

CONTRACT
BETWEEN THE STATE OF TENNESSEE,
DEPARTMENT OF ENVIRONMENT AND CONSERVATION
AND
CONTRACTOR NAME

This Contract, by and between the State of Tennessee, Department of Environment and Conservation ("State") and **Contractor Legal Entity Name** ("Contractor"), is for the provision of collection and disposal of Household Hazardous Waste (HHW) and Conditionally Exempt Small Quantity Generator (CESQG) Waste, as further defined in the "SCOPE." State and Contractor may be referred to individually as a "Party" or collectively as the "Parties" to this Contract.

The Contractor is **a/an Individual, For-Profit Corporation, Non-Profit Corporation, Special Purpose Corporation Or Association, Partnership, Joint Venture, Or Limited Liability Company.**

Contractor Place of Incorporation or Organization: **Location**

Contractor Edison Registration ID # **Number**

A. SCOPE:

A.1. The Contractor shall provide all goods or services and deliverables as required, described, and detailed below and shall meet all service and delivery timelines as specified by this Contract.

A.2. Definitions. For purposes of this Contract, definitions shall be as follows and as set forth in the Contract:

- a. BOPAE: batteries, oil, paint, antifreeze and electronics that are collected by the counties and managed as an expense to the county with the exception of oil based paint management that is funded by the state
- b. CESQG: Conditionally Exempt Small Quantity Generator, status as established by US Environmental Protection Agency and is a synonymous definition for VSQG, Very Small Quantity Generator as defined by USEPA
- c. CERCLA: Comprehensive Environmental Response, Compensation, and Liability Act as defined by USEPA in 40 CFR
- d. CIT: Certified Instructional Trainer, a professional accreditation by the Board of Certified Safety Professionals
- e. DOT: US Department of Transportation and all regulations as found in 49 CFR
- f. HAZWOPER, Hazardous Waste Operations and Emergency Response, 24 hour course that is defined by OSHA in 29 CFR, 1910.120
- g. HHW: Solid wastes discarded from homes or similar sources as specified in 40 CFR 261.4(b)(1) that are either hazardous wastes as listed by Environmental Protection Agency (EPA) in 40 CFR, Parts 261_3(e) or (f), or wastes that exhibit any of the following characteristics as defined in 40 CFR Parts 261.21 through 261.24: ignitability, corrosivity, reactivity, and toxicity characteristic leaching procedure (TCLP)
- h. HMTA: Hazardous Materials Management Act, as defined by USDOT in 49 CFR
- i. NAHMMA: North American Hazardous Materials Hazardous Materials Management Association. A nationally recognized professional organization with subject matter experts in the field of Household Hazardous Waste
- j. OSHA: Occupational Safety and Health Administration, a federal agency that focuses on the safety and health of workers and additionally described in 29 CFR

- k. Milk Run: a process where counties will collect materials at their facilities and the contractor will pick up these materials at a cheaper price because contractor labor is not required. Packaging and containers will be provided for the milk run commodities.
 - l. RCRA: Resource Conservation Recovery Act established by the Environmental Protection Agency
 - m. SWANA: Solid Waste Association of North America, an internationally recognized solid waste professional organization that offers credentialed certification training in Household Hazardous Waste
 - n. TCLP: toxicity characteristic leaching procedure, a testing procedure for characteristic hazardous waste as defined by USEPA in 40 CFR
 - o. TSCA: Toxic Substance Control Act, as defined by USEPA in 40 CFR
 - p. USEPA: The United States Environmental Protection Agency and associated regulations as found in 40 CFR
- A.3. The Contractor shall provide Household Hazardous Waste (HHW) and Conditionally Exempt Small Quantity Generator (CESQG) collection services for the mobile collection events at the designated site on the date specified by the county as approved by the State. HHW is defined as solid wastes discarded from homes or similar sources as specified in 40 CFR 261.4(b)(1) that are either hazardous wastes as listed by Environmental Protection Agency (EPA) in 40 CFR, Parts 261_3(e) or (f), or wastes that exhibit any of the following characteristics as defined in 40 CFR Parts 261.21 through 261.24: ignitability, corrosivity, reactivity, and toxicity characteristic leaching procedure (TCLP). CESQG collections will be in compliance with the Tennessee Hazardous Waste Management regulations found in Rule 400-12-01, as defined in 400-12-01-.02(1)(e) and all references. A list of examples of materials that will be accepted by the State's HHW collection program is included in Attachment 3 while the list of materials specifically excluded from the program is in Attachment 4. Attachment 3 is not intended to be an exhaustive list of all materials that may be accepted at a HHW event or that will be picked up from a fixed facility, but does identify the primary categories of waste that have been collected in past events. The State may require the Contractor to operate a maximum of four (4) such units simultaneously.
- A.4. The Contractor shall, within thirty (30) days of notification by the State, provide a mobile HHW/CESQG collection unit for operation at a specified location within the State of Tennessee.
- A.5. The Contractor shall ensure that all mobile HHW/CESQG collection units are provided with the basic supplies and equipment necessary for:
- a. controlling traffic flow, including site ingress and egress;
 - b. safe and efficient unloading, sorting, and packaging of HHW/CESQG wastes;
 - c. responding to fires, spills, and/or other such releases of HHW/CESQG wastes;
 - d. efficiently containerizing the collected wastes;
 - e. providing effective safety barriers to protect contractor personnel as well as community participants from exposure to hazardous materials. Such material components may include, but are not necessarily limited to: signs, traffic cones, barrier tape, drums, absorbent material, labels, fire extinguishers, shovels, overpack drums, plastic ground cloths, etc.; and
 - f. determining the weight of the wastes collected.
- A.6. The Contractor shall perform the requirements of this Contract in a manner consistent with all applicable state and federal regulatory requirements including those of the Resource

Conservation and Recovery Act (RCRA); the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA); the Toxic Substance Control Act (TSCA); the Hazardous Materials Management Act (HMMA); the Hazardous Materials Transportation Act (HMTA); the Occupational Safety and Health Act (OSHA); and the laws, rules and regulations promulgated by the Department of Transportation (DOT). It is the intent of the State that the Contractor shall perform the requirements of this Contract with regard to reuse, recycling, treatment, and disposal of household hazardous wastes with the same standard of care as regulated hazardous waste (even though household hazardous wastes are exempt). The Contractor shall possess and submit a copy of all necessary and required federal, state, and local permits and licenses. Submission of these licenses and permits does not indicate State approval, and the State may require additional (if required) permits and licenses.

- A.7. The Contractor shall furnish all necessary personnel, materials, equipment, labor, supervision, and otherwise provide all services necessary for, or incidental to, the performance of all work as defined in this Contract. Necessary equipment includes but is not limited to trucks, tents, certified scales, funnels, tables, fork lift trucks, pallet jacks, brooms and shovels, and personal protective equipment. Necessary materials include but are not limited to DOT approved shipping containers, such as drums, buckets, boxes and roll-offs; absorbent material; labels; and unknown identification kits.
- A.8. The Contractor shall provide a sufficient, competent, and trained staff to collect, identify, segregate, package, weigh, store, and transport all household hazardous waste and CESQG wastes processed through the collection events or picked up at fixed locations. Proof of training (as per OSHA General Industry Standard number 1910.120) of all assigned personnel shall be required and provided to the State. All Contractor personnel at the collection sites shall be properly attired and identified by the Contractor, and are expected to present a friendly and professional image to the public.
- A.9. The Contractor shall be responsible for the professional quality, technical accuracy, timely completion, and coordination of all services. The Contractor shall correct or revise any errors, omissions, or other deficiencies in these services.
- A.10. The Contractor shall submit and provide to the State a generic spill contingency plan (to be used at each collection event site) that ensures all Contractor employees are able and prepared to contain or control any spills, fires, or releases of HHW/CESQG wastes. Such preparedness must be demonstrated by the development of a written spill contingency plan that shall provide for preventing and containing all spills at all collection sites. The spill contingency plan must be available at each mobile collection site. Additionally, the Contractor shall clean up all spills that occur during any collection event in compliance with the spill contingency plan and to the satisfaction of the State, the Tennessee Emergency Management Agency (TEMA), and other applicable state and federal agencies. All of the Contractor's employees must be thoroughly familiar with approved spill contingency plan. Submission of this spill contingency plan and subsequent contract award does not constitute State approval of all or part of the spill contingency plan.
- A.11. The Contractor shall submit a site specific health and safety plan to be used at each HHW/CESQG collection event. Additionally, it shall be the responsibility of the Contractor to perform all the activities described herein in compliance with all applicable local, state, and federal laws and regulations; this includes, but is not limited to, the EPA and DOT (federal and state) requirements for packaging, marking, shipping, and labeling hazardous materials/wastes whether or not directly applicable. Submission of this health and safety plan does not constitute State approval of all or part of the health and safety plan.
- A.12. The Contractor's project manager shall provide on-site supervision during all collection events. Supervision shall include, but not be limited to, overseeing the removal of household hazardous waste and CESQG wastes from vehicles, interviewing participants on the characteristics and exempt status of their wastes, and determining the appropriate handling and storage of the waste and direction of the county-provided "volunteer" staffing.

- A.13. The Contractor shall establish the configuration of the collection site to allow participants to deliver waste materials in a drive-through pattern. Specific, legible instructions and traffic control signs shall be posted to inform participants of their responsibilities and to ensure the safe and smooth flow of traffic in consultation with local authorities.
- A.14. The Contractor shall properly secure and render inaccessible to the public all collected waste, Contractor's equipment and county property, including trash containers. The Contractor shall provide adequate security should overnight storage of waste and Contractor equipment at a mobile collection site be deemed necessary.
- A.15. The Contractor shall set up work stations, segregated and organized storage areas, and packing stations as required to maximize the efficiency of Contractor services and prevent mixing of incompatible waste materials at all locations.
- A.16. The Contractor shall provide all of the necessary equipment and materials for setting up and operating the mobile HHW/CESQG collection site(s) and for picking up waste at fixed locations. All Contractor equipment shall be clean, properly maintained, and clearly identifiable.
- A.17. The Contractor shall ensure that the designated collection site is completely set up and ready for operation one half hour prior to the beginning time of the collection. A separate or joint inspection may be made by the State and the Contractor's project manager. Any deficiencies noted during or after the inspection shall be corrected immediately.
- A.18. The Contractor shall submit a written contingency plan describing how the Contractor will mobilize additional qualified personnel, equipment, and material as required to manage and control the activities if the State determines that the participation at a particular event exceeds the Contractor's staffing and equipment levels needed to manage a collection event properly.
- A.19. The Contractor shall determine and record the weight, waste category, and container type of each container of waste generated during the collection on the master weight sheet before the materials are transported from the collection event site. Scales must be certified by the Tennessee Department of Agriculture.
- A.20. The Contractor shall leave the collection site clean and environmentally safe and shall assume responsibility for the repair and restoration of any damages caused by its activities or those of its subcontractors.
- A.21. The Contractor shall provide on-site identification of all wastes received. With regard to unknown materials brought to mobile collection sites or at fixed locations, the Contractor shall either:
- a. Field characterize such materials to determine the appropriate handling and disposal requirements, or
 - b. Refuse to accept materials that cannot be adequately characterized for disposal.
- A.22. In the event that a container of household hazardous waste has remaining capacity, the Contractor shall have the discretion to use the container at subsequent pick-ups or collection events. The container is to be accompanied by a container weight sheet indicating the locations and the resultant gross weight after each location, initialed by the project manager and the State site representative. The thirty (30)-day requirement specified in Section A.30 shall apply when the container is deemed to be full. This option may be revoked if the State, in its sole judgment, determines that it is being abused.
- A.23. The Contractor shall comply with all transportation requirements applicable to the transport of hazardous substances and hazardous waste. Only state and federally approved containers and packing materials shall be utilized for the packaging and transport (if required) of HHW and CESQG waste. The Contractor shall be responsible for the packaging, transportation, and recycling or disposal of all materials that were collected during the operation of a mobile event, except as provided in Section A.42. The Contractor shall insure that all HHW and CESQG waste

collected by the mobile unit which cannot be recycled or beneficially reused is transported to a permitted hazardous waste treatment or disposal facility that has been pre-approved by the State.

- A.24. The Contractor shall make every effort to consolidate compatible HHW materials. In order of preference, the state's material management hierarchy is: (1) reuse, (2) recycling, (3) energy recovery, (4) treatment, (5) incineration, and/or (6) landfill. Material shall be recycled whenever feasible. Furthermore, the Contractor shall bulk liquid wastes, including flammable liquids, antifreeze, and used oil whenever practical.
- A.25. The Contractor shall provide a cross-reference sheet at the end of the event that lists all the containers to be shipped specifying the waste category (using the categories specified in the pricing list), the container number, container type, and gross weight of the container and waste. If roll-offs are utilized, the tare weights are to be recorded and the gross weights are to be provided in the 15-day paperwork using public weigh tickets for documentation. The cross-reference sheet should include the county and date of the event and signature lines for the project manager and State site representative. This document is to be prepared on carbon paper and a copy provided to the State after the requisite signatures are in place.
- A.26. The Contractor shall promote and administer the CESQG collection including, but not limited to, conducting a pre-inventory waste survey of each generator, providing an estimated cost for disposal based on the pre-inventory waste survey, scheduling collection appointments to immediately follow HHW collection, providing transportation guidance to the generator, and providing a receipt to the generator upon delivery to the collection event. The receipt should list each waste category (using the categories specified in the pricing list), the net weight, and unit cost of each. CESQG customers shall be allowed to use multiple payment methods (cash, check or credit card); Contractor must be willing to issue an invoice to government agencies and those unable to pay at the time of service.
- A.27. The Contractor shall recycle, treat, or dispose of all HHW and CESQG waste, at an appropriate facility approved in writing by the State. No wastes accepted by the Contractor may be disposed in a landfill without express written approval from the State and no such wastes may leave the United States of America without prior written approval from the State.
- A.28. The Contractor shall insure that all transporters possess local, state, and federal transportation permits and licenses applicable to persons who transport hazardous waste and hazardous substances and shall comply with all local, state, and federal regulations.
- A.29. The Contractor shall provide to the State a copy of all uniform hazardous waste manifests (EPA form 8700-22) or hazardous materials bills of lading, signed by the receiving facility, prepared for each collection event within fifteen (15) days from the date of the collection event.
- A.30. The Contractor shall provide to the State a cross-reference sheet indicating the waste category, total net weight of HHW and CESQG materials, manifest number, and container numbers for each container of HHW and CESQG waste generated during each collection event within fifteen (15) days from the date of the collection event.
- A.31. Unless specifically extended in writing by the State, the Contractor shall ensure that all waste accepted by the Contractor is recycled, treated, or properly disposed within thirty (30) days from when the Contractor accepts the waste. The Contractor shall maintain records of all waste collected. Such records shall be sufficient to account for all waste categories by weight collected during each day a mobile unit operates or from each fixed location pick up. Certificates of disposal, destruction or recycling, are required to be provided to the State in a format that is easy to track from the original manifest.
- A.32. The Contractor shall, within thirty (30) days of the termination date of the Contract, provide a final report to the State summarizing the type, quantity indicating net weight and disposition of all wastes collected during the Contract period.

- A.33. The Contractor shall provide HHW/CESQG collection and disposal services (as described in Section A. "Scope of Services") in each county on the scheduled time and date furnished by the county and approved by the State (See Section A.3). Failure to appear (See Section D.24 for exceptions) at any scheduled event or pick up shall result in the Contractor being responsible for reimbursing the county and State for all costs associated with, but not limited to, planning, advertising, and personnel costs related to the planned event or pick up. Additionally, failure to appear at any scheduled collection may result in the forfeiture of the Contractor's performance bond and immediate termination of the Contract.
- A.34. Title to all HHW and CESQG wastes shall pass to the Contractor upon receipt by the Contractor of the materials from each participant at each county designated mobile collection site or at the time of the pick up from a fixed location. Furthermore, the Contractor shall sign all manifests/bills of lading for HHW as the waste generator/offeror. Materials that are diverted to the county under Section A.38 are excluded from this provision. The Contractor shall sign all manifests for CESQG wastes as the generator/offeror.
- A.35. The Contractor shall provide HHW management services at permanent collection facilities, if directed to do so by the State. The requirements of Sections A.8, A.9, and A.17 through A.30 shall apply to services provided at permanent collection facilities, where applicable. The permanent collection facilities include, but are not limited to, Davidson County, Hamilton County, Knox County, and Shelby County.
- A.36. Within five (5) days after notification from the State, Contractor shall make itself available to local governments for the collection of natural disaster related HHW at fixed locations. The Contractor shall offer its services to counties at the payment rates set in this contract. Counties will be required to pre-collect and sort the HHW following basic guidelines provided by Contractor.
- A.37. The State reserves the right to require the Contractor to allow participants to leave their vehicles to witness the removal of material from their vehicles.
- A.38. The State reserves the right to require or allow diversion of any materials collected to the county for recycling or alternative disposal by the county.
- A.39. For the purpose of planning and scheduling, the State shall notify the Contractor thirty (30) days in advance of a scheduled mobile event.
- A.40. The State shall require each county to conduct an advertising and public education program for the purpose of informing residents of each HHW collection event and the items to be collected. The State shall require each county to provide restroom facilities for the collection event.
- A.41. The State shall require each county to provide an on-site representative at each collection for the purpose of coordinating activities and to assist with solving any problems that may arise. Each county will provide volunteers to assist with traffic flow and survey taking.
- A.42. The State shall require each county to provide one (1) or more containers for the collection of non-hazardous household waste at each collection event(s) and provide for the proper disposal of the non-hazardous wastes by the county. At its discretion a county may provide additional containers for the segregation of cardboard, steel, or other recyclable materials that result from the processing of the collected HHW. The Contractor shall sort the non-hazardous wastes in accordance with the host county's instructions. The county may establish a reuse area to divert usable household hazardous materials that are collected at the event. The reuse area may be open to residents, nonprofits, and government. If a reuse area is established, the Contractor shall segregate such materials as the county has requested to divert. One (1) hour prior to the end of the event, the reuse areas will be closed and the county may return any unwanted items to the Contractor to be disposed as HHW.
- A.43. The State administers a collection program that allows qualifying counties to provide year-round collection of materials that require a lower level of expertise to manage, such as oil based paint, in anticipation of their event or to be picked up in milk runs. The Contractor shall accept the

waste for recycling, treatment, or disposal and shall provide containers for the counties to continue collecting. If scheduled, the Contractor shall pick up these wastes at the fixed location where they are stored. In some cases a special pick up may not be necessary. These collection sites and the full-scale permanent HHW facilities are both included in the fixed location category. The wastes will be properly segregated and containerized prior to pick-up. For fixed location pick-ups, the Contractor will be provided with the total quantity of materials in advance of the pick-up.

- A.44. The State reserves the right to distribute information materials and conduct surveys at all collection events.
- A.45. The State reserves the right to assign a State employee to each collection for the purpose of reviewing the inspecting, unloading, weighing, classifying, and verifying of all HHW and CESQG waste collected by the Contractor.
- A.46. Warranty. Contractor represents and warrants that the term of the warranty (“Warranty Period”) shall be the greater of the Term of this Contract or any other warranty generally offered by Contractor, its suppliers, or manufacturers to customers of its goods or services. The goods or services provided under this Contract shall conform to the terms and conditions of this Contract throughout the Warranty Period. Any nonconformance of the goods or services to the terms and conditions of this Contract shall constitute a “Defect” and shall be considered “Defective.” If Contractor receives notice of a Defect during the Warranty Period, then Contractor shall correct the Defect, at no additional charge.

Contractor represents and warrants that the State is authorized to possess and use all equipment, materials, software, and deliverables provided under this Contract.

Contractor represents and warrants that all goods or services provided under this Contract shall be provided in a timely and professional manner, by qualified and skilled individuals, and in conformity with standards generally accepted in Contractor’s industry.

If Contractor fails to provide the goods or services as warranted, then Contractor will re-provide the goods or services at no additional charge. If Contractor is unable or unwilling to re-provide the goods or services as warranted, then the State shall be entitled to recover the fees paid to Contractor for the Defective goods or services. Any exercise of the State’s rights under this Section shall not prejudice the State’s rights to seek any other remedies available under this Contract or applicable law.

- A.47. Inspection and Acceptance. The State shall have the right to inspect all goods or services provided by Contractor under this Contract. If, upon inspection, the State determines that the goods or services are Defective, the State shall notify Contractor, and Contractor shall re-deliver the goods or provide the services at no additional cost to the State. If after a period of thirty (30) days following delivery of goods or performance of services the State does not provide a notice of any Defects, the goods or services shall be deemed to have been accepted by the State.

B. TERM OF CONTRACT:

This Contract shall be effective on October 1, 2020 (“Effective Date”) and extend for a period of sixty (60) months after the Effective Date (“Term”). The State shall have no obligation for goods or services provided by the Contractor prior to the Effective Date.

C. PAYMENT TERMS AND CONDITIONS:

- C.1. Maximum Liability. In no event shall the maximum liability of the State under this Contract exceed Four Million Dollars (\$4,000,000.00) (“Maximum Liability”). This Contract does not grant the Contractor any exclusive rights. The State does not guarantee that it will buy any minimum quantity of goods or services under this Contract. Subject to the terms and conditions of this Contract, the Contractor will only be paid for goods or services provided under this Contract after a purchase order is issued to Contractor by the State or as otherwise specified by this Contract.

C.2. Compensation Firm. The payment methodology in Section C.3. of this Contract shall constitute the entire compensation due the Contractor for all goods or services provided under this Contract regardless of the difficulty, materials or equipment required. The payment methodology includes all applicable taxes, fees, overhead, and all other direct and indirect costs incurred or to be incurred by the Contractor.

C.3. Payment Methodology. The Contractor shall be compensated based on the payment methodology for goods or services authorized by the State in a total amount as set forth in Section C.1.

a. The Contractor's compensation shall be contingent upon the satisfactory provision of goods or services as set forth in Section A.

b. The Contractor shall be compensated based upon the following payment rates:

(1) For service performed from October 1, 2020, through September 30, 2021, the following rates shall apply:

Goods or Services Description	Amount (per compensable increment)
HHW Mobile Event	
Fork lift rental, when required for Mobile Event	\$ Number per Day
Flammable Liquid – Mobile Event	\$ Number per Pound
Flammable Solid – Mobile Event	\$ Number per Pound
Corrosive Acid – Mobile Event	\$ Number per Pound
Corrosive Base – Mobile Event	\$ Number per Pound
Oxidizer – Mobile Event	\$ Number per Pound
Reactive – Mobile Event	\$ Number per Pound
Poison Solid – Mobile Event	\$ Number per Pound
Poison Liquid – Mobile Event	\$ Number per Pound
Oil Based Paint – Mobile Event	\$ Number per Pound
Latex Paint – Mobile Event	\$ Number per Pound
PCB Wastes – Mobile Event	\$ Number per Pound
Elemental Mercury Containing Material – Mobile Event	\$ Number per Pound
Mixed Aerosols (< 16.4 oz.) – Mobile Event	\$ Number per Pound
Flammable Compressed Gas Cylinders – Mobile Event	\$ Number per Cylinder
Non-flammable Compressed Gas Cylinders – Mobile Event	\$ Number per Cylinder
Fire Extinguishers – Mobile Event	\$ Number per Cylinder
Reactive Cylinders – Mobile Event	\$ Number per Cylinder
Used Oil – Mobile Event	\$ Number per Pound
Antifreeze – Mobile Event	\$ Number per Pound
Non-flammable Liquids – Mobile Event	\$ Number per Pound
Used Oil Filters – Mobile Event	\$ Number per Pound
Rechargeable Batteries – Mobile Event	\$ Number per Pound

Alkaline Batteries – Mobile Event	\$ Number per Pound
Lithium Batteries – Mobile Event	\$ Number per Pound
Mercury Lamps CFL, U-shaped, Circular – Mobile Events	\$ Number per Pound
Mercury Lamps 4 Foot Straight Tubes – Mobile Event	\$ Number per Pound
Mercury Lamps 8 Foot Straight Tubes – Mobile Event	\$ Number per Pound
Medical Sharps – Mobile Event	\$ Number per Pound
Smoke Detectors – Mobile Event	\$ Number per Pound
CESQG wastes collected in conjunction with a scheduled Mobile Event	
Flammable Liquid – CESQG	\$ Number per Pound
Flammable Solid – CESQG	\$ Number per Pound
Corrosive Acid Lab Pack – CESQG	\$ Number per Pound
Corrosive Acid Bulk – CESQG	\$ Number per Pound
Corrosive Base Lab Pack – CESQG	\$ Number per Pound
Corrosive Base Bulk – CESQG	\$ Number per Pound
Oxidizer – CESQG	\$ Number per Pound
Reactive – CESQG	\$ Number per Pound
Poison Solid – CESQG	\$ Number per Pound
Poison Liquid – CESQG	\$ Number per Pound
Oil Based Paint – CESQG	\$ Number per Pound
Latex Paint – CESQG	\$ Number per Pound
PCB Wastes – CESQG	\$ Number per Pound
Mixed Aerosols (< 16.4 oz.) – CESQG	\$ Number per Pound
Elemental Mercury Containing Material – CESQG	\$ Number per Pound
Flammable Compressed Gas Cylinders – CESQG	\$ Number per Cylinder
Non-flammable Compressed Gas Cylinders – CESQG	\$ Number per Cylinder
Fire Extinguishers – CESQG	\$ Number per Cylinder
Reactive Cylinders – CESQG	\$ Number per Cylinder
Used Oil – CESQG	\$ Number per Pound
Antifreeze – CESQG	\$ Number per Pound
Non-flammable Liquids – CESQG	\$ Number per Pound
Used Oil Filters – CESQG	\$ Number per Pound
Rechargeable Batteries – CESQG	\$ Number per Pound
Alkaline Batteries – CESQG	\$ Number per Pound
Lithium Batteries – CESQG	\$ Number per Pound
Mercury Lamps CFL, U-shaped, Circular – CESQG	\$ Number per Pound
Mercury Lamps 4 Foot Straight Tubes – CESQG	\$ Number per Pound
Mercury Lamps 8 Foot Straight Tubes – CESQG	\$ Number per Pound

Medical Sharps – CESQG	\$ Number per Pound
Smoke Detectors – CESQG	\$ Number per Pound
Fixed Locations, including schools and satellite locations	
Flammable Liquid – Fixed Location	\$ Number per Pound
Flammable Solid – Fixed Location	\$ Number per Pound
Corrosive Acid – Fixed Location	\$ Number per Pound
Corrosive Base – Fixed Location	\$ Number per Pound
Oxidizer – Fixed Location	\$ Number per Pound
Reactive – Fixed Location	\$ Number per Pound
Poison Solid – Fixed Location	\$ Number per Pound
Poison Liquid – Fixed Location	\$ Number per Pound
Oil Based Paint – Fixed Location	\$ Number per Pound
Latex Paint – Fixed Location	\$ Number per Pound
PCB Wastes – Fixed Location	\$ Number per Pound
Mixed Aerosols (< 16.4 oz.) – Fixed Location	\$ Number per Pound
Elemental Mercury Containing Material – Fixed Location	\$ Number per Pound
Flammable Compressed Gas Cylinders – Fixed Location	\$ Number per Cylinder
Non-flammable Compressed Gas Cylinders – Fixed Location	\$ Number per Cylinder
Fire Extinguishers – Fixed Location	\$ Number per Cylinder
Reactive Cylinders – Fixed Location	\$ Number per Cylinder
Used Oil – Fixed Location	\$ Number per Pound
Antifreeze – Fixed Location	\$ Number per Pound
Non-flammable Liquids – Fixed Location	\$ Number per Pound
Used Oil Filters – Fixed Location	\$ Number per Pound
Rechargeable Batteries – Fixed Location	\$ Number per Pound
Alkaline Batteries – Fixed Location	\$ Number per Pound
Lithium Batteries – Fixed Location	\$ Number per Pound
Mercury Lamps CFL, U-shaped, Circular – Fixed Location	\$ Number per Pound
Mercury Lamps 4 Foot Straight Tubes – Fixed Location	\$ Number per Pound
Mercury Lamps 8 Foot Straight Tubes – Fixed Location	\$ Number per Pound
Medical Sharps – Fixed Location	\$ Number per Pound
Smoke Detectors – Fixed Location	\$ Number per Pound
Chemist/Supervisor – Fixed Location To perform technical duties such as waste characterization, packing, waste inventories, labeling, etc.	\$ Number per Person per Hour
Technician – Fixed Location To perform non-technical duties such as unloading vehicles, packing, bulking, and loading truck.	\$ Number per Person per Hour
Driver – Fixed Location	\$ Number per Person per Hour

To perform transportation pick up duties, labeling, manifesting, and loading truck.	
Emergency Response Mobilization Fee (Scope of Service A.36)	
Emergency Response To Disaster Related HHW Site – Less than 150 Miles from proposer’s location to fixed location	\$ Number per Mobilization
Emergency Response To Disaster Related HHW Site –150 to 300 Miles from proposer’s location to fixed location	\$ Number per Mobilization
Emergency Response To Disaster Related HHW Site – Greater than 300 Miles from proposer’s location to fixed location	\$ Number per Mobilization

- (2) For service performed from October 1, 2021, through September 30, 2022, the Contractor shall be compensated based upon the payment rates in Section C.3.b.(1) above but adjusted by the percentage increase, if any, between the Consumer Price Index for All Urban Consumers (CPI-U): U.S. city average, All Items expenditure category, not seasonally adjusted, index base period: 1982-84=100) published by the United States Department of Labor, Bureau of Labor Statistics in September 2021 and that figure published in the same month, 12-months prior, up to a maximum of Three and One-Half percent (3.5%).
- (3) For service performed from October 1, 2022, through September 30, 2023, the Contractor shall be compensated based upon the payment rates in Section C.3.b.(2) above but adjusted by the percentage increase, if any, between the Consumer Price Index for All Urban Consumers (CPI-U): U.S. city average, All Items expenditure category, not seasonally adjusted, index base period: 1982-84=100) published by the United States Department of Labor, Bureau of Labor Statistics in September 2022 and that figure published in the same month, 12-months prior, up to a maximum of Three and One-Half percent (3.5%).
- (4) For service performed from October 1, 2023, through September 30, 2024, the Contractor shall be compensated based upon the payment rates in Section C.3.b.(3) above but adjusted by the percentage increase, if any, between the Consumer Price Index for All Urban Consumers (CPI-U): U.S. city average, All Items expenditure category, not seasonally adjusted, index base period: 1982-84=100) published by the United States Department of Labor, Bureau of Labor Statistics in September 2023 and that figure published in the same month, 12-months prior, up to a maximum of Three and One-Half percent (3.5%).
- (5) For service performed from October 1, 2024, through September 30, 2025, the Contractor shall be compensated based upon the payment rates in Section C.3.b.(4) above but adjusted by the percentage increase, if any, between the Consumer Price Index for All Urban Consumers (CPI-U): U.S. city average, All Items expenditure category, not seasonally adjusted, index base period: 1982-84=100) published by the United States Department of Labor, Bureau of Labor Statistics in September 2024 and that figure published in the same month, 12-months prior, up to a maximum of Three and One-Half percent (3.5%).

c. A "day" shall be defined as a minimum of eight (8) hours of service. If the Contractor provides fewer than eight hours of service in a standard twenty-four hour day, the Contractor shall bill *pro rata* for only those portions of the day in which service was actually delivered. The Contractor shall not bill more than the daily rate even if the Contractor works more than eight hours in a day.

C.4. Travel Compensation. The Contractor shall not be compensated or reimbursed for travel time, travel expenses, meals, or lodging.

C.5. Invoice Requirements. The Contractor shall invoice the State only for goods delivered and accepted by the State or services satisfactorily provided at the amounts stipulated in Section C.3., above. Contractor shall submit invoices and necessary supporting documentation, no more frequently than once a month, and no later than thirty (30) days after goods or services have been provided to the following address:

Department of Environment and Conservation
Division of Solid Waste Management
William R. Snodgrass Tennessee Tower
312 Rosa L. Parks Ave., 14th Floor
Nashville, TN 37243

- a. Each invoice, on Contractor's letterhead, shall clearly and accurately detail all of the following information (calculations must be extended and totaled correctly):
 - (1) Invoice number (assigned by the Contractor);
 - (2) Invoice date;
 - (3) Contract number (assigned by the State);
 - (4) Customer account name: Department of Environment and Conservation, Division of Solid Waste Management;
 - (5) Customer account number (assigned by the Contractor to the above-referenced Customer);
 - (6) Contractor name;
 - (7) Contractor Tennessee Edison registration ID number;
 - (8) Contractor contact for invoice questions (name, phone, or email);
 - (9) Contractor remittance address;
 - (10) Description of delivered goods or services provided and invoiced, including identifying information as applicable;
 - (11) Number of delivered or completed units, increments, hours, or days as applicable, of each good or service invoiced;
 - (12) Applicable payment methodology (as stipulated in Section C.3.) of each good or service invoiced;
 - (13) Amount due for each compensable unit of good or service; and
 - (14) Total amount due for the invoice period.
- b. Contractor's invoices shall:
 - (1) Only include charges for goods delivered or services provided as described in Section A and in accordance with payment terms and conditions set forth in Section C;
 - (2) Only be submitted for goods delivered or services completed and shall not include any charge for future goods to be delivered or services to be performed;
 - (3) Not include Contractor's taxes, which includes without limitation Contractor's sales and use tax, excise taxes, franchise taxes, real or personal property taxes, or income taxes; and
 - (4) Include shipping or delivery charges only as authorized in this Contract.
- c. The timeframe for payment (or any discounts) begins only when the State is in receipt of an invoice that meets the minimum requirements of this Section C.5.

C.6. Payment of Invoice. A payment by the State shall not prejudice the State's right to object to or question any payment, invoice, or other matter. A payment by the State shall not be construed as acceptance of goods delivered, any part of the services provided, or as approval of any amount invoiced.

C.7. Invoice Reductions. The Contractor's invoice shall be subject to reduction for amounts included in any invoice or payment that is determined by the State, on the basis of audits conducted in accordance with the terms of this Contract, to not constitute proper compensation for goods delivered or services provided.

- C.8. Deductions. The State reserves the right to deduct from amounts, which are or shall become due and payable to the Contractor under this or any contract between the Contractor and the State of Tennessee, any amounts that are or shall become due and payable to the State of Tennessee by the Contractor.
- C.9. Prerequisite Documentation. The Contractor shall not invoice the State under this Contract until the State has received the following, properly completed documentation.
- a. The Contractor shall complete, sign, and present to the State the "Authorization Agreement for Automatic Deposit Form" provided by the State. By doing so, the Contractor acknowledges and agrees that, once this form is received by the State, payments to the Contractor, under this or any other contract the Contractor has with the State of Tennessee, may be made by ACH; and
 - b. The Contractor shall complete, sign, and return to the State the State-provided W-9 form. The taxpayer identification number on the W-9 form must be the same as the Contractor's Federal Employer Identification Number or Social Security Number referenced in the Contractor's Edison registration information.

D. MANDATORY TERMS AND CONDITIONS:

- D.1. Required Approvals. The State is not bound by this Contract until it is duly approved by the Parties and all appropriate State officials in accordance with applicable Tennessee laws and regulations. Depending upon the specifics of this Contract, this may include approvals by the Commissioner of Finance and Administration, the Commissioner of Human Resources, the Comptroller of the Treasury, and the Chief Procurement Officer. Approvals shall be evidenced by a signature or electronic approval.
- D.2. Communications and Contacts. All instructions, notices, consents, demands, or other communications required or contemplated by this Contract shall be in writing and shall be made by certified, first class mail, return receipt requested and postage prepaid, by overnight courier service with an asset tracking system, or by email or facsimile transmission with recipient confirmation. All communications, regardless of method of transmission, shall be addressed to the respective Party at the appropriate mailing address, facsimile number, or email address as stated below or any other address provided in writing by a Party.

The State:

Robert Wadley, Environmental Scientist
 Department of Environment and Conservation
 Division of Solid Waste Management
 312 Rosa L. Parks Ave., 14th Floor
 Nashville, TN 37243
 robert.wadley@tn.gov
 Telephone # 615-741-4907
 FAX # 615-532-0199

The Contractor:

Contractor Contact Name & Title
Contractor Name
Address
Email Address
 Telephone # **Number**
 FAX # **Number**

All instructions, notices, consents, demands, or other communications shall be considered effective upon receipt or recipient confirmation as may be required.

- D.3. Modification and Amendment. This Contract may be modified only by a written amendment signed by all Parties and approved by all applicable State officials.
- D.4. Subject to Funds Availability. The Contract is subject to the appropriation and availability of State or federal funds. In the event that the funds are not appropriated or are otherwise unavailable, the State reserves the right to terminate this Contract upon written notice to the Contractor. The State's exercise of its right to terminate this Contract shall not constitute a breach of Contract by the State. Upon receipt of the written notice, the Contractor shall cease all work associated with the Contract. If the State terminates this Contract due to lack of funds availability, the Contractor shall be entitled to compensation for all conforming goods requested and accepted by the State and for all satisfactory and authorized services completed as of the termination date. Should the State exercise its right to terminate this Contract due to unavailability of funds, the Contractor shall have no right to recover from the State any actual, general, special, incidental, consequential, or any other damages of any description or amount.
- D.5. Termination for Convenience. The State may terminate this Contract for convenience without cause and for any reason. The State shall give the Contractor at least thirty (30) days written notice before the termination date. The Contractor shall be entitled to compensation for all conforming goods delivered and accepted by the State or for satisfactory, authorized services completed as of the termination date. In no event shall the State be liable to the Contractor for compensation for any goods neither requested nor accepted by the State or for any services neither requested by the State nor satisfactorily performed by the Contractor. In no event shall the State's exercise of its right to terminate this Contract for convenience relieve the Contractor of any liability to the State for any damages or claims arising under this Contract.
- D.6. Termination for Cause. If the Contractor fails to properly perform its obligations under this Contract in a timely or proper manner, or if the Contractor materially violates any terms of this Contract ("Breach Condition"), the State shall have the right to immediately terminate the Contract and withhold payments in excess of compensation for completed services or provided goods. Notwithstanding the above, the Contractor shall not be relieved of liability to the State for damages sustained by virtue of any Breach Condition and the State may seek other remedies allowed at law or in equity for breach of this Contract.
- D.7. Assignment and Subcontracting. The Contractor shall not assign this Contract or enter into a subcontract for any of the goods or services provided under this Contract without the prior written approval of the State. Notwithstanding any use of the approved subcontractors, the Contractor shall be the prime contractor and responsible for compliance with all terms and conditions of this Contract. The State reserves the right to request additional information or impose additional terms and conditions before approving an assignment of this Contract in whole or in part or the use of subcontractors in fulfilling the Contractor's obligations under this Contract.
- D.8. Conflicts of Interest. The Contractor warrants that no part of the Contractor's compensation shall be paid directly or indirectly to an employee or official of the State of Tennessee as wages, compensation, or gifts in exchange for acting as an officer, agent, employee, subcontractor, or consultant to the Contractor in connection with any work contemplated or performed under this Contract.

The Contractor acknowledges, understands, and agrees that this Contract shall be null and void if the Contractor is, or within the past six (6) months has been, an employee of the State of Tennessee or if the Contractor is an entity in which a controlling interest is held by an individual who is, or within the past six (6) months has been, an employee of the State of Tennessee.

- D.9. Nondiscrimination. The Contractor hereby agrees, warrants, and assures that no person shall be excluded from participation in, be denied benefits of, or be otherwise subjected to discrimination in the performance of this Contract or in the employment practices of the Contractor on the grounds of handicap or disability, age, race, creed, color, religion, sex, national origin, or any other classification protected by federal or state law. The Contractor shall, upon request, show

proof of nondiscrimination and shall post in conspicuous places, available to all employees and applicants, notices of nondiscrimination.

- D.10. Prohibition of Illegal Immigrants. The requirements of Tenn. Code Ann. § 12-3-309 addressing the use of illegal immigrants in the performance of any contract to supply goods or services to the state of Tennessee, shall be a material provision of this Contract, a breach of which shall be grounds for monetary and other penalties, up to and including termination of this Contract.
- a. The Contractor agrees that the Contractor shall not knowingly utilize the services of an illegal immigrant in the performance of this Contract and shall not knowingly utilize the services of any subcontractor who will utilize the services of an illegal immigrant in the performance of this Contract. The Contractor shall reaffirm this attestation, in writing, by submitting to the State a completed and signed copy of the document at Attachment 1: Attestation Re Personnel, semi-annually during the Term. If the Contractor is a party to more than one contract with the State, the Contractor may submit one attestation that applies to all contracts with the State. All Contractor attestations shall be maintained by the Contractor and made available to State officials upon request.
 - b. Prior to the use of any subcontractor in the performance of this Contract, and semi-annually thereafter, during the Term, the Contractor shall obtain and retain a current, written attestation that the subcontractor shall not knowingly utilize the services of an illegal immigrant to perform work under this Contract and shall not knowingly utilize the services of any subcontractor who will utilize the services of an illegal immigrant to perform work under this Contract. Attestations obtained from subcontractors shall be maintained by the Contractor and made available to State officials upon request.
 - c. The Contractor shall maintain records for all personnel used in the performance of this Contract. Contractor's records shall be subject to review and random inspection at any reasonable time upon reasonable notice by the State.
 - d. The Contractor understands and agrees that failure to comply with this section will be subject to the sanctions of Tenn. Code Ann. § 12-3-309 for acts or omissions occurring after its effective date.
 - e. For purposes of this Contract, "illegal immigrant" shall be defined as any person who is not: (i) a United States citizen; (ii) a Lawful Permanent Resident; (iii) a person whose physical presence in the United States is authorized; (iv) allowed by the federal Department of Homeland Security and who, under federal immigration laws or regulations, is authorized to be employed in the U.S.; or (v) is otherwise authorized to provide services under the Contract.
- D.11. Records. The Contractor shall maintain documentation for all charges under this Contract. The books, records, and documents of the Contractor, for work performed or money received under this Contract, shall be maintained for a period of five (5) full years from the date of the final payment and shall be subject to audit at any reasonable time and upon reasonable notice by the State, the Comptroller of the Treasury, or their duly appointed representatives. The financial statements shall be prepared in accordance with generally accepted accounting principles.
- D.12. Monitoring. The Contractor's activities conducted and records maintained pursuant to this Contract shall be subject to monitoring and evaluation by the State, the Comptroller of the Treasury, or their duly appointed representatives.
- D.13. Progress Reports. The Contractor shall submit brief, periodic, progress reports to the State as requested.
- D.14. Strict Performance. Failure by any Party to this Contract to require, in any one or more cases, the strict performance of any of the terms, covenants, conditions, or provisions of this Contract shall not be construed as a waiver or relinquishment of any term, covenant, condition, or

provision. No term or condition of this Contract shall be held to be waived, modified, or deleted except by a written amendment signed by the Parties.

- D.15. Independent Contractor. The Parties shall not act as employees, partners, joint venturers, or associates of one another. The Parties are independent contracting entities. Nothing in this Contract shall be construed to create an employer/employee relationship or to allow either Party to exercise control or direction over the manner or method by which the other transacts its business affairs or provides its usual services. The employees or agents of one Party are not employees or agents of the other Party.
- D.16. Patient Protection and Affordable Care Act. The Contractor agrees that it will be responsible for compliance with the Patient Protection and Affordable Care Act ("PPACA") with respect to itself and its employees, including any obligation to report health insurance coverage, provide health insurance coverage, or pay any financial assessment, tax, or penalty for not providing health insurance. The Contractor shall indemnify the State and hold it harmless from any costs to the State arising from Contractor's failure to fulfill its PPACA responsibilities for itself or its employees.
- D.17. Limitation of State's Liability. The State shall have no liability except as specifically provided in this Contract. In no event will the State be liable to the Contractor or any other party for any lost revenues, lost profits, loss of business, decrease in the value of any securities or cash position, time, goodwill, or any indirect, special, incidental, punitive, exemplary or consequential damages of any nature, whether based on warranty, contract, statute, regulation, tort (including but not limited to negligence), or any other legal theory that may arise under this Contract or otherwise. The State's total liability under this Contract (including any exhibits, schedules, amendments or other attachments to the Contract) or otherwise shall under no circumstances exceed the Maximum Liability. This limitation of liability is cumulative and not per incident.
- D.18. Limitation of Contractor's Liability. In accordance with Tenn. Code Ann. § 12-3-701, the Contractor's liability for all claims arising under this Contract shall be limited to an amount equal to two (2) times the Maximum Liability amount detailed in Section C.1. and as may be amended, PROVIDED THAT in no event shall this Section limit the liability of the Contractor for: (i) intellectual property or any Contractor indemnity obligations for infringement for third-party intellectual property rights; (ii) any claims covered by any specific provision in the Contract providing for liquidated damages; or (iii) any claims for intentional torts, criminal acts, fraudulent conduct, or acts or omissions that result in personal injuries or death. For clarity, except as otherwise expressly set forth in this Section, Contractor's indemnification obligations and other remedies available under this Contract are subject to the limitations on liability set forth in this Section.
- D.19. Hold Harmless. The Contractor agrees to indemnify and hold harmless the State of Tennessee as well as its officers, agents, and employees from and against any and all claims, liabilities, losses, and causes of action which may arise, accrue, or result to any person, firm, corporation, or other entity which may be injured or damaged as a result of acts, omissions, or negligence on the part of the Contractor, its employees, or any person acting for or on its or their behalf relating to this Contract. The Contractor further agrees it shall be liable for the reasonable cost of attorneys' fees, court costs, expert witness fees, and other litigation expenses for the State to enforce the terms of this Contract.

In the event of any suit or claim, the Parties shall give each other immediate notice and provide all necessary assistance to respond. The failure of the State to give notice shall only relieve the Contractor of its obligations under this Section to the extent that the Contractor can demonstrate actual prejudice arising from the failure to give notice. This Section shall not grant the Contractor, through its attorneys, the right to represent the State in any legal matter, as the right to represent the State is governed by Tenn. Code Ann. § 8-6-106.

- D.20. HIPAA Compliance. The State and Contractor shall comply with obligations under the Health Insurance Portability and Accountability Act of 1996 ("HIPAA"), Health Information Technology for

Economic and Clinical Health (“HITECH”) Act and any other relevant laws and regulations regarding privacy (collectively the “Privacy Rules”). The obligations set forth in this Section shall survive the termination of this Contract.

- a. Contractor warrants to the State that it is familiar with the requirements of the Privacy Rules, and will comply with all applicable requirements in the course of this Contract.
- b. Contractor warrants that it will cooperate with the State, including cooperation and coordination with State privacy officials and other compliance officers required by the Privacy Rules, in the course of performance of the Contract so that both parties will be in compliance with the Privacy Rules.
- c. The State and the Contractor will sign documents, including but not limited to business associate agreements, as required by the Privacy Rules and that are reasonably necessary to keep the State and Contractor in compliance with the Privacy Rules. This provision shall not apply if information received or delivered by the parties under this Contract is NOT “protected health information” as defined by the Privacy Rules, or if the Privacy Rules permit the parties to receive or deliver the information without entering into a business associate agreement or signing another document.
- d. The Contractor will indemnify the State and hold it harmless for any violation by the Contractor or its subcontractors of the Privacy Rules. This includes the costs of responding to a breach of protected health information, the costs of responding to a government enforcement action related to the breach, and any fines, penalties, or damages paid by the State because of the violation.

D.21. Tennessee Consolidated Retirement System. Subject to statutory exceptions contained in Tenn. Code Ann. §§ 8-36-801, *et seq.*, the law governing the Tennessee Consolidated Retirement System (“TCRS”), provides that if a retired member of TCRS, or of any superseded system administered by TCRS, or of any local retirement fund established under Tenn. Code Ann. §§ 8-35-101, *et seq.*, accepts State employment, the member’s retirement allowance is suspended during the period of the employment. Accordingly and notwithstanding any provision of this Contract to the contrary, the Contractor agrees that if it is later determined that the true nature of the working relationship between the Contractor and the State under this Contract is that of “employee/employer” and not that of an independent contractor, the Contractor, if a retired member of TCRS, may be required to repay to TCRS the amount of retirement benefits the Contractor received from TCRS during the Term.

D.22. Tennessee Department of Revenue Registration. The Contractor shall comply with all applicable registration requirements contained in Tenn. Code Ann. §§ 67-6-601 – 608. Compliance with applicable registration requirements is a material requirement of this Contract.

D.23. Debarment and Suspension. The Contractor certifies, to the best of its knowledge and belief, that it, its current and future principals, its current and future subcontractors and their principals:

- a. are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal or state department or agency;
- b. have not within a three (3) year period preceding this Contract been convicted of, or had a civil judgment rendered against them from commission of fraud, or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state, or local) transaction or grant under a public transaction; violation of federal or state antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification, or destruction of records, making false statements, or receiving stolen property;
- c. are not presently indicted or otherwise criminally or civilly charged by a government entity (federal, state, or local) with commission of any of the offenses detailed in section b. of this certification; and

- d. have not within a three (3) year period preceding this Contract had one or more public transactions (federal, state, or local) terminated for cause or default.

The Contractor shall provide immediate written notice to the State if at any time it learns that there was an earlier failure to disclose information or that due to changed circumstances, its principals or the principals of its subcontractors are excluded, disqualified, or presently fall under any of the prohibitions of sections a-d.

- D.24. Force Majeure. "Force Majeure Event" means fire, flood, earthquake, elements of nature or acts of God, wars, riots, civil disorders, rebellions or revolutions, acts of terrorism or any other similar cause beyond the reasonable control of the Party except to the extent that the non-performing Party is at fault in failing to prevent or causing the default or delay, and provided that the default or delay cannot reasonably be circumvented by the non-performing Party through the use of alternate sources, workaround plans or other means. A strike, lockout or labor dispute shall not excuse either Party from its obligations under this Contract. Except as set forth in this Section, any failure or delay by a Party in the performance of its obligations under this Contract arising from a Force Majeure Event is not a default under this Contract or grounds for termination. The non-performing Party will be excused from performing those obligations directly affected by the Force Majeure Event, and only for as long as the Force Majeure Event continues, provided that the Party continues to use diligent, good faith efforts to resume performance without delay. The occurrence of a Force Majeure Event affecting Contractor's representatives, suppliers, subcontractors, customers or business apart from this Contract is not a Force Majeure Event under this Contract. Contractor will promptly notify the State of any delay caused by a Force Majeure Event (to be confirmed in a written notice to the State within one (1) day of the inception of the delay) that a Force Majeure Event has occurred, and will describe in reasonable detail the nature of the Force Majeure Event. If any Force Majeure Event results in a delay in Contractor's performance longer than forty-eight (48) hours, the State may, upon notice to Contractor: (a) cease payment of the fees for the affected obligations until Contractor resumes performance of the affected obligations; or (b) immediately terminate this Contract or any purchase order, in whole or in part, without further payment except for fees then due and payable. Contractor will not increase its charges under this Contract or charge the State any fees other than those provided for in this Contract as the result of a Force Majeure Event.
- D.25. State and Federal Compliance. The Contractor shall comply with all State and federal laws and regulations applicable to Contractor in the Contractor's performance of this Contract.
- D.26. Governing Law. This Contract shall be governed by and construed in accordance with the laws of the State of Tennessee, without regard to its conflict or choice of law rules. The Tennessee Claims Commission or the state or federal courts in Tennessee shall be the venue for all claims, disputes, or disagreements arising under this Contract. The Contractor acknowledges and agrees that any rights, claims, or remedies against the State of Tennessee or its employees arising under this Contract shall be subject to and limited to those rights and remedies available under Tenn. Code Ann. §§ 9-8-101 - 408.
- D.27. Entire Agreement. This Contract is complete and contains the entire understanding between the Parties relating to its subject matter, including all the terms and conditions of the Parties' agreement. This Contract supersedes any and all prior understandings, representations, negotiations, and agreements between the Parties, whether written or oral.
- D.28. Severability. If any terms and conditions of this Contract are held to be invalid or unenforceable as a matter of law, the other terms and conditions of this Contract shall not be affected and shall remain in full force and effect. The terms and conditions of this Contract are severable.
- D.29. Headings. Section headings of this Contract are for reference purposes only and shall not be construed as part of this Contract.
- D.30. Incorporation of Additional Documents. Each of the following documents is included as a part of this Contract by reference. In the event of a discrepancy or ambiguity regarding the Contractor's

duties, responsibilities, and performance under this Contract, these items shall govern in order of precedence below:

- a. any amendment to this Contract, with the latter in time controlling over any earlier amendments;
- b. this Contract with any attachments or exhibits (excluding the items listed at subsections c. through f., below), which includes Attestation Re Personnel Used in Contract Performance, Performance Bond, List of Acceptable Materials for HHW Collection, and List of Materials Specifically Excluded;
- c. any clarifications of or addenda to the Contractor's proposal seeking this Contract;
- d. the State solicitation, as may be amended, requesting responses in competition for this Contract;
- e. any technical specifications provided to proposers during the procurement process to award this Contract; and
- f. the Contractor's response seeking this Contract.

D.31. Iran Divestment Act. The requirements of Tenn. Code Ann. § 12-12-101, *et seq.*, addressing contracting with persons as defined at Tenn. Code Ann. §12-12-103(5) that engage in investment activities in Iran, shall be a material provision of this Contract. The Contractor certifies, under penalty of perjury, that to the best of its knowledge and belief that it is not on the list created pursuant to Tenn. Code Ann. § 12-12-106.

D.32. Insurance. Contractor shall maintain insurance coverage as specified in this Section. The State reserves the right to amend or require additional insurance coverage, coverage amounts, and endorsements required under this Contract. Contractor's failure to maintain or submit evidence of insurance coverage, as required, is a material breach of this Contract. If Contractor loses insurance coverage, fails to renew coverage, or for any reason becomes uninsured during the Term, Contractor shall immediately notify the State. All insurance companies providing coverage must be: (a) acceptable to the State; (b) authorized by the Tennessee Department of Commerce and Insurance ("TDCI"); and (c) rated A- / VII or better by A.M. Best. All coverage must be on a primary basis and noncontributory with any other insurance or self-insurance carried by the State. Contractor agrees to name the State as an additional insured on any insurance policy with the exception of workers' compensation (employer liability) and professional liability (errors and omissions) insurance. All policies must contain an endorsement for a waiver of subrogation in favor of the State. Any deductible or self insured retention ("SIR") over fifty thousand dollars (\$50,000) must be approved by the State. The deductible or SIR and any premiums are the Contractor's sole responsibility. The Contractor agrees that the insurance requirements specified in this Section do not reduce any liability the Contractor has assumed under this Contract including any indemnification or hold harmless requirements.

To achieve the required coverage amounts, a combination of an otherwise deficient specific policy and an umbrella policy with an aggregate meeting or exceeding the required coverage amounts is acceptable. For example: If the required policy limit under this Contract is for two million dollars (\$2,000,000) in coverage, acceptable coverage would include a specific policy covering one million dollars (\$1,000,000) combined with an umbrella policy for an additional one million dollars (\$1,000,000). If the deficient underlying policy is for a coverage area without aggregate limits (generally Automobile Liability and Employers' Liability Accident), Contractor shall provide a copy of the umbrella insurance policy documents to ensure that no aggregate limit applies to the umbrella policy for that coverage area. In the event that an umbrella policy is being provided to achieve any required coverage amounts, the umbrella policy shall be accompanied by an endorsement at least as broad as the Insurance Services Office, Inc. (also known as "ISO") "Noncontributory—Other Insurance Condition" endorsement or shall be written on a policy form that addresses both the primary and noncontributory basis of the umbrella policy if the State is otherwise named as an additional insured.

Contractor shall provide the State a certificate of insurance ("COI") evidencing the coverages and amounts specified in this Section. The COI must be on a form approved by the TDCI (standard ACORD form preferred). The COI must list each insurer's National Association of Insurance Commissioners (NAIC) number and be signed by an authorized representative of the insurer. The

COI must list the State of Tennessee – CPO Risk Manager, 312 Rosa L. Parks Ave., 3rd floor Central Procurement Office, Nashville, TN 37243 as the certificate holder. Contractor shall provide the COI ten (10) business days prior to the Effective Date and again thirty (30) calendar days before renewal or replacement of coverage. Contractor shall provide the State evidence that all subcontractors maintain the required insurance or that subcontractors are included under the Contractor's policy. At any time, the State may require Contractor to provide a valid COI. The Parties agree that failure to provide evidence of insurance coverage as required is a material breach of this Contract. If Contractor self-insures, then a COI will not be required to prove coverage. Instead Contractor shall provide a certificate of self-insurance or a letter, on Contractor's letterhead, detailing its coverage, policy amounts, and proof of funds to reasonably cover such expenses. The State reserves the right to require complete, certified copies of all required insurance policies, including endorsements required by these specifications, at any time.

The State agrees that it shall give written notice to the Contractor as soon as practicable after the State becomes aware of any claim asserted or made against the State, but in no event later than thirty (30) calendar days after the State becomes aware of such claim. The failure of the State to give notice shall only relieve the Contractor of its obligations under this Section to the extent that the Contractor can demonstrate actual prejudice arising from the failure to give notice. This Section shall not grant the Contractor or its insurer, through its attorneys, the right to represent the State in any legal matter, as the right to represent the State is governed by Tenn. Code Ann. § 8-6-106.

The insurance obligations under this Contract shall be: (1)—all the insurance coverage and policy limits carried by the Contractor; or (2)—the minimum insurance coverage requirements and policy limits shown in this Contract; whichever is greater. Any insurance proceeds in excess of or broader than the minimum required coverage and minimum required policy limits, which are applicable to a given loss, shall be available to the State. No representation is made that the minimum insurance requirements of the Contract are sufficient to cover the obligations of the Contractor arising under this Contract. The Contractor shall obtain and maintain, at a minimum, the following insurance coverages and policy limits.

a. Commercial General Liability (“CGL”) Insurance

- 1) The Contractor shall maintain CGL, which shall be written on an ISO Form CG 00 01 occurrence form (or a substitute form providing equivalent coverage) and shall cover liability arising from property damage, premises and operations products and completed operations, bodily injury, personal and advertising injury, and liability assumed under an insured contract (including the tort liability of another assumed in a business contract).

The Contractor shall maintain single limits not less than one million dollars (\$1,000,000) per occurrence. If a general aggregate limit applies, either the general aggregate limit shall apply separately to this policy or location of occurrence or the general aggregate limit shall be twice the required occurrence limit.

b. Workers' Compensation and Employer Liability Insurance

- 1) For Contractors statutorily required to carry workers' compensation and employer liability insurance, the Contractor shall maintain:
 - i. Workers' compensation in an amount not less than one million dollars (\$1,000,000) including employer liability of one million dollars (\$1,000,000) per accident for bodily injury by accident, one million dollars (\$1,000,000) policy limit by disease, and one million dollars (\$1,000,000) per employee for bodily injury by disease.

- 2) If the Contractor certifies that it is exempt from the requirements of Tenn. Code Ann. §§ 50-6-101 – 103, then the Contractor shall furnish written proof of such exemption for one or more of the following reasons:
 - i. The Contractor employs fewer than five (5) employees;
 - ii. The Contractor is a sole proprietor;
 - iii. The Contractor is in the construction business or trades with no employees;
 - iv. The Contractor is in the coal mining industry with no employees;
 - v. The Contractor is a state or local government; or
 - vi. The Contractor self-insures its workers' compensation and is in compliance with the TDCI rules and Tenn. Code Ann. § 50-6-405.

c. Automobile Liability Insurance

- 1) The Contractor shall maintain automobile liability insurance which shall cover liability arising out of any automobile (including owned, leased, hired, and non-owned automobiles).
- 2) The Contractor shall maintain bodily injury/property damage with a limit not less than one million dollars (\$1,000,000) per occurrence or combined single limit.

d. Professional Liability Insurance

- i. Professional liability insurance shall be written on an occurrence basis or on a claims-made basis. If this coverage is written on a claims-made basis, then:
 1. The retroactive date must be shown, and must be on or before the earlier of the Effective Date of the Contract or the beginning of Contract work or provision of goods and services;
 2. Insurance must be maintained and evidence of insurance must be provided for at least five (5) full years from the date of the final Contract payment; and
 3. If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a retroactive date on or prior to the Contract Effective Date, the Contractor must purchase "extended reporting" or "tail coverage" for a minimum of five (5) full years from the date of the final Contract payment.
- ii. Any professional liability insurance policy shall have a limit not less than one million dollars (\$1,000,000) per claim and two million dollars (\$2,000,000) in the aggregate; and
- iii. If the Contract involves the provision of services by medical professionals, a policy limit not less than three million (\$3,000,000) per claim and three million dollars (\$3,000,000) in the aggregate for medical malpractice insurance.

D.33. Major Procurement Contract Sales and Use Tax. Pursuant to Tenn. Code Ann. § 4-39-102 and to the extent applicable, the Contractor and the Contractor's subcontractors shall remit sales and use taxes on the sales of goods or services that are made by the Contractor or the Contractor's subcontractors and that are subject to tax.

- D.34. Confidentiality of Records. Strict standards of confidentiality of records and information shall be maintained in accordance with applicable state and federal law. All material and information, regardless of form, medium or method of communication, provided to the Contractor by the State or acquired by the Contractor on behalf of the State that is regarded as confidential under state or federal law shall be regarded as "Confidential Information." Nothing in this Section shall permit Contractor to disclose any Confidential Information, regardless of whether it has been disclosed or made available to the Contractor due to intentional or negligent actions or inactions of agents of the State or third parties. Confidential Information shall not be disclosed except as required or permitted under state or federal law. Contractor shall take all necessary steps to safeguard the confidentiality of such material or information in conformance with applicable state and federal law.

The obligations set forth in this Section shall survive the termination of this Contract.

E. SPECIAL TERMS AND CONDITIONS:

- E.1. Conflicting Terms and Conditions. Should any of these special terms and conditions conflict with any other terms and conditions of this Contract, the special terms and conditions shall be subordinate to the Contract's other terms and conditions.
- E.2. Intellectual Property Indemnity. The Contractor agrees to indemnify and hold harmless the State of Tennessee as well as its officers, agents, and employees from and against any and all claims or suits which may be brought against the State concerning or arising out of any claim of an alleged patent, copyright, trade secret or other intellectual property infringement. In any such claim or action brought against the State, the Contractor shall satisfy and indemnify the State for the amount of any settlement or final judgment, and the Contractor shall be responsible for all legal or other fees or expenses incurred by the State arising from any such claim. The State shall give the Contractor notice of any such claim or suit, however, the failure of the State to give such notice shall only relieve Contractor of its obligations under this Section to the extent Contractor can demonstrate actual prejudice arising from the State's failure to give notice. This Section shall not grant the Contractor, through its attorneys, the right to represent the State of Tennessee in any legal matter, as provided in Tenn. Code Ann. § 8-6-106.
- E.3. State Furnished Property. The Contractor shall be responsible for the correct use, maintenance, and protection of all articles of nonexpendable, tangible personal property furnished by the State for the Contractor's use under this Contract. Upon termination of this Contract, all property furnished by the State shall be returned to the State in the same condition as when received, less ordinary wear and tear. Should the property be destroyed, lost, or stolen, the Contractor shall be responsible to the State for the fair market value of the property at the time of loss.
- E.4. Contractor Commitment to Diversity. The Contractor shall comply with and make reasonable business efforts to exceed the commitment to diversity represented by the Contractor's Response to Solicitation 32701-03910 Version 2 (Attachment 6.2) and resulting in this Contract.

The Contractor shall assist the State in monitoring the Contractor's performance of this commitment by providing, as requested, a monthly report of participation in the performance of this Contract by small business enterprises and businesses owned by minorities, women, service-disabled veterans, and persons with disabilities. Such reports shall be provided to the State of Tennessee Governor's Office of Diversity Business Enterprise in the TN Diversity Software available online at:

<https://tn.diversitysoftware.com/FrontEnd/StartCertification.asp?TN=tn&XID=9810>.

- E.5. Performance Bond. The Contractor shall provide to the State a performance bond guaranteeing full and faithful performance of all undertakings and obligations under this Contract, specifically faithful performance of the work in accordance with the plans, specifications, and contract documents. The performance bond shall be in an amount equal to one hundred percent (100%) of the Maximum Liability, Six Hundred Thousand Dollars (\$600,000.00). The State reserves the right to review the bond amount and bonding requirements at any time during the Term. The Contractor shall submit the bond no later than the day immediately preceding the Effective Date

and in the manner and form prescribed by the State at Attachment 2: Performance Bond. The bond shall be issued by a company licensed to issue such a bond in the state of Tennessee. The performance bond shall guarantee full and faithful performance of all undertakings and obligations for the Term, as the Contract is extended or renewed.

Failure to provide to the State the performance bond(s) as required under this Contract may result in this Contract being terminated by the State. The performance bond required under this Contract shall not be reduced during the Term without the State of Tennessee Central Procurement Office's prior written approval.

PERFORMANCE BOND

The Surety Company issuing bond shall be licensed to transact business in the State of Tennessee by the Tennessee Department of Commerce and Insurance. Bonds shall be certified and current Power-of-Attorney for the Surety's Attorney-in-Fact attached.

KNOW ALL BY THESE PRESENTS:

That we,

(Name of Principal)

(Address of Principal)
as Principal, hereinafter called the Principal, and

(Name of Surety)

(Address of Surety)
as Surety, hereinafter call the Surety, do hereby acknowledge ourselves indebted and securely bound and held unto the State of Tennessee as Obligee, hereinafter called the Obligee, and in the penal sum of

(Dollar Amount of Bond)
good and lawful money of the United States of America, for the use and benefit of those entitled thereto, for the payment of which, well and truly to be made, we bind ourselves, our heirs, our administrators, executors, successors, and assigns, jointly and severally, firmly by these presents.

BUT THE CONDITION OF THE FOREGOING OBLIGATION OR BOND IS THIS:

WHEREAS, the Obligee has engaged the Principal for a sum not to exceed

(Contract Maximum Liability)
to complete Work detailed in the Scope of Services detailed in the State of Tennessee Request for Proposals bearing the RFP Number:
32701-02307

a copy of which said Request for Proposals and the resulting Contract are by reference hereby made a part hereof, as fully and to the same extent as if copied at length herein.

NOW, THEREFORE, if the Principal shall fully and faithfully perform all undertakings and obligations under the Contract hereinbefore referred to and shall fully indemnify and hold harmless the Obligee from all costs and damage whatsoever which it may suffer by reason of any failure on the part of the Principal to do so, and shall fully reimburse and repay the Obligee any and all outlay and expense which it may incur in making good any such default, and shall fully pay for all of the labor, material, and Work used by the Principal and any immediate or remote sub-contractor or furnisher of material under the Principal in the performance of said Contract, in lawful money of the United States of America, as the same shall become due, then this obligation or bond shall be null and void, otherwise to remain in full force and effect.

AND for value received, it is hereby stipulated and agreed that no change, extension of time, alteration, or addition to the terms of the Contract or the Work to be performed there under or the specifications accompanying the same shall in any wise affect the obligation under this bond, and notice is hereby waived of any such change, extension of time, alteration, or addition to the terms of the Contract or the Work or the specifications.

IN WITNESS WHEREOF the Principal has hereunto affixed its signature and Surety has hereunto caused to be affixed its corporate signature and seal, by its duly authorized officers, on this
