1. INTRODUCTION

The State of Tennessee, Department of Finance and Administration, Division of TennCare, hereinafter referred to as "the State," issues this Request for Proposals (RFP) to define minimum contract requirements; solicit responses; detail response requirements; and, outline the State's process for evaluating responses and selecting a contractor to provide the needed goods or services.

Through this RFP, the State seeks to procure necessary goods or services at the most favorable, competitive prices and to give ALL qualified respondents, including those that are owned by minorities, women, service-disabled veterans, persons with disabilities and small business enterprises, an opportunity to do business with the state as contractors, subcontractors or suppliers.

1.1 Statement of Procurement Purpose

The State intends to secure a contract for the TennCare Member Medical Appeals ("MMA") toll-free call center to provide approximately 1.5 million TennCare\(^1\) members the opportunity to file medical appeals in response to a managed care contractor’s ("MCC") proposed adverse benefit determination, to file requests for relief from reimbursement and billing, and to allow TennCare members to submit requests to change their assigned managed care organization ("MCO"). The MMA call center is anticipated to receive approximately 2500 calls per week.

The contract start date for Contractor is June 1, 2022, at which time readiness review and transition planning discussions will begin with TennCare.

Information considered by TennCare to be useful to respondents in preparation of responses is located in RFP Appendices 7.1 through 7.3.

Upon contract signature, the winning respondent will be required to sign RFP Attachment, HIPAA Business Associate Agreement, Attachment C.

1.1.2 The maximum liability in RFP Attachment 6.6, Section C.1, will be populated based on the Cost Proposal rates and associated volumes as projected to complete the scope of work in the pro forma contract. There is no way to accurately project the amount of this project until the cost proposals are received. However, the current contract for these services has expenditures of approximately $1.3 million annually.

1.2 Scope of Service, Contract Period, & Required Terms and Conditions

The RFP Attachment 6.6., Pro Forma Contract details the State’s requirements:

- Scope of Services and Deliverables (Section A);
- Contract Period (Section B);
- Payment Terms (Section C);
- Standard Terms and Conditions (Section D); and,
- Special Terms and Conditions (Section E).

The pro forma contract substantially represents the contract document that the successful Respondent must sign.

1.3 Nondiscrimination

No person shall be excluded from participation in, be denied benefits of, or be otherwise subjected to discrimination in the performance of a Contract pursuant to this RFP or in the employment practices of the Contractor on the grounds of handicap or disability, age, race, creed, color, religion, sex, national origin,

\(^1\) In this RFP, references to “TennCare member” serve as a catch-all term for all individuals who have the right to receive a fair hearing when appealing adverse benefit determinations proposed by the CoverKids or TennCare member’s MCC.
or any other classification protected by federal, Tennessee state constitutional, or statutory law. The Contractor pursuant to this RFP shall, upon request, show proof of such nondiscrimination and shall post in conspicuous places, available to all employees and applicants, notices of nondiscrimination.

2.2. **The State reserves the right, at its sole discretion, to adjust the RFP Schedule of Events as it deems necessary.** Any adjustment of the Schedule of Events shall constitute an RFP amendment, and the State will communicate such to prospective Respondents from whom the State has received a Notice of Intent to Respond (refer to section 1.8).
3. RESPONSE REQUIREMENTS

3.1. Response Form

A response to this RFP must consist of two parts, a Technical Response and a Cost Proposal.

3.1.1. Technical Response. RFP Attachment 6.2., Technical Response & Evaluation Guide provides the specific requirements for submitting a response. This guide includes mandatory requirement items, general qualifications and experience items, and technical qualifications, experience, and approach items all of which must be addressed with a written response and, in some instances, additional documentation.

**NOTICE:** A technical response must not include any pricing or cost information. If any pricing or cost information amounts of any type (even pricing relating to other projects) is included in any part of the technical response, the state may deem the response to be non-responsive and reject it.

3.1.1.1. A Respondent should duplicate and use the RFP Attachment 6.2., Technical Response & Evaluation Guide to organize, reference, and draft the Technical Response by duplicating the attachment, adding appropriate page numbers as required, and using the guide as a table of contents covering the Technical Response.

3.1.1.2. A response should be economically prepared, with emphasis on completeness and clarity. A response, as well as any reference material presented, must be written in English and must be written on standard 8 ½” x 11” pages (although oversize exhibits are permissible) and use a 12 point font for text. All response pages must be numbered.

3.1.1.3. All information and documentation included in a Technical Response should correspond to or address a specific requirement detailed in the RFP Attachment 6.2., Technical Response & Evaluation Guide. All information must be incorporated into a response to a specific requirement and clearly referenced. Any information not meeting these criteria will be deemed extraneous and will not contribute to evaluations.

3.1.1.4. The State may determine a response to be non-responsive and reject it if:

   a. the Respondent fails to organize and properly reference the Technical Response as required by this RFP and the RFP Attachment 6.2., Technical Response & Evaluation Guide; or

   b. the Technical Response document does not appropriately respond to, address, or meet all of the requirements and response items detailed in the RFP Attachment 6.2., Technical Response & Evaluation Guide.

**NOTICE:** If a Respondent fails to submit a cost proposal exactly as required, the State may deem the response to be non-responsive and reject it.

3.1.2.1. A Respondent must only record the proposed cost exactly as required by the RFP Attachment 6.3., Cost Proposal & Scoring Guide and must NOT record any other rates, amounts, or information.
3.1.2.2. The proposed cost shall incorporate ALL costs for services under the contract for the total contract period, including any renewals or extensions.

3.1.2.3. A Respondent must sign and date the Cost Proposal.

3.1.2.4. A Respondent must submit the Cost Proposal to the State on a separate email or CD or USB flash drive from the Technical Response (as detailed in RFP Sections 3.2.3., et seq.).

3.2. Response Delivery

3.2.1. A Respondent must ensure that both the original Technical Response and Cost Proposal documents meet all form and content requirements, including all required signatures, as detailed within this RFP, as may be amended.

3.2.2. A Respondent must submit original Technical Response and Cost Proposal documents and copies as specified below.

3.2.1.1. Digital Media Submission

An electronic or facsimile signature, as applicable, on the Cost Proposal is acceptable.

3.2.2.2. E-Mail Submission

3.2.2.2.1 Technical Response

The Technical Response document should be in the form of one (1) digital document in “PDF” format or other easily accessible digital format attached to an e-mail to the Solicitation Coordinator. Both the subject and file name should both be clearly identified as follows:
“RFP # 31865-00628 TECHNICAL RESPONSE”

The customer references should be delivered by each reference in accordance with RFP Attachment 6.4.

3.2.2.2.2. Cost Proposal:

3.2.3.4. Any Respondent wishing to submit a Response in a format other than digital may do so by contacting the Solicitation Coordinator.

Nashville, TN  37243
(615) 741-0041

3.3. Response & Respondent Prohibitions

3.3.1. A response must not include alternate contract terms and conditions. If a response contains such terms and conditions, the State, at its sole discretion, may determine the response to be a non-responsive counteroffer and reject it.
3.3.2. A response must not restrict the rights of the State or otherwise qualify either the offer to deliver goods or provide services as required by this RFP or the Cost Proposal. If a response restricts the rights of the State or otherwise qualifies either the offer to deliver goods or provide services as required by this RFP or the Cost Proposal, the State, at its sole discretion, may determine the response to be a non-responsive counteroffer and reject it.

3.3.3. A response must not propose alternative goods or services (i.e., offer services different from those requested and required by this RFP) unless expressly requested in this RFP. The State may consider a response of alternative goods or services to be non-responsive and reject it.

3.3.4. A Cost Proposal must be prepared and arrived at independently and must not involve any collusion between Respondents. The State will reject any Cost Proposal that involves collusion, consultation, communication, or agreement between Respondents. Regardless of the time of detection, the State will consider any such actions to be grounds for response rejection or contract termination.

3.3.5. A Respondent must not provide, for consideration in this RFP process or subsequent contract negotiations, any information that the Respondent knew or should have known was materially incorrect. If the State determines that a Respondent has provided such incorrect information, the State will deem the Response non-responsive and reject it.

3.3.6. A Respondent must not submit more than one Technical Response and one Cost Proposal in response to this RFP, except as expressly requested by the State in this RFP. If a Respondent submits more than one Technical Response or more than one Cost Proposal, the State will deem all of the responses non-responsive and reject them.

3.3.7. A Respondent must not submit a response as a prime contractor while also permitting one or more other Respondents to offer the Respondent as a subcontractor in their own responses. Such may result in the disqualification of all Respondents knowingly involved. This restriction does not, however, prohibit different Respondents from offering the same subcontractor as a part of their responses (provided that the subcontractor does not also submit a response as a prime contractor).

3.3.8. The State shall not consider a response from an individual who is, or within the past six (6) months has been, a State employee. For purposes of this RFP:

3.3.8.1. An individual shall be deemed a State employee until such time as all compensation for salary, termination pay, and annual leave has been paid;

3.3.8.2. A contract with or a response from a company, corporation, or any other contracting entity in which a controlling interest is held by any State employee shall be considered to be a contract with or proposal from the employee; and

3.3.8.3. A contract with or a response from a company, corporation, or any other contracting entity that employs an individual who is, or within the past six (6) months has been, a State employee shall not be considered a contract with or a proposal from the employee and shall not constitute a prohibited conflict of interest.

3.3.9. This RFP is also subject to Tenn. Code Ann. § 12-4-101—105.

3.4. **Response Errors & Revisions**

A Respondent is responsible for any and all response errors or omissions. A Respondent will not be allowed to alter or revise response documents after the Response Deadline time and date detailed in the RFP Section 2, Schedule of Events unless such is formally requested, in writing, by the State.

3.5. **Response Withdrawal**
A Respondent may withdraw a submitted response at any time before the Response Deadline time and date detailed in the RFP Section 2, Schedule of Events by submitting a written request signed by an authorized Respondent representative. After withdrawing a response, a Respondent may submit another response at any time before the Response Deadline. After the Response Deadline, a Respondent may only withdraw all or a portion of a response where the enforcement of the response would impose an unconscionable hardship on the Respondent.

3.6. **Additional Services**

If a response offers goods or services in addition to those required by and described in this RFP, the State, at its sole discretion, may add such services to the contract awarded as a result of this RFP. Notwithstanding the foregoing, a Respondent must not propose any additional cost amounts or rates for additional goods or services. Regardless of any additional services offered in a response, the Respondent’s Cost Proposal must only record the proposed cost as required in this RFP and must not record any other rates, amounts, or information.

**NOTICE:** If a Respondent fails to submit a Cost Proposal exactly as required, the State may deem the response non-responsive and reject it.

3.7. **Response Preparation Costs**

The State will not pay any costs associated with the preparation, submittal, or presentation of any response.
4. **GENERAL CONTRACTING INFORMATION & REQUIREMENTS**

4.1. **RFP Amendment**

The State at its sole discretion may amend this RFP, in writing, at any time prior to contract award. However, prior to any such amendment, the State will consider whether it would negatively impact the ability of potential Respondents to meet the response deadline and revise the RFP Schedule of Events if deemed appropriate. If an RFP amendment is issued, the State will convey it to potential Respondents who submitted a Notice of Intent to Respond (refer to RFP Section 1.8). A response must address the final RFP (including its attachments) as amended.

4.2. **RFP Cancellation**

The State reserves the right, at its sole discretion, to cancel the RFP or to cancel and reissue this RFP in accordance with applicable laws and regulations.

4.3. **State Right of Rejection**

4.3.1. Subject to applicable laws and regulations, the State reserves the right to reject, at its sole discretion, any and all responses.

4.3.2. The State may deem as non-responsive and reject any response that does not comply with all terms, conditions, and performance requirements of this RFP. Notwithstanding the foregoing, the State reserves the right to waive, at its sole discretion, minor variances from full compliance with this RFP. If the State waives variances in a response, such waiver shall not modify the RFP requirements or excuse the Respondent from full compliance, and the State may hold any resulting Contractor to strict compliance with this RFP.

4.4. **Assignment & Subcontracting**

4.4.1. The Contractor may not subcontract, transfer, or assign any portion of the Contract awarded as a result of this RFP without prior approval of the State. The State reserves the right to refuse approval, at its sole discretion, of any subcontract, transfer, or assignment.

4.4.2. If a Respondent intends to use subcontractors, the response to this RFP must specifically identify the scope and portions of the work each subcontractor will perform (refer to RFP Attachment 6.2., Section B, General Qualifications & Experience Item B.14.).

4.4.3. Subcontractors identified within a response to this RFP will be deemed as approved by the State unless the State expressly disapproves one or more of the proposed subcontractors prior to signing the Contract.

4.4.4. After contract award, a Contractor may only substitute an approved subcontractor at the discretion of the State and with the State’s prior, written approval.

4.4.5. Notwithstanding any State approval relating to subcontracts, the Respondent who is awarded a contract pursuant to this RFP will be the prime contractor and will be responsible for all work under the Contract.

4.5. **Right to Refuse Personnel or Subcontractors**

The State reserves the right to refuse, at its sole discretion and notwithstanding any prior approval, any personnel of the prime contractor or a subcontractor providing goods or services in the performance of a contract resulting from this RFP. The State will document in writing the reason(s) for any rejection of personnel.
4.6. **Insurance**

The State will require the awarded Contractor to provide a Certificate of Insurance issued by an insurance company licensed or authorized to provide insurance in the State of Tennessee. Each Certificate of Insurance shall indicate current insurance coverages meeting minimum requirements as may be specified by this RFP. A failure to provide a current Certificate of Insurance will be considered a material breach and grounds for contract termination.

4.7. **Professional Licensure and Department of Revenue Registration**

4.7.1. All persons, agencies, firms, or other entities that provide legal or financial opinions, which a Respondent provides for consideration and evaluation by the State as a part of a response to this RFP, shall be properly licensed to render such opinions.

4.7.2. Before the Contract resulting from this RFP is signed, the apparent successful Respondent (and Respondent employees and subcontractors, as applicable) must hold all necessary or appropriate business or professional licenses to provide the goods or services as required by the contract. The State may require any Respondent to submit evidence of proper licensure.

4.7.3. Before the Contract resulting from this RFP is signed, the apparent successful Respondent must be registered with the Tennessee Department of Revenue for the collection of Tennessee sales and use tax. The State shall not award a contract unless the Respondent provides proof of such registration or provides documentation from the Department of Revenue that the Contractor is exempt from this registration requirement. The foregoing is a mandatory requirement of an award of a contract pursuant to this solicitation. To register, please visit the Department of Revenue’s Tennessee Taxpayer Access Point (TNTAP) website for Online Registration and the Vendor Contract Questionnaire. These resources are available at the following: [https://tntap.tn.gov/eservices/#1](https://tntap.tn.gov/eservices/#1)

4.8. **Disclosure of Response Contents**

4.8.1. All materials submitted to the State in response to this RFP shall become the property of the State of Tennessee. Selection or rejection of a response does not affect this right. By submitting a response, a Respondent acknowledges and accepts that the full response contents and associated documents will become open to public inspection in accordance with the laws of the State of Tennessee.

4.8.2. The State will hold all response information, including both technical and cost information, in confidence during the evaluation process.

4.8.3. Upon completion of response evaluations, indicated by public release of a Notice of Intent to Award, the responses and associated materials will be open for review by the public in accordance with Tenn. Code Ann. § 10-7-504(a)(7).

4.9. **Contract Approval and Contract Payments**

4.9.1. After contract award, the Contractor who is awarded the contract must submit appropriate documentation with the Department of Finance and Administration, Division of Accounts.

4.9.2. This RFP and its contractor selection processes do not obligate the State and do not create rights, interests, or claims of entitlement in either the Respondent with the apparent best-evaluated response or any other Respondent. State obligations pursuant to a contract award shall commence only after the Contract is signed by the State agency head and the Contractor and after the Contract is approved by all other state officials as required by applicable laws and regulations.

4.9.3. No payment will be obligated or made until the relevant Contract is approved as required by applicable statutes and rules of the State of Tennessee.
4.9.3.1. The State shall not be liable for payment of any type associated with the Contract resulting from this RFP (or any amendment thereof) or responsible for any goods delivered or services rendered by the Contractor, even goods delivered or services rendered in good faith and even if the Contractor is orally directed to proceed with the delivery of goods or the rendering of services, if it occurs before the Contract Effective Date or after the Contract Term.

4.9.3.2. All payments relating to this procurement will be made in accordance with the Payment Terms and Conditions of the Contract resulting from this RFP (refer to RFP Attachment 6.6., Pro Forma Contract, Section C).

4.9.3.3. If any provision of the Contract provides direct funding or reimbursement for the competitive purchase of goods or services as a component of contract performance or otherwise provides for the reimbursement of specified, actual costs, the State will employ all reasonable means and will require all such documentation that it deems necessary to ensure that such purchases were competitive and costs were reasonable, necessary, and actual. The Contractor shall provide reasonable assistance and access related to such review. Further, the State shall not remit, as funding or reimbursement pursuant to such provisions, any amounts that it determines do not represent reasonable, necessary, and actual costs.

4.10. Contractor Performance

The Contractor who is awarded a contract will be responsible for the delivery of all acceptable goods or the satisfactory completion of all services set out in this RFP (including attachments) as may be amended. All goods or services are subject to inspection and evaluation by the State. The State will employ all reasonable means to ensure that goods delivered or services rendered are in compliance with the Contract, and the Contractor must cooperate with such efforts.

4.11. Contract Amendment

After Contract award, the State may request the Contractor to deliver additional goods or perform additional services within the general scope of the Contract and this RFP, but beyond the specified Scope, and for which the Contractor may be compensated. In such instances, the State will provide the Contractor a written description of the additional goods or services. The Contractor must respond to the State with a time schedule for delivering the additional goods or accomplishing the additional services based on the compensable units included in the Contractor’s response to this RFP. If the State and the Contractor reach an agreement regarding the goods or services and associated compensation, such agreement must be effected by means of a contract amendment. Further, any such amendment requiring additional goods or services must be signed by both the State agency head and the Contractor and must be approved by other state officials as required by applicable statutes, rules, policies and procedures of the State of Tennessee. The Contractor must not provide additional goods or render additional services until the State has issued a written contract amendment with all required approvals.

4.12. Severability

If any provision of this RFP is declared by a court to be illegal or in conflict with any law, said decision will not affect the validity of the remaining RFP terms and provisions, and the rights and obligations of the State and Respondents will be construed and enforced as if the RFP did not contain the particular provision held to be invalid.

4.13. Next Ranked Respondent

The State reserves the right to initiate negotiations with the next ranked Respondent should the State cease doing business with any Respondent selected via this RFP process.
5. EVALUATION & CONTRACT AWARD

5.2. Evaluation Process

The evaluation process is designed to award the contract resulting from this RFP not necessarily to the Respondent offering the lowest cost, but rather to the Respondent deemed by the State to be responsive and responsible who offers the best combination of attributes based upon the evaluation criteria.

("Responsive Respondent" is defined as a Respondent that has submitted a response that conforms in all material respects to the RFP. "Responsible Respondent" is defined as a Respondent that has the capacity in all respects to perform fully the contract requirements, and the integrity and reliability which will assure good faith performance.)

5.2.1. Technical Response Evaluation. The Solicitation Coordinator and the Proposal Evaluation Team (consisting of three (3) or more State employees) will use the RFP Attachment 6.2., Technical Response & Evaluation Guide to manage the Technical Response Evaluation and maintain evaluation records.

5.2.1.1. The State reserves the right, at its sole discretion, to request Respondent clarification of a Technical Response or to conduct clarification discussions with any or all Respondents. Any such clarification or discussion will be limited to specific sections of the response identified by the State. The subject Respondent must put any resulting clarification in writing as may be required and in accordance with any deadline imposed by the State.

5.2.1.2. The Solicitation Coordinator will review each Technical Response to determine compliance with RFP Attachment 6.2., Technical Response & Evaluation Guide, Section A—Mandatory Requirements. If the Solicitation Coordinator determines that a response failed to meet one or more of the mandatory requirements, the Proposal Evaluation Team will review the response and document the team’s determination of whether:

a. the response adequately meets RFP requirements for further evaluation;

b. the State will request clarifications or corrections for consideration prior to further evaluation; or,

c. the State will determine the response to be non-responsive to the RFP and reject it.

5.2.1.3. Proposal Evaluation Team members will independently evaluate each Technical Response (that is responsive to the RFP) against the evaluation criteria in this RFP,
and will score each in accordance with the RFP Attachment 6.2., Technical Response & Evaluation Guide.

5.2.1.4. For each response evaluated, the Solicitation Coordinator will calculate the average of the Proposal Evaluation Team member scores for RFP Attachment 6.2., Technical Response & Evaluation Guide, and record each average as the response score for the respective Technical Response section.

5.2.1.5. Before Cost Proposals are opened, the Proposal Evaluation Team will review the Technical Response Evaluation record and any other available information pertinent to whether or not each Respondent is responsive and responsible. If the Proposal Evaluation Team identifies any Respondent that does not meet the responsive and responsible thresholds such that the team would not recommend the Respondent for Cost Proposal Evaluation and potential contract award, the team members will fully document the determination.

5.2.2. **Cost Proposal Evaluation.** The Solicitation Coordinator will open for evaluation the Cost Proposal of each Respondent deemed by the State to be responsive and responsible and calculate and record each Cost Proposal score in accordance with the RFP Attachment 6.3., Cost Proposal & Scoring Guide.

5.2.3. Clarifications and Negotiations: The State reserves the right to award a contract on the basis of initial responses received, therefore, each response shall contain the Respondent’s best terms and conditions from a technical and cost standpoint. The State reserves the right to conduct clarifications or negotiations with one or more Respondents. All communications, clarifications, and negotiations shall be conducted in a manner that supports fairness in response improvement.

5.2.3.1. Clarifications: The State may identify areas of a response that may require further clarification or areas in which it is apparent that there may have been miscommunications or misunderstandings as to the State’s specifications or requirements. The State may seek to clarify those issues identified during one or multiple clarification rounds. Each clarification sought by the State may be unique to an individual Respondent, provided that the process is conducted in a manner that supports fairness in response improvement.

5.2.3.2. Negotiations: The State may elect to negotiate with one or more Respondents by requesting revised responses, negotiating costs, or finalizing contract terms and conditions. The State reserves the right to conduct multiple negotiation rounds or no negotiations at all.

5.2.3.3. Cost Negotiations: All Respondents, selected for negotiation by the State, will be given equivalent information with respect to cost negotiations. All cost negotiations will be documented for the procurement file. Additionally, the State may conduct target pricing and other goods or services level negotiations. Target pricing may be based on considerations such as current pricing, market considerations, benchmarks, budget availability, or other methods that do not reveal individual Respondent pricing. During target price negotiations, Respondents are not obligated to reduce their pricing to target prices, but no Respondent is allowed to increase prices.

5.2.3.4. If the State determines that it is unable to successfully negotiate terms and conditions of a contract with the apparent best evaluated Respondent, the State reserves the right to bypass the apparent best evaluated Respondent and enter into terms and conditions contract negotiations with the next apparent best evaluated Respondent.

5.2.4. **Total Response Score.** The Solicitation Coordinator will calculate the sum of the Technical Response section scores and the Cost Proposal score and record the resulting number as the total score for the subject Response (refer to RFP Attachment 6.5., Score Summary Matrix).
5.3. **Contract Award Process**

5.3.1 The Solicitation Coordinator will submit the Proposal Evaluation Team determinations and scores to the head of the procuring agency for consideration along with any other relevant information that might be available and pertinent to contract award.

5.3.2 The procuring agency head will determine the apparent best-evaluated Response. To effect a contract award to a Respondent other than the one receiving the highest evaluation process score, the head of the procuring agency must provide written justification and obtain the written approval of the Chief Procurement Officer and the Comptroller of the Treasury.

5.3.3 The State will issue a Notice of Intent to Award identifying the apparent best-evaluated response and make the RFP files available for public inspection at the time and date specified in the RFP Section 2, Schedule of Events.

**NOTICE:** The Notice of Intent to Award shall not create rights, interests, or claims of entitlement in either the apparent best-evaluated Respondent or any other Respondent.

5.3.4 The Respondent identified as offering the apparent best-evaluated response must sign a contract drawn by the State pursuant to this RFP. The Contract shall be substantially the same as the RFP Attachment 6.6, *Pro Forma Contract*. The Respondent must sign the contract by the Contractor Signature Deadline detailed in the RFP Section 2, Schedule of Events. If the Respondent fails to provide the signed Contract by this deadline, the State may determine that the Respondent is non-responsive to this RFP and reject the response.

5.3.5 Notwithstanding the foregoing, the State may, at its sole discretion, entertain limited terms and conditions or pricing negotiations prior to Contract signing and, as a result, revise the *pro forma* contract terms and conditions or performance requirements in the State's best interests, PROVIDED THAT such revision of terms and conditions or performance requirements shall NOT materially affect the basis of response evaluations or negatively impact the competitive nature of the RFP and contractor selection process.

5.3.6 If the State determines that a response is non-responsive and rejects it after opening Cost Proposals, the Solicitation Coordinator will re-calculate scores for each remaining responsive Cost Proposal to determine (or re-determine) the apparent best-evaluated response.

**SECTION C: TECHNICAL QUALIFICATIONS, EXPERIENCE & APPROACH.** The Respondent must address all items (below) and provide, in sequence, the information and documentation as required (referenced with the associated item references). The Respondent must also detail the response page number for each item in the appropriate space below.

A Proposal Evaluation Team, made up of three or more State employees, will independently evaluate and score the response to each item. Each evaluator will use the following whole number, raw point scale for scoring each item:

- 0 = little value
- 1 = poor
- 2 = fair
- 3 = satisfactory
- 4 = good
- 5 = excellent

The Solicitation Coordinator will multiply the Item Score by the associated Evaluation Factor (indicating the relative emphasis of the item in the overall evaluation). The resulting product will be the item’s Raw Weighted Score for purposes of calculating the section score as indicated.

Each Control Directive implementing the Performance Payment Metric may designate up to six (6) Contract services, deliverables or categories of deliverables to be used as performance metrics and shall stipulate for each metric the performance parameters and requirements for Contractor’s performance to be considered acceptable, and the level of performance below which the State deems performance to be unacceptable. f. Dedicated space for on-site Contractor staff responsible for processing incoming mail and faxes. The dedicated area will include workstations, printers, scanners, filing cabinets, and general operating supplies necessary for Contractor staff while working at 310 Great Circle Road, Nashville, TN to process incoming mail.

a. The Control Memorandum (“CM”) process shall be utilized by the State to clarify Contract requirements, issue instruction to the Contractor, document action required of the Contractor, or request information from the Contractor. In addition, the CM process shall be used by the State to impose assessments of damages, either actual or liquidated. This process will be used to address issues or matters that do not require a contract amendment. Each CM must be in writing and indicate the date on which it was issued. CMs may provide relevant history, background, and other pertinent information regarding the issue(s) being addressed in the CM. Each CM will establish a deadline or timeframe for the Contractor’s reply or other action. All CMs submitted to the Contractor must be signed and approved by the State’s Project Director (or his/her designee). When the CM pertains to damages, either actual or liquidated, the State may issue consecutive CMs, as may be necessary or appropriate.

b. A CM may include one (1) or more of the five (5) components of the CM process described below:

(1) On Request Report – a request directing the Contractor to provide information by the time and date set out in the CM.

(2) Control Directive (CD) – instructions that require the Contractor to complete, within a designated timeframe, one (1) or more deliverables or to perform any other request from the State that is within the scope of the Contract. The CD may include a Corrective Action Plan. A CD may also provide clarification of certain Contract terms. Once a CM/CD has been issued, it shall be considered to be incorporated into this Contract.

(3) Notice of Potential Damages (Actual or Liquidated) (NPD) – notification to the Contractor that the State has determined that a potential Contract performance or compliance failure exists and that the State is contemplating assessing damages. The NPD shall identify the Contract provision(s) on which the State determination rests.

(4) Notice of Calculation of Potential Damages (Actual or Liquidated) (NCPD) – notification to the Contractor that provides a calculation of the amount of potential
damages that the State is contemplating assessing against the Contractor. NPDs and NPCDs may be issued consecutively or simultaneously.

(5) Notice of Intent to Assess Damages (Actual or Liquidated) (NIAD) – notification to the Contractor that the State is assessing damages and specifying whether the damages, due to a performance or compliance failure, are actual damages or Liquidated Damages and setting out the performance or compliance failure underlying each intended damage assessment. TheNIAD shall identify the NPD and NCPD upon which it is based. The NIAD shall specify the total amount and type of damages, whether actual or liquidated, that the State intends to assess. Following the issuance of an NIAD, the State may elect to withhold damages from payments due to Contractor. The State may not issue a NIAD without first issuing a NPD and a NPCD. The State may not obtain both Liquidated Damages and Actual Damages for the same occurrence of a Contract performance or compliance failure.

c. Damages for failure to comply with CM. The Contractor shall fully comply with all CMs. Failure to do so may result in the State pursuing recovery of damages, as defined in Section E.10., including Liquidated Damages as listed in Contract Attachment Reference, a corrective action plan, and/or termination of the Contract.

d. Appeal of Damages by Contractor. Contractor may appeal either the basis for NPD or calculation of NCPD potential damages, either actual or liquidated. To do so, the Contractor shall submit to the State’s Project Director (or his/her designee) a written response to the NPD and/or NCPD within ten (10) business days of receipt of a CM which includes a NPD or a NCPD. The State’s Project Director (or his/her designee) shall review the appeal and provide notice of his/her determination to the Contractor through a CM. If the Contractor disagrees with the State’s Project Director’s (or his/her designee) initial appeal determination or the State’s Project Director (or his/her designee) is unable to resolve the appeal, the Contractor may submit a written request to the State’s Project Director (or his/her designee) that the matter be escalated to senior management of the Agency. Contractor shall submit such a request for escalation within ten (10) business days of its receipt of the initial appeal determination from the State’s Project Director (or his/her designee) or of notification by the State’s Project Director that he/she is unable to resolve the appeal. The State’s senior management shall provide written notice of its final determination to the Contractor within ten (10) days of the receipt of the appeal from the Contractor. Upon appeal or escalation, the State shall not increase the amount of the potential damages.

D.14. Strict Performance. Failure by any Party to this Contract to require, in any one or more cases, the strict performance of any of the terms, covenants, conditions, or provisions of this Contract shall not be construed as a waiver or relinquishment of any term, covenant, condition, or provision. No term or condition of this Contract shall be held to be waived, modified, or deleted except by a written amendment signed by the Parties.

D.15. Independent Contractor. The Parties shall not act as employees, partners, joint venturers, or associates of one another. The Parties are independent contracting entities. Nothing in this Contract shall be construed to create an employer/employee relationship or to allow either Party to exercise control or direction over the manner or method by which the other transacts its business affairs or provides its usual services. The employees or agents of one Party are not employees or agents of the other Party.

The Contractor agrees that it will be responsible for compliance with the Patient Protection and Affordable Care Act (“PPACA”) with respect to itself and its employees, including any obligation to report health insurance coverage, provide health insurance coverage, or pay any financial assessment, tax, or penalty for not providing health insurance. The Contractor shall indemnify the State and hold it harmless from any costs to the State arising from Contractor’s failure to fulfill its PPACA responsibilities for itself or its employees.

D.17. Limitation of State’s Liability. The State shall have no liability except as specifically provided in this Contract. D.20. **HIPAA Compliance.** The State and Contractor shall comply with obligations under the Health Insurance Portability and Accountability Act of 1996 ("HIPAA"), Health Information Technology for Economic and Clinical Health ("HITECH") Act and any other relevant laws and regulations regarding privacy (collectively the "Privacy Rules"). The obligations set forth in this Section shall survive the termination of this Contract.

a. Contractor warrants to the State that it is familiar with the requirements of the Privacy Rules, and will comply with all applicable requirements in the course of this Contract.

b. Contractor warrants that it will cooperate with the State, including cooperation and coordination with State privacy officials and other compliance officers required by the Privacy Rules, in the course of performance of the Contract so that both parties will be in compliance with the Privacy Rules.

c. The State and the Contractor will sign documents, including but not limited to business associate agreements, as required by the Privacy Rules and that are reasonably necessary to keep the State and Contractor in compliance with the Privacy Rules. This provision shall not apply if information received or delivered by the parties under this Contract is NOT “protected health information” as defined by the Privacy Rules, or if the Privacy Rules permit the parties to receive or deliver the information without entering into a business associate agreement or signing another document.

d. The Contractor will indemnify the State and hold it harmless for any violation by the Contractor or its subcontractors of the Privacy Rules. This includes the costs of responding to a breach of protected health information, the costs of responding to a government enforcement action related to the breach, and any fines, penalties, or damages paid by the State because of the violation.

D.21. **Tennessee Consolidated Retirement System.** Subject to statutory exceptions contained in Tenn. Code Ann. §§ 8-36-801, et seq., the law governing the Tennessee Consolidated Retirement System ("TCRS"), provides that if a retired member of TCRS, or of any superseded system administered by TCRS, or of any local retirement fund established under Tenn. Code Ann. §§ 8-35-101, et seq., accepts State employment, the member's retirement allowance is suspended during the period of the employment. Accordingly and notwithstanding any provision of this Contract to the contrary, the Contractor agrees that if it is later determined that the true nature of the working relationship between the Contractor and the State under this Contract is that of “employee/employer” and not that of an independent contractor, the Contractor, if a retired member of TCRS, may be required to repay to TCRS the amount of retirement benefits the Contractor received from TCRS during the Term.
D.22. **Tennessee Department of Revenue Registration.** The Contractor shall comply with all applicable registration requirements contained in Tenn. Code Ann. §§ 67-6-601 – 608. Compliance with applicable registration requirements is a material requirement of this Contract.

D.23. **Debarment and Suspension.** The Contractor certifies, to the best of its knowledge and belief, that its current and future principals, its current and future subcontractors and their principals:

a. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal or state department or agency;

b. have not within a three (3) year period preceding this Contract been convicted of, or had a civil judgment rendered against them from commission of fraud, or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) transaction or grant under a public transaction; violation of federal or state antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification, or destruction of records, making false statements, or receiving stolen property;

c. are not presently indicted or otherwise criminally or civilly charged by a government entity (federal, state, or local) with commission of any of the offenses detailed in section b. of this certification; and

d. have not within a three (3) year period preceding this Contract had one or more public transactions (federal, state, or local) terminated for cause or default.

The Contractor shall provide immediate written notice to the State if at any time it learns that there was an earlier failure to disclose information or that due to changed circumstances, its principals or the principals of its subcontractors are excluded, disqualified, or presently fall under any of the prohibitions of sections a-d.

D.24. **Force Majeure.** “Force Majeure Event” means fire, flood, earthquake, elements of nature or acts of God, wars, riots, civil disorders, rebellions or revolutions, acts of terrorism or any other similar cause beyond the reasonable control of the Party except to the extent that the non-performing Party is at fault in failing to prevent or causing the default or delay, and provided that the default or delay cannot reasonably be circumvented by the non-performing Party through the use of alternate sources, workaround plans or other means. A strike, lockout or labor dispute shall not excuse either Party from its obligations under this Contract. Except as set forth in this Section, any failure or delay by a Party in the performance of its obligations under this Contract arising from a Force Majeure Event is not a default under this Contract or grounds for termination. The non-performing Party will be excused from performing those obligations directly affected by the Force Majeure Event, and only for as long as the Force Majeure Event continues, provided that the Party continues to use diligent, good faith efforts to resume performance without delay. The occurrence of a Force Majeure Event affecting Contractor’s representatives, suppliers, subcontractors, customers or business apart from this Contract is not a Force Majeure Event under this Contract. Contractor will promptly notify the State of any delay caused by a Force Majeure Event (to be confirmed in a written notice to the State within one (1) day of the inception of the delay) that a Force Majeure Event has occurred, and will describe in reasonable detail the nature of the Force Majeure Event. If any Force Majeure Event results in a delay in Contractor’s performance longer than forty-eight (48) hours, the State may, upon notice to Contractor: (a) cease payment of the fees for the affected obligations until Contractor resumes performance of the affected obligations; or (b) immediately terminate this Contract or any purchase order, in whole or in part, without further payment except for fees then due and payable. Contractor will not increase its charges under this Contract or charge the State any fees other than those provided for in this Contract as the result of a Force Majeure Event.

D.25. **State and Federal Compliance.** The Contractor shall comply with all State and federal laws and regulations applicable to Contractor in the Contractor’s performance of this Contract.
D.26. **Governing Law.** This Contract shall be governed by and construed in accordance with the laws of the State of Tennessee, without regard to its conflict or choice of law rules. The Tennessee Claims Commission or the state or federal courts in Tennessee shall be the venue for all claims, disputes, or disagreements arising under this Contract. The Contractor acknowledges and agrees that any rights, claims, or remedies against the State of Tennessee or its employees arising under this Contract shall be subject to and limited to those rights and remedies available under Tenn. Code Ann. §§ 9-8-101 - 408.

D.27. **Entire Agreement.** This Contract is complete and contains the entire understanding between the Parties relating to its subject matter, including all the terms and conditions of the Parties' agreement. This Contract supersedes any and all prior understandings, representations, negotiations, and agreements between the Parties, whether written or oral.

D.28. **Severability.** If any terms and conditions of this Contract are held to be invalid or unenforceable as a matter of law, the other terms and conditions of this Contract shall not be affected and shall remain in full force and effect. The terms and conditions of this Contract are severable.

D.29. **Headings.** Section headings of this Contract are for reference purposes only and shall not be construed as part of this Contract.

D.30. **Incorporation of Additional Documents.** Each of the following documents is included as a part of this Contract by reference. In the event of a discrepancy or ambiguity regarding the Contractor’s duties, responsibilities, and performance under this Contract, these items shall govern in order of precedence below:

a. any amendment to this Contract, with the latter in time controlling over any earlier amendments;

b. this Contract with any attachments or exhibits (excluding the items listed at subsections c. through f., below), which includes: Attachment A (Liquidated Damages), Attachment B TennCare Member Medical Appeals Performance Metrics, Attachment C (Call Center Scripts), Attachment D (Business Associate Agreement), Attachment E (Attestation RE Personnel Usen in Contract Performance, and Attachment F (Sample Letter of Diversity Commitment);

c. any clarifications of or addenda to the Contractor’s proposal seeking this Contract;

d. the State solicitation, as may be amended, requesting responses in competition for this Contract;

e. any technical specifications provided to proposers during the procurement process to award this Contract; and

f. the Contractor’s response seeking this Contract.

D.31. **Iran Divestment Act.** The requirements of Tenn. Code Ann. § 12-12-101, et seq., addressing contracting with persons as defined at Tenn. Code Ann. §12-12-103(5) that engage in investment activities in Iran, shall be a material provision of this Contract. The Contractor certifies, under penalty of perjury, that to the best of its knowledge and belief that it is not on the list created pursuant to Tenn. Code Ann. § 12-12-106.

D.32. **Insurance.** Contractor shall maintain insurance coverage as specified in this Section. The State reserves the right to amend or require additional insurance coverage, coverage amounts, and endorsements required under this Contract. Contractor’s failure to maintain or submit evidence of insurance coverage, as required, is a material breach of this Contract. If Contractor loses insurance coverage, fails to renew coverage, or for any reason becomes uninsured during the term, Contractor shall immediately notify the State. All insurance companies providing coverage must be: (a) acceptable to the State; (b) authorized by the Tennessee Department of Commerce and Insurance ("TDCI"); and (c) rated A- / VII or better by A.M. Best. All coverage must be on a primary basis and noncontributory with any other insurance or self-insurance carried by the State. Contractor agrees to name the State as an additional insured on any insurance policy with the
exception of workers’ compensation (employer liability) and professional liability (errors and omissions) insurance. All policies must contain an endorsement for a waiver of subrogation in favor of the State. Any deductible or self insured retention (“SIR”) over fifty thousand dollars ($50,000) must be approved by the State. The deductible or SIR and any premiums are the Contractor’s sole responsibility. The Contractor agrees that the insurance requirements specified in this Section do not reduce any liability the Contractor has assumed under this Contract including any indemnification or hold harmless requirements.

To achieve the required coverage amounts, a combination of an otherwise deficient specific policy and an umbrella policy with an aggregate meeting or exceeding the required coverage amounts is acceptable. For example: If the required policy limit under this Contract is for two million dollars ($2,000,000) in coverage, acceptable coverage would include a specific policy covering one million dollars ($1,000,000) combined with an umbrella policy for an additional one million dollars ($1,000,000). If the deficient underlying policy is for a coverage area without aggregate limits (generally Automobile Liability and Employers’ Liability Accident), Contractor shall provide a copy of the umbrella insurance policy documents to ensure that no aggregate limit applies to the umbrella policy for that coverage area. In the event that an umbrella policy is being provided to achieve any required coverage amounts, the umbrella policy shall be accompanied by an endorsement at least as broad as the Insurance Services Office, Inc. (also known as “ISO”) “Noncontributory—Other Insurance Condition” endorsement or shall be written on a policy form that addresses both the primary and noncontributory basis of the umbrella policy if the State is otherwise named as an additional insured.

Contractor shall provide the State a certificate of insurance (“COI”) evidencing the coverages and amounts specified in this Section. The COI must be on a form approved by the TDCI (standard ACORD form preferred). The COI must list each insurer’s National Association of Insurance Commissioners (NAIC) number and be signed by an authorized representative of the insurer. The COI must list the State of Tennessee – CPO Risk Manager, 312 Rosa L. Parks Ave., 3rd floor Central Procurement Office, Nashville, TN 37243 as the certificate holder. Contractor shall provide the COI ten (10) business days prior to the Effective Date and again thirty (30) calendar days before renewal or replacement of coverage. Contractor shall provide the State evidence that all subcontractors maintain the required insurance or that subcontractors are included under the Contractor’s policy. At any time, the State may require Contractor to provide a valid COI. The Parties agree that failure to provide evidence of insurance coverage as required is a material breach of this Contract. If Contractor self-insures, then a COI will not be required to prove coverage. Instead Contractor shall provide a certificate of self-insurance or a letter, on Contractor’s letterhead, detailing its coverage, policy amounts, and proof of funds to reasonably cover such expenses. The State reserves the right to require complete copies of all required insurance policies, including endorsements required by these specifications, at any time.

The State agrees that it shall give written notice to the Contractor as soon as practicable after the State becomes aware of any claim asserted or made against the State, but in no event later than thirty (30) calendar days after the State becomes aware of such claim. The failure of the State to give notice shall only relieve the Contractor of its obligations under this Section to the extent that the Contractor can demonstrate actual prejudice arising from the failure to give notice. This Section shall not grant the Contractor or its insurer, through its attorneys, the right to represent the State in any legal matter, as the right to represent the State is governed by Tenn. Code Ann. § 8-6-106.

The insurance obligations under this Contract shall be: (1)—all the insurance coverage and policy limits carried by the Contractor; or (2)—the minimum insurance coverage requirements and policy limits shown in this Contract; whichever is greater. Any insurance proceeds in excess of or broader than the minimum required coverage and minimum required policy limits, which are applicable to a given loss, shall be available to the State. No representation is made that the minimum insurance requirements of the Contract are sufficient to cover the obligations of the
Contractor arising under this Contract. The Contractor shall obtain and maintain, at a minimum, the following insurance coverages and policy limits.

a. Commercial General Liability ("CGL") Insurance

1) The Contractor shall maintain CGL, which shall be written on an ISO Form CG 00 01 occurrence form (or a substitute form providing equivalent coverage) and shall cover liability arising from property damage, premises and operations products and completed operations, bodily injury, personal and advertising injury, and liability assumed under an insured contract (including the tort liability of another assumed in a business contract). The Contractor shall maintain single limits not less than one million dollars ($1,000,000) per occurrence. If a general aggregate limit applies, either the general aggregate limit shall apply separately to this policy or location of occurrence or the general aggregate limit shall be twice the required occurrence limit.

b. Workers' Compensation and Employer Liability Insurance

1) For Contractors statutorily required to carry workers' compensation and employer liability insurance, the Contractor shall maintain:

   i. Workers' compensation in an amount not less than one million dollars ($1,000,000) including employer liability of one million dollars ($1,000,000) per accident for bodily injury by accident, one million dollars ($1,000,000) policy limit by disease, and one million dollars ($1,000,000) per employee for bodily injury by disease.

2) If the Contractor certifies that it is exempt from the requirements of Tenn. Code Ann. §§ 50-6-101 – 103, then the Contractor shall furnish written proof of such exemption for one or more of the following reasons:

   i. The Contractor employs fewer than five (5) employees;
   ii. The Contractor is a sole proprietor;
   iii. The Contractor is in the construction business or trades with no employees;
   iv. The Contractor is in the coal mining industry with no employees;
   v. The Contractor is a state or local government; or

c. Automobile Liability Insurance

1) The Contractor shall maintain automobile liability insurance which shall cover liability arising out of any automobile (including owned, leased, hired, and non-owned automobiles).

2) The Contractor shall maintain bodily injury/property damage with a limit not less than one million dollars ($1,000,000) per occurrence or combined single limit.

d. Technology Professional Liability (Errors & Omissions)/Cyber Liability Insurance
1) The Contractor shall maintain technology professional liability (errors & omissions)/cyber liability insurance appropriate to the Contractor’s profession in an amount not less than ten million dollars ($10,000,000) per occurrence or claim and ten million dollars ($10,000,000) annual aggregate, covering all acts, claims, errors, omissions, negligence, infringement of intellectual property (including copyright, patent and trade secret); network security and privacy risks, including but not limited to unauthorized access, failure of security, information theft, damage to destruction of or alteration of electronic information, breach of privacy perils, wrongful disclosure and release of private information, collection, or other negligence in the handling of confidential information, and including coverage for related regulatory fines, defenses, and penalties.

2) Such coverage shall include data breach response expenses, in an amount not less than ten million dollars ($10,000,000) and payable whether incurred by the State or Contractor, including but not limited to consumer notification, whether or not required by law, computer forensic investigations, public relations and crisis management firm fees, credit file or identity monitoring or remediation services and expenses in the performance of services for the State or on behalf of the State hereunder.

e. Crime Insurance

1) The Contractor shall maintain crime insurance, which shall be written on a “loss sustained form” or “loss discovered form” providing coverage for third party fidelity, including cyber theft and extortion. The policy must allow for reporting of circumstances or incidents that may give rise to future claims, include an extended reporting period of no less than two (2) years with respect to events which occurred but were not reported during the term of the policy, and not contain a condition requiring an arrest or conviction.

2) Any crime insurance policy shall have a limit not less than one million dollars ($1,000,000) per claim and one million dollars ($1,000,000) in the aggregate. Any crime insurance policy shall contain a Social Engineering Fraud Endorsement with a limit of not less than two hundred and fifty thousand dollars ($250,000). This insurance may be written on a claims-made basis, but in the event that coverage is cancelled or non-renewed, the Contractor shall purchase an extended reporting or “tail coverage” of at least two (2) years after the Term.

D.33. Major Procurement Contract Sales and Use Tax. Pursuant to Tenn. Code Ann. § 4-39-102 and to the extent applicable, the Contractor and the Contractor’s subcontractors shall remit sales and use taxes on the sales of goods or services that are made by the Contractor or the Contractor’s subcontractors and that are subject to tax.

D.34. Confidentiality of Records. Strict standards of confidentiality of records and information shall be maintained in accordance with applicable state and federal law. All material and information, regardless of form, medium or method of communication, provided to the Contractor by the State or acquired by the Contractor on behalf of the State that is regarded as confidential under state or federal law shall be regarded as “Confidential Information.” Nothing in this Section shall permit Contractor to disclose any Confidential Information, regardless of whether it has been disclosed or made available to the Contractor due to intentional or negligent actions or inactions of agents of the State or third parties. Confidential Information shall not be disclosed except as required or permitted under state or federal law. The Contractor shall only use Confidential information for activities pursuant to and related to the performance of the Contract. Contractor shall take all necessary steps to safeguard the confidentiality of such material or information in conformance with applicable state and federal law.

The obligations set forth in this Section shall survive the termination of this Contract.
E. SPECIAL TERMS AND CONDITIONS:

E.1. Conflicting Terms and Conditions. Should any of these special terms and conditions conflict with any other terms and conditions of this Contract, the special terms and conditions shall be subordinate to the Contract’s other terms and conditions.

E.2. Contractor Commitment to Diversity. The Contractor shall comply with and make reasonable business efforts to exceed the commitment to diversity represented by the Contractor’s Response to 31865-00629 (Attachment F) and resulting in this Contract.

The Contractor shall assist the State in monitoring the Contractor’s performance of this commitment by providing, as requested, a monthly report of participation in the performance of this Contract by small business enterprises and businesses owned by minorities, women, service-disabled veterans, and persons with disabilities. Such reports shall be provided to the State of Tennessee Governor’s Office of Diversity Business Enterprise in the TN Diversity Software available online at: https://tn.diversitysoftware.com/FrontEnd/StartCertification.asp?TN=tn&XID=9810.

E.3. State Ownership of Goods. The State shall have ownership, right, title, and interest in all goods provided by Contractor under this Contract including full rights to use the goods and transfer title in the goods to any third parties.

E.4. Transfer of Ownership of Custom Software Developed for the State.

a. Definitions.

(1) “Contractor-Owned Software,” shall mean commercially available software the rights to which are owned by Contractor, including but not limited to commercial “off-the-shelf” software which is not developed using State’s money or resources.

(2) “Custom-Developed Application Software,” shall mean customized application software developed by Contractor for the State under this Contract intended to function with the Contractor-Owned Software or any Work Product provided under this Contract.

(3) “Rights Transfer Application Software,” shall mean any pre-existing application software and documentation owned or supplied by Contractor or a third party necessary for the use, functioning, support, or maintenance of the Contractor-Owned Software, the Custom-Developed Application Software, Third Party Software, and any Work Product provided to State.

(4) “Third-Party Software,” shall mean software supplied by Contractor under this Contract or necessary for the functioning of any Work Product not owned by the State or the Contractor.

(5) “Work Product,” shall mean all deliverables such as software, software source code, documentation, planning, etc., that are created, designed, developed, or documented by the Contractor for the State under this Contract. Work Product shall include Rights Transfer Application Software.

b. Rights and Title to the Software

(1) All right, title and interest in and to the Contractor-Owned Software shall at all times remain with Contractor, subject to any license or transfer of rights or ownership granted under this Contract. Contractor grants the State a perpetual
non-exclusive license to the Contractor-Owned Software to be used solely with the Custom-Developed Application Software and the Work Product.

(2) Contractor shall provide the source code in the Custom-Developed Application Software and Work Product with all subsequent modifications, enhancements, bug-fixes or any other changes in the source code of the Work Product and all other code and documentation necessary for the Custom-Developed Application Software to be installed and function as intended and as set forth in this Contract, to the State.

(3) Contractor may lease or sell the Custom-Developed Application Software to third parties with the written permission of the State, which permission may be conditioned on the State receiving royalties from such sales or licenses.

(4) All right, title and interest in and to the Custom-Developed Application Software, and to modifications thereof made by State, including without limitation all copyrights, patents, trade secrets and other intellectual property and other proprietary rights embodied by and arising out of the Custom-Developed Application Software, shall belong to State. To the extent such rights do not automatically belong to State, Contractor hereby assigns, transfers, and conveys all right, title and interest in and to the Custom-Developed Application Software, including without limitation the copyrights, patents, trade secrets, and other intellectual property rights arising out of or embodied by the Custom-Developed Application Software. Contractor and its employees, agents, contractors or representatives shall execute any other documents that State or its counsel deem necessary or desirable to document this transfer or allow State to register its claims and rights to such intellectual property rights or enforce them against third parties.

(5) All right, title and interest in and to the Third-Party Software shall at all times remain with the third party, subject to any license or other rights granted to the State under this Contract or otherwise.

c. The Contractor may use for its own purposes the general knowledge, skills, experience, ideas, concepts, know-how, and techniques obtained and used during the course of performing under this Contract. The Contractor may develop for itself, or for others, materials which are similar to or competitive with those that are produced under this Contract.

d. Notwithstanding anything to the contrary in this Section, the State shall have all ownership rights in software (or modifications thereof) and associated documentation that is designed, developed, installed, or improved hereunder with Federal Financial Participation under 45 C.F.R. § 95.617 and 45 C.F.R. § 92.34, and the Federal government reserves a royalty-free, nonexclusive, and irrevocable license to reproduce, publish, or otherwise use, and to authorize others to use for Federal Government purposes, such software, modification, and documentation.

E.5. Intellectual Property Indemnity. The Contractor agrees to indemnify and hold harmless the State of Tennessee as well as its officers, agents, and employees from and against any and all claims or suits which may be brought against the State concerning or arising out of any claim of an alleged patent, copyright, trade secret or other intellectual property infringement. In any such claim or action brought against the State, the Contractor shall satisfy and indemnify the State for the amount of any settlement or final judgment, and the Contractor shall be responsible for all legal or other fees or expenses incurred by the State arising from any such claim. The State shall give the Contractor notice of any such claim or suit, however, the failure of the State to give such notice shall only relieve Contractor of its obligations under this Section to the extent Contractor can demonstrate actual prejudice arising from the State’s failure to give notice. This Section shall
not grant the Contractor, through its attorneys, the right to represent the State of Tennessee in any legal matter, as provided in Tenn. Code Ann. § 8-6-106.

E.6. **State Furnished Property.** The Contractor shall be responsible for the correct use, maintenance, and protection of all articles of nonexpendable, tangible personal property furnished by the State for the Contractor's use under this Contract. Upon termination of this Contract, all property furnished by the State shall be returned to the State in the same condition as when received, less ordinary wear and tear. Should the property be destroyed, lost, or stolen, the Contractor shall be responsible to the State for the fair market value of the property at the time of loss.

E.7. **Work Papers Subject to Review.** The Contractor shall make all audit, accounting, or financial analysis work papers, notes, and other documentation available for review by the Comptroller of the Treasury or his representatives, upon request, during normal working hours either while the analysis is in progress or subsequent to the completion of this Contract.

E.8. **Prohibited Advertising or Marketing.** The Contractor shall not suggest or imply in advertising or marketing materials that Contractor's goods or services are endorsed by the State. The restrictions on Contractor advertising or marketing materials under this Section shall survive the termination of this Contract.

E.9. **Lobbying.** The Contractor certifies, to the best of its knowledge and belief, that:

a. No federally appropriated funds have been paid or will be paid, by or on behalf of the Contractor, to any person for influencing or attempting to influence an officer or employee of an agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with the awarding of any federal contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement.

b. If any funds other than federally appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with any contract, grant, loan, or cooperative agreement, the Contractor shall complete and submit Standard Form-LLL, “Disclosure Form to Report Lobbying,” in accordance with its instructions.

c. The Contractor shall require that the language of this certification be included in the award documents for all sub-awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into and is a prerequisite for making or entering into this transaction imposed by 31 U.S.C. § 1352.

E.10. **Liquintated Damages.** In the event of a Contract performance or compliance failure by the Contractor, the State may, but is not obligated to address such Contract performance or compliance failure and/or assess damages (“Liquintated Damages”) in accordance with Attachment A of the Contract. The State shall notify the Contractor of any amounts to be assessed as Liquidated Damages via the Control Memorandum process specified in Contract Section A.31. The Parties agree that due to the complicated nature of the Contractor's obligations under this Contract it would be difficult to specifically designate a monetary amount for a Contract performance or compliance failure, as these amounts are likely to be uncertain and not easily proven. Contractor has carefully reviewed the Liquidated Damages contained in Contract
Attachment A and agrees that these amounts represent a reasonable relationship between the amount and what might reasonably be expected in the event of a Contract performance or compliance failure, are a reasonable estimate of the damages that would occur from a Contract performance or compliance failure, and are not punitive. The Parties agree that although the Liquidated Damages represent the reasonable estimate of the damages and injuries sustained by the State due to the Contract performance or compliance failure, they do not include any injury or damage sustained by a third party. The Contractor agrees that the Liquidated Damages are in addition to any amounts Contractor may owe the State pursuant to the indemnity provision or any other sections of this Contract.

The State is not obligated to assess Liquidated Damages as a result of a Contract performance or compliance failure before availing itself of any other remedy. In the event of multiple Contract performance or compliance failures, the Parties recognize that the cumulative effect of these Contract performance failures may exceed the compensation provided by Liquidated Damages. The State may choose to avail itself of any other remedy available under this Contract or at law or equity. The Parties further recognize that the State may not obtain both Liquidated Damages and Actual Damages for the same occurrence of a Contract performance or compliance failure.

Without regard to whether the State has imposed Liquidated Damages or pursued any other remedy due to any action or inaction by the Contractor, the State may impose a corrective action plan or similar measure through a Control Memorandum. Such measure is neither punitive nor related to any damages the State might suffer.

E.11. Partial Takeover of Contract. The State may, at its convenience and without cause, exercise a partial takeover of any service that the Contractor is obligated to perform under this Contract, including any service which is the subject of a subcontract between Contractor and a third party (a “Partial Takeover”). A Partial Takeover of this Contract by the State shall not be deemed a breach of contract. The Contractor shall be given at least thirty (30) days prior written notice of a Partial Takeover. The notice shall specify the areas of service the State will assume and the date the State will be assuming. The State’s exercise of a Partial Takeover shall not alter the Contractor’s other duties and responsibilities under this Contract. The State reserves the right to withhold from the Contractor any amounts the Contractor would have been paid but for the State’s exercise of a Partial Takeover. The amounts shall be withheld effective as of the date the State exercises its right to a Partial Takeover. The State’s exercise of its right to a Partial Takeover of this Contract shall not entitle the Contractor to any actual, general, special, incidental, consequential, or any other damages irrespective of any description or amount.

E.12. Personally Identifiable Information. While performing its obligations under this Contract, Contractor may have access to Personally Identifiable Information held by the State (“PII”). For the purposes of this Contract, “PII” includes “Nonpublic Personal Information” as that term is defined in Title V of the Gramm-Leach-Bliley Act of 1999 or any successor federal statute, and the rules and regulations thereunder, all as may be amended or supplemented from time to time (“GLBA”) and personally identifiable information and other data protected under any other applicable laws, rule or regulation of any jurisdiction relating to disclosure or use of personal information (“Privacy Laws”). Contractor agrees it shall not do or omit to do anything which would cause the State to be in breach of any Privacy Laws. Contractor shall, and shall cause its employees, agents and representatives to: (i) keep PII confidential and may use and disclose PII only as necessary to carry out those specific aspects of the purpose for which the PII was disclosed to Contractor and in accordance with this Contract, GLBA and Privacy Laws; and (ii) implement and maintain appropriate technical and organizational measures regarding information security to: (A) ensure the security and confidentiality of PII; (B) protect against any threats or hazards to the security or integrity of PII; and (C) prevent unauthorized access to or use of PII. Contractor shall immediately notify State: (1) of any disclosure or use of any PII by Contractor or any of its employees, agents and representatives in breach of this Contract; and (2) of any disclosure of any PII to Contractor or its employees, agents and representatives where the purpose of such disclosure is not known to Contractor or its employees, agents and representatives. The State reserves the right to review Contractor’s policies and procedures.
used to maintain the security and confidentiality of PII and Contractor shall, and cause its employees, agents and representatives to, comply with all reasonable requests or directions from the State to enable the State to verify or ensure that Contractor is in full compliance with its obligations under this Contract in relation to PII. Upon termination or expiration of the Contract or at the State’s direction at any time in its sole discretion, whichever is earlier, Contractor shall immediately return to the State any and all PII which it has received under this Contract and shall destroy all records of such PII.

The Contractor shall report to the State any instances of unauthorized access to or potential disclosure of PII in the custody or control of Contractor (“Unauthorized Disclosure”) that come to the Contractor’s attention. Any such report shall be made by the Contractor within forty-eight (48) hours after the Unauthorized Disclosure has come to the attention of the Contractor. Contractor shall take all necessary measures to halt any further Unauthorized Disclosures. The Contractor, at the sole discretion of the State, shall provide no cost credit monitoring services for individuals whose PII was affected by the Unauthorized Disclosure. The Contractor shall bear the cost of notification to all individuals affected by the Unauthorized Disclosure, including individual letters and public notice. The remedies set forth in this Section are not exclusive and are in addition to any claims or remedies available to this State under this Contract or otherwise available at law. The obligations set forth in this Section shall survive the termination of this Contract.

E.13. **Federal Funding Accountability and Transparency Act (FFATA).** This Contract requires the Contractor to provide supplies or services that are funded in whole or in part by federal funds that are subject to FFATA. The DCRC shall investigate and resolve all alleged acts of discrimination committed by the Contractor and/or its employees. The Contractor shall cooperate with TennCare during the investigation and resolution of such complaints. The NCC shall provide the DCRC with all requested information, including but not limited to, the identity of the party filing the complaint; the complainant’s relationship to the Contractor; the circumstances of the complaint; date complaint filed; and the Contractor’s suggested resolution. The Contractor shall take reasonable methods to keep such documentation and materials confidential and shall not disclose the documentation or materials related to such investigation, to any third party unless otherwise required by law.

2. **Discrimination Complaints against the Contractor’s Subcontractors that are recipients of federal financial assistance under this Contract.** Should complaints concerning alleged acts of discrimination committed by the Contractor’s subcontractors related to the provision of and/or access to one of TennCare’s programs be reported to the Contractor, the NCC shall inform the DCRC of such complaints within two (2) business days from the date Contractor learns of such complaints. If the DCRC requests that the NCC assist TennCare with conducting the initial investigation, the NCC’s nondiscrimination compliance officer shall start the initial investigation within five (5) business days from the date of the request. Once an initial investigation has been completed, the NCC’s shall report his/her determinations to the DCRC. At a minimum, the NCC’s report shall include the identity of the party filing the complaint; the complainant’s relationship to the Contractor; the circumstances of the complaint; date complaint filed; and the Contractor’s suggested resolution. The DCRC shall review the NCC’s initial investigations and determine the appropriate resolutions for the complaints as set forth in subsection (3) below. The DCRC reserves the right to investigate and resolve all complaints concerning alleged acts of discrimination committed by the Contractor’s subcontractors that are recipients of federal financial assistance under this Contract. The Contractor’s Providers and Subcontractors that are recipients of federal financial assistance under this Contract shall cooperate with TennCare and the Contractor during discrimination investigations and resolutions.

3. **Corrective Action Plans to Resolve Discrimination Complaints.** If a discrimination complaint against the Contractor or its employees or one of its subcontractors who are recipients of federal financial assistance under this contract, is determined by the DCRC to be valid, the DCRC shall, at its option, either: (i) provide the Contractor with a corrective action plan to resolve the complaint, or (ii) request that the Contractor submit a proposed corrective action plan to the DCRC for review and approval that specifies what actions the Contractor proposes to take to resolve the discrimination complaint. Upon provision of the corrective action plan to Contractor by the DCRC, or approval of the Contractor’s proposed corrective action plan by the DCRC, the Contractor shall implement the approved corrective action plan to resolve the discrimination complaint. TennCare, in its sole discretion, shall determine when a satisfactory discrimination complaint resolution has been reached and shall notify Contractor of the approved resolution. A discrimination complaint resolution corrective action plan may consist of approved nondiscrimination training on relevant discrimination topics. Prior to use, the nondiscrimination training material shall be reviewed and approved by the DCRC.
periods for the implementation of the corrective action plan nondiscrimination training shall be designated by TennCare.

d. **Electronic and Information Technology Accessibility Requirements.**

1. The Contractor shall comply with the civil rights requirements set forth in 42 C.F.R. § 433.112 regarding the design, development, installation or enhancement of mechanized processing and information retrieval systems. In addition, the Contractor shall participate in the State’s effort to comply with the nondiscrimination requirements for acquiring automatic data and processing equipment and services set forth in 45 C.F.R. § 95.633.

2. To the extent that the Contractor is using electronic and information technology to fulfill its obligations under this Contract, the Contractor agrees to comply with the electronic and information technology accessibility requirements under the federal civil rights laws including Section 504 and Section 508 of the Rehabilitation Act of 1973 ("Section 508"), the Americans with Disabilities Act, and 45 C.F.R. pt. 92 (or any subsequent standard adopted by an oversight administrative body, including the Federal Accessibility Board). To comply with the accessibility requirements for Web content and non-Web electronic documents and software, the Contractor shall use the most current W3C’s Web Content Accessibility Guidelines ("WCAG") level AA or higher (For the W3C’s guidelines see: https://www.w3.org/WAI/ and https://www.access-board.gov/guidelines-and-standards/communications-and-it).

Contractor agrees to perform regularly scheduled (i.e., automatic) scans and manual testing for the most current WCAG level AA or higher compliance for all user content and applications in order to meet the standards for compliance. The Contractor must ensure that any system additions, updates, changes or modifications comply with the most current WCAG level AA or higher. Commercial Off-the-shelf ("COTS") products may be used to verify aspects of the most current WCAG level AA or higher compliance.

Additionally, the Contractor agrees to comply with Title VI of the Civil Rights Act of 1964. In order to achieve Title VI compliance the Contractor should add a system function that allows users to translate the content into a language other than English. This requirement may be satisfied by the provision of a link to Google translate or other machine translate tool or translating the page into non-English languages as directed by TennCare.

E.27. **End of Contract Transition Requirements.** If applicable, prior to the end of the Contract term or extension of the Contract term, or in the event of a Contract Termination or Partial Takeover as further defined herein, the State may contract with a successor contractor (Successor Contractor) to assume the Contractor’s duties and requirements upon the end of the term or termination of this Contract. This may result in a period of transition during which the Contractor continues to provide services while the Successor Contractor prepares to assume those services, with a switch over from the Contractor to the Successor Contractor occurring on an implementation date (Implementation Date) specified by the State. The Implementation Date will typically coincide with the Successor Contractor’s Go-Live Date pursuant to its contract with the State. However, the State may elect, in its sole discretion, to have the Contractor continue some portion of its services and systems after the Successor Contractor’s Implementation Date, in which case, unless otherwise agreed to in writing by the State and Contractor, the Contractor shall be compensated for such services and systems in accordance with the provisions of Contract Section C.

The Contractor shall be required to participate as directed by the State, at no additional cost, in assisting with the transition by providing specified deliverables, information relating to the Contractor’s duties and attending meetings with the State and/or Successor Contractor. The Contractor shall, at no additional cost to the State, work with designated State personnel and/or the Successor Contractor to develop and provide to the State for its review and approval a comprehensive Transition Plan no later than one hundred and eighty (180) days prior to the
Contract end date, Termination, or Partial Takeover. The Transition Plan shall cover both the Contractor's and the Successor Contractor's duties and responsibilities to ensure an orderly transition of responsibilities. The Contractor shall, at all times, act in good faith toward the State and/or Successor Contractor to facilitate as seamless a transition as possible. The State shall specify deliverables required of the Contractor in aid of the transition process. Failure to fully and timely cooperate with the State's request or provide the requested deliverables may result in the assessment of damages. The State shall not be liable to the Contractor for any costs and expenses relating to these deliverables or relating to the services provided by the Contractor during the transition period, other than as set forth in Contract Section C.3.

E.28 Extraneous Terms and Conditions. Contractor shall fill all orders submitted by the State under this Contract. No purchase order, invoice, or other documents associated with any sales, orders, or supply of any good or service under this Contract shall contain any terms or conditions other than as set forth in the Contract. Any such extraneous terms and conditions shall be void, invalid and unenforceable against the State. Any refusal by Contractor to supply any goods or services under this Contract conditioned upon the State submitting to any extraneous terms and conditions shall be a material breach of the Contract and constitute an act of bad faith by Contractor.

IN WITNESS WHEREOF,

CONTRACTOR LEGAL ENTITY NAME:

CONTRACTOR SIGNATURE __________________________ DATE __________

PRINTED NAME AND TITLE OF CONTRACTOR SIGNATORY (above)

STATE OF TENNESSEE, DEPARTMENT OF FINANCE AND ADMINISTRATION, DIVISION OF TENNCARE:

BUTCH ELEY, COMMISSIONER __________________________ DATE __________
LIQUIDATED DAMAGES

In the event of a Contract performance or compliance failure by Contractor and such Contract performance failure is not included in the following table with an associated Liquidated Damage amount, the parties hereby agree that the State may choose one of the following courses of action in order to obtain redressability for such Contract performance failure: (1) the State may assess actual damages resulting from the Contract performance or compliance failure against the Contractor in the event that such actual damages are known or are reasonably ascertainable at the time of discovery of such Contract performance or compliance failure or (2) if such actual damages are unknown or are not reasonably ascertainable at the time of discovery of the Contract performance or compliance failure, the State may (a) require the Contractor to submit a corrective action plan to address any such Contract performance or compliance failure and (b) assess a Liquidated Damage against Contractor for an amount that is reasonable in relation to the Contract performance failure as measured at the time of discovery of the Contract performance or compliance failure.

TennCare may elect to apply the following Liquidated Damages remedies in the event the Contractor fails to perform its obligations under this Contract in a proper and/or timely manner. Upon determination by TennCare that the Contractor has failed to meet any of the requirements of this Contract in a proper and/or timely manner, TennCare will notify the Contractor in writing of the performance or compliance failure and of the potential Liquidated Damages to be assessed. Should the performance or compliance failure remain uncorrected for more than thirty (30) calendar days from the date of the original notification of the performance or compliance failure by TennCare, TennCare may impose an additional Liquidated Damage of Five Hundred Dollars ($500) per day from the date of the original notification to Contractor until said performance or compliance failure is resolved.

All Liquidated Damages remedies set forth in the following table may, at TennCare’s election, be retroactive to the date of the initial occurrence of the failure to comply with the terms of the Contract as set forth in the notice of deficiency from TennCare and may continue until such time as the TennCare Deputy Commissioner, or the Deputy Commissioner’s representative, determines the performance or compliance failure has been cured.

If Liquidated Damages are assessed, TennCare shall reduce the amount of any payment due to the Contractor in the next invoice by the amount of damages. In the event that damages due exceed the amount TennCare is to pay to Contractor in a given payment, TennCare shall invoice Contractor for the amount exceeding the amount payable to Contractor, and such excess amount shall be paid by Contractor within thirty (30) calendar days of the invoice date. In situations where the Contractor wishes to dispute any Liquidated Damages assessed by TennCare, the Contractor must submit a written notice of dispute, including the reasons for disputing the Liquidated Damages, to the TennCare Deputy Commissioner or the Deputy Commissioner’s representative within thirty (30) calendar days of receipt of the notice from TennCare containing the total amount of damages assessed against the Contractor. If the Contractor fails to timely dispute a Liquidated Damages assessment as set forth herein, such failure shall constitute a bar to the Contractor seeking to have the assessment amount overturned in a forum or court of competent jurisdiction.

Liquidated Damages will apply for the Contract performance or compliance failures listed below. Contractor acknowledges that the actual damages likely to result from breach of the below Contract performance or compliance failures are difficult to estimate and may be difficult for the State to prove. The Parties intend that the Contractor’s payment of assessed Liquidated Damages will compensate the State for breach by the Contractor obligations under this Contract. Liquidated Damages do not serve as punishment for any breach by the Contractor.

BEGINNING OF CALL

We have 2 different scenarios for the beginning of the call: someone calling on behalf of the member and the member calling for themselves.

• If the caller is someone other than the member, use this process:

Thank you for calling Tenncare Member Medical Appeals. My name is _________. Are you calling for yourself or someone else?

Caller’s response will be something like: I’m calling for someone else. or I’m calling for my daughter. etc.

Can I get your name and a good call back number in case we are disconnected?

Once the caller has provided this information, ask: Can I get the member’s SSN? Once they have provided the SSN, ask: Can you verify the member’s name and DOB?

Once you have this information, you can ask about the reason for the call. Once you know if this is a new issue (which would include a call log of the transfer) or a follow up on an existing appeal, you can move forward with the other information you need to ask.

• If the caller is the member, use this process:

Thank you for calling Tenncare Member Medical Appeals. My name is _________. Are you calling for yourself or someone else?

Caller’s response will be something like: I’m calling for myself.

Let me start by getting your social. or Can I get your social?

Once they have provided the SSN, ask: Can you please verify your name and DOB?

Once you have this information, you can ask about the reason for the call. Once you know if this is a new issue (which would include a call log of the transfer) or a follow up on an existing appeal, you can move forward with the other information you need to ask.

If the caller does not have the SSN, you can verify the member with the name and DOB but, we can’t give out any information on an existing appeal. However, we can submit a new appeal for that caller. When it’s a new issue, let them know at the end of the call that they would need the member’s SSN if they call back in for an update on the appeal as we can’t give out information without it. If the call is for an existing issue, say something like: Unfortunately, I’m unable to provide any information about a member without verifying the social security number along with their name and DOB. I am happy to take a new appeal if needed. Do you have any way to get the member’s social?
**Opening Statement (Read after completing call notes)**
Before we continue with your health plan request, I need to let you know that for right now, (state name of current health plan) must give you the care that you need. You must contact (state name of current health plan) if you need care right away. If your health plan changes, ALL of your doctors must take (state name of requested plan) in order for you to see them.

**Responsible Party Information (Read if the caller is a provider, staff member at a nursing home or attorney)**
The TennCare rules say that only the TennCare member or a responsible party of the member can ask to change health plans. A responsible party is a person who is a parent, guardian, spouse, or child over age 18. A responsible party can also be someone who can legally make medical decisions for the member, like a Representative Payee for a member who gets Social Security benefits.

I'll be happy to take your request to change the member's health plan. TennCare will send the member a letter if they need any more information about the responsible party.

**On the Managed Care Contractor Change – Summary Page**
Regardless of the number of names on the list ask: Are you requesting this change for anyone else in the household?

Explain: If you change your health plan, all family members on your case will also change. But if a family member is on TennCare Select, they may keep TennCare Select.

**If member is on Choices (Ask these questions if CHOICES Member questions is answered as yes. Enter the responses in a note labeled as CHOICES INFORMATION)**

1. Will your housing or employment be disrupted if (state name of current plan) is your health plan?
2. Can (state name of current plan) give you the same housing or employment that you currently have?
3. Has TennCare made (state name of current plan) give you those services?

**TennCare select Information (Read when you are in the MCC change Details screen if the member wants to change to TennCare Select)**
Enrollment in TennCare Select is limited to certain groups of people. These groups are:

1. if you’re assigned to TennCare Select for a short time because the health plan you were in left the TennCare Program (and only until a new plan is ready).
2. if you don’t have legal papers to be in the U.S. but need emergency care. The federal government says states must cover this kind of care for people who don’t have legal papers to be in the U.S.
3. if you’re a Tennessee resident but, for a short time, you’re living outside
Tennessee,

4. if you’re age 20 or older AND in TennCare Standard,
5. if you’re under age 21 AND getting SSI
6. if you’re under age 21 AND in state custody,
7. if you’re under age 21 AND getting long-term care that TennCare pays for – like care in a nursing home, developmental center for persons with mental retardation, or in an HCBS (Home and Community Based Services) waiver program, or
8. if you have intellectual disabilities and are enrolled in the Statewide or Self-Determination HCBS (Home and Community Based Services) waiver or are a member of the Arlington Class.

Since you are requesting a change to TennCare Select, I need to ask you the following questions: (Ask questions from the screen in MATS)

Hardship Criteria Information (Read if the reason for change is anything other than open enrollment or 90-day option)

I need to tell you about the reasons that you can change your health plan. The only times you can change plans are:

- during your open enrollment month; If you live in West Tennessee, your open enrollment month is March; in Middle Tennessee, it's May, and in East Tennessee, it's July,
- OR if you want to change to the same plan other family members have, but not TennCare Select; you can only change to TennCare Select if you are in certain groups. Some of those groups must keep TennCare Select, so if you are in one of those groups, you can't change out of TennCare Select,
- OR if you move out of the area where your plan does business,
- OR if you have a hardship reason to change.

A hardship means that ALL of these must be true for you:

1. You have a medical condition that requires difficult, extensive, and ongoing care; this means your condition is serious and you’re being treated for it now.
2. Your specialist no longer takes your current health plan.
3. Your current health plan doesn't have a specialist that can give you the care that you need.
4. Your current health plan can't work with your specialist to get you the care that you need.
5. Your specialist takes the health plan you want to change to, and
6. The health plan you want to change to is taking new TennCare members.

Reasons that are NOT hardship reasons to change your health plan are:

- You are unhappy with your current health plan or your doctor.
- You have refused the care that your current health plan can give you.
- You think your doctor might not take your current health plan in the future.
- You have Medicare.
- Your Primary Care Provider (PCP) doesn't take your current health plan and you have refused to go to another PCP that takes your current health plan.
Explain: In case you meet the hardship requirements to change, I need to ask the following questions. You may have already answered these questions in another part of the process, but I need to ask them again just in case anything has changed. If you have requested this change for other family members, I will need to ask these questions for each family member, too.

Final script statement (Read after clicking file)
TennCare will review this request to see if your health plan can be changed. You'll get a letter from TennCare that tells you about your request. Remember, until you hear from TennCare, (state name of current health plan) must give you the care that you need. You must contact (state name of current health plan) if you need care right away. Would you like (state name of current health plan)'s phone number?

Closing Statement (after the agent has completed the issue) (Read after Final Statement) If you would like to take a moment to get a pen and paper, I can provide you with an issue number for your request. (Pause to allow caller time to get a pen). Your issue number is . Is there anything else I can help you with today? (Wait for response) Thank you for calling TennCare Member Medical Appeals. Have a great day!

Closing Statement (if transferring the call)
If you would like to take a moment to get a pen and paper, I can provide you with an issue number for your request (pause to allow caller time to get a pen). Your issue number is _________. The phone number for (state name of department) is ______________ (state phone number). Before I transfer you, is there anything else I can help you with today? (Wait for response) Thank you for calling TennCare Member Medical Appeals. Have a great day!
Request for Receipts *(Read after call notes have been entered)*
In order to see if TennCare can pay for this care, we will need copies of the *(state receipts, if reimbursement request or bills, if a billing appeal)* that show:

- the kind of care received,
- the date the care was given,
- the name of the person who received the care,
- the name of the doctor or place that provided the care, and
- the dollar amount of the care

Documents that usually don’t give us all the facts are things like a cash register receipt or a bill from a collection agency, or an Explanation of Benefits from an insurance company. If you don’t have *(state receipts, if reimbursement request or bills, if a billing appeal)* that have all of the facts on it, you should ask your doctor or the place that gave you the care for a copy.

When you have your *(state receipts, if reimbursement request or bills, if a billing appeal)*, the fastest way to get that information to TennCare is to fax it. Would you prefer to fax or mail the *(state receipts, if reimbursement request or bills, if a billing appeal)*?

**To Fax**
You can fax the information to 1-800-345-5575. Include a cover page with your name, SSN, address, and phone number. Add a sentence that states: this is for an appeal that I filed by phone on *(state today’s date for the caller)*.

**To Mail**
You can mail the information to:
