The THC has determined that this project will not adversely affect this State-owned resource and no further action is necessary.

The THC requests to look at the design drawings of this **alteration**, prior to issuing for construction, to insure that it is being done in accordance with the provisions of the *Secretary of the Interior's Standards for Treatment of Historic Properties*.

The THC has determined that the **demolition** or **disposal** of this property does adversely affect this State-owned resource and consultation with this office is encouraged to explore alternatives that would avoid, minimize or mitigate the adverse effect.
