2. State responses to questions and comments in the table below amend and clarify this RFI.

Any restatement of RFI text in the Question/Comment column shall NOT be construed as a change in the actual wording of the RFI document.

QUESTION / COMMENT	STATE RESPONSE
1 Will there be access from private property or only TDOT row?	TDOT and, by extension, TDOT's Contractors for this service have statutory authority to access from private property if needed, when performing work under the direction of TDOT.
2 Are we going to have to excavate and remove all sign support under the ground surface?	The device would need to be removed to ground level.
3 Could there be vegetation clearing/ground prepping to get access to the signs?	Yes, this is a possibility.

QUESTION / COMMENT	STATE RESPONSE
<p>4 At the time of the solicitation, will there be a specific list of signs and locations?</p>	<p>No, the potential solicitation will not include a predefined list of signs and locations. Instead, the potential solicitation will result in a contract for sign removals on an as-needed basis throughout the duration. Specific lists of signs to be removed and their locations will be provided at the time TDOT is ready to have them removed under the resulting contract.</p>
<p>5 Will this be site specific pricing, or time and materials?</p>	<p>TDOT is seeking vendor input on this as part of the "Cost Informational Form" TDOT encourages vendors to identify the preferred method and/or identify challenges with any method.</p>

3. **RFP Amendment Effective Date.** The revisions set forth herein shall be effective upon release. All other terms and conditions of this RFP not expressly amended herein shall remain in full force and effect.
