Usage Instructions:

To set up new service please follow the directions below:

1. Determine the Agency Location's County
2. Contact the Sales Representative or Customer Service covering that county and provide them with the State Wide Contract number 161 and the Edison Contract number (listed above)
3. Request offered container size to be delivered (may take up to 7 days)
4. Provide information regarding schedule of pick-up, container location, and onsite protocol
5. Provide information regarding any seasonal fluctuations in service at the time of acquiring service or at least 7 days prior to need

Note:

- Be aware that emergency pick-ups (non-scheduled and within 24 hours) may be a higher rate than regular scheduled pick-up rates
- Suppliers have 7 days to remove containers upon Agency request

When purchasing a needed container size and service, there may not be a line item for delivery, rental, and/or per ton fee, the line items provided are inclusive of all services and there are no other fees associated. For example, there is a pick-up and rental line item for an 8 cu yd container in Henry County, but there is not a delivery or per ton line item. In this case, the delivery and per ton fees are covered through the pick-up and rental line items.

For this solicitation, Suppliers had the opportunity to provide their emergency rates. An emergency pick-up is defined as "pick-ups within twenty-four (24) hours from when the End User contacts the supplier. An emergency pick-up is a non-scheduled pick-up, in which the End User has not given a seven (7) day notice," per specification D.4. The emergency pick-

up services are listed as separate line items for purchase. If the Supplier did not provide an emergency rate then it is understood that the regular scheduled rate and line items shall apply to any emergency pick-up.

Requisition and Purchase Order Generation:

For information on how to create a requisition and/or purchase order please click on the "Agency Upgrade User Guide" link on the following page:

<http://tn.gov/generalservices/article/agency-reference-material>.

Billing and Payment Instructions:

Net 45 payment terms. The following suppliers accept P-card payment: HCG Inc, Waste Industries Inc, Van Buren County, Waste Management Inc of Tennessee, Scott Solid Waste, Republic Services Inc, Waste Connections of Tennessee, Waste Connections of Mississippi.

Asset and Inventory Management: Not applicable.
