1. INTRODUCTION

The State of Tennessee, Department of Finance and Administration, Division of TennCare, hereinafter referred to as “the State” or “TennCare” issues this Request for Proposals (RFP) to define minimum contract requirements; solicit responses; detail response requirements; and outline the State’s process for evaluating responses and selecting a contractor to provide the needed goods or services.

Through this RFP, the State seeks to procure necessary goods or services at the most favorable, competitive prices and to give ALL qualified respondents, including those that are owned by minorities, women, service-disabled veterans, persons with disabilities and small business enterprises, an opportunity to do business with the state as contractors, subcontractors or suppliers.

1.1 Statement of Procurement Purpose

This RFP is being issued to select a contractor able to maintain the CMS (Centers for Medicare and Medicaid Services) -required pharmacy reimbursement methodology which includes average actual acquisition cost-based ingredient pricing and professional dispensing fees rates for single-source and multi-source legend, Over the Counter (OTC) drugs, specialty, clotting factor and other products paid for via the TennCare pharmacy benefit; and to provide 340B technical (i.e., Estimated Ceiling Price File) and reporting services.

Pursuant to 42 C.F.R. §447.518, TennCare considers two (2) components when proposing changes to the pharmacy reimbursement methodology set forth in its State Plan. The first component is a reasonable Professional Dispensing Fee (PDF) defined in 42 C.F.R. §447 .502 as being determined by a Cost of Dispensing (COD) Survey that takes an accounting of those pharmacy costs associated with ensuring that possession of the appropriate covered outpatient drug is transferred to a Medicaid beneficiary, including, but not limited to, reasonable costs associated with a pharmacist's time in checking the computer for information about an individual's coverage, performing drug utilization review and preferred drug list review activities, measurement or mixing of the covered outpatient drug, filling the container, beneficiary counseling, physically providing the completed prescription to the Medicaid beneficiary, and delivery, special packaging, and overhead associated with maintaining the facility and equipment necessary to operate the pharmacy. The second component is the Average Actual Acquisition Cost (AAAC) of TennCare's pharmaceutical ingredients. Both components (PDF and AAAC) are required to ensure that the total reimbursement to the TennCare pharmacy provider is in accordance with the requirements of section 1902(a)(30)(A) of the Social Security Act: to assure that the payments are consistent with efficiency, economy and quality of care and are sufficient to enlist enough providers so that care and services are available under the State Plan to at least the extent that such care and services are available to the general population in the geographic area.

To remain compliant with the Covered Outpatient Rule, TennCare is required to submit a State Plan Amendment (SPA) to CMS outlining pharmacy provider reimbursement methodology and any updates. CMS reviewed and approved TennCare’s proposed methodology setting forth the proposed AAAC and PDF for pharmacy reimbursement on two separate occasions. Once at the outset of the rule compliance deadline, and again in 2020.

The goals in implementing and maintaining a PDF and AAAC based reimbursement approach inclusive of 340B claims are fourfold: 1) to evaluate actual cost of dispensing for pharmacies in the state of Tennessee; 2) to establish more accurate, cost-effective, and predictable rates for all claim types including claims from 340B entities, while remaining within the guidelines established by CMS; 3) to comply with CMS’ Final Rule mandating that State agencies reimburse pharmacy providers using AAAC plus a PDF, and 4) to ensure accuracy, efficiency and the overall timeliness of pricing and reimbursement for Medicaid pharmacy services including 340B pricing.
1.1.2. The maximum liability in RFP Attachment 6.6, Section C.1, will be populated based on the Cost Proposal rates and associated volumes as projected to complete the scope of work in the pro forma contract. There is no way to accurately project the amount of this project until the cost proposals are received. However, TennCare anticipates expenditures to be between $600,000.00 to $670,000.00 annually.

1.2. Scope of Service, Contract Period, & Required Terms and Conditions

The RFP Attachment 6.6., Pro Forma Contract details the State’s requirements:

- Scope of Services and Deliverables (Section A);
- Contract Period (Section B);
- Payment Terms (Section C);
- Standard Terms and Conditions (Section D); and,
- Special Terms and Conditions (Section E).

The pro forma contract substantially represents the contract document that the successful Respondent must sign.

1.3. Nondiscrimination

No person shall be excluded from participation in, be denied benefits of, or be otherwise subjected to discrimination in the performance of a Contract pursuant to this RFP or in the employment practices of the Contractor on the grounds of handicap or disability, age, race, creed, color, religion, sex, national origin, or any other classification protected by federal, Tennessee state constitutional, or statutory law. 2.2. **The State reserves the right, at its sole discretion, to adjust the RFP Schedule of Events as it deems necessary.** Any adjustment of the Schedule of Events shall constitute an RFP amendment, and the State will communicate such to prospective Respondents from whom the State has received a Notice of Intent to Respond (refer to Section 1.8).
3. **RESPONSE REQUIREMENTS**

3.1. **Response Form**

A response to this RFP must consist of two parts, a Technical Response and a Cost Proposal.

3.1.1. **Technical Response.** RFP Attachment 6.2., Technical Response & Evaluation Guide provides the specific requirements for submitting a response. This guide includes mandatory requirement items, general qualifications and experience items, and technical qualifications, experience, and approach items all of which must be addressed with a written response and, in some instances, additional documentation.

**NOTICE:** A technical response must not include any pricing or cost information. If any pricing or cost information amounts of any type (even pricing relating to other projects) is included in any part of the technical response, the state may deem the response to be non-responsive and reject it.

3.1.1.1. A Respondent should duplicate and use the RFP Attachment 6.2., Technical Response & Evaluation Guide to organize, reference, and draft the Technical Response by duplicating the attachment, adding appropriate page numbers as required, and using the guide as a table of contents covering the Technical Response.

3.1.1.2. A response should be economically prepared, with emphasis on completeness and clarity. A response, as well as any reference material presented, must be written in English and must be written on standard 8 ½” x 11” pages (although oversize exhibits are permissible) and use a 12 point font for text. All response pages must be numbered.

3.1.1.3. All information and documentation included in a Technical Response should correspond to or address a specific requirement detailed in the RFP Attachment 6.2., Technical Response & Evaluation Guide. All information must be incorporated into a response to a specific requirement and clearly referenced. Any information not meeting these criteria will be deemed extraneous and will not contribute to evaluations.

3.1.1.4. The State may determine a response to be non-responsive and reject it if:

a. the Respondent fails to organize and properly reference the Technical Response as required by this RFP and the RFP Attachment 6.2., Technical Response & Evaluation Guide; or

b. the Technical Response document does not appropriately respond to, address, or meet all of the requirements and response items detailed in the RFP Attachment 6.2., Technical Response & Evaluation Guide.

3.1.2. **Cost Proposal.** A Cost Proposal must be recorded on an exact duplicate of the RFP Attachment 6.3., Cost Proposal & Scoring Guide.

**NOTICE:** If a Respondent fails to submit a cost proposal exactly as required, the State may deem the response to be non-responsive and reject it.

3.1.2.1. A Respondent must only record the proposed cost exactly as required by the RFP Attachment 6.3., Cost Proposal & Scoring Guide and must NOT record any other rates, amounts, or information.
3.1.2.2. The proposed cost shall incorporate ALL costs for services under the contract for the total contract period, including any renewals or extensions.

3.1.2.3. A Respondent must sign and date the Cost Proposal.

3.1.2.4. A Respondent must submit the Cost Proposal to the State in a sealed package separate from the Technical Response (as detailed in RFP Sections 3.2.3., et seq.).

3.2. Response Delivery

3.2.1. A Respondent must ensure that both the original Technical Response and Cost Proposal documents meet all form and content requirements, including all required signatures, as detailed within this RFP, as may be amended.

3.2.2. A Respondent must submit original Technical Response and Cost Proposal documents and copies as specified below.

3.2.1.1. Digital Media Submission

The sealed customer references should be delivered by each reference in accordance with RFP Attachment 6.4.

3.2.3.4. Any Respondent wishing to submit a Response in a format other than digital may do so by contacting the Solicitation Coordinator.

Division of TennCare
310 Great Circle Road
Nashville, TN 37243
(615) 741-0041

3.3. Response & Respondent Prohibitions

3.3.1. A response must not include alternate contract terms and conditions. If a response contains such terms and conditions, the State, at its sole discretion, may determine the response to be a non-responsive counteroffer and reject it.

3.3.2. A response must not restrict the rights of the State or otherwise qualify either the offer to deliver goods or provide services as required by this RFP or the Cost Proposal. If a response restricts
the rights of the State or otherwise qualifies either the offer to deliver goods or provide services as required by this RFP or the Cost Proposal, the State, at its sole discretion, may determine the response to be a non-responsive counteroffer and reject it.

3.3.3. A response must not propose alternative goods or services (i.e., offer services different from those requested and required by this RFP) unless expressly requested in this RFP. The State may consider a response of alternative goods or services to be non-responsive and reject it.

3.3.4. A Cost Proposal must be prepared and arrived at independently and must not involve any collusion between Respondents. The State will reject any Cost Proposal that involves collusion, consultation, communication, or agreement between Respondents. Regardless of the time of detection, the State will consider any such actions to be grounds for response rejection or contract termination.

3.3.5. A Respondent must not provide, for consideration in this RFP process or subsequent contract negotiations, any information that the Respondent knew or should have known was materially incorrect. If the State determines that a Respondent has provided such incorrect information, the State will deem the Response non-responsive and reject it.

3.3.6. A Respondent must not submit more than one Technical Response and one Cost Proposal in response to this RFP, except as expressly requested by the State in this RFP. If a Respondent submits more than one Technical Response or more than one Cost Proposal, the State will deem all of the responses non-responsive and reject them.

3.3.7. A Respondent must not submit a response as a prime contractor while also permitting one or more other Respondents to offer the Respondent as a subcontractor in their own responses. Such may result in the disqualification of all Respondents knowingly involved. This restriction does not, however, prohibit different Respondents from offering the same subcontractor as a part of their responses (provided that the subcontractor does not also submit a response as a prime contractor).

3.3.8. The State shall not consider a response from an individual who is, or within the past six (6) months has been, a State employee. For purposes of this RFP:

3.3.8.1. An individual shall be deemed a State employee until such time as all compensation for salary, termination pay, and annual leave has been paid;

3.3.8.2. A contract with or a response from a company, corporation, or any other contracting entity in which a controlling interest is held by any State employee shall be considered to be a contract with or proposal from the employee; and

3.3.8.3. A contract with or a response from a company, corporation, or any other contracting entity that employs an individual who is, or within the past six (6) months has been, a State employee shall not be considered a contract with or a proposal from the employee and shall not constitute a prohibited conflict of interest.

3.3.9. This RFP is also subject to Tenn. Code Ann. § 12-4-101—105.

3.4. **Response Errors & Revisions**

A Respondent is responsible for any and all response errors or omissions. A Respondent will not be allowed to alter or revise response documents after the Response Deadline time and date detailed in the RFP Section 2, Schedule of Events unless such is formally requested, in writing, by the State.

3.5. **Response Withdrawal**

A Respondent may withdraw a submitted response at any time before the Response Deadline time and date detailed in the RFP Section 2, Schedule of Events by submitting a written request signed by an
authorized Respondent representative. After withdrawing a response, a Respondent may submit another response at any time before the Response Deadline. After the Response Deadline, a Respondent may only withdraw all or a portion of a response where the enforcement of the response would impose an unconscionable hardship on the Respondent.

3.6. Additional Services

If a response offers goods or services in addition to those required by and described in this RFP, the State, at its sole discretion, may add such services to the contract awarded as a result of this RFP. Notwithstanding the foregoing, a Respondent must not propose any additional cost amounts or rates for additional goods or services. Regardless of any additional services offered in a response, the Respondent’s Cost Proposal must only record the proposed cost as required in this RFP and must not record any other rates, amounts, or information.

NOTICE: If a Respondent fails to submit a Cost Proposal exactly as required, the State may deem the response non-responsive and reject it.

3.7. Response Preparation Costs

The State will not pay any costs associated with the preparation, submittal, or presentation of any response.
4. **GENERAL CONTRACTING INFORMATION & REQUIREMENTS**

4.1. **RFP Amendment**

The State at its sole discretion may amend this RFP, in writing, at any time prior to contract award. However, prior to any such amendment, the State will consider whether it would negatively impact the ability of potential Respondents to meet the response deadline and revise the RFP Schedule of Events if deemed appropriate. If an RFP amendment is issued, the State will convey it to potential Respondents who submitted a Notice of Intent to Respond (refer to RFP Section 1.8). A response must address the final RFP (including its attachments) as amended.

4.2. **RFP Cancellation**

The State reserves the right, at its sole discretion, to cancel the RFP or to cancel and reissue this RFP in accordance with applicable laws and regulations.

4.3. **State Right of Rejection**

4.3.1. Subject to applicable laws and regulations, the State reserves the right to reject, at its sole discretion, any and all responses.

4.3.2. The State may deem as non-responsive and reject any response that does not comply with all terms, conditions, and performance requirements of this RFP. Notwithstanding the foregoing, the State reserves the right to waive, at its sole discretion, minor variances from full compliance with this RFP. If the State waives variances in a response, such waiver shall not modify the RFP requirements or excuse the Respondent from full compliance, and the State may hold any resulting Contractor to strict compliance with this RFP.

4.4. **Assignment & Subcontracting**

4.4.1. The Contractor may not subcontract, transfer, or assign any portion of the Contract awarded as a result of this RFP without prior approval of the State. The State reserves the right to refuse approval, at its sole discretion, of any subcontract, transfer, or assignment.

4.4.2. If a Respondent intends to use subcontractors, the response to this RFP must specifically identify the scope and portions of the work each subcontractor will perform (refer to RFP Attachment 6.2., Section B, General Qualifications & Experience Item B.14.).

4.4.3. Subcontractors identified within a response to this RFP will be deemed as approved by the State unless the State expressly disapproves one or more of the proposed subcontractors prior to signing the Contract.

4.4.4. After contract award, a Contractor may only substitute an approved subcontractor at the discretion of the State and with the State’s prior, written approval.

4.4.5. Notwithstanding any State approval relating to subcontracts, the Respondent who is awarded a contract pursuant to this RFP will be the prime contractor and will be responsible for all work under the Contract.

4.5. **Right to Refuse Personnel or Subcontractors**

The State reserves the right to refuse, at its sole discretion and notwithstanding any prior approval, any personnel of the prime contractor or a subcontractor providing goods or services in the performance of a contract resulting from this RFP. The State will document in writing the reason(s) for any rejection of personnel.
4.6. **Insurance**

The State will require the awarded Contractor to provide a Certificate of Insurance issued by an insurance company licensed or authorized to provide insurance in the State of Tennessee. Each Certificate of Insurance shall indicate current insurance coverages meeting minimum requirements as may be specified by this RFP. A failure to provide a current, Certificate of Insurance will be considered a material breach and grounds for contract termination.

4.7. **Professional Licensure and Department of Revenue Registration**

4.7.1. All persons, agencies, firms, or other entities that provide legal or financial opinions, which a Respondent provides for consideration and evaluation by the State as a part of a response to this RFP, shall be properly licensed to render such opinions.

4.7.2. Before the Contract resulting from this RFP is signed, the apparent successful Respondent (and Respondent employees and subcontractors, as applicable) must hold all necessary or appropriate business or professional licenses to provide the goods or services as required by the contract. The State may require any Respondent to submit evidence of proper licensure.

4.7.3. Before the Contract resulting from this RFP is signed, the apparent successful Respondent must be registered with the Tennessee Department of Revenue for the collection of Tennessee sales and use tax. The State shall not award a contract unless the Respondent provides proof of such registration or provides documentation from the Department of Revenue that the Contractor is exempt from this registration requirement. The foregoing is a mandatory requirement of an award of a contract pursuant to this solicitation. To register, please visit the Department of Revenue’s Tennessee Taxpayer Access Point (TNTAP) website for Online Registration and the Vendor Contract Questionnaire. These resources are available at the following: [https://tntap.tn.gov/eservices/](https://tntap.tn.gov/eservices/)

4.8. **Disclosure of Response Contents**

4.8.1. All materials submitted to the State in response to this RFP shall become the property of the State of Tennessee. Selection or rejection of a response does not affect this right. By submitting a response, a Respondent acknowledges and accepts that the full response contents and associated documents will become open to public inspection in accordance with the laws of the State of Tennessee.

4.8.2. The State will hold all response information, including both technical and cost information, in confidence during the evaluation process.

4.8.3. Upon completion of response evaluations, indicated by public release of a Notice of Intent to Award, the responses and associated materials will be open for review by the public in accordance with Tenn. Code Ann. § 10-7-504(a)(7).

4.9. **Contract Approval and Contract Payments**

4.9.1. After contract award, the Contractor who is awarded the contract must submit appropriate documentation with the Department of Finance and Administration, Division of Accounts.

4.9.2. This RFP and its contractor selection processes do not obligate the State and do not create rights, interests, or claims of entitlement in either the Respondent with the apparent best-evaluated response or any other Respondent. State obligations pursuant to a contract award shall commence only after the Contract is signed by the State agency head and the Contractor and after the Contract is approved by all other state officials as required by applicable laws and regulations.

4.9.3. No payment will be obligated or made until the relevant Contract is approved as required by applicable statutes and rules of the State of Tennessee.
4.9.3.1. The State shall not be liable for payment of any type associated with the Contract resulting from this RFP (or any amendment thereof) or responsible for any goods delivered or services rendered by the Contractor, even goods delivered or services rendered in good faith and even if the Contractor is orally directed to proceed with the delivery of goods or the rendering of services, if it occurs before the Contract Effective Date or after the Contract Term.

4.9.3.2. All payments relating to this procurement will be made in accordance with the Payment Terms and Conditions of the Contract resulting from this RFP (refer to RFP Attachment 6.6., Pro Forma Contract, Section C).

4.9.3.3. If any provision of the Contract provides direct funding or reimbursement for the competitive purchase of goods or services as a component of contract performance or otherwise provides for the reimbursement of specified, actual costs, the State will employ all reasonable means and will require all such documentation that it deems necessary to ensure that such purchases were competitive and costs were reasonable, necessary, and actual. The Contractor shall provide reasonable assistance and access related to such review. Further, the State shall not remit, as funding or reimbursement pursuant to such provisions, any amounts that it determines do not represent reasonable, necessary, and actual costs.

4.10. Contractor Performance

The Contractor who is awarded a contract will be responsible for the delivery of all acceptable goods or the satisfactory completion of all services set out in this RFP (including attachments) as may be amended. All goods or services are subject to inspection and evaluation by the State. The State will employ all reasonable means to ensure that goods delivered or services rendered are in compliance with the Contract, and the Contractor must cooperate with such efforts.

4.11. Contract Amendment

After Contract award, the State may request the Contractor to deliver additional goods or perform additional services within the general scope of the Contract and this RFP, but beyond the specified Scope, and for which the Contractor may be compensated. In such instances, the State will provide the Contractor a written description of the additional goods or services. The Contractor must respond to the State with a time schedule for delivering the additional goods or accomplishing the additional services based on the compensable units included in the Contractor's response to this RFP. If the State and the Contractor reach an agreement regarding the goods or services and associated compensation, such agreement must be effected by means of a contract amendment. Further, any such amendment requiring additional goods or services must be signed by both the State agency head and the Contractor and must be approved by other state officials as required by applicable statutes, rules, policies and procedures of the State of Tennessee. The Contractor must not provide additional goods or render additional services until the State has issued a written contract amendment with all required approvals.

4.12. Severability

If any provision of this RFP is declared by a court to be illegal or in conflict with any law, said decision will not affect the validity of the remaining RFP terms and provisions, and the rights and obligations of the State and Respondents will be construed and enforced as if the RFP did not contain the particular provision held to be invalid.

4.13. Next Ranked Respondent

The State reserves the right to initiate negotiations with the next ranked Respondent should the State cease doing business with any Respondent selected via this RFP process.
5. EVALUATION & CONTRACT AWARD

5.2. Evaluation Process

The evaluation process is designed to award the contract resulting from this RFP not necessarily to the Respondent offering the lowest cost, but rather to the Respondent deemed by the State to be responsive and responsible who offers the best combination of attributes based upon the evaluation criteria. ("Responsive Respondent" is defined as a Respondent that has submitted a response that conforms in all material respects to the RFP. “Responsible Respondent” is defined as a Respondent that has the capacity in all respects to perform fully the contract requirements, and the integrity and reliability which will assure good faith performance.)

5.2.1. Technical Response Evaluation. The Solicitation Coordinator and the Proposal Evaluation Team (consisting of three (3) or more State employees) will use the RFP Attachment 6.2., Technical Response & Evaluation Guide to manage the Technical Response Evaluation and maintain evaluation records.

5.2.1.1. The State reserves the right, at its sole discretion, to request Respondent clarification of a Technical Response or to conduct clarification discussions with any or all Respondents. Any such clarification or discussion will be limited to specific sections of the response identified by the State. The subject Respondent must put any resulting clarification in writing as may be required and in accordance with any deadline imposed by the State.

5.2.1.2. The Solicitation Coordinator will review each Technical Response to determine compliance with RFP Attachment 6.2., Technical Response & Evaluation Guide, Section A—Mandatory Requirements. If the Solicitation Coordinator determines that a response failed to meet one or more of the mandatory requirements, the Proposal Evaluation Team will review the response and document the team’s determination of whether:

a. the response adequately meets RFP requirements for further evaluation;

b. the State will request clarifications or corrections for consideration prior to further evaluation; or,

c. the State will determine the response to be non-responsive to the RFP and reject it.

5.2.1.3. Proposal Evaluation Team members will independently evaluate each Technical Response (that is responsive to the RFP) against the evaluation criteria in this RFP,
and will score each in accordance with the RFP Attachment 6.2., Technical Response & Evaluation Guide.

5.2.1.4. For each response evaluated, the Solicitation Coordinator will calculate the average of the Proposal Evaluation Team member scores for RFP Attachment 6.2., Technical Response & Evaluation Guide, and record each average as the response score for the respective Technical Response section.

5.2.1.5. Before Cost Proposals are opened, the Proposal Evaluation Team will review the Technical Response Evaluation record and any other available information pertinent to whether or not each Respondent is responsive and responsible. If the Proposal Evaluation Team identifies any Respondent that does not meet the responsive and responsible thresholds such that the team would not recommend the Respondent for Cost Proposal Evaluation and potential contract award, the team members will fully document the determination.

5.2.2. **Cost Proposal Evaluation.** The Solicitation Coordinator will open for evaluation the Cost Proposal of each Respondent deemed by the State to be responsive and responsible and calculate and record each Cost Proposal score in accordance with the RFP Attachment 6.3., Cost Proposal & Scoring Guide.

5.2.3. Clarifications and Negotiations: The State reserves the right to award a contract on the basis of initial responses received, therefore, each response shall contain the Respondent’s best terms and conditions from a technical and cost standpoint. The State reserves the right to conduct clarifications or negotiations with one or more Respondents. All communications, clarifications, and negotiations shall be conducted in a manner that supports fairness in response improvement.

5.2.3.1. Clarifications: The State may identify areas of a response that may require further clarification or areas in which it is apparent that there may have been miscommunications or misunderstandings as to the State's specifications or requirements. The State may seek to clarify those issues identified during one or multiple clarification rounds. Each clarification sought by the State may be unique to an individual Respondent, provided that the process is conducted in a manner that supports fairness in response improvement.

5.2.3.2. Negotiations: The State may elect to negotiate with one or more Respondents by requesting revised responses, negotiating costs, or finalizing contract terms and conditions. The State reserves the right to conduct multiple negotiation rounds or no negotiations at all.

5.2.3.3. Cost Negotiations: All Respondents, selected for negotiation by the State, will be given equivalent information with respect to cost negotiations. All cost negotiations will be documented for the procurement file. Additionally, the State may conduct target pricing and other goods or services level negotiations. Target pricing may be based on considerations such as current pricing, market considerations, benchmarks, budget availability, or other methods that do not reveal individual Respondent pricing. During target price negotiations, Respondents are not obligated to reduce their pricing to target prices, but no Respondent is allowed to increase prices.

5.2.3.4. If the State determines that it is unable to successfully negotiate terms and conditions of a contract with the apparent best evaluated Respondent, the State reserves the right to bypass the apparent best evaluated Respondent and enter into terms and conditions contract negotiations with the next apparent best evaluated Respondent.
5.2.4. **Total Response Score.** The Solicitation Coordinator will calculate the sum of the Technical Response section scores and the Cost Proposal score and record the resulting number as the total score for the subject Response (refer to RFP Attachment 6.5., Score Summary Matrix).

5.3. **Contract Award Process**

5.3.1 The Solicitation Coordinator will submit the Proposal Evaluation Team determinations and scores to the head of the procuring agency for consideration along with any other relevant information that might be available and pertinent to contract award.

5.3.2. The procuring agency head will determine the apparent best-evaluated Response. To effect a contract award to a Respondent other than the one receiving the highest evaluation process score, the head of the procuring agency must provide written justification and obtain the written approval of the Chief Procurement Officer and the Comptroller of the Treasury.

5.3.3. The State will issue a Notice of Intent to Award identifying the apparent best-evaluated response and make the RFP files available for public inspection at the time and date specified in the RFP Section 2, Schedule of Events.

**NOTICE:** The Notice of Intent to Award shall not create rights, interests, or claims of entitlement in either the apparent best-evaluated Respondent or any other Respondent.

5.3.4. The Respondent identified as offering the apparent best-evaluated response must sign a contract drawn by the State pursuant to this RFP. The Contract shall be substantially the same as the RFP Attachment 6.6., *Pro Forma* Contract. The Respondent must sign the contract by the Contractor Signature Deadline detailed in the RFP Section 2, Schedule of Events. If the Respondent fails to provide the signed Contract by this deadline, the State may determine that the Respondent is non-responsive to this RFP and reject the response.

5.3.5. Notwithstanding the foregoing, the State may, at its sole discretion, entertain limited terms and conditions or pricing negotiations prior to Contract signing and, as a result, revise the *pro forma* contract terms and conditions or performance requirements in the State’s best interests, PROVIDED THAT such revision of terms and conditions or performance requirements shall NOT materially affect the basis of response evaluations or negatively impact the competitive nature of the RFP and contractor selection process.

5.3.6. If the State determines that a response is non-responsive and rejects it after opening Cost Proposals, the Solicitation Coordinator will re-calculate scores for each remaining responsive Cost Proposal to determine (or re-determine) the apparent best-evaluated response.

TECHNICAL RESPONSE & EVALUATION GUIDE

SECTION C: TECHNICAL QUALIFICATIONS, EXPERIENCE & APPROACH. The Respondent must address all items (below) and provide, in sequence, the information and documentation as required (referenced with the associated item references). The Respondent must also detail the response page number for each item in the appropriate space below.

A Proposal Evaluation Team, made up of three or more State employees, will independently evaluate and score the response to each item. Each evaluator will use the following whole number, raw point scale for scoring each item:

- 0 = little value
- 1 = poor
- 2 = fair
- 3 = satisfactory
- 4 = good
- 5 = excellent

The Solicitation Coordinator will multiply the Item Score by the associated Evaluation Factor (indicating the relative emphasis of the item in the overall evaluation). The resulting product will be the item’s Raw Weighted Score for purposes of calculating the section score as indicated.

c. Actual Acquisition Cost (AAC)- refer to CMS-2345-FC, Covered Outpatient Drugs Final Rule with Comment, and 42 CFR § 447.502 established acquisition cost (AAC) as the basis by which states should determine their ingredient cost reimbursement so payments are based on a more accurate estimate of the prices available in the marketplace, while still ensuring sufficient beneficiary access.
d. **Average Actual Acquisition Cost (AAAC)** - TennCare’s Actual Acquisition Cost is calculated based on a survey of pharmacies in Tennessee to determine the average invoice acquisition cost submitted for each drug.

e. **Average Manufacturer Price (AMP)** - the average unit price paid in the U.S. to the manufacturer by wholesalers for drugs distributed to the retail pharmacy class of trade, after deducting customary prompt-pay discounts (excluding direct sales to hospitals and Health Maintenance Organizations, and to wholesalers where the drug is relabeled under the distributor’s National Drug Code (NDC) number.

f. **Centers for Medicare and Medicaid Services (CMS)** - a federal agency within the United States Department of Health and Human Services (HHS) that administers the Medicare program and works in partnership with state governments to administer Medicaid, the Children's Health Insurance Program (CHIP), and health insurance portability standards.

g. **Consumer Price Index for All Urban Consumers (CPI-U)** - a measure of the average change over time in the prices paid by urban consumers for a market basket of consumer goods.

h. **Cost of Dispensing Survey** - a process that requires all providers to submit details of financial, demographic, physical and utilization data from their pharmacy to be totaled and analyzed with statistical and accounting methods to determine the actual cost of dispensing a prescription.

i. **First Data Bank (FDB) and Medi-Span** - two of the most widely utilized drug compendia publishers. Both publishers include drug attributes and pricing values. Each publisher also has a unique, proprietary drug identifier that groups products with the same active ingredient, strength, route, and dosage form.

j. **Generic Sequence Number (GSN)** - derives from FDB, is 6-digits in length and can be used to group products with the same active ingredient, strength, route, and dosage form.

k. **Generic Product Identifier (GPI)** - derives from Medi-Span, is 14-digits made up of 7 couplets to group both products and drug categories.

l. **National Council for Prescription Drug Programs (NCPDP)** - a non-profit organization whose purpose is to standardize the exchange of health care information in order to improve outcomes, while also decreasing costs.

1) The cost of the medication equals or exceeds $500 for a thirty (30) day supply;
2) The medication is only approved to treat limited patient populations, indications, or conditions;
3) The medication is typically injected, infused, or requires close monitoring by a physician or clinically trained individual;
4) The medication has limited availability, special dispensing, and delivery requirements, and/or requires additional patient support – any or all of which make such drugs difficult to obtain through traditional pharmacies.

q. **State Plan or State Plan Amendment (SPA)** - an agreement between a state and the Federal government describing how that state administers its Medicaid and CHIP programs. It gives an assurance that a state will abide by Federal rules and may claim Federal matching funds for its program activities. The state plan sets out groups of individuals to be covered, services to be provided, methodologies for providers to be reimbursed and the administrative activities that are underway in the state.

r. **Unit Rebate Amount (URA)** - CMS computes this amount and state Medicaid programs apply utilization information to it in order to invoice drug manufacturers for rebates.

A.3. **Pharmacy Cost of Dispensing.** The Contractor shall conduct a Cost of Dispensing (COD) Survey to determine the proposed PDF and shall assist TennCare as requested, with the submission to CMS of the COD Survey, SPA and related data and documentation, including assisting with any revisions or adjustments to the COD Survey, SPA, or proposed PDF required to obtain CMS approval of the SPA. The COD Survey shall determine the actual cost of dispensing a TennCare pharmaceutical prescription by surveying the entire TennCare pharmacy provider network (“Providers” or “Provider”), consisting of approximately fifteen hundred (1500) pharmacies located in Tennessee, as well as some out-of-state specialty pharmacies.

A.4. The descriptions of Contractor deliverables in this Contract do not include every possible duty, task, or intermediate deliverable necessary to achieve success on this Contract. The Contractor understands and agrees that any perceived lack of detail in a specific area does not indicate that the Contractor will have no duties in that area. The Contractor shall fulfill the State’s Contract goals and requirements in a cost-effective manner. This includes all intermediate steps, deliverables, or processes reasonably necessary to achieve the desired outcome described in each Section of the Contract. Intermediate steps, processes or deliverables may, at the State’s discretion, be described in greater detail in a Control Memorandum, developed by the parties at the inception of each phase of the Contract, using the Control Memorandum process described below. Many objectives described here only describe the end result, thus allowing Contractor flexibility in proposing the details in a Control Memorandum of how their solution meets the State’s goals.

A.5. The Contractor shall perform the COD Survey in compliance with the requirements contained herein, and in compliance with the State Plan requirements, findings and assurances set forth in 42 C.F.R. § 447.502, the definition of PDF and the appropriate costs to be included in the PDF calculation described in 42 C.F.R. § 447.518, the guidance regarding PDFs set forth in section 1902(a)(30)(A) of the Social Security Act, and all other applicable state and federal laws and regulations.

A.6. **Deliverable Milestones.** The services to be performed by the Contractor and the deliverables required to be provided to TennCare are divided into the separate phases as described below, with payment for each such phase contingent upon Contractor providing timely and acceptable services and deliverables in compliance with the Contract requirements. The successful completion, as determined in the State’s sole discretion, of each phase and its associated deliverables, is identified as a deliverable milestone (Deliverable Milestone) which triggers partial payment to the Contractor as set forth in contract Section C.3 of this Contract. Each phase of the services the Contractor is to provide, and the associated deliverables shall be identified by its corresponding Deliverable Milestone designation described below:

a. Milestone 1: Pre-Survey Submission Services. This phase of the Contract includes the following services and deliverables:

Each CM will establish a deadline or timeframe for the Contractor’s reply or other action. The Contractor shall provide, upon request, information, access to records, and access to interview Contractor's employees, contractors, and subcontractors.

h. The Contractor shall, upon request and as required by this Contract or state and/or federal law, make available to the TBI MFCD and OIG any and all administrative records, financial records, medical records, and audit work papers relating to the performance of this Contract. A.34. Warranty. Contractor represents and warrants that the term of the warranty ("Warranty Period") shall be the greater of the Term of this Contract or any other warranty generally offered by Contractor, its suppliers, or manufacturers to customers of its goods or services. The goods or services provided under this Contract shall conform to the terms and conditions of this Contract throughout the Warranty Period. Any nonconformance of the goods or services to the terms and conditions of this Contract shall constitute a "Defect" and shall be considered "Defective." If Contractor receives notice of a Defect during the Warranty Period, then Contractor shall correct the Defect, at no additional charge.

Contractor represents and warrants that the State is authorized to possess and use all equipment, materials, software, and deliverables provided under this Contract.

Contractor represents and warrants that all goods or services provided under this Contract shall be provided in a timely and professional manner, by qualified and skilled individuals, and in conformity with standards generally accepted in Contractor's industry.

If Contractor fails to provide the goods or services as warranted, then Contractor will re-provide the goods or services at no additional charge. If Contractor is unable or unwilling to re-provide the goods or services as warranted, then the State shall be entitled to recover the fees paid to Contractor for the Defective goods or services. Any exercise of the State’s rights under this Section shall not prejudice the State’s rights to seek any other remedies available under this Contract or applicable law.

A.35. Inspection and Acceptance. The State shall have the right to inspect all goods or services provided by Contractor under this Contract. If, upon inspection, the State determines that the goods or services are Defective, the State shall notify Contractor, and Contractor shall re-deliver the goods or provide the services at no additional cost to the State. B.2. Renewal Options. This Contract may be renewed upon satisfactory completion of the Term. The State reserves the right to execute up to two (2) renewal options under the same terms and conditions for a period not to exceed twelve (12) months each by the State, at the State’s sole option. In no event, however, shall the maximum Term, including all renewals or extensions, exceed a total of sixty (60) months.

C. PAYMENT TERMS AND CONDITIONS:

C.1. Maximum Liability. In no event shall the maximum liability of the State under this Contract exceed Written Dollar Amount ($Number) (“Maximum Liability”). This Contract does not grant the Contractor any exclusive rights. The State does not guarantee that it will buy any minimum quantity of goods or services under this Contract. Subject to the terms and conditions of this Contract, the Contractor will only be paid for goods or services provided under this Contract after a purchase order is issued to Contractor by the State or as otherwise specified by this Contract.

4. Include shipping or delivery charges only as authorized in this Contract.

c. The timeframe for payment (or any discounts) begins only when the State is in receipt of an invoice that meets the minimum requirements of this Section C.5.

C.6. Payment of Invoice. A payment by the State shall not prejudice the State’s right to object to or question any payment, invoice, or other matter. A payment by the State shall not be construed as acceptance of goods delivered, any part of the services provided, or as approval of any amount invoiced.

C.7. Invoice Reductions. The Contractor’s invoice shall be subject to reduction for amounts included in any invoice or payment that is determined by the State, on the basis of audits conducted in accordance with the terms of this Contract, to not constitute proper compensation for goods delivered or services provided.

C.8. Deductions. The State reserves the right to deduct from amounts, which are or shall become due and payable to the Contractor under this or any contract between the Contractor and the State of Tennessee, any amounts that are or shall become due and payable to the State of Tennessee by the Contractor.

C.9. Prerequisite Documentation. The Contractor shall not invoice the State under this Contract until the State has received the following, properly completed documentation.

a. The Contractor shall complete, sign, and present to the State the "Authorization Agreement for Automatic Deposit Form" provided by the State. By doing so, the Contractor acknowledges and agrees that, once this form is received by the State, payments to the Contractor, under this or any other contract the Contractor has with the State of Tennessee, may be made by ACH; and

b. The Contractor shall complete, sign, and return to the State the State-provided W-9 form. The taxpayer identification number on the W-9 form must be the same as the Contractor's Federal Employer Identification Number or Social Security Number referenced in the Contractor’s Edison registration information.

D. MANDATORY TERMS AND CONDITIONS:

D.1. Required Approvals. The State is not bound by this Contract until it is duly approved by the Parties and all appropriate State officials in accordance with applicable Tennessee laws and regulations. Depending upon the specifics of this Contract, this may include approvals by the Commissioner of Finance and Administration, the Commissioner of Human Resources, the Comptroller of the Treasury, and the Chief Procurement Officer. D.3. Modification and Amendment. This Contract may be modified only by a written amendment signed by all Parties and approved by all applicable State officials. The State’s exercise of a valid Renewal Option or Term Extension does not constitute an amendment so long as there are no other changes to the Contract’s terms and conditions.

D.4. Subject to Funds Availability. The Contract is subject to the appropriation and availability of State or federal funds. In the event that the funds are not appropriated or are otherwise unavailable, the State reserves the right to terminate this Contract upon written notice to the Contractor. The State’s exercise of its right to terminate this Contract shall not constitute a breach of Contract by the State. Upon receipt of the written notice, the Contractor shall cease all work associated with the Contract. If the State terminates this Contract due to lack of funds availability, the Contractor shall be entitled to compensation for all conforming goods requested and accepted by the State and for all satisfactory and authorized services completed as of the termination date. Should the State exercise its right to terminate this Contract due to unavailability of funds, the Contractor shall have no right to recover from the State any actual, general, special, incidental, consequential, or any other damages of any description or amount.

D.5. Termination for Convenience. The State may terminate this Contract for convenience without cause and for any reason. The State shall give the Contractor at least thirty (30) days written notice before the termination date. The Contractor shall be entitled to compensation for all conforming goods delivered and accepted by the State or for satisfactory, authorized services completed as of the termination date. In no event shall the State be liable to the Contractor for compensation for any goods neither requested nor accepted by the State or for any services neither requested by the State nor satisfactorily performed by the Contractor. In no event shall the State’s exercise of its right to terminate this Contract for convenience relieve the Contractor of any liability to the State for any damages or claims arising under this Contract.

D.6. Termination for Cause. If the Contractor fails to properly perform its obligations under this Contract in a timely or proper manner, or if the Contractor materially violates any terms of this Contract (“Breach Condition”), the State shall have the right to immediately terminate the Contract and withhold payments in excess of compensation for completed services or provided goods. Notwithstanding the above, the Contractor shall not be relieved of liability to the State for damages sustained by virtue of any Breach Condition and the State may seek other remedies allowed at law or in equity for breach of this Contract.

D.7. Assignment and Subcontracting. The Contractor shall not assign this Contract or enter into a subcontract for any of the goods or services provided under this Contract without the prior written
approval of the State. Notwithstanding any use of the approved subcontractors, the Contractor shall be the prime contractor and responsible for compliance with all terms and conditions of this Contract. The State reserves the right to request additional information or impose additional terms and conditions before approving an assignment of this Contract in whole or in part or the use of subcontractors in fulfilling the Contractor’s obligations under this Contract.

D.8. Conflicts of Interest. The Contractor warrants that no part of the Contractor’s compensation shall be paid directly or indirectly to an employee or official of the State of Tennessee as wages, compensation, or gifts in exchange for acting as an officer, agent, employee, subcontractor, or consultant to the Contractor in connection with any work contemplated or performed under this Contract.

The Contractor acknowledges, understands, and agrees that this Contract shall be null and void if the Contractor is, or within the past six (6) months has been, an employee of the State of Tennessee or if the Contractor is an entity in which a controlling interest is held by an individual who is, or within the past six (6) months has been, an employee of the State of Tennessee.

D.9. Nondiscrimination. The Contractor hereby agrees, warrants, and assures that no person shall be excluded from participation in, be denied benefits of, or be otherwise subjected to discrimination in the performance of this Contract or in the employment practices of the Contractor on the grounds of handicap or disability, age, race, creed, color, religion, sex, national origin, or any other classification protected by federal or state law. The Contractor shall, upon request, show proof of nondiscrimination and shall post in conspicuous places, available to all employees and applicants, notices of nondiscrimination. This Section D.9 shall not be deemed to limit or abridge any requirement set forth in Section E.25.

D.10. Prohibition of Illegal Immigrants. The requirements of Tenn. Code Ann. § 12-3-309 addressing the use of illegal immigrants in the performance of any contract to supply goods or services to the state of Tennessee, shall be a material provision of this Contract, a breach of which shall be grounds for monetary and other penalties, up to and including termination of this Contract.

a. The Contractor agrees that the Contractor shall not knowingly utilize the services of an illegal immigrant in the performance of this Contract and shall not knowingly utilize the services of any subcontractor who will utilize the services of an illegal immigrant in the performance of this Contract. The Contractor shall reaffirm this attestation, in writing, by submitting to the State a completed and signed copy of the document at Attachment A, semi-annually during the Term. If the Contractor is a party to more than one contract with the State, the Contractor may submit one attestation that applies to all contracts with the State. All Contractor attestations shall be maintained by the Contractor and made available to State officials upon request.

b. Prior to the use of any subcontractor in the performance of this Contract, and semi-annually thereafter, during the Term, the Contractor shall obtain and retain a current, written attestation that the subcontractor shall not knowingly utilize the services of an illegal immigrant to perform work under this Contract and shall not knowingly utilize the services of any subcontractor who will utilize the services of an illegal immigrant to perform work under this Contract. Attestations obtained from subcontractors shall be maintained by the Contractor and made available to State officials upon request.

c. The Contractor shall maintain records for all personnel used in the performance of this Contract. Contractor's records shall be subject to review and random inspection at any reasonable time upon reasonable notice by the State.

d. The Contractor understands and agrees that failure to comply with this section will be subject to the sanctions of Tenn. Code Ann. § 12-3-309 for acts or omissions occurring after its effective date.

e. For purposes of this Contract, "illegal immigrant" shall be defined as any person who is not: (i) a United States citizen; (ii) a Lawful Permanent Resident; (iii) a person whose physical presence in the United States is authorized; (iv) allowed by the federal Department of
Homeland Security and who, under federal immigration laws or regulations, is authorized to be employed in the U.S.; or (v) is otherwise authorized to provide services under the Contract.

D.11. **Records.** The Contractor shall maintain documentation for all charges under this Contract. The books, records, and documents of the Contractor, for work performed or money received under this Contract, shall be maintained for a period of ten (10) full years from the date of the final payment and shall be subject to audit at any reasonable time and upon reasonable notice by the State, the Comptroller of the Treasury, or their duly appointed representatives. The financial statements shall be prepared in accordance with generally accepted accounting principles.

D.12. **Monitoring.** The Contractor’s activities conducted and records maintained pursuant to this Contract shall be subject to monitoring and evaluation by the State, the Comptroller of the Treasury, or their duly appointed representatives.

D.13. **Progress Reports.** The Contractor shall submit brief, periodic, progress reports to the State as requested.

D.14. **Strict Performance.** Failure by any Party to this Contract to require, in any one or more cases, the strict performance of any of the terms, covenants, conditions, or provisions of this Contract shall not be construed as a waiver or relinquishment of any term, covenant, condition, or provision. No term or condition of this Contract shall be held to be waived, modified, or deleted except by a written amendment signed by the Parties.

D.15. **Independent Contractor.** The Parties shall not act as employees, partners, joint venturers, or associates of one another. The Parties are independent contracting entities. Nothing in this Contract shall be construed to create an employer/employee relationship or to allow either Party to exercise control or direction over the manner or method by which the other transacts its business affairs or provides its usual services. The employees or agents of one Party are not employees or agents of the other Party.

D.16. **Patient Protection and Affordable Care Act.** The Contractor agrees that it will be responsible for compliance with the Patient Protection and Affordable Care Act ("PPACA") with respect to itself and its employees, including any obligation to report health insurance coverage, provide health insurance coverage, or pay any financial assessment, tax, or penalty for not providing health insurance. The Contractor shall indemnify the State and hold it harmless from any costs to the State arising from Contractor's failure to fulfill its PPACA responsibilities for itself or its employees.

D.17. **Limitation of State’s Liability.** The State shall have no liability except as specifically provided in this Contract. In no event will the State be liable to the Contractor or any other party for any lost revenues, lost profits, loss of business, decrease in the value of any securities or cash position, time, goodwill, or any indirect, special, incidental, punitive, exemplary or consequential damages of any nature, whether based on warranty, contract, statute, regulation, tort (including but not limited to negligence), or any other legal theory that may arise under this Contract or otherwise. The State’s total liability under this Contract (including any exhibits, schedules, amendments or other attachments to the Contract) or otherwise shall under no circumstances exceed the Maximum Liability. This limitation of liability is cumulative and not per incident.

D.18. **Limitation of Contractor’s Liability.** In accordance with Tenn. Code Ann. § 12-3-701, the Contractor’s liability for all claims arising under this Contract shall be limited to an amount equal to two (2) times the Maximum Liability amount detailed in Section C.1. and as may be amended, PROVIDED THAT in no event shall this Section limit the liability of the Contractor for: (i) intellectual property or any Contractor indemnity obligations for infringement for third-party intellectual property rights; (ii) any claims covered by any specific provision in the Contract providing for liquidated damages; or (iii) any claims for intentional torts, criminal acts, fraudulent conduct, or acts or omissions that result in personal injuries or death. For clarity, except as otherwise expressly set forth in this Section, Contractor’s indemnification obligations and other remedies available under this Contract are subject to the limitations on liability set forth in this Section.
D.19. **Hold Harmless.** The Contractor agrees to indemnify and hold harmless the State of Tennessee as well as its officers, agents, and employees from and against any and all claims, liabilities, losses, and causes of action which may arise, accrue, or result to any person, firm, corporation, or other entity which may be injured or damaged as a result of acts, omissions, or negligence on the part of the Contractor, its employees, or any person acting for or on its or their behalf relating to this Contract. The Contractor further agrees it shall be liable for the reasonable cost of attorneys’ fees, court costs, expert witness fees, and other litigation expenses for the State to enforce the terms of this Contract.

In the event of any suit or claim, the Parties shall give each other immediate notice and provide all necessary assistance to respond. The failure of the State to give notice shall only relieve the Contractor of its obligations under this Section to the extent that the Contractor can demonstrate actual prejudice arising from the failure to give notice. This Section shall not grant the Contractor, through its attorneys, the right to represent the State in any legal matter, as the right to represent the State is governed by Tenn. Code Ann. § 8-6-106.

D.20. **HIPAA Compliance.** The State and Contractor shall comply with obligations under the Health Insurance Portability and Accountability Act of 1996 (“HIPAA”), Health Information Technology for Economic and Clinical Health (“HITECH”) Act and any other relevant laws and regulations regarding privacy (collectively the “Privacy Rules”). The obligations set forth in this Section shall survive the termination of this Contract.

a. Contractor warrants to the State that it is familiar with the requirements of the Privacy Rules and will comply with all applicable requirements in the course of this Contract.

b. Contractor warrants that it will cooperate with the State, including cooperation and coordination with State privacy officials and other compliance officers required by the Privacy Rules, in the course of performance of the Contract so that both parties will be in compliance with the Privacy Rules.

c. The State and the Contractor will sign documents, including but not limited to business associate agreements, as required by the Privacy Rules and that are reasonably necessary to keep the State and Contractor in compliance with the Privacy Rules. This provision shall not apply if information received or delivered by the parties under this Contract is NOT “protected health information” as defined by the Privacy Rules, or if the Privacy Rules permit the parties to receive or deliver the information without entering into a business associate agreement or signing another document.

d. The Contractor will indemnify the State and hold it harmless for any violation by the Contractor or its subcontractors of the Privacy Rules. This includes the costs of responding to a breach of protected health information, the costs of responding to a government enforcement action related to the breach, and any fines, penalties, or damages paid by the State because of the violation.

D.21. **Tennessee Consolidated Retirement System.** Subject to statutory exceptions contained in Tenn. Code Ann. §§ 8-36-801, et seq., the law governing the Tennessee Consolidated Retirement System (“TCRS”), provides that if a retired member of TCRS, or of any superseded system administered by TCRS, or of any local retirement fund established under Tenn. Code Ann. §§ 8-35-101, et seq., accepts State employment, the member's retirement allowance is suspended during the period of the employment. Accordingly and notwithstanding any provision of this Contract to the contrary, the Contractor agrees that if it is later determined that the true nature of the working relationship between the Contractor and the State under this Contract is that of “employee/employer” and not that of an independent contractor, the Contractor, if a retired member of TCRS, may be required to repay to TCRS the amount of retirement benefits the Contractor received from TCRS during the Term.

D.22. **Tennessee Department of Revenue Registration.** The Contractor shall comply with all applicable registration requirements contained in Tenn. Code Ann. §§ 67-6-601 – 608. Compliance with applicable registration requirements is a material requirement of this Contract.

D.23. **Debarment and Suspension.** The Contractor certifies, to the best of its knowledge and belief, that it, its current and future principals, its current and future subcontractors and their principals:
a. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal or state department or agency;

b. have not within a three (3) year period preceding this Contract been convicted of, or had a civil judgment rendered against them from commission of fraud, or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) transaction or grant under a public transaction; violation of federal or state antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification, or destruction of records, making false statements, or receiving stolen property;

c. are not presently indicted or otherwise criminally or civilly charged by a government entity (federal, state, or local) with commission of any of the offenses detailed in section b. of this certification; and

d. have not within a three (3) year period preceding this Contract had one or more public transactions (federal, state, or local) terminated for cause or default.

The Contractor shall provide immediate written notice to the State if at any time it learns that there was an earlier failure to disclose information or that due to changed circumstances, its principals or the principals of its subcontractors are excluded, disqualified, or presently fall under any of the prohibitions of sections a-d.

D.24. **Force Majeure.** “Force Majeure Event” means fire, flood, earthquake, elements of nature or acts of God, wars, riots, civil disorders, rebellions or revolutions, acts of terrorism or any other similar cause beyond the reasonable control of the Party except to the extent that the non-performing Party is at fault in failing to prevent or causing the default or delay, and provided that the default or delay cannot reasonably be circumvented by the non-performing Party through the use of alternate sources, workaround plans or other means. A strike, lockout or labor dispute shall not excuse either Party from its obligations under this Contract. Except as set forth in this Section, any failure or delay by a Party in the performance of its obligations under this Contract arising from a Force Majeure Event is not a default under this Contract or grounds for termination. The non-performing Party will be excused from performing those obligations directly affected by the Force Majeure Event, and only for as long as the Force Majeure Event continues, provided that the Party continues to use diligent, good faith efforts to resume performance without delay. The occurrence of a Force Majeure Event affecting Contractor’s representatives, suppliers, subcontractors, customers or business apart from this Contract is not a Force Majeure Event under this Contract. Contractor will promptly notify the State of any delay caused by a Force Majeure Event (to be confirmed in a written notice to the State within one (1) day of the inception of the delay) that a Force Majeure Event has occurred, and will describe in reasonable detail the nature of the Force Majeure Event. If any Force Majeure Event results in a delay in Contractor’s performance longer than forty-eight (48) hours, the State may, upon notice to Contractor: (a) cease payment of the fees for the affected obligations until Contractor resumes performance of the affected obligations; or (b) immediately terminate this Contract or any purchase order, in whole or in part, without further payment except for fees then due and payable. Contractor will not increase its charges under this Contract or charge the State any fees other than those provided for in this Contract as the result of a Force Majeure Event.

D.25. **State and Federal Compliance.** The Contractor shall comply with all State and federal laws and regulations applicable to Contractor in the Contractor’s performance of this Contract.

D.26. **Governing Law.** This Contract shall be governed by and construed in accordance with the laws of the State of Tennessee, without regard to its conflict or choice of law rules. The Tennessee Claims Commission or the state or federal courts in Tennessee shall be the venue for all claims, disputes, or disagreements arising under this Contract. The Contractor acknowledges and agrees that any rights, claims, or remedies against the State of Tennessee or its employees arising under this Contract shall be subject to and limited to those rights and remedies available under Tenn. Code Ann. §§ 9-8-101 - 408.

D.27. **Entire Agreement.** This Contract is complete and contains the entire understanding between the Parties relating to its subject matter, including all the terms and conditions of the Parties’ agreement.
This Contract supersedes any and all prior understandings, representations, negotiations, and agreements between the Parties, whether written or oral.

D.28. Severability. If any terms and conditions of this Contract are held to be invalid or unenforceable as a matter of law, the other terms and conditions of this Contract shall not be affected and shall remain in full force and effect. The terms and conditions of this Contract are severable.

D.29. Headings. Section headings of this Contract are for reference purposes only and shall not be construed as part of this Contract.

D.30. Incorporation of Additional Documents. Each of the following documents is included as a part of this Contract by reference. In the event of a discrepancy or ambiguity regarding the Contractor’s duties, responsibilities, and performance under this Contract, these items shall govern in order of precedence below:

a. any amendment to this Contract, with the latter in time controlling over any earlier amendments;
b. this Contract with any attachments or exhibits (excluding the items listed at subsections c. through f., below), which includes Attachment A – Attestation RE Personnel Used in Contract Performance, Attachment B - Liquidated Damages, Attachment C - HIPAA Business Associate Agreement, and Attachment D – Contractor Commitment to Diversity.
c. any clarifications of or addenda to the Contractor’s proposal seeking this Contract;
d. the State solicitation, as may be amended, requesting responses in competition for this Contract;
e. any technical specifications provided to proposers during the procurement process to award this Contract; and
f. the Contractor’s response seeking this Contract.

D.31. Iran Divestment Act. The requirements of Tenn. Code Ann. § 12-12-101, et seq., addressing contracting with persons as defined at Tenn. Code Ann. §12-12-103(5) that engage in investment activities in Iran, shall be a material provision of this Contract. The Contractor certifies, under penalty of perjury, that to the best of its knowledge and belief that it is not on the list created pursuant to Tenn. Code Ann. § 12-12-106.

D.32. Insurance. Contractor shall maintain insurance coverage as specified in this Section. The State reserves the right to amend or require additional insurance coverage, coverage amounts, and endorsements required under this Contract. Contractor’s failure to maintain or submit evidence of insurance coverage, as required, is a material breach of this Contract. If Contractor loses insurance coverage, fails to renew coverage, or for any reason becomes uninsured during the Term, Contractor shall immediately notify the State. All insurance companies providing coverage must be: (a) acceptable to the State; (b) authorized by the Tennessee Department of Commerce and Insurance (“TDCI”); and (c) rated A- / VII or better by A.M. Best. All coverage must be on a primary basis and noncontributory with any other insurance or self-insurance carried by the State. Contractor agrees to name the State as an additional insured on any insurance policy with the exception of workers’ compensation (employer liability) and professional liability (errors and omissions) insurance. All policies must contain an endorsement for a waiver of subrogation in favor of the State. Any deductible or self-insured retention (“SIR”) over fifty thousand dollars ($50,000) must be approved by the State. The deductible or SIR and any premiums are the Contractor’s sole responsibility. The Contractor agrees that the insurance requirements specified in this Section do not reduce any liability the Contractor has assumed under this Contract including any indemnification or hold harmless requirements.

To achieve the required coverage amounts, a combination of an otherwise deficient specific policy and an umbrella policy with an aggregate meeting or exceeding the required coverage amounts is acceptable. For example: If the required policy limit under this Contract is for two million dollars ($2,000,000) in coverage, acceptable coverage would include a specific policy covering one million dollars ($1,000,000) combined with an umbrella policy for an additional one million dollars ($1,000,000). If the deficient underlying policy is for a coverage area without aggregate limits (generally Automobile Liability and Employers’ Liability Accident), Contractor shall provide a copy of the umbrella insurance policy documents to ensure that no aggregate limit applies to the umbrella
policy for that coverage area. In the event that an umbrella policy is being provided to achieve any required coverage amounts, the umbrella policy shall be accompanied by an endorsement at least as broad as the Insurance Services Office, Inc. (also known as “ISO”) “Noncontributory—Other Insurance Condition” endorsement or shall be written on a policy form that addresses both the primary and noncontributory basis of the umbrella policy if the State is otherwise named as an additional insured.

Contractor shall provide the State a certificate of insurance (“COI”) evidencing the coverages and amounts specified in this Section. The COI must be on a form approved by the TDCI (standard ACORD form preferred). The COI must list each insurer’s National Association of Insurance Commissioners (NAIC) number and be signed by an authorized representative of the insurer. The COI must list the State of Tennessee – CPO Risk Manager, 312 Rosa L. Parks Ave., 3rd floor Central Procurement Office, Nashville, TN 37243 as the certificate holder. Contractor shall provide the COI ten (10) business days prior to the Effective Date and again thirty (30) calendar days before renewal or replacement of coverage. Contractor shall provide the State evidence that all subcontractors maintain the required insurance or that subcontractors are included under the Contractor's policy. At any time, the State may require Contractor to provide a valid COI. The Parties agree that failure to provide evidence of insurance coverage as required is a material breach of this Contract. If Contractor self-insures, then a COI will not be required to prove coverage. Instead, Contractor shall provide a certificate of self-insurance or a letter, on Contractor’s letterhead, detailing its coverage, policy amounts, and proof of funds to reasonably cover such expenses. The State reserves the right to require complete copies of all required insurance policies, including endorsements required by these specifications, at any time.

The State agrees that it shall give written notice to the Contractor as soon as practicable after the State becomes aware of any claim asserted or made against the State, but in no event later than thirty (30) calendar days after the State becomes aware of such claim. The failure of the State to give notice shall only relieve the Contractor of its obligations under this Section to the extent that the Contractor can demonstrate actual prejudice arising from the failure to give notice. This Section shall not grant the Contractor or its insurer, through its attorneys, the right to represent the State in any legal matter, as the right to represent the State is governed by Tenn. Code Ann. § 8-6-106.

The insurance obligations under this Contract shall be: (1)—all the insurance coverage and policy limits carried by the Contractor; or (2)—the minimum insurance coverage requirements and policy limits shown in this Contract; whichever is greater. Any insurance proceeds in excess of or broader than the minimum required coverage and minimum required policy limits, which are applicable to a given loss, shall be available to the State. No representation is made that the minimum insurance requirements of the Contract are sufficient to cover the obligations of the Contractor arising under this Contract. The Contractor shall obtain and maintain, at a minimum, the following insurance coverages and policy limits.

a. Commercial General Liability (“CGL”) Insurance

1) The Contractor shall maintain CGL, which shall be written on an ISO Form CG 00 01 occurrence form (or a substitute form providing equivalent coverage) and shall cover liability arising from property damage, premises and operations products and completed operations, bodily injury, personal and advertising injury, and liability assumed under an insured contract (including the tort liability of another assumed in a business contract). The Contractor shall maintain single limits not less than one million dollars ($1,000,000) per occurrence. If a general aggregate limit applies, either the general aggregate limit shall apply separately to this policy or location of occurrence or the general aggregate limit shall be twice the required occurrence limit.

b. Workers’ Compensation and Employer Liability Insurance

1) For Contractors statutorily required to carry workers’ compensation and employer liability insurance, the Contractor shall maintain:
i. Workers’ compensation in an amount not less than one million dollars ($1,000,000) including employer liability of one million dollars ($1,000,000) per accident for bodily injury by accident, one million dollars ($1,000,000) policy limit by disease, and one million dollars ($1,000,000) per employee for bodily injury by disease.

2) If the Contractor certifies that it is exempt from the requirements of Tenn. Code Ann. §§ 50-6-101 – 103, then the Contractor shall furnish written proof of such exemption for one or more of the following reasons:
   i. The Contractor employs fewer than five (5) employees;
   ii. The Contractor is a sole proprietor;
   iii. The Contractor is in the construction business or trades with no employees;
   iv. The Contractor is in the coal mining industry with no employees;
   v. The Contractor is a state or local government; or

c. Automobile Liability Insurance

1) The Contractor shall maintain automobile liability insurance which shall cover liability arising out of any automobile (including owned, leased, hired, and non-owned automobiles).

2) The Contractor shall maintain bodily injury/property damage with a limit not less than one million dollars ($1,000,000) per occurrence or combined single limit.

d. Professional Liability Insurance

1. Professional liability insurance shall be written on an occurrence basis or on a claims-made basis. If this coverage is written on a claims-made basis, then:
   i. The retroactive date must be shown, and must be on or before the earlier of the Effective Date of the Contract or the beginning of Contract work or provision of goods and services;
   ii. Insurance must be maintained and evidence of insurance must be provided for at least five (5) full years from the date of the final Contract payment; and
   iii. If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a retroactive date on or prior to the Contract Effective Date, the Contractor must purchase "extended reporting” or “tail coverage” for a minimum of five (5) full years from the date of the final Contract payment.

2. Any professional liability insurance policy shall have a limit not less than one million dollars ($1,000,000) per claim and two million dollars ($2,000,000) in the aggregate; and

3. If the Contract involves the provision of services by medical professionals, a policy limit not less than three million ($3,000,000) per claim and three million dollars ($3,000,000) in the aggregate for medical malpractice insurance.

e. Technology Professional Liability (Errors & Omissions)/Cyber Liability Insurance

1) The Contractor shall maintain technology professional liability (errors & omissions)/cyber liability insurance appropriate to the Contractor’s profession in an
amount not less than ten million dollars ($10,000,000) per occurrence or claim and ten million dollars ($10,000,000) annual aggregate, covering all acts, claims, errors, omissions, negligence, infringement of intellectual property (including copyright, patent and trade secret); network security and privacy risks, including but not limited to unauthorized access, failure of security, information theft, damage to destruction of or alteration of electronic information, breach of privacy perils, wrongful disclosure and release of private information, collection, or other negligence in the handling of confidential information, and including coverage for related regulatory fines, defenses, and penalties.

2) Such coverage shall include data breach response expenses, in an amount not less than ten million dollars ($10,000,000) and payable whether incurred by the State or Contractor, including but not limited to consumer notification, whether or not required by law, computer forensic investigations, public relations and crisis management firm fees, credit file or identity monitoring or remediation services and expenses in the performance of services for the State or on behalf of the State hereunder.

D.33. **Major Procurement Contract Sales and Use Tax.** Pursuant to Tenn. Code Ann. § 4-39-102 and to the extent applicable, the Contractor and the Contractor’s subcontractors shall remit sales and use taxes on the sales of goods or services that are made by the Contractor or the Contractor’s subcontractors and that are subject to tax.

D.34. **Confidentiality of Records.** Strict standards of confidentiality of records and information shall be maintained in accordance with applicable state and federal law. All material and information, regardless of form, medium or method of communication, provided to the Contractor by the State or acquired by the Contractor on behalf of the State that is regarded as confidential under state or federal law shall be regarded as “Confidential Information.” Nothing in this Section shall permit Contractor to disclose any Confidential Information, regardless of whether it has been disclosed or made available to the Contractor due to intentional or negligent actions or inactions of agents of the State or third parties. Confidential Information shall not be disclosed except as required or permitted under state or federal law. The Contractor shall only use Confidential Information for activities pursuant to and related to the performance of the Contract. Contractor shall take all necessary steps to safeguard the confidentiality of such material or information in conformance with applicable state and federal law.

The obligations set forth in this Section shall survive the termination of this Contract.

D.35. **Boycott of Israel.** The Contractor certifies that it is not currently engaged in, and covenants that it will not, for the duration of the Contract, engage in a Boycott of Israel, as that term is defined in Public Chapter No. 775.

E. **SPECIAL TERMS AND CONDITIONS:**

E.1. **Conflicting Terms and Conditions.** Should any of these special terms and conditions conflict with any other terms and conditions of this Contract, the special terms and conditions shall be subordinate to the Contract’s other terms and conditions.

E.2. **Contractor Commitment to Diversity.** The Contractor shall comply with and make reasonable business efforts to exceed the commitment to diversity represented by the Contractor’s Response to 31865-00632 (Attachment D) and resulting in this Contract.

The Contractor shall assist the State in monitoring the Contractor’s performance of this commitment by providing, as requested, a monthly report of participation in the performance of this Contract by small business enterprises and businesses owned by minorities, women, service-disabled veterans, and persons with disabilities. Such reports shall be provided to the State of Tennessee Governor’s Office of Diversity Business Enterprise in the TN Diversity Software available online at: [https://tn.diversitysoftware.com/FrontEnd/StartCertification.asp?TN=tn&XID=9810](https://tn.diversitysoftware.com/FrontEnd/StartCertification.asp?TN=tn&XID=9810).
E.3. **State Ownership of Goods.** The State shall have ownership, right, title, and interest in all goods provided by Contractor under this Contract including full rights to use the goods and transfer title in the goods to any third parties.

E.4. **Intellectual Property Indemnity.** The Contractor agrees to indemnify and hold harmless the State of Tennessee as well as its officers, agents, and employees from and against any and all claims or suits which may be brought against the State concerning or arising out of any claim of an alleged patent, copyright, trade secret or other intellectual property infringement. In any such claim or action brought against the State, the Contractor shall satisfy and indemnify the State for the amount of any settlement or final judgment, and the Contractor shall be responsible for all legal or other fees or expenses incurred by the State arising from any such claim. The State shall give the Contractor notice of any such claim or suit, however, the failure of the State to give such notice shall only relieve Contractor of its obligations under this Section to the extent Contractor can demonstrate actual prejudice arising from the State's failure to give notice. This Section shall not grant the Contractor, through its attorneys, the right to represent the State of Tennessee in any legal matter, as provided in Tenn. Code Ann. § 8-6-106.

E.5. **State Furnished Property.** The Contractor shall be responsible for the correct use, maintenance, and protection of all articles of nonexpendable, tangible personal property furnished by the State for the Contractor’s use under this Contract. Upon termination of this Contract, all property furnished by the State shall be returned to the State in the same condition as when received, less ordinary wear and tear. Should the property be destroyed, lost, or stolen, the Contractor shall be responsible to the State for the fair market value of the property at the time of loss.

E.6. **Work Papers Subject to Review.** The Contractor shall make all audit, accounting, or financial analysis work papers, notes, and other documentation available for review by the Comptroller of the Treasury or his representatives, upon request, during normal working hours either while the analysis is in progress or subsequent to the completion of this Contract.

E.7. **Prohibited Advertising or Marketing.** The Contractor shall not suggest or imply in advertising or marketing materials that Contractor's goods or services are endorsed by the State. The restrictions on Contractor advertising or marketing materials under this Section shall survive the termination of this Contract.

E.8. **Lobbying.** The Contractor certifies, to the best of its knowledge and belief, that:

a. No federally appropriated funds have been paid or will be paid, by or on behalf of the Contractor, to any person for influencing or attempting to influence an officer or employee of an agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with the awarding of any federal contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement.

b. If any funds other than federally appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with any contract, grant, loan, or cooperative agreement, the Contractor shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.

c. The Contractor shall require that the language of this certification be included in the award documents for all sub-awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into and is a prerequisite for making or entering into this transaction imposed by 31 U.S.C. § 1352.
E.9. **Liquidated Damages.** In the event of a Contract performance or compliance failure by the Contractor, the State may, but is not obligated to address such Contract performance or compliance failure and/or assess damages (“Liquidated Damages”) in accordance with Attachment B of the Contract. The State shall notify the Contractor of any amounts to be assessed as Liquidated Damages via the Control Memorandum process specified in Contract Section A.31. The Parties agree that due to the complicated nature of the Contractor’s obligations under this Contract it would be difficult to specifically designate a monetary amount for a Contract performance or compliance failure, as these amounts are likely to be uncertain and not easily proven. Contractor has carefully reviewed the Liquidated Damages contained in Contract Attachment B and agrees that these amounts represent a reasonable relationship between the amount and what might reasonably be expected in the event of a Contract performance or compliance failure, are a reasonable estimate of the damages that would occur from a Contract performance or compliance failure, and are not punitive. The Parties agree that although the Liquidated Damages represent the reasonable estimate of the damages and injuries sustained by the State due to the Contract performance or compliance failure, they do not include any injury or damage sustained by a third party. The Contractor agrees that the Liquidated Damages are in addition to any amounts Contractor may owe the State pursuant to the indemnity provision or any other sections of this Contract.

The State is not obligated to assess Liquidated Damages as a result of a Contract performance or compliance failure before availing itself of any other remedy. In the event of multiple Contract performance or compliance failures, the Parties recognize that the cumulative effect of these Contract performance failures may exceed the compensation provided by Liquidated Damages. The State may choose to avail itself of any other remedy available under this Contract or at law or equity. The Parties further recognize that the State may not obtain both Liquidated Damages and Actual Damages for the same occurrence of a Contract performance or compliance failure.

Without regard to whether the State has imposed Liquidated Damages or pursued any other remedy due to any action or inaction by the Contractor, the State may impose a corrective action plan or similar measure through a Control Memorandum. Such measure is neither punitive nor related to any damages the State might suffer.

E.10. **Partial Takeover of Contract.** The State may, at its convenience and without cause, exercise a partial takeover of any service that the Contractor is obligated to perform under this Contract, including any service which is the subject of a subcontract between Contractor and a third party (a “Partial Takeover”). A Partial Takeover of this Contract by the State shall not be deemed a breach of contract. The Contractor shall be given at least thirty (30) days prior written notice of a Partial Takeover. The notice shall specify the areas of service the State will assume and the date the State will be assuming. The State’s exercise of a Partial Takeover shall not alter the Contractor’s other duties and responsibilities under this Contract. The State reserves the right to withhold from the Contractor any amounts the Contractor would have been paid but for the State’s exercise of a Partial Takeover. The amounts shall be withheld effective as of the date the State exercises its right to a Partial Takeover. The State’s exercise of its right to a Partial Takeover of this Contract shall not entitle the Contractor to any actual, general, special, incidental, consequential, or any other damages irrespective of any description or amount.

E.11. **Personally Identifiable Information.** While performing its obligations under this Contract, Contractor may have access to Personally Identifiable Information held by the State (“PII”). For the purposes of this Contract, “PII” includes “Nonpublic Personal Information” as that term is defined in Title V of the Gramm-Leach-Bliley Act of 1999 or any successor federal statute, and the rules and regulations thereunder, all as may be amended or supplemented from time to time (“GLBA”) and personally identifiable information and other data protected under any other applicable laws, rules or regulation of any jurisdiction relating to disclosure or use of personal information (“Privacy Laws”). Contractor agrees it shall not do or omit to do anything which would cause the State to be in breach of any Privacy Laws. Contractor shall, and shall cause its employees, agents and representatives to: (i) keep PII confidential and may use and disclose PII only as necessary to carry out those specific aspects of the purpose for which the PII was disclosed to Contractor and in accordance with this Contract, GLBA and Privacy Laws; and (ii) implement and maintain appropriate technical and organizational measures regarding information security to: (A) ensure the security and confidentiality of PII; (B) protect against any threats or hazards to the security or integrity of PII; and (C) prevent unauthorized access to or use of PII. Contractor shall immediately notify State: (1) of any disclosure or use of any PII by Contractor
or any of its employees, agents and representatives in breach of this Contract; and (2) of any disclosure of any PII to Contractor or its employees, agents and representatives where the purpose of such disclosure is not known to Contractor or its employees, agents and representatives. The State reserves the right to review Contractor's policies and procedures used to maintain the security and confidentiality of PII and Contractor shall, and cause its employees, agents and representatives to, comply with all reasonable requests or directions from the State to enable the State to verify or ensure that Contractor is in full compliance with its obligations under this Contract in relation to PII. Upon termination or expiration of the Contract or at the State's direction at any time in its sole discretion, whichever is earlier, Contractor shall immediately return to the State any and all PII which it has received under this Contract and shall destroy all records of such PII.

The Contractor shall report to the State any instances of unauthorized access to or potential disclosure of PII in the custody or control of Contractor ("Unauthorized Disclosure") that come to the Contractor's attention. Any such report shall be made by the Contractor within forty-eight (48) hours after the Unauthorized Disclosure has come to the attention of the Contractor. Contractor shall take all necessary measures to halt any further Unauthorized Disclosures. The Contractor, at the sole discretion of the State, shall provide no cost credit monitoring services for individuals whose PII was affected by the Unauthorized Disclosure. The Contractor shall bear the cost of notification to all individuals affected by the Unauthorized Disclosure, including individual letters and public notice. The remedies set forth in this Section are not exclusive and are in addition to any claims or remedies available to this State under this Contract or otherwise available at law. The obligations set forth in this Section shall survive the termination of this Contract.

E.12. Federal Funding Accountability and Transparency Act (FFATA). This Contract requires the Contractor to provide supplies or services that are funded in whole or in part by federal funds that are subject to FFATA. The Contractor is responsible for ensuring that all applicable requirements, including but not limited to those set forth herein, of FFATA are met and that the Contractor provides information to the State as required.

The Contractor shall comply with the following:

a. Reporting of Total Compensation of the Contractor's Executives.

(1) The Contractor shall report the names and total compensation of each of its five most highly compensated executives for the Contractor's preceding completed fiscal year, if in the Contractor's preceding fiscal year it received:

i. 80 percent or more of the Contractor's annual gross revenues from federal procurement contracts and federal financial assistance subject to the Transparency Act, as defined at 2 CFR 170.320 (and subawards); and

ii. $25,000,000 or more in annual gross revenues from federal procurement contracts (and subcontracts), and federal financial assistance subject to the Transparency Act (and subawards); and

iii. The public does not have access to information about the compensation of the executives through periodic reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986. (To determine if the public has access to the compensation information, see the U.S. Securities and Exchange Commission total compensation filings at http://www.sec.gov/answers/execomp.htm.)

As defined in 2 C.F.R. § 170.315, "Executive" means officers, managing partners, or any other employees in management positions.

(2) Total compensation means the cash and noncash dollar value earned by the executive during the Contractor's preceding fiscal year and includes the following (for more information see 17 C.F.R. § 229.402(c)(2)):

i. Salary and bonus.
ii. Awards of stock, stock options, and stock appreciation rights. Use the dollar amount recognized for financial statement reporting purposes with respect to the fiscal year in accordance with the Statement of Financial Accounting Standards No. 123 (Revised 2004) (FAS 123R), Shared Based Payments.

iii. Earnings for services under non-equity incentive plans. This does not include group life, health, hospitalization or medical reimbursement plans that do not discriminate in favor of executives, and are available generally to all salaried employees.

iv. Change in pension value. This is the change in present value of defined benefit and actuarial pension plans.

v. Above-market earnings on deferred compensation which is not tax qualified.

vi. Other compensation, if the aggregate value of all such other compensation (e.g., severance, termination payments, value of life insurance paid on behalf of the employee, perquisites or property) for the executive exceeds $10,000.

b. The Contractor must report executive total compensation described above to the State by the end of the month during which this Contract is awarded.

c. If this Contract is amended to extend the Term, the Contractor must submit an executive total compensation report to the State by the end of the month in which the term extension becomes effective.

d. The Contractor will obtain a Data Universal Numbering System (DUNS) number and maintain its DUNS number for the term of this Contract. More information about obtaining a DUNS Number can be found at: http://fedgov.dnb.com/webform/

The Contractor's failure to comply with the above requirements is a material breach of this Contract for which the State may terminate this Contract for cause. The State will not be obligated to pay any outstanding invoice received from the Contractor unless and until the Contractor is in full compliance with the above requirements.

E.13. Survival. The terms, provisions, representations, and warranties contained in this Contract which by their sense and context are intended to survive the performance and termination of this Contract, shall so survive the completion of performance and termination of this Contract.

E.14. Unencumbered Personnel. The Contractor shall not restrict its employees, agents, subcontractors or principals who perform services for the State under this Contract from performing the same or similar services for the State after the termination of this Contract, either as a State employee, an independent contractor, or an employee, agent, subcontractor or principal of another contractor with the State.

E.15. Applicable Legal Authority. The Contractor agrees to comply with all applicable legal authority, including federal and State laws, rules, regulations, policies, sub-regulatory guidance, executive orders, TennCare waivers, the State Medicaid Manual, and all current, modified or future Court decrees, orders or judgments applicable to the State's TennCare program. Such compliance shall be performed at no additional cost to the State.

E.16. Business Associate. As the Contractor will provide services to TennCare pursuant to which the Contractor will have access to, receive from, create, or receive on behalf of TennCare Protected Health Information, or Contractor will have access to, create, receive, maintain or transmit on behalf of TennCare Electronic Protected Health Information (as those terms are defined under HIPAA and HITECH), Contractor hereby acknowledges its designation as a business associate under HIPAA and agrees to comply with all applicable HIPAA regulations and the terms in the associated Business Associate Agreement (See Attachment C).

E.17. Notification of Breach and Notification of Suspected Breach. The Contractor shall notify TennCare's Privacy Office immediately upon becoming aware of and in no case later than forty-eight (48) hours after discovery of any incident, either confirmed or suspected, that represents or may represent unauthorized access, use or disclosure of encrypted or unencrypted computerized data that materially compromises the security, confidentiality, or integrity of a TennCare enrollee's Protected Health Information.
Information (PHI) that is maintained or held by the Contractor, including any unauthorized acquisition of enrollee PHI by an employee or otherwise authorized user of the Contractor's system. This includes, but is not limited to, loss or suspected loss of remote computing or telework devices such as laptops, Personal Digital Assistants (PDA), Blackberry devices (or other Smartphones), Universal Serial Bus (USB) drives, thumb drives, flash drives, Compact Discs (CD), and/or hard disks.

E.18. Transmission of Contract Deliverables. All information or data that is necessary for one or more deliverable set forth in this Contract shall be transmitted between TENNCARE and Contractor via the data transfer method specified in advance by TENNCARE. This may include, but shall not be limited to, transfer through the TennCare Secure File Transfer Protocol (SFTP) system. Failure by the Contractor to transmit information or data that is necessary for a deliverable in the manner specified by TENNCARE, may, at the option of TENNCARE, result in liquidated damages as set forth in Contract Attachment B.

a. Definitions.

1. SSA-supplied data” or “data” as used in this section means an individual’s personally identifiable information (e.g., name, social security number, income), supplied by the Social Security Administration to TennCare to determine entitlement or eligibility for federally-funded programs pursuant to a Computer Matching and Privacy Protection Act Agreement and Information Exchange Agreement between SSA and the State of Tennessee.

c. The Contractor shall specify in its agreements with any agent or subcontractor that will have access to data that such agent or subcontractor agrees to be bound by the same restrictions, terms and conditions that apply to the Contractor pursuant to this Section;

d. The Contractor shall not duplicate in a separate file or disseminate, without prior written permission from TennCare, the data governed by the Contract for any purpose other than that set forth in this Contract for the administration of the TennCare program. Should the Contractor propose a redisclosure of said data, the Contractor must specify in writing to TennCare the data the Contractor proposes to redisclose, to whom, and the reasons that justify the redisclosure. TennCare will not give permission for such redisclosure unless the redisclosure is required by law or essential to the administration of the TennCare program.

e. The Contractor agrees to abide by all relevant federal laws, restrictions on access, use, and disclosure, and security requirements in this Contract.

f. The Contractor shall maintain a current list of the employees of such contractor with access to SSA data and provide such lists to TennCare upon request and at any time there are changes.

g. The Contractor shall restrict access to the data obtained from TennCare to only those authorized employees who need such data to perform their official duties in connection with purposes identified in this Contract. The Contractor shall not further duplicate, disseminate, or disclose such data without obtaining TennCare’s prior written approval.

h. The Contractor shall ensure that its employees:

1) Properly safeguard SSA-supplied data furnished by TennCare under this Contract from loss, theft or inadvertent disclosure;

2) Receive regular, relevant and sufficient SSA data related training, including use, access and disclosure safeguards and information regarding penalties for misuse of information;
3) Understand and acknowledge that they are responsible for safeguarding this information at all times, regardless of whether or not the Contractor employee is at his or her regular duty station;

4) Ensure that laptops and other electronic devices/media containing SSA-supplied data are encrypted and/or password protected;

5) Send emails containing SSA-supplied data only if the information is encrypted or if the transmittal is secure; and,

6) Limit disclosure of the information and details relating to a SSA-supplied data loss only to those with a need to know.

i. Contractor employees who access, use, or disclose TennCare or TennCare SSA-supplied data in a manner or purpose not authorized by this Contract may be subject to civil and criminal sanctions pursuant to applicable federal statutes.

j. Loss or Suspected Loss of Data - If an employee of the Contractor becomes aware of suspected or actual loss of SSA-supplied data, the Contractor must notify TennCare immediately upon becoming aware to report the actual or suspected loss. The Contractor must provide TennCare with timely updates as any additional information about the loss of SSA-supplied data becomes available. If the Contractor experiences a loss or breach of said data, TennCare will determine whether or not notice to individuals whose data has been lost or breached shall be provided and the Contractor shall bear any costs associated with the notice or any mitigation.

k. TennCare may immediately and unilaterally suspend the data flow under this Contract, or terminate this Contract, if TennCare, in its sole discretion, determines that the Contractor has: (1) made an unauthorized use or disclosure of TennCare SSA-supplied data; or (2) otherwise violated or failed to follow the terms and conditions of this Contract.

l. This Section further carries out Section 1106(a) of the Act (42 U.S.C. 1306), the regulations promulgated pursuant to that section (20 C.F.R. Part 401), the Privacy of 1974 (5 U.S.C. 552a), as amended by the Computer Matching and Privacy Protection Act of 1988, related Office of Management and Budget ("OMB") guidelines, the Federal Information Security Management Act of 2002 ("FISMA") (44 U.S.C. 3541 et seq.), and related National Institute of Standards and Technology ("NIST") guidelines, which provide the requirements that the SSA stipulates that the Contractor must follow with regard to use, treatment, and safeguarding data in the event data is exchanged with a federal information system.

E.20. Internal Revenue Service (IRS) Safeguarding of Return Information.

a) Performance.

In performance of this Contract, the Contractor agrees to comply with and assume responsibility for compliance by his or her employees with the following requirements:

(1) This provision shall not apply if information received or delivered by the Parties under this Contract is NOT "federal tax returns or return information" as defined by IRS Publication 1075 and IRC 6103.

(2) All work will be done under the supervision of the Contractor or the Contractor's employees. The contractor and the contractor's employees with access to or who use FTI must meet the background check requirements defined in IRS Publication 1075.

(3) Any Federal tax returns or return information (hereafter referred to as returns or return information) made available in any format shall be used only for the purpose of carrying out the provisions of this Contract. Information contained in such material will be treated as confidential and will not be divulged or made known in any manner to
any person except as may be necessary in the performance of this Contract. Disclosure to anyone other than an officer or employee of the Contractor will be prohibited.

(4) All returns and return information will be accounted for upon receipt and properly stored before, during, and after processing. In addition, all related output will be given the same level of protection as required for the source material.

(5) The Contractor certifies that the data processed during the performance of this contract will be completely purged from all data storage components of his or her computer facility, and no output will be retained by the contractor at the time the work is completed. If immediate purging of all data storage components is not possible, the Contractor certifies that any IRS data remaining in any storage component will be safeguarded to prevent unauthorized disclosures.

(6) Any spoilage or any intermediate hard copy printout that may result during the processing of IRS data will be given to the TennCare or its designee. When this is not possible, the Contractor will be responsible for the destruction of the spoilage or any intermediate hard copy print-outs and will provide the TennCare or its designee with a statement containing the date of destruction, description of material destroyed, and the method used.

(7) All computer systems receiving, processing, storing, or transmitting Federal tax information must meet the requirements defined in IRS Publication 1075. To meet functional and assurance requirements, the security features of the environment must provide for the managerial, operational, and technical controls. All security features must be available and activated to protect against unauthorized use of and access to Federal tax information.

(8) No work involving Federal tax information furnished under this contract will be subcontracted without prior written approval of the IRS.

(9) The Contractor will maintain a list of employees authorized access. Such list will be provided to the TennCare and, upon request, to the IRS reviewing office.

(10) TennCare will have the right to void the Contract if the Contractor fails to provide the safeguards described above.

b) Criminal/Civil Sanctions.

(1) Each officer or employee of any person to whom returns or return information is or may be disclosed will be notified in writing by such person that returns or return information disclosed to such officer or employee can be used only for a purpose and to the extent authorized herein, and that further disclosure of any such returns or return information for a purpose or to an extent unauthorized herein constitutes a felony punishable upon conviction by a fine of as much as $5,000 or imprisonment for as long as 5 years, or both, together with the costs of prosecution. Such person shall also notify each such officer and employee that any such unauthorized further disclosure of returns or return information may also result in an award of civil damages against the officer or employee in an amount not less than $1,000 with respect to each instance of unauthorized disclosure. These penalties are prescribed by IRC sections 7213 and 7431 and set forth at 26 CFR 301.6103(n)-1.

(2) Each officer or employee of any person to whom returns or return information is or may be disclosed shall be notified in writing by such person that any return or return information made available in any format shall be used only for the purpose of carrying out the provisions of this Contract. Information contained in such material shall be treated as confidential and shall not be divulged or made known in any manner to any person except as may be necessary in the performance of the Contract. Inspection by or disclosure to anyone without an official need to know
constitutes a criminal misdemeanor punishable upon conviction by a fine of as much as $1,000 or imprisonment for as long as 1 year, or both, together with the costs of prosecution. Such person shall also notify each such officer and employee that any such unauthorized inspection or disclosure of returns or return information may also result in an award of civil damages against the officer or employee [United States for Federal employees] in an amount equal to the sum of the greater of $1,000 for each act of unauthorized inspection or disclosure with respect to which such defendant is found liable or the sum of the actual damages sustained by the plaintiff as a result of such unauthorized inspection or disclosure plus in the case of a willful inspection or disclosure which is the result of gross negligence, punitive damages, plus the costs of the action. Specifically, 5 U.S.C. 552a(i)(1), which is made applicable to contractors by 5 U.S.C. 552a(m)(1), provides that any officer or employee of a contractor, who by virtue of his/her employment or official position, has possession of or access to agency records which contain individually identifiable information, the disclosure of which is prohibited by the Privacy Act or regulations established thereunder, and who knowing that disclosure of the specific material is prohibited, willfully discloses the material in any manner to any person or agency not entitled to receive it, shall be guilty of a misdemeanor and fined not more than $5,000.

(4) Granting a contractor access to FTI must be preceded by certifying that each individual understands the agency's security policy and procedures for safeguarding IRS information. Contractors must maintain their authorization to access FTI through annual recertification. The initial certification and recertification must be documented and placed in the agency's files for review. As part of the certification and at least annually afterwards, contractors should be advised of the provisions of IRC Sections 7431, 7213, and 7213A. The training provided before the initial certification and annually thereafter must also cover the incident response policy and procedure for reporting unauthorized disclosures and data breaches. For both the initial certification and the annual certification, the contractor should sign, either with ink or electronic signature, a confidentiality statement certifying their understanding of the security requirements.

c) Inspection.

The IRS and TennCare with 24-hour notice, shall have the right to send their officers and employees into the offices and plants of the Contractor for inspection of the facilities and operations provided for the performance of any work with FTI under this contract. The IRS and TennCare's right of inspection shall include the use of manual and/or automated scanning tools to perform compliance and vulnerability assessments of information technology (IT) assets that access, store, process or transmit FTI. On the basis of such inspection, specific measures may be required in cases where the Contractor is found to be noncompliant with Contract safeguards.

E.26. End of Contract Transition Requirements. If applicable, prior to the end of the Contract term or extension of the Contract term, or in the event of a Contract Termination or Partial Takeover as further defined herein, the State may contract with a successor contractor (Successor Contractor) to assume the Contractor’s duties and requirements upon the end of the term or termination of this Contract. This may result in a period of transition during which the Contractor continues to provide services while the Successor Contractor prepares to assume those services, with a switch over from the Contractor to the Successor Contractor occurring on an implementation date (Implementation Date) specified by the State. The Implementation Date will typically coincide with the Successor Contractor’s Go-Live Date pursuant to its contract with the State. However, the State may elect, in its sole discretion, to have the Contractor continue some portion of its services and systems after the Successor Contractor’s Implementation Date, in which case, unless otherwise agreed to in writing by the State and Contractor, the Contractor shall be compensated for such services and systems in accordance with the provisions of Contract Section C. The Contractor shall be required to participate as directed by the State, at no additional cost, in assisting with the transition by providing specified deliverables, information relating to the Contractor’s duties and attending meetings with the State and/or Successor Contractor. The Contractor shall, at no additional cost to the State, work with designated State personnel and/or the Successor Contractor to develop and provide to the State for its review and approval a comprehensive Transition Plan no later than one hundred and eighty (180) days prior to the Contract end date, Termination, or Partial Takeover. The Transition Plan shall cover both the Contractor’s and the Successor Contractor’s duties and responsibilities to ensure an orderly transition of responsibilities. The Contractor shall, at all times,
act in good faith toward the State and/or Successor Contractor to facilitate as seamless a transition as possible. The State shall specify deliverables required of the Contractor in aid of the transition process. Failure to fully and timely cooperate with the State’s request or provide the requested deliverables may result in the assessment of damages. The State shall not be liable to the Contractor for any costs and expenses relating to these deliverables or relating to the services provided by the Contractor during the transition period, other than as set forth in Contract Section C.3.

LIQUIDATED DAMAGES

In the event of a Contract performance or compliance failure by Contractor and such Contract performance or compliance failure is not included in the following table with an associated Liquidated Damage amount, the parties hereby agree that the State may choose one of the following courses of action in order to obtain redressability for such Contract performance or compliance failure: (1) the State may assess actual damages resulting from the Contract performance or compliance failure against the Contractor in the event that such actual damages are known or are reasonably ascertainable at the time of discovery of such Contract performance or compliance failure or (2) if such actual damages are unknown or are not reasonably ascertainable at the time of discovery of the Contract performance or compliance failure, the State may (a) require the Contractor to submit a corrective action plan to address any such Contract performance or compliance failure and (b) assess liquidated damages against Contractor for an amount that is reasonable in relation to the Contract performance or compliance failure as measured at the time of discovery of the Contract performance or compliance failure. In the event that the State chooses to assess a Liquidated Damage for a Contract performance or compliance failure according to the immediately preceding sentence, in no event shall such Liquidated Damage be in excess of $1,000 for any single Contract performance or compliance failure.

TennCare may elect to apply the following liquidated damages remedies in the event the Contractor fails to perform its obligations under this Contract in a proper and/or timely manner. Upon determination by TennCare that the Contractor has failed to meet any of the requirements of this Contract in a proper and/or timely manner, TennCare will notify the Contractor in writing of the performance or compliance failure and of the potential liquidated damages to be assessed. Should the performance or compliance failure remain uncorrected for more than thirty (30) calendar days from the date of the original notification of the performance or compliance failure by TennCare, TennCare may impose an additional liquidated damage of Five Hundred Dollars ($500) per day from the date of the original notification to Contractor until said performance or compliance failure is resolved.

All liquidated damages remedies set forth in the following table may, at TennCare’s election, be retroactive to the date of the initial occurrence of the failure to comply with the terms of the Contract as set forth in the notice of performance or compliance failure from TennCare and may continue until such time as the TennCare Deputy Commissioner, or the Deputy Commissioner’s representative, determines the performance or compliance failure has been cured.

If liquidated damages are assessed, TennCare shall reduce the amount of any payment due to the Contractor in the next invoice by the amount of damages. In the event that damages due exceed the amount TennCare is to pay to Contractor in a given payment, TennCare shall invoice Contractor for the amount exceeding the amount payable to Contractor, and such excess amount shall be paid by Contractor within thirty (30) calendar days of the invoice date. In situations where the Contractor wishes to dispute any liquidated damages assessed by TennCare, the Contractor must submit a written notice of dispute, including the reasons for disputing the liquidated damages, to the TennCare Deputy Commissioner or the Deputy Commissioner’s representative within thirty (30) calendar days of receipt of the notice from TennCare containing the total amount of damages assessed against the Contractor. If the Contractor fails to timely dispute a liquidated damages assessment as set forth herein, such failure shall constitute a bar to the Contractor seeking to have the assessment amount overturned in a forum or court of competent jurisdiction.
Liquidated damages will apply to the Contract performance or compliance failures listed below. Contractor acknowledges that the actual damages likely to result from Contract performance or compliance failures are difficult to estimate and may be difficult for the State to prove. The parties intend that the Contractor’s payment of assessed liquidated damages will compensate the State for breach of the Contractor obligations under this Contract. Liquidated damages do not serve as punishment for any breach by the Contractor.

BACKGROUND

The Parties acknowledge that they are subject to the Privacy and Security Rules (45 C.F.R. Parts 160 and 164) promulgated by the United States Department of Health and Human Services pursuant to the Health Insurance Portability and Accountability Act of 1996 (HIPAA), Public Law 104-191, and as amended by the final rule modifying the HIPAA Privacy, Security, Enforcement, and Breach Notification Rules under the Health Information Technology for Economic and Clinical Health Act (HITECH). LIST OF AGREEMENTS AFFECTED BY THIS HIPAA BUSINESS ASSOCIATE AGREEMENT:

_____________________________________________________________________________
_____________________________________________________________________________

In the course of performing services under a Service Agreement, Business Associate may come into contact with, use, or disclose Protected Health Information (“PHI”). Said Service Agreements are hereby incorporated by reference and shall be taken and considered as a part of this document the same as if fully set out herein.

In accordance with the federal privacy and security rules and regulations set forth at 45 C.F.R. Part 160 and Part 164, Subparts A, C, D and E, which require Covered Entity to have a written memorandum with each of its Business Associates, the Parties wish to establish satisfactory assurances that Business Associate will appropriately safeguard PHI that Business Associate may receive (if any) from or on behalf of Covered Entity, and, therefore, execute this Agreement.

1. DEFINITIONS

All capitalized terms used, but not otherwise defined, in this Agreement shall have the same meaning as those terms defined in 45 C.F.R. Parts 160 through 164 or other applicable law or regulation. A reference in this Agreement to a section in the Privacy or Security Rule means the section as in effect or as amended.

1.1 “Commercial Use” means obtaining PHI with the intent to sell, transfer or use it for commercial, or personal gain, or malicious harm; sale to third party for consumption, resale, or processing for resale; application or conversion of data to make a profit or obtain a benefit contrary to the spirit of this Agreement, including but not limited to presentation of data or examples of data in a conference or meeting setting where the ultimate goal is to obtain or gain new business.

1.2 “Confidential Information” shall mean any non-public, confidential or proprietary information, whether written, graphic, oral, electronic, visual or fixed in any tangible medium or expression, which is supplied by TennCare to the Business Associate under this Agreement. Any information, whether written, graphic, oral, electronic, visual or fixed in any tangible medium or expression, relating to individuals enrolled in the TennCare program (“TennCare enrollees”), or relating to individuals who may be potentially enrolled in the TennCare program, which is provided to or obtained through the Business Associate’s performance under this Agreement, shall also be treated as “Confidential Information” to the extent that confidential status is afforded such information under state and federal laws or regulations. All confidential information shall not be subject to
disclosure under the Tennessee Public Records Act.

1.3 “Electronic Signature” means an electronic sound, symbol, or process attached to or logically associated with a record and executed or adopted by a person with the intent to sign the record.

1.4 “Marketing” shall have the meaning under 45 C.F.R. § 164.501 and the act or process of promoting, selling, leasing or licensing any TennCare information or data for profit without the express written permission of TennCare.

2. OBLIGATIONS AND ACTIVITIES OF BUSINESS ASSOCIATE (Privacy Rule)

2.1 Compliance with the Privacy Rule. Business Associate shall fully comply with the requirements under the Privacy Rule applicable to “business associates,” as that term is defined in the Privacy Rule and not use or further disclose PHI other than as permitted or required by this Agreement, the Service Agreements, or as required by law. In case of any conflict between this Agreement and the Service Agreements, this Agreement shall govern.

2.2 HITECH Act Compliance. The Health Information Technology for Economic and Clinical Health Act (HITECH) was adopted as part of the American Recovery and Reinvestment Act of 2009. HITECH and its implementing regulations impose new requirements on Business Associates with respect to privacy, security, and Breach notification. Business Associate hereby acknowledges and agrees that to the extent it is functioning as a Business Associate of Covered Entity, Business Associate shall comply with any applicable provisions of HITECH. Business Associate and the Covered Entity further agree that the provisions of HIPAA and HITECH that apply to business associates and that are required to be incorporated by reference in a business associate agreement have been incorporated into this Agreement between Business Associate and Covered Entity. Should any provision not be set forth specifically, it is as if set forth in this Agreement in its entirety and is effective as of the Applicable Effective Date, and as amended.

2.3 Business Management. Business Associate may use and disclose PHI for the proper management and administration of the Business Associate or to carry out the legal responsibilities of Business Associate. Business Associate may provide data aggregation services relating to the Health Care Operations of TennCare, or as required by law. Business Associate is expressly prohibited from using or disclosing PHI other than as permitted by this Agreement, any associated Service Agreements, or as otherwise permitted or required by law, and is prohibited from uses or disclosures of PHI that would not be permitted if done by the Covered Entity.

2.4 Privacy Safeguards and Policies. Business Associate shall use appropriate safeguards to prevent use or disclosure of PHI other than as provided for by the Service Agreement(s), this Agreement or as required by law. This includes the implementation of Administrative, Physical, and Technical Safeguards to reasonably and appropriately protect the Covered Entity’s PHI against any reasonably anticipated threats or hazards, utilizing the technology commercially available to the Business Associate (See also Section 3.2). The Business Associate shall maintain a proper documentation of its compliance with the Privacy Rule, including, but not limited to, its policies, and procedures, records of training and sanctions of members of its Workforce.

2.5 Business Associate Contracts.
