

### Comparative Provider Network Access Analysis

The State will give this comparative provider network access analysis to the RFP Evaluation team as a reference for evaluating and scoring the Respondents' Access Analysis Reports. Member counts for urban suburban and rural, listed in the table below, must match the Member number column in the respondent's network access reports. The solicitation coordinator will verify that these counts match.

| Current Enrollment | Employees | Members |
|--------------------|-----------|---------|
| Urban              | 3,258     | 5,480   |
| Suburban           | 28,934    | 60,923  |
| Rural              | 109,319   | 233,261 |

Contractual Access Standards - 95% of all enrolled Plan members residing in Tennessee shall have the Access Standard indicated below for each Efficient and Broad Network.

| Efficient Network           |                              |                              |                              |
|-----------------------------|------------------------------|------------------------------|------------------------------|
| Provider Group              | Urban Access                 | Suburban Access              | Rural Access                 |
| Primary Care Physicians     | 2 physicians within 10 miles | 2 physicians within 15 miles | 2 physicians within 20 miles |
| Obstetricians/Gynecologists | 2 physicians within 10 miles | 2 physicians within 15 miles | 2 physicians within 30 miles |
| Pediatricians               | 2 physicians within 10 miles | 2 physicians within 15 miles | 2 physicians within 30 miles |
| Cardiologists               | 1 physician within 10 miles  | 1 physician within 15 miles  | 1 physician within 30 miles  |
| Endocrinologists            | 1 physician within 15 miles  | 1 physician within 20 miles  | 1 physician within 50 miles  |
| Acute Care Hospitals        | 1 facility within 15 miles   | 1 facility within 15 miles   | 1 facility within 25 miles   |

| Broad Network               |                             |                              |                              |
|-----------------------------|-----------------------------|------------------------------|------------------------------|
| Provider Group              | Urban Access                | Suburban Access              | Rural Access                 |
| Primary Care Physicians     | 2 physicians within 5 miles | 2 physicians within 10 miles | 2 physicians within 15 miles |
| Obstetricians/Gynecologists | 2 physicians within 5 miles | 2 physicians within 10 miles | 2 physicians within 25 miles |
| Pediatricians               | 2 physicians within 5 miles | 2 physicians within 10 miles | 2 physicians within 25 miles |
| Cardiologists               | 1 physician within 5 miles  | 1 physician within 10 miles  | 1 physician within 20 miles  |
| Endocrinologists            | 1 physician within 10 miles | 1 physician within 15 miles  | 1 physician within 50 miles  |
| Acute Care Hospitals        | 1 facility within 10 miles  | 1 facility within 10 miles   | 1 facility within 20 miles   |

This information is based upon the most recent Network Access Analysis Reports provided by our current Contractors for the current Efficient and Broad Network options offered to our members.

| Current Efficient Network - Urban/Suburban/Rural | Network A      | Network B       |
|--------------------------------------------------|----------------|-----------------|
| Primary Care Physicians                          | 100/100/100%   | 100/100/99.9%   |
| Obstetricians/Gynecologists                      | 100/99.9/99.3% | 100/100/97.3%   |
| Pediatricians                                    | 100/100/99.9%  | 100/100/99.2%   |
| Cardiologists                                    | 100/100/99.9%  | 100/100/99.9%   |
| Endocrinologists                                 | 100/100/100%   | 99.5/99.9/97.7% |
| Acute Care Hospitals                             | 100/100/99.1%  | 100/98.7/99.3%  |

| Current Broad Network - Urban/Suburban/Rural | Network C       | Network D       |
|----------------------------------------------|-----------------|-----------------|
| Primary Care Physicians                      | 100/100/99.9%   | 99.9/100/99.0%  |
| Obstetricians/Gynecologists                  | 99.9/99.7/98.5% | 99.2/99.6/94.1% |
| Pediatricians                                | 100/100/99.5%   | 99.9/99.5/97.2% |
| Cardiologists                                | 99.4/100/99.2%  | 99.5/99.8/97.8% |
| Endocrinologists                             | 99.6/99.9/100%  | 99.5/99.1/97.7% |
| Acute Care Hospitals                         | 100/99.2/96.8%  | 99.5/98.9/96.8% |
