

School Health Team: Evaluation of the *What to Do about MRSA in Middle and High Schools Toolkit*

This component of the *What to Do about MRSA in Middle and High Schools Toolkit* was developed to provide you, the teachers, coaches, students and parents with key information about preventing and/or decreasing the transmission of MRSA. By completing this survey, you will help ensure that these materials best serve you, fellow health care professionals and your school.

Any responses you may give to these questions are completely anonymous and will be kept confidential. No one will ever know how you as an individual responded. Still, your decision to do this survey is completely up to you. Whether you choose to do the survey or not won't impact your relationship with the Health Department or its staff in any way. If you do choose to complete the survey, please do not put your name anywhere on it. If you should have any questions about this survey in general or any of its questions, please contact the Tennessee Department of Health, Communicable and Environmental Disease Services at (615) 741-7247.
