuring agency head will determine the apparent best-evaluated Responses. To effect a contract award to a Respondent other than the ones receiving the highest evaluation process score, the head of the procuring agency must provide written justification and obtain the written approval of the Chief Procurement Officer and the Comptroller of the Treasury.

5.3.3. The State will issue a Notice of Intent to Award identifying the apparent best-evaluated responses and make the RFP files available for public inspection at the time and date specified in the RFP Section 2, Schedule of Events.
REQUEST FOR PROPOSAL (RFP)
TEMPLATE

CLEAN VERSION
REQUEST FOR PROPOSALS (RFP) STANDARD TEMPLATE

This template prescribes the format and content for a Request for Proposals (RFP). A RFP is a competitive solicitation used to award a contract based on Respondent qualifications, experience, technical approach and cost. Documents of this type must adhere to this template with revisions only as instructions permit. A Rule Exception Request is required unless the deviation is immaterial; however, even immaterial deviations are subject to disapproval.

APPROVAL INSTRUCTIONS

Each RFP must be approved for release in accordance with the instructions below. Approval is also required for any RFP amendment or RFP cancellation. For detailed guidance on contract approvals, see the Procurement Procedures Manual of the Central Procurement Office (CPO) at § 5.15.3. All references below to requisite Comptroller’s Office submission and approvals should be followed only as applicable.

Procurement professionals should complete template fields and follow, replace, or otherwise address red instructional text (e.g., State Agency Name, amount, will/will not) as indicated with appropriate font and color. The standard RFP Template begins on the following page. Additional RFP instructions, considerations, and options follow the standard RFP Template.

Procurement professionals should submit the RFP draft at least 20 business days before the desired RFP release date. (Notwithstanding compliance with this deadline, circumstances may necessitate a delay of the release date.) To prevent additional delays, any approved Rule Exception Requests, endorsements, justifications, or other required approvals must be submitted with the RFP draft. If there are any questions as to whether a Rule Exception Request is required, consult CPO staff for guidance. The RFP draft should be submitted via e-mail to: Agsprs.Agsprs@tn.gov as a digital file in DOC format and copy to: COT.CPC@cot.tn.gov. Each draft must:

1. be clearly marked as “REVIEW DRAFT”
2. specify a number indicating the draft version;
3. highlight all deviations from the template language; and
4. highlight any changes between draft versions that may be necessary prior to release.
   - CPO staff will: (a) review the draft and confer with procuring agency staff by means of e-mailed review notes and redrafts; and (b) e-mail the proposed document to Comptroller staff when the CPO review is completed.
   - Comptroller staff will: (a) review the draft and confer directly with CPO staff and copy procuring agency staff by means of review notes and redrafts exchanged by e-mail; and (b) e-mail approval notice to both the CPO staff and procuring agency staff when the latest draft appears acceptable for release.

PUBLICATION INSTRUCTIONS

Upon Comptroller approval, prepare the RFP for public release by removing any highlighting, changing all text to an appropriate color, and removing any draft version number or other extraneous notations. On the business day before the date approved for public solicitation, e-mail the RFP prepared for public release to the CPO contact assigned to the procuring agency and to the Comptroller so that CPO staff can post the digital document(s) on the Internet as appropriate. The documents presented for publication must consist of one or more (clearly and logically separated component) digital files in PDF and DOC format. If previously approved, the cost proposal attachment may be presented for publication in XLS, spreadsheet format.

ALWAYS confirm that each document is properly posted for public review on the CPO’s website. If, for any reason, a RFP is not properly published to the Internet, it may be necessary for the State to revise the approved RFP schedule of events to add additional time before the Q&A and Respondent deadlines.

Any adjustment of the Schedule of Events shall constitute an RFP amendment, and the State will communicate such to prospective Respondents from whom the State has received a Notice of Intent to Respond (refer to section REFERENCE).
3. RESPONSE REQUIREMENTS

3.1. Response Form

A response to this RFP must consist of two parts, a Technical Response and a Cost Proposal.

3.1.1. Technical Response. RFP Attachment 6.2., Technical Response & Evaluation Guide provides the specific requirements for submitting a response. This guide includes mandatory requirement items, general qualifications and experience items, and technical qualifications, experience, and approach items all of which must be addressed with a written response and, in some instances, additional documentation.

NOTICE: A technical response must not include any pricing or cost information. If any pricing or cost information amounts of any type (even pricing relating to other projects) is included in any part of the technical response, the state may deem the response to be non-responsive and reject it.

3.1.1.1. A Respondent must use the RFP Attachment 6.2., Technical Response & Evaluation Guide to organize, reference, and draft the Technical Response by duplicating the attachment, adding appropriate page numbers as required, and using the guide as a table of contents covering the Technical Response.

3.1.1.2. A response should be economically prepared, with emphasis on completeness and clarity. A response, as well as any reference material presented, must be written in English and must be written on standard 8 1/2” x 11” pages (although oversize exhibits are permissible) and use a 12 point font for text. All response pages must be numbered.

3.1.1.3. All information and documentation included in a Technical Response should respond to or address a specific requirement detailed in the RFP Attachment 6.2., Technical Response & Evaluation Guide. All information must be incorporated into a response to a specific requirement and clearly referenced. Any information not meeting these criteria will be deemed extraneous and will not contribute to evaluations.

3.1.1.4. The State may determine a response to be non-responsive and reject it if:

   a. the Respondent fails to organize and properly reference the Technical Response as required by this RFP and the RFP Attachment 6.2., Technical Response & Evaluation Guide; or

   b. the Technical Response document does not appropriately respond to, address, or meet all of the requirements and response items detailed in the RFP Attachment 6.2., Technical Response & Evaluation Guide.

NOTICE: If a Respondent fails to submit a cost proposal exactly as required, the State may deem the response to be non-responsive and reject it.

3.1.2.1. A Respondent must only record the proposed cost exactly as required by the RFP Attachment 6.3., Cost Proposal & Scoring Guide and must NOT record any other rates, amounts, or information.
3.1.2.2. The proposed cost shall incorporate ALL costs for services under the contract for the total contract period, including any renewals or extensions.

3.1.2.3. A Respondent must sign and date the Cost Proposal.

3.1.2.4. A Respondent must submit the Cost Proposal to the State in a sealed package separate from the Technical Response (as detailed in RFP Sections 3.2.3., et seq.).

3.2. Response Delivery

3.2.1. A Respondent must ensure that both the original Technical Response and Cost Proposal documents meet all form and content requirements, including all required signatures, as detailed within this RFP.

3.2.2. A Respondent must submit original Technical Response and Cost Proposal documents and copies as specified below.

3.2.2.1. One (1) original Technical Response paper document labeled:

"RFP # NUMBER TECHNICAL RESPONSE ORIGINAL"

and WRITTEN NUMBER (NUMBER) digital copies of the Technical Response each in the form of one (1) digital document in "PDF" format properly recorded on its own otherwise blank, standard CD-R recordable disc or USB flash drive labeled:

"RFP # NUMBER TECHNICAL RESPONSE COPY"

The digital copies should not include copies of sealed customer references, however any other discrepancy between the paper Technical Response document and any digital copies may result in the State rejecting the proposal as non-responsive.

3.2.2.2. One (1) original Cost Proposal paper document labeled:

"RFP # NUMBER COST PROPOSAL ORIGINAL"

and one (1) copy in the form of a digital document in "PDF/XLS" format properly recorded on separate, blank, standard CD-R recordable disc or USB flash drive labeled:

"RFP # NUMBER COST PROPOSAL COPY"

In the event of a discrepancy between the original Cost Proposal document and the digital copy, the original, signed document will take precedence.

3.2.3. A Respondent must separate, seal, package, and label the documents and copies for delivery as follows:

3.2.3.1. The Technical Response original document and digital copies must be placed in a sealed package that is clearly labeled:

"DO NOT OPEN... RFP # NUMBER TECHNICAL RESPONSE FROM [RESPONDENT LEGAL ENTITY NAME]"

3.2.3.2. The Cost Proposal original document and digital copy must be placed in a separate, sealed package that is clearly labeled:
3.2.3.3. The separately, sealed Technical Response and Cost Proposal components may be enclosed in a larger package for mailing or delivery, provided that the outermost package is clearly labeled:

"RFP # NUMBER SEALED TECHNICAL RESPONSE & SEALED COST PROPOSAL FROM [RESPONDENT LEGAL ENTITY NAME]"

3.2.4. A Respondent must ensure that the State receives a response no later than the Response Deadline time and date detailed in the RFP Section 2, Schedule of Events at the following address:

SOLICITATION COORDINATOR NAME
STATE AGENCY NAME
STREET ADDRESS
OTHER APPROPRIATE INFORMATION IF ANY

3.3. Response & Respondent Prohibitions

3.3.1. A response must not include alternate contract terms and conditions. If a response contains such terms and conditions, the State, at its sole discretion, may determine the response to be a non-responsive counteroffer and reject it.

3.3.2. A response must not restrict the rights of the State or otherwise qualify either the offer to deliver goods or provide services as required by this RFP or the Cost Proposal. If a response restricts the rights of the State or otherwise qualifies either the offer to deliver goods or provide services as required by this RFP or the Cost Proposal, the State, at its sole discretion, may determine the response to be a non-responsive counteroffer and reject it.

3.3.3. A response must not propose alternative goods or services (i.e., offer services different from those requested and required by this RFP) unless expressly requested in this RFP. The State may consider a response of alternative goods or services to be non-responsive and reject it.

3.3.4. A Cost Proposal must be prepared and arrived at independently and must not involve any collusion between Respondents. The State will reject any Cost Proposal that involves collusion, consultation, communication, or agreement between Respondents. Regardless of the time of detection, the State will consider any such actions to be grounds for response rejection or contract termination.

3.3.5. A Respondent must not provide, for consideration in this RFP process or subsequent contract negotiations, any information that the Respondent knew or should have known was materially incorrect. If the State determines that a Respondent has provided such incorrect information, the State will deem the Response non-responsive and reject it.

3.3.6. A Respondent must not submit more than one Technical Response and one Cost Proposal in response to this RFP, except as expressly requested by the State in this RFP. If a Respondent submits more than one Technical Response or more than one Cost Proposal, the State will deem all of the responses non-responsive and reject them.

3.3.7. A Respondent must not submit a response as a prime contractor while also permitting one or more other Respondents to offer the Respondent as a subcontractor in their own responses. Such may result in the disqualification of all Respondents knowingly involved. This restriction does not, however, prohibit different Respondents from offering the same subcontractor as a part of their responses (provided that the subcontractor does not also submit a response as a prime contractor).
3.3.8. The State shall not consider a response from an individual who is, or within the past six (6) months has been, a State employee. For purposes of this RFP:

3.3.8.1. An individual shall be deemed a State employee until such time as all compensation for salary, termination pay, and annual leave has been paid;

3.3.8.2. A contract with or a response from a company, corporation, or any other contracting entity in which a controlling interest is held by any State employee shall be considered to be a contract with or proposal from the employee; and

3.3.8.3. A contract with or a response from a company, corporation, or any other contracting entity that employs an individual who is, or within the past six (6) months has been, a State employee shall not be considered a contract with or a proposal from the employee and shall not constitute a prohibited conflict of interest.

3.4. Response Errors & Revisions

A Respondent is responsible for any and all response errors or omissions. A Respondent will not be allowed to alter or revise response documents after the Response Deadline time and date detailed in the RFP Section 2, Schedule of Events unless such is formally requested, in writing, by the State.

3.5. Response Withdrawal

A Respondent may withdraw a submitted response at any time before the Response Deadline time and date detailed in the RFP Section 2, Schedule of Events by submitting a written request signed by an authorized Respondent representative. After withdrawing a response, a Respondent may submit another response at any time before the Response Deadline. After the Response Deadline, a Respondent may only withdraw all or a portion of a response where the enforcement of the response would impose an unconscionable hardship on the Respondent.

3.6. Additional Services

If a response offers goods or services in addition to those required by and described in this RFP, the State, at its sole discretion, may add such services to the contract awarded as a result of this RFP. Notwithstanding the foregoing, a Respondent must not propose any additional cost amounts or rates for additional goods or services. Regardless of any additional services offered in a response, the Respondent’s Cost Proposal must only record the proposed cost as required in this RFP and must not record any other rates, amounts, or information.

NOTICE: If a Respondent fails to submit a Cost Proposal exactly as required, the State may deem the response non-responsive and reject it.

3.7. Response Preparation Costs

The State will not pay any costs associated with the preparation, submittal, or presentation of any response.
4. GENERAL CONTRACTING INFORMATION & REQUIREMENTS

4.1. RFP Amendment

The State at its sole discretion may amend this RFP, in writing, at any time prior to contract award. However, prior to any such amendment, the State will consider whether it would negatively impact the ability of potential Respondents to meet the response deadline and revise the RFP Schedule of Events if deemed appropriate. If an RFP amendment is issued, the State will convey it to potential Respondents who submitted a Notice of Intent to Respond (refer to RFP Section REFERENCE). A response must address the final RFP (including its attachments) as amended.

4.2. RFP Cancellation

The State reserves the right, at its sole discretion, to cancel the RFP or to cancel and reissue this RFP in accordance with applicable laws and regulations.

4.3. State Right of Rejection

4.3.1. Subject to applicable laws and regulations, the State reserves the right to reject, at its sole discretion, any and all responses.

4.3.2. The State may deem as non-responsive and reject any response that does not comply with all terms, conditions, and performance requirements of this RFP. Notwithstanding the foregoing, the State reserves the right to waive, at its sole discretion, minor variances from full compliance with this RFP. If the State waives variances in a response, such waiver shall not modify the RFP requirements or excuse the Respondent from full compliance, and the State may hold any resulting Contractor to strict compliance with this RFP.

4.4. Assignment & Subcontracting

4.4.1. The Contractor may not subcontract, transfer, or assign any portion of the Contract awarded as a result of this RFP without prior approval of the State. The State reserves the right to refuse approval, at its sole discretion, of any subcontract, transfer, or assignment.

4.4.2. If a Respondent intends to use subcontractors, the response to this RFP must specifically identify the scope and portions of the work each subcontractor will perform (refer to RFP Attachment 6.2., Section B, General Qualifications & Experience Item B.14.).

4.4.3. Subcontractors identified within a response to this RFP will be deemed as approved by the State unless the State expressly disapproves one or more of the proposed subcontractors prior to signing the Contract.

4.4.4. After contract award, a Contractor may only substitute an approved subcontractor at the discretion of the State and with the State’s prior, written approval.

4.4.5. Notwithstanding any State approval relating to subcontracts, the Respondent who is awarded a contract pursuant to this RFP will be the prime contractor and will be responsible for all work under the Contract.

4.5. Right to Refuse Personnel or Subcontractors

The State reserves the right to refuse, at its sole discretion and notwithstanding any prior approval, any personnel of the prime contractor or a subcontractor providing goods or services in the performance of a contract resulting from this RFP. The State will document in writing the reason(s) for any rejection of personnel.
4.6. Insurance

From time-to-time, the State may require the awarded Contractor to provide a Certificate of Insurance issued by an insurance company licensed or authorized to provide insurance in the State of Tennessee. Each Certificate of Insurance shall indicate current insurance coverages meeting minimum requirements as may be specified by this RFP. A failure to provide a current, Certificate of Insurance will be considered a material breach and grounds for contract termination.

4.7. Professional Licensure and Department of Revenue Registration

4.7.1. All persons, agencies, firms, or other entities that provide legal or financial opinions, which a Respondent provides for consideration and evaluation by the State as a part of a response to this RFP, shall be properly licensed to render such opinions.

4.7.2. Before the Contract resulting from this RFP is signed, the apparent successful Respondent (and Respondent employees and subcontractors, as applicable) must hold all necessary or appropriate business or professional licenses to provide the goods or services as required by the contract. The State may require any Respondent to submit evidence of proper licensure.

4.7.3. Before the Contract resulting from this RFP is signed, the apparent successful Respondent must be registered with the Tennessee Department of Revenue for the collection of Tennessee sales and use tax. The State shall not award a contract unless the Respondent provides proof of such registration or provides documentation from the Department of Revenue that the Contractor is exempt from this registration requirement. The foregoing is a mandatory requirement of an award of a contract pursuant to this solicitation. For purposes of this registration requirement, the Department of Revenue may be contacted at: TN.Revenue@tn.gov.

4.8. Disclosure of Response Contents

4.8.1. All materials submitted to the State in response to this RFP shall become the property of the State of Tennessee. Selection or rejection of a response does not affect this right. By submitting a response, a Respondent acknowledges and accepts that the full response contents and associated documents will become open to public inspection in accordance with the laws of the State of Tennessee.

4.8.2. The State will hold all response information, including both technical and cost information, in confidence during the evaluation process. Notwithstanding the foregoing, a list of actual Respondents submitting timely responses may be available to the public, upon request, after technical responses are opened.

4.8.3. Upon completion of response evaluations, indicated by public release of a Notice of Intent to Award, the responses and associated materials will be open for review by the public in accordance with Tennessee Code Annotated, Section 10-7-504(a)(7).

4.9. Contract Approval and Contract Payments

4.9.1. After contract award, the Contractor who is awarded the contract must submit appropriate documentation with the Department of Finance and Administration, Division of Accounts.

4.9.2. This RFP and its contractor selection processes do not obligate the State and do not create rights, interests, or claims of entitlement in either the Respondent with the apparent best-evaluated response or any other Respondent. State obligations pursuant to a contract award shall commence only after the contract is signed by the State agency head and the Contractor and after the Contract is approved by all other state officials as required by applicable laws and regulations.
4.9.3. No payment will be obligated or made until the relevant Contract is approved as required by applicable statutes and rules of the State of Tennessee.

4.9.3.1. The State shall not be liable for payment of any type associated with the Contract resulting from this RFP (or any amendment thereof) or responsible for any goods delivered or services rendered by the Contractor, even goods delivered or services rendered in good faith and even if the Contractor is orally directed to proceed with the delivery of goods or the rendering of services, if it occurs before the Contract start date or after the Contract end date.

4.9.3.2. All payments relating to this procurement will be made in accordance with the Payment Terms and Conditions of the Contract resulting from this RFP (refer to RFP Attachment 6.6., Pro Forma Contract, Section C).

4.9.3.3. The Respondent awarded the Contract resulting from this RFP shall accept the State's Purchasing Card ("P-Card") as a form of payment at no cost to the State.

4.9.3.4. If any provision of the Contract provides direct funding or reimbursement for the competitive purchase of goods or services as a component of contract performance or otherwise provides for the reimbursement of specified, actual costs, the State will employ all reasonable means and will require all such documentation that it deems necessary to ensure that such purchases were competitive and costs were reasonable, necessary, and actual. The Contractor shall provide reasonable assistance and access related to such review. Further, the State shall not remit, as funding or reimbursement pursuant to such provisions, any amounts that it determines do not represent reasonable, necessary, and actual costs.

4.10. Contractor Performance

The Contractor who is awarded a contract will be responsible for the delivery of all acceptable goods or the satisfactory completion of all services set out in this RFP (including attachments) as may be amended. All goods or services are subject to inspection and evaluation by the State. The State will employ all reasonable means to ensure that goods delivered or services rendered are in compliance with the Contract, and the Contractor must cooperate with such efforts.

4.11. Contract Amendment

After contract award, the State may request the Contractor to deliver additional goods or perform additional services within the general scope of the contract and this RFP, but beyond the specified scope of service, and for which the Contractor may be compensated. In such instances, the State will provide the Contractor a written description of the additional goods or services. The Contractor must respond to the State with a time schedule for delivering the additional goods or accomplishing the additional services based on the compensable units included in the Contractor's response to this RFP. If the State and the Contractor reach an agreement regarding the goods or services and associated compensation, such agreement must be effected by means of a contract amendment. Further, any such amendment requiring additional goods or services must be signed by both the State agency head and the Contractor and must be approved by other state officials as required by applicable statutes, rules, policies and procedures of the State of Tennessee. The Contractor must not provide additional goods or render additional services until the State has issued a written contract amendment with all required approvals.

4.12. Severability

If any provision of this RFP is declared by a court to be illegal or in conflict with any law, said decision will not affect the validity of the remaining RFP terms and provisions, and the rights and obligations of the State and Respondents will be construed and enforced as if the RFP did not contain the particular provision held to be invalid.
4.13. **Next Ranked Respondent**

The State reserves the right to initiate negotiations with the next ranked Respondent should the State cease doing business with any Respondent selected via this RFP process.
5. **EVALUATION & CONTRACT AWARD**

5.1. **Evaluation Categories & Maximum Points**

The State will consider qualifications, experience, technical approach, and cost in the evaluation of responses and award points in each of the categories detailed below (up to the maximum evaluation points indicated) to each response deemed by the State to be responsive.

5.2. **Evaluation Process**

The evaluation process is designed to award the contract resulting from this RFP not necessarily to the Respondent offering the lowest cost, but rather to the Respondent deemed by the State to be responsive and responsible who offers the best combination of attributes based upon the evaluation criteria. ("Responsive Respondent" is defined as a Respondent that has submitted a response that conforms in all material respects to the RFP. "Responsible Respondent" is defined as a Respondent that has the capacity in all respects to perform fully the contract requirements, and the integrity and reliability which will assure good faith performance.)

5.2.1. **Technical Response Evaluation.** The Solicitation Coordinator and the Proposal Evaluation Team (consisting of three (3) or more State employees) will use the RFP Attachment 6.2., Technical Response & Evaluation Guide to manage the Technical Response Evaluation and maintain evaluation records.

5.2.1.1. The State reserves the right, at its sole discretion, to request Respondent clarification of a Technical Response or to conduct clarification discussions with any or all Respondents. Any such clarification or discussion will be limited to specific sections of the response identified by the State. The subject Respondent must put any resulting clarification in writing as may be required and in accordance with any deadline imposed by the State.

5.2.1.2. The Solicitation Coordinator will review each Technical Response to determine compliance with RFP Attachment 6.2., Technical Response & Evaluation Guide, Section A—Mandatory Requirements. If the Solicitation Coordinator determines that a response failed to meet one or more of the mandatory requirements, the Proposal Evaluation Team will review the response and document the team's determination of whether:

- a. the response adequately meets RFP requirements for further evaluation;
- b. the State will request clarifications or corrections for consideration prior to further evaluation; or,
- c. the State will determine the response to be non-responsive to the RFP and reject it.

5.2.1.3. Proposal Evaluation Team members will independently evaluate each Technical Response (that is responsive to the RFP) against the evaluation criteria in this RFP,
and will score each in accordance with the RFP Attachment 6.2., Technical Response & Evaluation Guide.

5.2.1.4. For each response evaluated, the Solicitation Coordinator will calculate the average of the Proposal Evaluation Team member scores for RFP Attachment 6.2., Technical Response & Evaluation Guide, and record each average as the response score for the respective Technical Response section.

5.2.1.5. Before Cost Proposals are opened, the Proposal Evaluation Team will review the Technical Response Evaluation record and any other available information pertinent to whether or not each Respondent is responsive and responsible. If the Proposal Evaluation Team identifies any Respondent that does not meet the responsive and responsible thresholds such that the team would not recommend the Respondent for Cost Proposal Evaluation and potential contract award, the team members will fully document the determination.

5.2.2. **Cost Proposal Evaluation.** The Solicitation Coordinator will open for evaluation the Cost Proposal of each Respondent deemed by the State to be responsive and responsible and calculate and record each Cost Proposal score in accordance with the RFP Attachment 6.3., Cost Proposal & Scoring Guide.

5.2.3. **Total Response Score.** The Solicitation Coordinator will calculate the sum of the Technical Response section scores and the Cost Proposal score and record the resulting number as the total score for the subject Response (refer to RFP Attachment 6.5., Score Summary Matrix).

5.3. **Contract Award Process**

5.3.1 The Solicitation Coordinator will submit the Proposal Evaluation Team determinations and scores to the head of the procuring agency for consideration along with any other relevant information that might be available and pertinent to contract award.

5.3.2. The procuring agency head will determine the apparent best-evaluated Response. To effect a contract award to a Respondent other than the one receiving the highest evaluation process score, the head of the procuring agency must provide written justification and obtain the written approval of the Chief Procurement Officer and the Comptroller of the Treasury.

5.3.3. The State will issue a Notice of Intent to Award identifying the apparent best-evaluated response and make the RFP files available for public inspection at the time and date specified in the RFP Section 2, Schedule of Events.

**NOTICE:** The Notice of Intent to Award shall not create rights, interests, or claims of entitlement in either the apparent best-evaluated Respondent or any other Respondent.

5.3.4. The Respondent identified as offering the apparent best-evaluated response must sign a contract drawn by the State pursuant to this RFP. The contract shall be substantially the same as the RFP Attachment 6.6., *Pro Forma* Contract. The Respondent must sign the contract by the Contractor Signature Deadline detailed in the RFP Section 2, Schedule of Events. If the Respondent fails to provide the signed contract by this deadline, the State may determine that the Respondent is non-responsive to this RFP and reject the response.

5.3.5. Notwithstanding the foregoing, the State may, at its sole discretion, entertain limited negotiation prior to contract signing and, as a result, revise the *pro forma* contract terms and conditions or performance requirements in the State’s best interests, PROVIDED THAT such revision of terms and conditions or performance requirements shall *NOT* materially affect the basis of response evaluations or negatively impact the competitive nature of the RFP and contractor selection process.
5.3.6. If the State determines that a response is non-responsive and rejects it after opening Cost Proposals, the Solicitation Coordinator will re-calculate scores for each remaining responsive Cost Proposal to determine (or re-determine) the apparent best-evaluated response.
RFP # NUMBER STATEMENT OF CERTIFICATIONS AND ASSURANCES

The Respondent must address all items (below) and provide, in sequence, the information and documentation as required (referenced with the associated item references). The Respondent must also detail the response page number for each item in the appropriate space below.

A Proposal Evaluation Team, made up of three or more State employees, will independently evaluate and score the response to each item. Each evaluator will use the following whole number, raw point scale for scoring each item:

0 = little value  1 = poor  2 = fair  3 = satisfactory  4 = good  5 = excellent

The Solicitation Coordinator will multiply the Item Score by the associated Evaluation Factor (indicating the relative emphasis of the item in the overall evaluation). The resulting product will be the item’s Raw Weighted Score for purposes of calculating the section score as indicated.

Solicitation Coordinator Signature, Printed Name & Date:
RFP # NUMBER PRO FORMA CONTRACT

The Pro Forma Contract detailed in following pages of this exhibit contains some “blanks” (signified by descriptions in capital letters) that will be completed with appropriate information in the final contract resulting from the RFP.
PRO FORMA CONTRACT
DRAFTED IN COMPLIANCE WITH CURRENT APPLICABLE MODEL
RFP INSTRUCTIONS, CONSIDERATIONS, and OPTIONS

The following pages contain additional RFP Instructions, Considerations, and Options. Replace or modify the Standard RFP Template by including the following content as appropriate. Content included as a paragraph with a line before it is intended to provide additional instructional guidance. Content included with a box around it is intended to be inserted into the standard RFP Template.

1.1. **Statement of Purpose**
This section should be used to highlight the purpose of the procurement and not to detail specific contract requirements. Such requirements should be enumerated in RFP Attachment 6.6., *Pro Forma Contract*, Scope of Services. All procurement specifications and scopes of work should be worded to permit free and open competition to the maximum extent reasonably practicable under the circumstances.

1.3. **Nondiscrimination**
*Option: Exception for religious organizations.*
Replace the standard Nondiscrimination language with the following for religious organizations.

1.3. **Nondiscrimination**
No person shall be excluded from participation in, be denied benefits of, or be otherwise subjected to discrimination in the performance of a Contract pursuant to this RFP or in the employment practices of the Contractor on the basis of any classification protected by Federal, Tennessee state constitutional, or statutory law. The Contractor pursuant to this RFP shall, upon request, show proof of such nondiscrimination and shall post in conspicuous places, available to all employees and applicants, notices of nondiscrimination.

1.4.1. **RFP Communications**
Assign a RFP number consisting of:
- the 5-digit, procuring agency business unit code
- a unique, 5-digit, agency-assigned number such that each RFP number will be different
Example: RFP # 31707-12345

1.4.9. **Factual Data**
*Option: Additional Data Disclaimer.*
Add the following as a second paragraph of this section as appropriate:

All statistical or fiscal data or information provided by the State in conjunction with this RFP, whether by way of exhibits, amendments or modifications to this RFP, are provided by the State "as is." The State expressly disclaims any warranty as to the accuracy or the adequacy of any statistical or fiscal data that it provides to Respondents. A Respondent's reliance upon the accuracy or adequacy of such data shall not be the basis of relief from contract performance or recovery of actual, consequential or punitive damages from the State.

1.7. **Pre-response Conference**
*Option: No Pre-response Conference.*
Delete the section (and re-number subsequent sections accordingly) as appropriate.

*Option: MANDATORY Pre-response Conference.*
The use of mandatory Pre-response Conferences can limit competition and therefore should only be used under exceptional circumstances, and requires an approved Rule Exception Request. In the event a mandatory Pre-response Conference is needed, the first paragraph of this section should be revised as follows:

A Pre-response Conference will be held at the time and date detailed in the RFP Section 2, Schedule of Events. Pre-response Conference attendance is MANDATORY. A representative for the Respondent MUST identify themselves either telephonically or via a sign-in sheet if the Respondent attends in person.

Also, if the Pre-response Conference is mandatory add the following row to the RFP Attachment 6.2., Section A Table:

| A.#. | Respondent’s representative attended the mandatory Pre-response Conference. |

Option: Performance Bond Requirement.

Procurement professionals should consider the advantages and disadvantages of requiring performance bonds because these bonds may not be appropriate for all types of procurements. Procurement professionals should include performance bond requirements if necessary to mitigate risk when procuring equipment, technology, or services. Performance bonds are a three-party agreement between a surety company, a contractor, and the State. The bond provides a guarantee that the contractor will comply with the terms and conditions of the contract. If the contractor is unable to successfully perform the contract, the surety assumes the contractor’s responsibilities and ensures that the project is completed. Although performance bonds may be beneficial for risky projects (e.g., projects requiring extensive software customization, system integration, etc.), these bonds can limit competition by excluding smaller firms (e.g., small, minority, women owned, service disabled veteran owned businesses). Smaller firms often have to pay substantially more to get a surety company to underwrite the bond. In deciding whether to require performance bonds, procurement professionals should balance the need to mitigate performance risk against adverse effects of bond requirements on small businesses, competition or the prices the State will pay for goods and services, as well as any other considerations.

If a Performance Bond requirement is proposed:
- determine the performance bond amount by balancing the need to mitigate the risks involved in the given procurement and any adverse effects of bonding on small businesses, competition, or pricing;
- prepare a bond in form and substance acceptable to the CPO and attach it to the RFP, Attachment 6.6., Pro Forma Contract, as a properly referenced attachment;
- provide documentation of legal counsel determination to the CPO indicating that the proposed Performance Bond form is enforceable by the state;
- provide written justification to the CPO that the bond requirement is warranted due to the unique circumstances of the procurement; AND
- add the model Performance Bond section below following the Notice of Intent to Respond section of the RFP (and re-number subsequent section(s) appropriately.

1.#. Performance Bond

The State shall require a performance bond upon approval of a contract pursuant to this RFP. The amount of the performance bond shall be a sum equal to WRITTEN DOLLAR AMOUNT ($NUMBER), and said amount shall not be reduced at any time during the period of the contract.

The successful Respondent must obtain the required performance bond in form and substance acceptable to the State (refer to RFP Attachment 6.6., Pro Forma Contract, Attachment REFERENCE, Model Performance Bond) and provide it to the State no later than the performance bond deadline detailed in the RFP Section 2, Schedule of Events.

After contract award, the successful Respondent must meet this performance bond requirement by providing the State either:

a. a performance bond that covers the entire Contract period including all options to extend the
Contract, or

b. a performance bond for the first, twelve (12) calendar months of the Contract in the amount detailed above, and, thereafter, a new or re-issued performance bond in the amount detailed above covering each subsequent twelve (12) calendar month period of the Contract. (In which case, the Contractor must provide the new (or re-issued) performance bonds to the State no later than thirty (30) days preceding each subsequent period of the Contract to be covered by the new (or re-issued) bond.)

The successful Respondent must make all necessary arrangements for the performance bond prior to the Contract start date and prior to any subsequent performance bond deadlines in the case of an annual performance bond. The Respondent is responsible for securing the services of any fidelity or guaranty underwriter.

The performance bond requirement set forth above is a material condition for the award of a contract or any renewal or extension of any contract that is awarded. The Respondent’s/Contractor’s failure to provide to the State a performance bond as required by RFP Section 2, Schedule of Events, shall entitle the State to exercise any and all rights it has in law or in equity. During the term of the Contract, the Respondent’s/Contractor’s failure to periodically provide to the State a new or re-issued performance bond, no later than thirty (30) days preceding each period of the Contract to be covered by the new or re-issued performance bond, shall entitle the State to exercise any and all rights it has in law or in equity.

### 3. RESPONSE REQUIREMENTS

#### 3.1. Response Form

**Option: Technical Response Page Limitation**
Replace section 3.1.1.2. with the following (revise specific documents that will be exempted from page limitation count as appropriate):

A Technical Response should be economically prepared, with emphasis on completeness and clarity, and should NOT exceed ____ pages in length (maps, graphs, charts, as noted and included as an appendix will not count against this page limit). A response, as well as any reference material presented, must be written in English and must be written on standard 8 1/2" x 11" pages (although oversize exhibits are permissible) and all text must be at least a 12 point font. All response pages must be numbered.

Also, if page limitations will be a mandatory requirement, add the following row to the RFP Attachment 6.2., Section A table:

| A.#. | Respondent's Technical Response must not exceed ____ pages in length and all text must be at least a 12 point font (maps, graphs, and charts included as an appendix will not count against this page limit) |

#### 3.2. Response Delivery

Request respondents to provide to the State a sufficient number of Technical Response copy discs or USB flash drives to allow one copy for each Proposal Evaluation Team member.

75
Option: Additional Delivery Instructions.
Revise subsections, if necessary, to provide for additional instructions for labeling and submitting the Technical Response and Cost Proposal.

3.3. Response and Respondent Prohibitions

Option: No Extraneous Terms and Conditions in Response
If the RFP involves information technology goods or services, insert the following as 3.3.2. and renumber the subsequent subsections only after consulting with the Central Procurement Office's Legal Team and obtaining the Central Procurement Office's approval.

A Respondent shall not include in its response, or after contract award, any end-user license agreement, manufacturer's terms and conditions, service guide, clickwrap agreement, shrinkwrap agreement, online terms and conditions, or other terms and conditions that supplement, modify, or contradict the terms set forth in the pro forma contract.

4. GENERAL CONTRACTING INFORMATION & REQUIREMENTS

4.8. Disclosure of Response Contents
Option: Additional Disclosure Information.
Add the following to the end of sub-section 4.8.3., if it is requested by the procuring agency and approved by the Attorney General's Office. The Attorney General's Office's approval shall be submitted with the RFP review request.

The State agrees to protect, to the fullest extent permitted by state law, the confidentiality of information expressly identified by the Respondent as confidential and proprietary, including information that would allow a person to obtain unauthorized access to confidential information or to electronic information processing systems owned by or licensed to the State.

5. EVALUATION & CONTRACT AWARD

5.1. Evaluation Categories & Maximum Points
The total, maximum possible points should be expressed as a numerical score, e.g., "100" (or "1,000"), so that the relative percentage of importance or emphasis of each category is readily apparent. The weight of each category should correspond to the importance to the State of each criterion. The evaluation points assigned to the Cost Proposal may NOT be less than 30% of the total points.

Replace the RFP Section 5.1. table with the following if an Oral Presentation requirement is proposed. Only include this section if the Oral Presentation will be evaluated as a separate evaluation category.

</tbody>
</table>
5.2. Evaluation Process

Option: Multiple Contract Awards
If the State intends to use this RFP to award multiple contracts (e.g. by region) the Evaluation Process must clearly detail how the responses will be evaluated.

The procuring state agency must maintain an accurate record of each Respondent’s oral presentation session such that all pertinent dialogue between Proposal Evaluation Team members, technical advisers, and Respondents shall be reduced to writing or otherwise memorialized. Procurement Professionals should consider using a court reporter, video recording, or audio recording to memorialize the oral presentation.

Insert the following as sections 5.2.1.5., et seq. (and renumber current section 5.2.1.5. accordingly) if an Oral Presentation is required.

5.2.1.5. The Solicitation Coordinator will invite each apparently responsive and responsible Respondent to make an oral presentation.

5.2.1.5.1. The oral presentations are mandatory. The Solicitation Coordinator will schedule Respondent presentations during the period indicated by the RFP Section 2, Schedule of Events. The Solicitation Coordinator will make every effort to accommodate each Respondent’s schedules. When the Respondent presentation schedule has been determined, the Solicitation Coordinator will contact Respondents with the relevant information as indicated by RFP Section 2, Schedule of Events.

5.2.1.5.2. Respondent presentations are only open to the invited Respondent, Proposal Evaluation Team members, the Solicitation Coordinator, and any technical consultants who are selected by the State to provide assistance to the Proposal Evaluation Team.

5.2.1.5.3. Oral presentations provide an opportunity for Respondents to explain and clarify their responses. Respondents must not materially alter their responses and presentations will be limited to addressing the items detailed in RFP Attachment 6.2., Technical Response & Evaluation Guide. Respondent pricing shall not be discussed during oral presentations.

5.2.1.5.4. The State will maintain an accurate record of each Respondent’s oral presentation session. The record of the Respondent’s oral presentation shall be available for review when the State opens the procurement files for public inspection.

5.2.1.5.5. Proposal Evaluation Team members will independently evaluate each oral presentation in accordance with the RFP Attachment 6.2., Technical Response & Evaluation Guide, Section D.

5.2.1.5.6. The Solicitation Coordinator will calculate and document the average of the Proposal Evaluation Team member scores for RFP Attachment 6.2., Technical Response & Evaluation Guide, Section D, and record that number as the score for Respondent’s Technical Response section.

Option: Oral Presentation Threshold Requirement.
A threshold requirement should not be arbitrary and may require legal counsel recommendation.

The optional language for RFP section 5.2.1.5. (above) may be revised to establish a minimum standard or threshold requirement that must be met before an invitation to make an Oral Presentation is extended.
by the State. The minimum standard or threshold requirement must be detailed in the RFP. See possible examples below:

**Option: Ranking**
The Solicitation Coordinator will invite the top NUMBER (#) ranked Respondents to make an oral presentation. The ranking will be determined after the Technical Response score is totaled and ranked (e.g., 1 – the best evaluated ranking, etc.).

**Option: Percentile**
The Solicitation Coordinator will invite Respondents whose Technical Response scores have attained a combined score of NUMBER (#). This minimum score threshold represents a score of NUMBER (#)% of the maximum possible Technical Response score.

**Option: Minimum Score**
The Solicitation Coordinator will invite Respondents to make an oral presentation who have attained a minimum score of NUMBER (#).

**Option: Oral Presentation No Points – Example 2.**
The procuring state agency must maintain an accurate record of each Respondent's oral presentation session such that all pertinent dialogue between Proposal Evaluation Team members, technical advisers, and Respondents shall be reduced to writing or otherwise memorialized. Procurement Professionals should consider using a court reporter, video recording, or audio recording to memorialize the oral presentation.

Insert the following optional language as sections 5.2.1.5., et seq. (and renumber current section 5.2.1.5. accordingly) if an Oral Presentation is proposed.

Option: Clarifications and Negotiations.
For CPO USE ONLY. Add the following section as 5.2.3. and renumber subsequent sections accordingly.

5.2.3. Clarifications and Negotiations: The State reserves the right to award a contract on the basis of initial responses received, therefore, each response shall contain the Respondent’s best terms and conditions from a technical and cost standpoint. The State reserves the right to conduct clarifications or negotiations with one or more Respondents. All communications, clarifications, and negotiations shall be conducted in a manner that supports fairness in response improvement.

5.2.3.1. Clarifications: The State may identify areas of a response that may require further clarification or areas in which it is apparent that there may have been miscommunications or misunderstandings as to the State’s specifications or requirements. The State may seek to clarify those issues identified during one or multiple clarification rounds. Each clarification sought by the State may be unique to an individual Respondent, provided that the process is conducted in a manner that supports fairness in response improvement.

5.2.3.2. Negotiations: The State may elect to negotiate with one or more Respondents by requesting revised responses, negotiating costs, or finalizing contract terms and conditions. The State reserves the right to conduct multiple negotiation rounds or no negotiations at all.

5.2.3.3. Cost Negotiations: All Respondents, selected for negotiation by the State, will be given equivalent information with respect to cost negotiations. All cost negotiations will be documented for the procurement file. Additionally, the State may conduct target pricing and other goods or services level negotiations. Target pricing may be based on considerations such as current pricing, market considerations, benchmarks, budget availability, or other methods that do not reveal individual Respondent pricing. During target price negotiations, Respondents are not obligated to reduce their pricing to target prices, but no Respondent is allowed to increase prices.

5.2.3.4. If the State determines that it is unable to successfully negotiate a contract with the apparent best evaluated Respondent, the State reserves the right to bypass the apparent best evaluated Respondent and enter into contract negotiations with the next apparent best evaluated Respondent.

Option: Multiple Contract Awards Possible
Revise the following subsections to describe how contracts will be awarded if more than one award is contemplated. This should also be mentioned in RFP section 1.1., "Statement of Procurement Purpose."

5.3. Contract Award Process

5.3.1. The Solicitation Coordinator will submit the Proposal Evaluation Team determinations and scores to the head of the procuring agency for consideration along with any other relevant information that might be available and pertinent to the contract awards.

5.3.2. The procuring agency head will determine the apparent best-evaluated Responses. To effect a contract award to a Respondent other than the ones receiving the highest evaluation process score, the head of the procuring agency must provide written justification and obtain the written approval of the Chief Procurement Officer and the Comptroller of the Treasury.

5.3.3. The State will issue a Notice of Intent to Award identifying the apparent best-evaluated responses and make the RFP files available for public inspection at the time and date specified in the RFP Section 2, Schedule of Events.
NOTICE: The Notice of Intent to Award shall not create rights, interests, or claims of entitlement in either the apparent best-evaluated Respondents or any other Respondent.

5.3.4. The Respondents identified as offering the apparent best-evaluated responses must sign a contract drawn by the State pursuant to this RFP. The contract shall be substantially the same as the RFP Attachment 6.6., Pro Forma Contract. The Respondents must sign the contract by the Contractor Signature Deadline detailed in the RFP Section 2, Schedule of Events. If the Respondent fails to provide the signed contract by this deadline, the State may determine that the Respondent is non-responsive to this RFP and reject the response.

5.3.5. Notwithstanding the foregoing, the State may, at its sole discretion, entertain limited negotiations prior to contract signing and, as a result, revise the pro forma contract terms and conditions or performance requirements in the State's best interests, PROVIDED THAT such revision of terms and conditions or performance requirements shall NOT materially affect the basis of response evaluations or negligently impact the competitive nature of the RFP and contractor selection process.

5.3.6. If the State determines that a response is non-responsive and rejects it after opening Cost Proposals, the Solicitation Coordinator will re-calculate scores for each remaining responsive Cost Proposal to determine (or re-determine) the apparent best-evaluated responses.

6.2. TECHNICAL RESPONSE & EVALUATION GUIDE ATTACHMENT – SECTION A

Option: A.4. Delete or revise this requirement as appropriate.

Option: A.5. Delete or revise this requirement as appropriate.

Option: Certificate of insurance.

Add the following row to the RFP Attachment 6.2., Section A table (after the template items) ONLY IF a Certificate of Insurance is considered necessary evidence of contractor financial responsibility. (Specifying insurance requirements in the pro forma contract does not necessitate adding this optional response requirement.)

Add, delete, or revise subsections detailing insurance coverage requirements as appropriate. (If this response requirement item is added to the RFP, the appropriate Insurance provision must be detailed in the pro forma contract. The insurance coverage requirements specified in both the RFP and the pro forma contract must be the same.)

**Option: Audited Financial Statements.**

Add the following row to the RFP Attachment 6.2., Section A table (after the template items) ONLY IF the anticipated contract amount is $\geq 1,000,000.00$ AND extraordinary effort to assure contractor financial responsibility is appropriate. Note: Audited Financial Statements may also be included as appropriate.

| A.# | Provide the Respondent’s most recent independent audited financial statements. Said independent audited financial statements must:
|     | (1) reflect an audit period for the most recent available fiscal year;
|     | (2) be prepared with all monetary amounts detailed in United States currency;
|     | (3) be prepared under United States Generally Accepted Accounting Principles (US GAAP);
|     | (4) include the auditor’s opinion letter, financial statements, and the notes to the financial statements; and
|     | (5) be deemed, in the sole discretion of a C.P.A. employed by the State and charged with the financial document review of the Respondent, to reflect sufficient financial stability to undertake the subject contract with the State if awarded pursuant to this RFP.

**NOTES:**

- Reviewed or Compiled Financial Statements will not be deemed responsive to this requirement and will not be accepted.
- All persons, agencies, firms, or other entities that provide opinions regarding the Respondent’s financial status must be properly licensed to render such opinions. The State may require the Respondent to submit proof that the person or entity who renders an opinion regarding the Respondent’s financial status is licensed, including the license number and state in which the person or entity is licensed.

**Option: Audited Financial Statements – Line of Credit Option.**

Privately held entities may not respond to a RFP if there is a risk that their audited financial statements will be available for public review. Therefore, requiring audited financial statements (as detailed above) without an alternative to this requirement could limit competition or involvement by privately held entities.

The procuring agency should weigh the impact of the financial statement requirement on competition versus the state’s need to reasonably determine the financial stability/responsibility of Respondents and whether a suitable alternative to a financial statement is available.

Insert the following paragraph before the “NOTES” in the optional audited financial statements requirement text (above) if appropriate.

OR, in lieu of the aforementioned independent audited financial statements, provide a financial institution’s letter of commitment for a general Line of Credit in the amount of $\text{WRITTEN AMOUNT} \geq \text{ONE MILLION DOLLARS ($NUMBER AMOUNT)}$, U.S. currency, available to the Respondent. Said letter must specify the Respondent’s
name, be signed and dated within the past three (3) months by an authorized agent of the financial institution, and indicate that the Line of Credit shall be available for at least PERIOD ≥ 6 MONTHS.

Contingent Requirement: Performance Bond Confirmation.

Add the following row to the RFP Attachment 6.2., Section A table ONLY IF a Performance Bond is proposed.

| A.#.  | Provide a statement confirming that, if awarded a contract pursuant to this RFP, the Respondent shall deliver a Performance Bond to the State in accordance with the requirements of this RFP. The statement must be signed by an individual with legal authority to bind the Respondent to the provisions of this RFP and any contract awarded pursuant to it. |

Option: Additional Mandatory Requirements.

Typically, each mandatory requirement item must be drafted such that it is capable of being objectively determined on a "yes/no" basis. Do not include a mandatory requirement that entails a response that should or must be more subjectively evaluated. Qualitative evaluation should not be required to determine whether the response was reasonable and adequate to satisfy each mandatory requirement.

Procuring agency staff may be asked to provide evidence that a proposed mandatory requirement is rationally related to the procurement goals.

To prevent unnecessary delays, submit evidence that supports the inclusion of a proposed mandatory requirement.

Add mandatory requirement items to the RFP Attachment 6.2., Section A table (after the template items) as appropriate.

6.2. TECHNICAL RESPONSE & EVALUATION GUIDE ATTACHMENT – SECTION B

General Qualifications & Experience

The entire set of General Qualification & Experience items detailed in the template for this section MUST be evaluated together as indicated.

RFP Attachment 6.2., Section B and the methodology for evaluating responses may NOT be revised except to add new evaluation items.

B.17. References

Option: Revised Reference Requirements.

Do not assume automatic approval of any revision of the template text.

Revise the number of required references as appropriate. Revise the template text, as appropriate, to detail an alternate process for obtaining and evaluating references. Any such revision must be exactly detailed and clearly uniform in application with all Respondents.

6.2. TECHNICAL RESPONSE & EVALUATION GUIDE ATTACHMENT – SECTION C

Technical Qualifications, Experience & Approach

The total, maximum possible points should be expressed as a numerical score, e.g., "100" (or "1,000"), so that the relative percentage of importance or emphasis of each category is readily apparent. The weight of each category should correspond to the importance to the State of each criterion.

Do NOT assume automatic approval of proposed Evaluation Factors. Procuring agency staff may be required to justify and explain in detail the basis for each proposed Evaluation Factor.

Assign Evaluation Factors such that the Point Scale Score for each item will be weighted to reflect the relative importance of the item to the other evaluation items within the section.

If all evaluation items in the section are to be considered (weighted) equally, specify "1" as the Evaluation Factor for each item.
Option: C.1. Delete or revise this requirement as appropriate.

Option: C.2. Delete or revise this requirement as appropriate.

Option: C.3. Delete or revise this requirement as appropriate.

Option: Additional Technical Qualifications, Experience & Approach Items. Add evaluation items to the RFP Attachment 6.2., Section C table so that the state has the best possible information upon which to make a contractor selection.

Option: 6.2. TECHNICAL RESPONSE & EVALUATION GUIDE ATTACHMENT – SECTION D

The total, maximum possible points should be expressed as a numerical score, e.g., "100" (or "1,000"), so that the relative percentage of importance or emphasis of each category is readily apparent. The weight of each category should correspond to the importance to the State of each criterion.

Do NOT assume automatic approval of proposed Evaluation Factors. Procuring agency staff may be required to justify and explain in detail the basis for each proposed Evaluation Factor.

Add RFP Attachment 6.2., Section D (next page) if oral presentation points are proposed.

Assign Evaluation Factors such that the Point Scale Score for each item will be weighted to reflect the relative importance of the item to the other evaluation items within the section. If all evaluation items in the section are to be considered (weighted) equally, specify "1" as the Evaluation Factor for every item.
TECHNICAL RESPONSE & EVALUATION GUIDE

SECTION D: ORAL PRESENTATION. The Respondent must address ALL Oral Presentation Items (below).

A Proposal Evaluation Team, made up of three or more State employees, will independently evaluate and score the presentation response to each item. Each evaluator will use the following whole-number, raw point scale for scoring each item:

- 0 = little value
- 1 = poor
- 2 = fair
- 3 = satisfactory
- 4 = good
- 5 = excellent

The Solicitation Coordinator will multiply the Item Score by the associated Evaluation Factor (indicating the relative emphasis of the item in the overall evaluation). The resulting product will be the item's raw, weighted score for purposes of calculating the section score as indicated.

6.3. COST PROPOSAL & SCORING GUIDE ATTACHMENT

Each cost item must clearly specify the associated, applicable compensable units of goods or services. While the cost item description should stipulate the applicable compensable units of goods or services, it should also be specified within each blank cost cell. Examples: $ ___ / hour, or $ ___ / each, etc.

The Cost Proposal format should not require calculations by Respondents.
The Cost Proposal & Scoring Guide (and the associated pro forma contract payment methodology) must be drafted such that NO Respondent proposes a total cost equal to zero. This is critical if the cost proposal evaluation formula is to mathematically result in rational numbers as cost proposal scores. (In some instances, it might be necessary to require a minimum proposed amount for one or more compensable units.)

EVALUATION FACTORS — A factor associated with each cost item is used to foster reasonable, competitive pricing for all compensable units and to prevent Respondents from offering prices with the intent of gaming the evaluation model but not resulting in the best overall cost to the state. The use of Evaluation Factors should also result in a more appropriate consideration of each cost item in terms of its relative impact upon the total cost to the State under any contract awarded pursuant to the RFP. Typically, all Evaluation Factors must be based upon:

• historic data relating to the number of the associated compensable units previously bought by the state for a comparable period; OR
• the procuring state agency’s reasoned projection of the actual number of each compensable unit that the state will buy during the entire contract period (including all renewals or extensions of the contract).

If one or more milestone or other lump sum type payment amounts are included in the mix of cost items, the logical Evaluation Factor for each milestone or lump sum cost item should typically be “1” since each payment amount would be remitted only one time.

Do NOT assume automatic approval of proposed Evaluation Factors. Procuring agency staff may be required to justify and explain in detail the basis for each proposed Evaluation Factor.

Option: Cost Proposal Format Default – ONE Payment Rate Per Cost Item (static or CPI-escalated).

Use the default Cost Proposal schedule if the Respondents must offer only one rate per compensable unit for the entire contract period (with or without rate escalation provisions are detailed in the pro forma contract).

Option: Cost Proposal Format – Unit or Temporal Rate Payments (proposed by period).

Use the following table if Respondents must offer rates for one or more compensable units for each of several specified periods of the contract.

Option: Cost Proposal Schedule

If it is beneficial to the State, the number of days that the Cost Proposal shall remain valid may be revised to a number not less than thirty (30) days.
COST PROPOSAL & SCORING GUIDE

NOTICE: THIS COST PROPOSAL MUST BE COMPLETED EXACTLY AS REQUIRED

COST PROPOSAL SCHEDULE—The Cost Proposal, detailed below, shall indicate the proposed price for providing goods or services as defined in the Scope of Services of the RFP Attachment 6.6, Pro Forma Contract, for the entire contract period. The Cost Proposal shall remain valid for at least 120 days subsequent to the date of the Cost Proposal opening and thereafter in accordance with any contract resulting from this RFP. All monetary amounts shall be in U.S. currency and limited to two (2) places to the right of the decimal point.

ADDITIONAL REQUIREMENTS FOR COMPLETING PROPOSED COST (I.E., MINIMUM AMOUNT, "BLANK" CELLS, ETC.)

NOTICE: The Evaluation Factor associated with each compensable unit is for evaluation purposes only. The evaluation factors do NOT and should NOT be construed as any type of volume guarantee or minimum purchase quantity. The evaluation factors shall NOT create rights, interests, or claims of entitlement in the Respondent.

Notwithstanding the cost items herein, pursuant to the second paragraph of the Pro Forma Contract, Section C.1. (refer to RFP Attachment 6.6.), "The State is under no obligation to request any goods or services from the Contractor in any specific dollar amounts or to request any goods or services at all from the Contractor during any period of this Contract."

This Cost Proposal must be signed, in the space below, by an individual empowered to bind the Respondent to the provisions of this RFP and any contract awarded pursuant to this RFP. If the individual signing this Cost Proposal is not the President or Chief Executive Officer, the Respondent must attach evidence to the Cost Proposal showing the individual's authority to legally bind the Respondent.

**TOTAL EVALUATION COST AMOUNT** (sum of evaluation costs above):

The Solicitation Coordinator will use this sum and the formula below to calculate the Cost Proposal Score. Numbers rounded to two (2) places to the right of the decimal point will be standard for calculations.

\[
\frac{\text{lowest evaluation cost amount from all proposals}}{\text{evaluation cost amount being evaluated}} \times \text{RFP § 5.1. NUMBER (maximum possible score)} = \text{SCORE:}
\]

*State Use — Solicitation Coordinator Signature, Printed Name & Date:*
Option: Cost Proposal Format – No Evaluation Factors Column
In those instances where the relative importance of ALL cost items is equal (for example, if contract payments will be only based on milestone/ lump sum type payments in which the sum of all of the cost items would equal the anticipated cost of the contract), all Evaluation Factors would equal "1." Towards that end, it is acceptable to draft the cost proposal format without the preamble notice relating to Evaluation Factors, without the Evaluation Factor column, or the Sum and Evaluation Factor columns.

Option: Cost Proposal & Scoring Guide.
Revise the Cost Proposal & Scoring Guide detailed in the template, as appropriate, to direct Respondents to complete a protected spreadsheet ("protected" so that Respondents may only insert proposed cost as required) provided by the State along with the RFP in lieu of completing the cost proposal table illustrated in the guide.

6.4. REFERENCE QUESTIONNAIRE ATTACHMENT

Option: Questionnaire Revision.
Add, delete, or revise questionnaire items as appropriate to the subject procurement so that the State has the best possible information upon which to make a contractor selection.

"RFQ #NUMBER COST PROPOSAL ORIGINAL"

and one (1) copy in the form of a digital document in "XLS" format properly recorded on a separate, blank, standard CD-R recordable disc or USB flash-drive labeled:

### Section B—General Qualifications & Experience Items

- three (3) completed projects.

All references must be provided in the form of standard reference questionnaires that have been fully completed by the individual providing the reference as required. References from at least three (3) different individuals are required to satisfy the requirements above, e.g., an individual may provide a reference about a completed project and another reference about a currently serviced account. The standard reference questionnaire, which must be used and completed as required, is detailed provided at RFQ Attachment F. References that are not completed as required may be considered nonresponsive and will not be considered.

The Respondent will be solely responsible for obtaining the fully completed reference questionnaires, and for including them within the Respondent's sealed Technical Response. In order to obtain and submit the completed reference questionnaires, as required, follow the process detailed below:

(a) **Customize** Add the Respondent's name to the standard reference questionnaire at Attachment F by adding the subject Respondent's name, and make exact duplicates for completion by references, and make a copy for each reference.

(b) Send the customized reference questionnaires to each individual chosen to provide a reference along with questionnaire and a new, standard #10 envelope to each reference.

(c) Instruct the person who will provide a reference for the Respondent to:
   i. complete the reference questionnaire (on the form provided, or prepared, completed, and printed using an exact duplicate of the document);
   ii. sign and date the completed reference questionnaire;
   iii. seal the completed, signed, and dated, reference questionnaire within the envelope provided;
   iv. sign his or her name in ink across the sealed portion of the envelope; and
   v. return the sealed envelope containing the completed reference questionnaire directly to the Respondent (the Respondent may wish to give each reference a deadline, such that the Respondent will be able to collect all required references in time to include them within the sealed Technical Response).

(d) Do NOT open the sealed references upon receipt.

(e) Enclose all sealed reference envelopes within a larger, labeled envelope for inclusion in the Technical Response as required.

NOTES:
- The State will not accept late references or references submitted by any means other than that which is described above, and each reference questionnaire submitted must be completed as required.
- The State will not review more than the number of required references indicated above.
- While the State will base its reference check on the contents of the sealed reference envelopes included in the Technical Response package, the State reserves the right to confirm and clarify information detailed in the completed reference questionnaires, and may consider clarification responses in the evaluation of references.
- The State is under no obligation to clarify any reference information.

Option: Time Limitation
Add the following instruction to prohibit a respondent oral presentation from exceeding certain length of time as appropriate.

| 3.4. #. Provide an oral presentation to exceed _____ hours in length including time for questions. A topic outline will be provided with the oral presentation invitation |

4. GENERAL INFORMATION & REQUIREMENTS

4.5. Disclosure of Response Contents

Option: Additional Disclosure Information.
Add the following to the end of subsection 4.5. if it is deemed necessary and it is approved by the contracting agency and the Central Procurement Office.

The State agrees to protect, to the fullest extent permitted by state law, the confidentiality of information expressly identified by the Respondent as confidential and proprietary, including information that would
allow a person to obtain unauthorized access to confidential information or to electronic information processing systems owned by or licensed to the State.

5. PROCUREMENT PROCESS & CONTRACT AWARD

5.1. Option: Cost Proposals & RFQ Negotiations

Replace RFQ § 5.1.1. with the following if negotiations will be included in the evaluation process.

The vendor selection will be a two-part process: (1) Qualification of Technical Responses, and (2) Cost Proposals/Negotiations.

5.2. Competitive Range of Technical Responses

The RFQ should specify what the competitive range will be for your particular RFQ. Add details describing what selection criteria will be utilized to determine the competitive range/what the respondent must do to be considered “Qualified”.

Option: Ranking

The Technical Response must be ranked in the top [insert number (#) ≥ 3] after the Technical Response score is totaled and put in ordinal ranking (1 - the best evaluated ranking).

Option: Percentile

The Technical Response score must attain a combined score of [insert number]. This minimum score threshold represents a score of ____%.

Option: Respondent Oral Presentations

Add the following to the Phase II paragraph if oral presentations will be included in the evaluation process.

The State may invite those who passed the Phase I evaluation to give oral presentations to the State. The qualitative assessment of each Respondent will include the information derived from the oral presentations.

5.5. Option: Cost Proposals

Add the following to RFQ § 5.5., Evaluation Guide, if the State will solicit a Cost Proposal from Qualified Respondents.

<table>
<thead>
<tr>
<th>Evaluation Category</th>
<th>Maximum Points Possible</th>
</tr>
</thead>
<tbody>
<tr>
<td>Cost Proposal (refer to RFQ Attachment D)</td>
<td>NUMBER ≥ 30% of TOTAL POINTS</td>
</tr>
</tbody>
</table>

5.6. Contract Award

The RFQ should specify how anticipated contract award will occur for the particular RFQ. Revise as appropriate, subject to approvals.

Option: Contract Award
Add the following as RFQ § 5.6., Contract Award, if the State will solicit a Cost Proposal from Qualified Respondents, which will result in a contract award.

5.6.1. The Solicitation Coordinator will submit the Evaluation Team determinations and response scores to the head of the contracting agency, or the agency head’s designee, for consideration along with any other relevant information that might be available and pertinent to contract award.

5.6.2. The contracting agency head, or the agency head’s designee, will determine the apparent best-evaluated response. (To effect a contract award to a Respondent other than the one receiving the highest evaluation score, the head of the contracting agency must provide written justification and obtain written approval of the Chief Procurement Officer and the Comptroller of the Treasury.)

5.6.3. The State reserves the right to make an award without further discussion of any response.

5.6.4. The State will issue an Evaluation Notice and make the RFQ files available for public inspection at the time and date specified in the RFQ §2, Schedule of Events.

NOTICE: The Evaluation Notice shall not create rights, interests, or claims of entitlement in either the Respondent identified as the apparent best evaluated or any other Respondent.

5.6.5. The Respondent identified as offering the apparent best-evaluated must sign a contract drawn by the State pursuant to this RFQ. The contract shall be substantially the same as the RFQ Attachment G, pro forma contract. The Respondent must sign said contract no later than the Respondent Contract Signature Deadline detailed in RFQ § 2, Schedule of Events. If the Respondent fails to provide the signed contract by the deadline, the State may determine the Respondent is non-responsive to this RFQ and reject the response.

5.6.6. Notwithstanding the foregoing, the State may, at its sole discretion, entertain limited negotiation prior to contract signing and, as a result, revise the pro forma contract terms and conditions or performance requirements in the State’s best interests, PROVIDED THAT such revision of terms and conditions or performance requirements shall NOT materially affect the basis of response evaluation or negatively impact the competitive nature of the RFQ and vendor selection process.

5.6.7. If the State determines that a response is nonresponsive and rejects it after opening Cost Proposals, the Solicitation Coordinator will re-calculate scores for each remaining responsive Cost Proposal to determine (or re-determine) the apparent best-evaluated response.

ATTACHMENT A: TECHNICAL RESPONSE & EVALUATION GUIDE

Option: Page Limitation.

Add the following row to the RFQ Attachment A table (in the grayed out top area) if a page limitation was included in RFQ § 3.4., Response Prohibitions.
The Technical Response must not exceed ____ pages in length;

**Option: Cash Flow Information.**

Add the following row to the RFQ Attachment A table (after the model items) if the contracting agency chooses to review the evidence of Respondent’s financial stability/responsibility.

| A.# | Provide documentation disclosing the amount of cash flows from operating activities for the Respondent’s most current operating period. Said documentation must indicate whether the cash flows are positive or negative, and, if the cash flows are negative for the most recent operating period, the documentation must include a detailed explanation of the factors contributing to the negative cash flows.

**NOTICE:** All persons, agencies, firms, or other entities that provide opinions regarding the Respondent’s financial status must be properly licensed to render such opinions. The State may require the Respondent to submit proof of such licensure detailing the state of licensure and licensure number for each person or entity that renders the opinions. |

**Option: Certificate of Insurance.**

Add the following row to the RFQ Attachment A table (after the model items) ONLY IF a Certificate of Insurance is considered necessary evidence of Respondent’s financial stability/responsibility. (Specifying insurance requirements in the *pro forma* contract does *not* necessitate adding this optional response requirement.)

Add, delete, or revise subsections detailing insurance coverage requirements as appropriate. (If this response requirement item is added to the RFQ, the appropriate Insurance provision must be detailed in the *pro forma* contract, and the insurance coverage requirements specified in both the RFQ and the *pro forma* contract must agree.)

| A.# | Provide a valid, Certificate of Insurance that is verified and dated within the last six (6) months and which details all of the following:

(a) Insurance Company

(b) Respondent’s Name and Address as the Insured

(c) Policy Number

(d) The following minimum insurance coverage:

(i) Workers’ Compensation/ Employers’ Liability (including all states coverage) with a limit not less than the relevant statutory amount or **WRITTEN AMOUNT** Dollars ($NUMBER AMOUNT) per occurrence for employers’ liability;

(ii) Comprehensive Commercial General Liability (including personal injury & property damage, premises/operations, independent contractor, contractual liability and completed operations/products) with a bodily injury/property damage combined single limit not less than **WRITTEN AMOUNT** Dollars ($NUMBER AMOUNT) per occurrence and **WRITTEN AMOUNT** Dollars ($NUMBER AMOUNT) aggregate;

(iii) Automobile Coverage (including owned, leased, hired, and non-owned vehicles) with a bodily injury/property damage combined single limit not less than **WRITTEN AMOUNT** Dollars ($NUMBER AMOUNT) per occurrence; |
(iv) Professional Malpractice Liability with a limit of not less than **WRITTEN AMOUNT** Dollars ($NUMBER AMOUNT) per claim.

(e) The following information applicable to each type of insurance coverage:

(i) Coverage Description,

(ii) Exceptions and Exclusions,

(iii) Policy Effective Date,

(iv) Policy Expiration Date, and

(v) Limit(s) of Liability.

**Option: Audited Financial Statements.**

Add the following row to the RFQ Attachment A table (after the model items) **ONLY IF** the anticipated contract amount is ≥ $1,000,000.00 AND **extraordinary** effort to assure Respondent financial stability/responsibility is appropriate.

| A.# | Provide the Respondent’s most recent independent audited financial statements. Said independent audited financial statements **must**:
|     | (1) reflect an audit period for a fiscal year ended within the last 36 months
|     | (2) be prepared with all monetary amounts detailed in United States currency;
|     | (3) be prepared under United States Generally Accepted Accounting Principles (US GAAP);
|     | (4) include: the auditor’s opinion letter; financial statements; and the notes to the financial statements; and
|     | (5) be deemed, in the sole discretion of the State to reflect sufficient financial stability to undertake the subject agreement with the State.

**NOTES:**

- Reviewed or Compiled Financial Statements will not be deemed responsive to this requirement and will **not** be accepted.
- All persons, agencies, firms, or other entities that provide opinions regarding the Respondent’s financial status **must** be properly licensed to render such opinions. The State **may** require the Respondent to submit proof of such licensure detailing the state of licensure and licensure number for each person or entity that renders the opinions.

**Option: Audited Financial Statements – Line of Credit Option.**

Privately held companies may not have or be willing to release audited financial statements for public review. Therefore, requiring audited financial statements (as detailed above) without an alternative to the requirement could conceptually prevent privately held companies from responding to the RFQ.

The contracting agency should consider the possible impact of the requirement on competition versus the state’s need to reasonably determine the financial stability/responsibility of respondents and decide whether it is appropriate to include an alternative to the requirement.

Insert the following paragraph before the “NOTES” in the optional audited financial statements requirement text (above) if appropriate.
OR, in lieu of the aforementioned independent audited financial statements, provide a financial institution’s letter of commitment for a general Line of Credit in the amount of **WRITTEN AMOUNT ≥ ONE MILLION DOLLARS ($NUMBER AMOUNT)**, U.S. currency, available to the Respondent. Said letter must specify the Respondent’s name, be signed and dated within the past three (3) months by an authorized agent of the financial institution, and indicate that the Line of Credit shall be available for at least **PERIOD ≥ 6 MONTHS**.

**Option: Audited Financial Statements – Additional Requirement.**

Add the following sentence at the end of the second bulleted note in the optional audited financial statements requirement text ONLY IF the contracting agency legal counsel recommends it in writing.

Any attest or review of the financial status of a Tennessee corporation must be rendered by an accountant or accounting firm licensed or otherwise specifically permitted to provide an attest or review by the Tennessee Board of Accountancy.

**Option: Proposal Bond Confirmation.**

Add the following row to the RFQ Attachment A table ONLY IF a Proposal Bond is required by the Chief Procurement Officer. All proposal bond amounts shall be stated as a set amount or as a percentage of the contract value. In no event shall the proposal bond amount exceed five percent (5%) of the estimated value of the contract.

| A.# | Provide a proposal bond issued by a surety company licensed to do business in the State of Tennessee in the amount of $ __ __. |

**Contingent Requirement: Performance Bond Confirmation.**

Add the following row to the RFQ Attachment A table ONLY IF a Performance Bond is proposed.

| A.# | Provide a statement confirming that, if awarded a contract pursuant to this RFQ, the Respondent shall deliver a Performance Bond to the State in accordance with the requirements of this RFQ. The statement must be signed by an individual with legal authority to bind the proposing entity to the provisions of this RFQ and any contract awarded pursuant to it. |

**Option: Additional Mandatory Requirements.**

Typically, each mandatory requirement item must be drafted such that an objective "yes/no" determination of whether the requirement was met is reasonable and adequate (clearly not necessitating a qualitative evaluation of the response).

Contracting agency staff may be asked to provide evidence that a proposed mandatory requirement is not inappropriately arbitrary or capricious (e.g., (1) information from an independent, authoritative source indicating that the proposed criteria is a reasonable standard; and (2) a recommendation signed by the contracting agency legal counsel explaining why the proposed requirement is not arbitrary or capricious).

Add mandatory requirement items to the RFQ Attachment A table (after the model items) as appropriate. Do not include a mandatory requirement that entails a response that should or must be more subjectively evaluated. Do not include an arbitrary mandatory requirement.

**ATTACHMENT B: TECHNICAL RESPONSE & EVALUATION GUIDE**

**General Qualifications & Experience**

The entire set of General Qualifications & Experience items detailed in the model for this section MUST be evaluated together as indicated.
RFQ Attachment B and the methodology for evaluating responses may NOT be revised except to add new evaluation items.

B.17. References

Option: Revised Reference Requirements.

Do not assume automatic approval of any revision of the model text. Revise the number of required references as appropriate. Revise the model text, as appropriate, to detail an alternate process for obtaining and evaluating references. Any such revision must be exactly detailed and clearly uniform in application with all respondents.

Option: Red-Line pro forma contract submittal.

Add the following row to the RFQ Attachment B table ONLY if it would benefit the State to be amenable to making changes to the pro forma contract.

| B.#. | The State is amenable to making changes to RFQ Attachment G, pro forma contract. The State will take all reasonable suggested alternative or supplemental contract language changes by Respondents under advisement during the evaluation and post award processes, subject to any mandates or restrictions imposed on the State by applicable state or federal law. The State, however, recommends that Respondents include with their response any alternative or supplemental suggested contract language that a Respondent would propose.

Clearly indicate, by providing a “red-line” of RFQ Attachment G, pro forma contract, all suggested alternative or supplemental contract language. Do not include any exceptions or changes that (1) contradict a Federal requirement or a Mandatory Requirement, or (2) push back any deadlines.

ATTACHMENT C: TECHNICAL RESPONSE & EVALUATION GUIDE

Technical Qualifications, Experience & Approach

The sum of all Evaluation Factors within the section should equal “100” (or “1,000”) so that the relative percentage of importance/emphasis is readily apparent.

Assign Evaluation Factors such that the Point Scale Score for the evaluation factors will be weighted to reflect the relative importance of the item to the other evaluation factors within the section.

If all evaluation factors in the section are to be considered (weighted) equally, specify “1” as the Evaluation Factor for every factor.

Option: Additional Technical Qualifications, Experience & Approach Items. Add evaluation items to the RFQ Attachment C table so that the state has the best possible information upon which to select a Respondent for contract award.

Option: Oral Presentations as part of Technical Response & Evaluation Guide

Oral Presentations may NOT include “general” questions and answers. All questions must either be scripted questions asked by state staff or subject matter experts in every response presentation or a specific question in exact follow-up to particular information presented by the respondent in response to one or more of the Oral Presentation items.

Option: Cost Proposals
ATTACHMENT D: COST PROPOSAL & EVALUATION GUIDE ATTACHMENT

Each line item on which the State is seeking costs must clearly specify the associated, applicable units of goods or services. While the line item of cost description should stipulate the applicable units of goods or services, it should also be specified within each blank cost cell. Examples: $___/hour, or $___/each, etc.

The Cost Proposal format should not require calculations by Respondents.

The Cost Proposal & Evaluation Guide (and the associated pro forma contract payment methodology) must be drafted so that NO Respondent is able to propose cost in such a manner that the Evaluation Cost Amount would equal zero. This is critical if the cost response evaluation formula is to mathematically result in rational numbers as cost response scores. (In some instances, it might be necessary to require a minimum proposed amount for one or more line item of costs.)

Cost Proposal & Evaluation Guide
For Qualified Respondents Only

NOTICE: THIS COST PROPOSAL MUST BE COMPLETED EXACTLY AS REQUIRED

COST PROPOSAL SCHEDULE—The Cost Proposal, detailed below, shall indicate the proposed price for the delivery of specified goods for the entire scope of services including all services defined in the Scope of Services of the RFQ Attachment G, pro forma Contract and for the entire contract period. The Cost Proposal shall remain valid for at least 120 days subsequent to the date of the Cost Proposal opening and thereafter in accordance with any contract resulting from this RFQ. All monetary amounts shall be in U.S. currency and limited to two (2) places to the right of the decimal point.

ADD ADDITIONAL REQUIREMENTS FOR COMPLETING PROPOSED COST AS APPLICABLE (i.e., MINIMUM AMOUNT, "BLANK" CELLS, ETC.)

NOTICE: The Evaluation Factor associated with each line item of cost is for evaluation purposes only. The evaluation factors do NOT and should NOT be construed as any type of volume guarantee or minimum purchase quantity. The evaluation factors shall NOT create rights, interests, or claims of entitlement in the Respondent.

Notwithstanding the line item of costs herein, pursuant to the second paragraph of the pro forma contract section C.1. (refer to RFQ Attachment G), "The State is under no obligation to request work from the Contractor in any specific dollar amounts or to request any work at all from the Contractor during any period of this Contract."

This Cost Proposal must be signed, in the space below, by an individual empowered to bind the entity responding to the provisions of this RFQ and any contract awarded pursuant thereto. If said individual is not responding in an individual capacity or is the President or Chief Executive Officer, this document must attach evidence showing the individual's authority to legally bind the entity responding to this RFQ.

EVALUATION FACTORS — A factor associated with each line item of cost is used to foster reasonable, competitive price offers for each line item of costs and to prevent Respondents from offering prices with the intent of “gaming” the evaluation model and not resulting in the best actual cost to the state. The use of Evaluation Factors should also result in a more appropriate consideration of each line item of cost in terms of its relative impact upon the total cost to the state under the proposed contract. Typically, all Evaluation Factors must be based upon:

- historical data relating to the number of the associated goods or services units previously bought by the state for a comparable period; OR
- the procuring state agency’s reasoned projection of the actual number of each line item of cost units that the state will buy under the new contract during the entire contract period (with all options, if any, to extend the contract exercised).

(If one or more milestone or other lump sum type payment amounts are included in the mix of line item of costs, the logical Evaluation Factor for each milestone or lump sum line item of cost should typically be “1” since each payment amount would be remitted only one time.)

Option: Cost Proposal Format Default – ONE Payment Rate Per Line item of cost (static or CPI-escalated).

Use the default Cost Proposal schedule if the Respondents must offer only one rate per all goods or services for the entire contract period (with or without rate escalation provisions are detailed in the pro forma contract).

Option: Cost Proposal Format – Unit or Temporal Rate Payments (proposed by period).

Use the following table if the Respondents must offer rates for one or more cost items for each of several specified periods of the contract.

**Option: Cost Proposal Format – NO Evaluation Factors Column contract**

In those instances where the relative importance of ALL line item of costs is equal (for example, if payments will be only based on milestone/lump sum type payments in which the sum of all of the line item of costs would equal the anticipated cost of the contract), all Evaluation Factors would equal “1.” Inasmuch, it would be acceptable to draft the Cost Proposal format without the preamble notice relating to Evaluation Factors as well as without the Evaluation Factor column or the Sum and Evaluation Factor columns.

**Option: Cost Proposal & Evaluation Guide.**

Revise the Cost Proposal & Evaluation Guide detailed in the model, as appropriate, to direct respondents to complete a protected spreadsheet ("protected" so that respondents may only insert proposed cost as required) provided by the state along with the RFQ in lieu of completing the Cost Proposal table illustrated in the guide.

**ATTACHMENT E: STATEMENT OF CERTIFICATIONS & ASSURANCES**

**Option: Alternate Language if Red-Line Allowed**

Modify Item 3 as follows if Red-Line pro forma contract submittal was permitted in RFQ Attachment B.

The Respondent accepts and agrees to all terms and conditions, except changes as set forth in the response (refer to RFQ Attachment B, Item B#NUMBER), set out in the RFQ Attachment G, pro forma Contract.
Option: Alternate Language if Red-Line Allowed
Modify Item 9 as follows if the State will solicit Cost Proposals from Qualified Respondents.

Both the Technical Response and the Cost Proposal submitted in response to the RFQ shall remain valid for at least 120 days subsequent to the date of the Cost Proposal opening and thereafter in accordance with any contract pursuant to the RFQ.

APPROVAL INSTRUCTIONS

Each RFQ document must be approved for release in accordance with the instructions below.

Complete the document as required by this Model.

Submit the proposed document to CPO at least 20 days before the desired RFQ release date. (Notwithstanding compliance with this deadline, circumstances may necessitate a delay of the release date.)

1. be clearly marked as "REVIEW DRAFT"
2. specify a number indicating the draft version;
3. highlight all deviations from the model language; and
4. highlight any changes between draft versions that may be necessary prior to release:
   - CPO staff will: (a) review the draft and confer with contracting agency staff by means of e-mailed review notes and redrafts; and (b) e-mail the proposed document to Comptroller staff when the CPO review is completed.
   - Comptroller staff will: (a) review the draft and confer directly with CPO by means of review notes and redrafts exchanged by e-mail; and (b) e-mail pre-approval notice to CPO staff when the latest draft appears acceptable for release.

Approval is also required for any amendment or cancellation.

PUBLICATION INSTRUCTIONS

Upon Comptroller approval, prepare the solicitation document for public release by removing any highlighting, changing all text to an appropriate color, and removing any draft version number or other extraneous notations.

On the business day before the date approved for public solicitation, e-mail the document prepared for public release to the CPO staff person assigned to the contracting agency so that CPO staff may post the digital document(s) on the Internet as appropriate.

The document presented for publication must be comprised by one or more (clearly and logically separated component) digital files in PDF or DOC format. If previously approved, the cost response attachment may be presented for publication in XLS, spreadsheet format.

ALWAYS confirm that each document is properly posted for public review.

If, for any reason, an RFQ is not properly published to the Internet, it may be necessary for the state to substantially revise the approved RFQ schedule of events to add additional time before Q&A and response deadlines.

4.3.2. This RFQ is also subject to *Tennessee Code Annotated*, Section 12-4-101.

4.4. **Respondent Required Review & Waiver of Objections**

4.4.1. Each potential respondent must carefully review this RFQ, including but not limited to, attachments, the RFQ Attachment G, *pro forma* Contract, and any amendments for questions, comments, defects, objections, or any other matter requiring clarification or correction (collectively called "questions and comments").

4.4.2. Any potential respondent having questions and comments concerning this RFQ must provide such in writing to the State no later than the written "Questions & Comments Deadline" detailed in RFQ § 2, Schedule of Events.

4.4.3. Protests based on any objection shall be considered waived and invalid if the objection has not been brought to the attention of the State, in writing, by the written "Questions & Comments Deadline."

4.5. **Disclosure of Response Contents**

4.5.1. All materials submitted to the State in response to this solicitation become property of the State of Tennessee. Selection for award does not affect this right. By submitting a response, a Respondent acknowledges and accepts that the full contents and associated documents submitted in response to this request will become open to public inspection. Refer to RFQ § 2, Schedule of Events.

4.5.2. The RFQ responses will be available for public inspection only after the completion of evaluation of the RFQ or any resulting solicitation which this RFQ becomes a part of, whichever is later.

4.6. **Notice of Professional Licensure, Insurance, and Department of Revenue Registration Requirements**

4.6.1. All persons, agencies, firms or other entities that provide legal or financial opinions, which a Respondent provides for consideration and evaluation by the State as part of a response to this RFQ, shall be properly licensed to render such opinions.

4.6.2. Before the Contract resulting from this RFQ is signed, the apparent successful Respondent (and Respondent employees and subcontractors, as applicable) must hold all necessary, appropriate business and professional licenses to provide service as required. The State may require any Respondent to submit evidence of proper licensure.

4.6.3. Before the Contract resulting from this RFQ is signed, the apparent successful Respondent must provide a valid, Certificate of Insurance indicating current insurance coverage meeting minimum requirements as may be specified by the RFQ.

4.6.4. Before the Contract resulting from this RFP is signed, the apparent successful Respondent must be registered with the Department of Revenue for the collection of
Tennessee sales and use tax. The State shall not approve a contract unless the Respondent provides proof of such registration. The foregoing is a mandatory requirement of an award of a contract pursuant to this solicitation.

4.7. **RFQ Amendments & Cancellation**

4.7.1. The State reserves the right to amend this RFQ at any time, provided that it is amended in writing. However, prior to any such amendment, the State will consider whether it would negatively impact the ability of potential respondents to meet the deadlines and revise the RFQ Schedule of Events if deemed appropriate. If a RFQ amendment is issued, the State will convey it to potential respondents who submitted a Notice of Intent to Respond (refer to RFQ § 1.3). A response must respond, as required, to the final RFQ (including its attachments) as may be amended.

4.7.2. The State reserves the right, at its sole discretion, to cancel or to cancel and reissue this RFQ in accordance with applicable laws and regulations.

4.8. **State Right of Rejection**

4.8.1. Subject to applicable laws and regulations, the State reserves the right to reject, at its sole discretion, any and all proposals.

4.8.2. The State may deem as nonresponsive and reject any proposal that does not comply with all terms, conditions, and performance requirements of this RFQ. Notwithstanding the foregoing, the State reserves the right to seek clarifications or to waive, at its sole discretion, a response’s minor variances from full compliance with this RFQ. If the State waives variances in a response, such waiver shall not modify the RFQ requirements or excuse the Respondent from full compliance with such, and the State may hold any resulting vendor to strict compliance with this RFQ.

4.8.3. The State will review the response evaluation record and any other available information pertinent to whether or not each respondent is responsive and responsible. If the evaluation team identifies any respondent that appears not to meet the responsive and responsible thresholds such that the team would not recommend the respondent for potential contract award, this determination will be fully documented for the record. ("Responsive" is defined as submitting a response that conforms in all material respects to the RFQ. "Responsible" is defined as having the capacity in all respects to perform fully the contract requirements, and the integrity and reliability which will assure good faith performance.)

4.9. **Assignment & Subcontracting**

4.9.1. The vendor may not subcontract, transfer, or assign any portion of the Contract awarded as a result of this RFQ without prior approval of the State. The State reserves the right to refuse approval, at its sole discretion, of any subcontract, transfer, or assignment.

4.9.2. If a Respondent intends to use subcontractors, the response to this RFQ must specifically identify the scope and portions of the work each subcontractor will perform (refer to RFQ Attachment B, Item B.14.).

4.9.3. Subcontractors identified within a response to this RFQ will be deemed as approved by the State unless the State expressly disapproves one or more of the proposed subcontractors prior to signing the Contract.

4.9.4. The Contractor resulting from this RFQ may only substitute another subcontractor for a proposed subcontractor at the discretion of the State and with the State’s prior, written approval.

4.9.5. Notwithstanding any State approval relating to subcontracts, the Contractor resulting from this RFQ will be the prime contractor and will be responsible for all work under the Contract.
4.10. **Next Ranked Respondent**

The State reserves the right to initiate negotiations with the next ranked respondent should the State cease doing business with any respondent selected via this RFQ process.
5. PROCUREMENT PROCESS & CONTRACT AWARD

5.1. The complete vendor selection will be a two-part process: (1) Qualification of Technical Responses; and (2) Evaluation of Cost Proposals. Any contract award is subject to successful contract negotiation.

5.2. Qualification of Technical Responses: Technical Responses will be short-listed for further evaluation, analysis or negotiation if they are apparently responsive, responsible, and within the competitive range. A Technical Response will be deemed within the competitive range based on the following criterion:

(INsert details as to how the competitive range will be determined).

Phase I: The State will evaluate the Mandatory Requirements set forth in RFQ Attachment A on a pass/fail basis.

Phase II: Following the Phase I evaluation, the State will apply a standard equitable evaluation model, which will represent a qualitative assessment of each response. Each response will be scored by Evaluation Team members according to the Technical Response & Evaluation Guides (See RFQ Attachments B & C).

The Solicitation Coordinator will total the average score from the evaluation team for each responsive and responsible Respondent’s Technical Response Points for RFQ Attachments B & C to determine which of the Respondents are considered Qualified and within the competitive range.

5.3. Cost Proposals: If included as part of this solicitation then only Qualified Respondents, that are responsive and responsible and in the competitive range, will continue onto Part Two, Cost Proposal evaluation. The Cost Proposal containing the lowest cost will receive the maximum number of points per each section. See RFQ Attachment D, Cost Proposal & Evaluation Guide.

5.4. Clarifications and Negotiations: The State reserves the right to award a contract on the basis of initial responses received; therefore, each response should contain the respondent’s best terms from a technical and cost standpoint. However, the State reserves the right to conduct clarifications or negotiations with respondents. All communications, clarifications, and negotiations shall be conducted in a manner that supports fairness in response improvement.

5.4.1. Clarifications: The State may identify areas of a response that may require further clarification or areas in which it is apparent that there may have been miscommunications or misunderstandings as to the State’s specifications or requirements. The State may seek to clarify those issues identified during one or multiple clarification round(s). Each clarification sought by the State may be unique to an individual respondent.

5.4.2. Negotiations: The State may elect to negotiate with Qualified Respondents, within the competitive range, by requesting revised responses, negotiating costs, or finalizing contract terms and conditions. The State reserves the right to conduct multiple negotiation rounds.

5.4.2.1. Cost Negotiations: All responsive respondents within the competitive range will be given equivalent information with respect to cost negotiations. All cost negotiations will be documented for the procurement file. Additionally, the
State may conduct target pricing and other goods or services level negotiations. Target pricing may be based on considerations such as current pricing, market considerations, benchmarks, budget availability, or other methods that do not reveal individual respondent pricing. During target price negotiations, respondents are not obligated to meet or beat target prices, but will not be allowed to increase prices.

5.4.2.2. If the State determines costs and contract finalization discussions and negotiations are not productive, the State reserves the right to bypass the apparent best evaluated Respondent and enter into contract negotiations with the next apparent best evaluated Respondent.

5.5. **Evaluation Guide**

The State will consider qualifications, experience, technical approach, and cost (if applicable) in the evaluation of responses and award points in each of the categories detailed below. The maximum evaluation points possible for each category are detailed below.

**SECTION C: TECHNICAL QUALIFICATIONS, EXPERIENCE & APPROACH.** The Respondent should explain its approach to providing goods or services to the State. The items listed below represent specific questions the State would request you answer in your response. For ease of review, please annotate your explanation so that it contains references to the items listed below where they are addressed. Respondent should not feel constrained to answer only the specific questions listed below in its explanation and should feel free to provide attachments if necessary in an effort to provide a more thorough response.

The Evaluation Team, made up of three (3) or more State employees, will independently evaluate and score the response to each item. Each evaluator will use the following whole number, raw point scale for scoring each item:

0 = little value 1 = poor 2 = fair 3 = satisfactory 4 = good 5 = excellent

The Solicitation Coordinator will multiply the Item Score by the associated Evaluation Factor (indicating the relative emphasis of the item in the overall evaluation). The resulting product will be the item's raw, weighted score for purposes of calculating the section scores as indicated.

SECTION 5.16 OF THE PROCUREMENT PROCEDURES MANUAL OF THE CENTRAL PROCUREMENT OFFICE

NEW
REQUEST: Add the following to the CPO’s *Procurement Procedures Manual* as section 5.16 and renumber the subsequent sections.

5.16 *Memoranda of Understanding*

If a contract allows for the addition of lines, items, or options through a Memorandum of Understanding ("MOU"), procurement professionals should follow the process below.

- Using a document provided by the Central Procurement Office, the Agency procurement professional writes specifications for the desired goods or services that are within the scope of the contract, but were not included in the original contract.
- A member of the Central Procurement Office’s Sourcing Team or Category Team will research the Agency’s request to determine if the lines, items, or options should be added to the contract. In making this determination, the Central Procurement Office considerations will include, but not be limited to:
  - Estimated purchase volume of the lines, items, or options;
  - Frequency of purchase of the lines, items, or options;
  - Contractor’s ability to provide the lines, items, or options;
  - Anticipated spend related to the requested lines, items, or options; and
  - Whether the lines, items, or options currently on the contract meet the Agency’s needs.
- If the Sourcing or Category Team member determines that the lines, items, or options should be added to the contract, he or she will benchmark pricing for the proposed lines, items, or options. After benchmarking the proposed lines, items, or options, the Sourcing or Category Team member will negotiate with the contractor to obtain competitive pricing.
- If the Sourcing or Category Team member is unable to secure prices at or below fair market value pricing, he or she will consult the requesting Agency to discuss alternate ways to meet the Agency’s need. If adding the lines, items, or options using a MOU is the best way to meet the Agency’s need, the Sourcing or Category Team member shall include documentation of the decision in the business case.
- Whenever items, lines, or options are added to a contract through a MOU, the Sourcing or Category Team member assisting the Agency must prepare a business case that:
  - Summarizes the steps taken to add the lines, items, or options;
  - Includes a justification for adding the lines, items, or options;
  - A discussion of the due diligence taken to ensure that obtaining the lines, items, or options through an MOU will result in terms, conditions, and pricing that are in the State’s best interests and consistent with the marketplace; and
- Is reviewed, approved, and signed by a Central Procurement Office staff person who did not prepare the business case and has the proper level of signatory authority according to the chart below.

- The Comptroller of the Treasury will review and approve all business cases supporting the use of the MOU process.

- The Central Procurement Office will document all approved MOUs in a spreadsheet. In any month that a MOU is approved, the Central Procurement Office will send the MOU spreadsheet to the Comptroller by the last business day of the month.

SECTION 10.6.13 OF THE
PROCUREMENT PROCEDURES
MANUAL OF THE CENTRAL
PROCUREMENT OFFICE

CLEAN VERSION
REQUEST: Replace Section 10.6.13 of the Central Procurement Office’s Procurement Procedures Manual with the following.

Without the State’s prior, written approval, no contractor shall deliver a substitute item. The State reserves the right to refuse unauthorized substitutions. A substitution is defined as the manufacture or shipment of an item that materially conforms to or exceeds the scope or specifications, but may be technically different from the awarded item. No amendment to the contract is necessary to add a substituted item, provided the substitute’s cost does not exceed the cost of the item being substituted by more than ten percent (10%). Delivered substitute items that do not meet the scope or specifications of the procurement may be returned to the contractor at the contractor’s expense. When the State returns a delivered item, the contractor must replace, without delay, the returned item with one that the State deems acceptable. The brand name, model, or other identifying information must be listed on the contractor’s invoice.
