I. APPLICATION PROCEDURES

Fees (1200-6-1-.06)

The following fees are required for licensure:

$ 50 (application fee) - nonrefundable
$ 10 (regulatory fee) - nonrefundable
$ 60 TOTAL

Checks or money orders need to be made out to the State of Tennessee.

Converting Quarter Hours to Semester Hours:

Total Quarter Hours x 2 = Total Semester Hours

Converting CEUs to Clock Hours:

Total CEUs x 10 = Total Clock Hours

Converting Semester Hours to Clock Hours:

Total Semester Hours x 15 = Total Clock Hours

II. TRAINEE PERMITS (1200-06-01-.14)

Registration of the Laboratory Trainee

A qualified laboratory trainee shall register at no cost. Registration is valid for a period of two (2) years or less. Each trainee must submit a trainee application before beginning his/her practical training in a medical laboratory. The trainee work permit is only valid in the facility (ies) approved for practice training. The facility(ies) must be approved prior to internship. A trainee may work in a department after completion of the classroom requirements and clinical rotation period in that department provided he/she is under direct supervision of licensed medical laboratory personnel at the technologist level or higher. Documentation that the trainee has demonstrated acceptable competence levels in all procedures routinely performed in that clinical area must become part of that trainee’s file.

The trainee permit shall be on file in the training program location and on-site during each clinical training program rotation.
III. LICENSURE INFORMATION

**Processing Time:** Each application is unique, however be prepared for a minimum of 8-10 weeks processing time. Some applications will require more or less time depending on complexity and circumstances.

**Temporary License (1200-06-01-.13)**

A temporary license may be issued by the Board for an applicant who has successfully completed the academic work, clinical training, and all Board designated requirements for the license sought, and is scheduled to take the next available Board approved national or international examination.

If the applicant fails the examination or does not sit for the scheduled examination, the temporary license shall immediately become null and void.

**Renewals (1200-06-01-.09)**

Licenses are renewed every other year based on the licensee’s birthday. A penalty fee is due if your renewal is postmarked past the renewal deadline. The licensee is responsible for notifying the administrative office in writing when there is an address or name change. Licenses can be renewed online: [https://apps.tn.gov/hlrs/](https://apps.tn.gov/hlrs/)

**Continuing Education/Renewals - All Licensees (1200-06-01-.12)**

All individuals holding a Tennessee license as a medical laboratory professional, are required to fulfill 24 hours of board-approved continuing education during the two (2) calendar years previous to the renewal of their license. For example:

- **2018 Renewal Date:** Submits CE’s obtained January 01, 2016-December 31, 2017
- **2019 Renewal Date:** Submits CE’s obtained January 01, 2017-December 31, 2018

Courses accepted sponsored by the Medical Laboratory Board may be found on the following web site: [http://tn.gov/health/article/medlab-coedu](http://tn.gov/health/article/medlab-coedu).

Documents submitted must contain licensee’s name, subject materials, date, contact hours and appropriate signature of agency or medical laboratory director.

**Retirement of Current License (1200-06-01-.11)**

A licensee who holds a current license and does not intend to practice as a medical laboratory professional in Tennessee may retire his/her license. The licensee must complete the Affidavit of Retirement from Practice in Tennessee document and have it notarized. The licensee will be notified in writing about the change of status of his/her license to the retired status. Renewal fees will not be required until the license is reactivated. This reactivation form may be obtained from the Board’s administrative office. After two years, the applicant will not be required to submit continuing education, upon reactivation of a retired license.

**Note:** Retirement from your job does not retire your professional license; you must submit an Affidavit of Retirement to this office. Failure to do so means you are still subject to continuing education requirements until your license is retired.

**Reactivation of Expired License(1200-06-01-.11)**

The completion of the Reactivation Form will allow the licensee to return to work. This form may be obtained from the administrative office for the Medical Laboratory Board. Upon reactivation of an expired license, the applicant will be required to submit continuing education documentation. Please refer to the above continuing education information.
**Change of Name or Address (1200-06-01-.17)**

A change in name or address requires **prompt** notification to the Administrative office. You may fax this information to the administrative office: 615-253-8724 or call 615-532-5128.

**Verification of License Status**

The status of an individual’s license is a matter of public record. Anyone inquiring about an individual's license will be given following information: the licensure category, date of certification and if licensee is in good standing. This information may be obtained through the Tennessee Department of Health automated phone system, (615) 532-3202 (local) or 1-888-310-4650 (toll free), following each prompt. Licensure information is also available from the Tennessee Department of Health website, [https://apps.health.tn.gov/Licensure/default.aspx](https://apps.health.tn.gov/Licensure/default.aspx)

**Criminal Background Check: Tennessee Code Annotated 63-1-116**

Effective June 01, 2006 applicants for initial licensure in Tennessee (not applicable to the renewal, reinstatement or upgrade) **must** obtain a criminal background check. For instructions to obtain a criminal background check, go to [http://tn.gov/health/article/CBC-instructions](http://tn.gov/health/article/CBC-instructions).

**Practitioner Profile Questionnaire**

All applicants must complete a Practitioner Profile Questionnaire which can be found on line: [http://tn.gov/assets/entities/health/attachments/PH-3585.pdf](http://tn.gov/assets/entities/health/attachments/PH-3585.pdf). You are required by law to update this profile within 30 days of any change if you have an active license. Failure to update the profile may subject the practitioner to disciplinary actions.

PH 1056 (Rev 02/17)  RDA 10137
Military Trained Applicants (1200-06-01-.22)

Medical Laboratory Technician (Rule 1200-06-01-.22(1)(c)(2)(ii))

Applicant must have an associate degree in a laboratory science and successful completion of an official military medical laboratory procedures course of at least fifty (50) weeks duration in residence and have held the military enlisted occupational specialty of Medical Laboratory Specialist (Medical Laboratory Technician). This information will be referenced on form DD214, a copy of which must be included with the application. National certification by examination is required.

Medical Laboratory Technologist (Rule 1200-06-01-.22(1)(a)(2)(iii))

Applicant must have a baccalaureate degree, completion of the fifty (50) week military laboratory training program, three (3) years of full time clinical laboratory work experience as defined in (1)(j) of this rule; the individual must have completed science coursework equivalent to that required in a laboratory science education program as defined by (1)(g) of this rule. The military training program will be referenced on form DD214, a copy of which must be included with the application. National certification by examination is required.

Special Analyst Applicants (1200-06-01-.22(1)(e))

An applicant may be issued a special analyst license to perform limited medical laboratory tests or group of tests, in the following specialties: andrology, embryology, cytology, molecular diagnostics, cytogenetics, toxicology, flow cytometry, virology, or histocompatibility-immunogenetics, on human specimens, but who is not trained to perform the broader range of tests required by medical laboratory personnel. All applicants must submit documentation of training relating to the categorical specialty.

Internationally Trained Applicants (1200-06-01.05(2))

An evaluation of a foreign transcript is required to determine the applicant's eligibility in addition to the general requirements. The evaluation must be obtained from one of the following agencies.

The evaluation must be submitted by the evaluating agency. This document must be in the Board’s administrative office to determine your eligibility for licensure. The evaluation needs to be a general statement of equivalency utilizing a course-by-course comparison. All internationally trained applicants must submit a notarized photocopy of their foreign college transcript to the Board's administrative office.

V CHECKLISTS

LABORATORY DIRECTOR CHECKLIST (1200-06-01-.20)

Attach a check or money order in the amount of sixty ($60) dollars, payable to the State of Tennessee to your application. All applications for director are presented for review and approval by Medical Laboratory Board members during their quarterly meetings. The director-applicant is required to attend the quarterly meeting to respond to board member questions.

A pathologist and any other person recognized by the Board as having special qualifications and who is duly licensed and registered to practice medicine in the State of Tennessee will not be required to obtain a medical laboratory license in addition to his/her medical license. Individuals possessing an earned doctoral degree (non-medical degree) are required to obtain a license as a laboratory director from the Board.

A medical laboratory director must meet one of the following requirements:

Be a physician licensed in Tennessee and certified in clinical pathology by the American Board of Pathology or the American Osteopathic Board of Pathology or possess qualifications which are equivalent to those required for such certification (Board eligible).
Meet one of the following requirements to qualify as a director of a laboratory in one or more specialties:

- Is a physician licensed in Tennessee and certified by the American Board of Medical Microbiology, the American Board of Clinical Chemistry, or other certifying boards acceptable to the Board in one or more of the laboratory specialties.
- Hold an earned doctoral degree in a chemical, physical, biological or clinical laboratory science, and be certified by the American Board of Medical Microbiology, American Board of Clinical Chemistry, American Board of Bioanalysis, American Board of Medical Laboratory Immunology or other certifying boards acceptable to the Board in one or more laboratory specialties.
- Is a physician licensed in Tennessee, who subsequent to graduation has four (4) years or more experience in pulmonary function. The directorship is limited to blood gas analysis (pH, pO\textsubscript{2}, pCO\textsubscript{2}).
- Is a physician licensed in Tennessee, who is certified by a national board acceptable to the Board (not in traditional laboratory specialty) in the specialty for which approval for directorship is being sought.
- Holds an earned doctoral degree and has, in the opinion of the Board, appropriate work experience in a subspecialty for which there is no national certification. These individuals must obtain national boarding in the subspecialty when it becomes available.

### General Requirements-Director

- Completed application
- Complete fees
- Photograph (signed, passport size)
- Official transcript which indicates that a degree was conferred. (sent directly from the university to this administrative office)
- Proof of National Boarding (sent directly from the agency to this administrative office).

LABORATORY SUPERVISOR CHECKLIST (1200-06-1-.21)

Attach a check or money order in the amount of sixty ($60) dollars, payable to the State of Tennessee to your application.

A laboratory supervisor must meet one of the requirements in Section I

SECTION I

_____ Is a physician licensed in Tennessee or possess a doctoral degree with a chemical, physical or biological science as his/her major subject. The applicant must have at least two (2) years of experience in one of the laboratory specialties in a clinical laboratory and with a director at the doctoral level subsequent to graduation.

_____ Possess a valid general medical laboratory technologist license in Tennessee. Must have at least four (4) years of full time (30 hours per week) laboratory experience, or its equivalent, subsequent to qualifying as a technologist.

_____ Possess a valid medical laboratory technologist license in Tennessee limited to one of the categories of chemistry, hematology, immunohematology or microbiology. The applicant must have at least four (4) years of full time (30 hours per week) laboratory experience, or its equivalent, subsequent to qualifying as a technologist. The license shall be limited to the category in which the current medical laboratory technologist license is held.

_____ Possess a valid special analyst license in Tennessee limited to one subspecialty and have at least four (4) years of full time (30 hours per week) clinical laboratory experience, or its equivalent, subsequent to qualifying as a technologist. The license shall be limited to the subspecialty in which the current special analyst license is held.
SECTION II

___ Documentation of sixty (60) clock hours of continuing education. (45 clock hours of management and 15 clock hours of technical courses.) At least eight (8) clock hours of management courses must be in a classroom or workshop setting. Refer to the calculation conversions section to determine eligibility.

DOCUMENTATION INFORMATION

The management courses must either have "management" in their title or be specifically designated or designed for managers or supervisors.

Course documentation may be in the form of diplomas, certificates and letters of verification from employers, professional groups or agencies which conduct the training. All handwritten documents must be signed by the applicant's supervisor(s) to verify attendance.

An official transcript is necessary if the applicant is using college courses for continuing education credit. The transcript must be sent directly from the school to the administrative office for the Medical Laboratory Board.

Work experience must be verified in writing on hospital letterhead. The letters must include: job title, dates of employment and full or part-time employment status. If work experience was part-time, the verification letters must indicate the number of hours worked per week. Work experience letters must be sent directly from the employer to the administrative office for the Medical Laboratory Board.

CYTOLOGY GENERAL SUPERVISOR CHECKLIST (1200-06-01-.23)

An applicant for licensure as a cytology general supervisor must meet the following requirements:

- Attach a check or money in the amount of sixty ($60) dollars, payable to the State of Tennessee to your application.

- Possess a current license as a cytotechnologist from the State of Tennessee.

- Have at least four (4) years of full-time experience as a cytotechnologist within the preceding ten (10) years.

Work experience must be verified in writing on hospital letterhead. The letter must include: job title, dates of employment, and full or part-time employment status. If work experience was part-time, the verification letters must indicate the number of hours worked per week. Work experience letters must be sent directly from the employer to the administrative office of the Medical Laboratory Board.

See Section II for Continuing Education requirements for Supervisor-Cytology. Subject materials must be in Cytology.
General Requirements-Supervisor-Cytology

- Completed application
- Complete fees
- Photograph (signed, passport size)
- Declaration of Citizenship
- Copy of current national certification (ASCP, AMT, etc.)
- Completed Practitioner Profile Questionnaire
- 45 Continuing Education Hours in Cytology (8 hours obtained in classroom setting)

MEDICAL LABORATORY TECHNOLOGIST CHECKLIST (1200-06-01.22)

Attach a check or money order in the amount of sixty ($60) dollars, payable to the State of Tennessee to your application.

A medical laboratory technologist shall meet one of the following requirements, in addition to possessing national certification by exam at the technologist level:

- A baccalaureate degree in medical technology or in one of the biological, chemical or physical sciences, and with the completion of a medical laboratory technologist training program.

- A baccalaureate degree, MLT/CLT certification, three (3) years of full time clinical laboratory work experience and completion of science coursework equivalent to that required in a laboratory science education program.

- A baccalaureate degree, completion of the fifty (50) week military laboratory training program, three (3) years of full time clinical laboratory work experience and completion of science coursework equivalent to that required in a laboratory science education program.

- A baccalaureate degree, five (5) years of full time clinical laboratory work experience and completion of science coursework equivalent to that required in a laboratory science education program.

- For those individuals obtaining national certification by examination or recognition at the technologist level prior to September 1, 1997:

  1. Having received a passing grade on a Health and Human Services proficiency examination in clinical laboratory science and completion of five (5) years of full time clinical laboratory work experience; or

  2. A minimum of ninety (90) semester hours including science coursework equivalent to that required in a laboratory science education program and with the completion of a medical laboratory technologist training program that was approved at the time of graduation by National Accrediting Agency for Clinical Laboratory Sciences (NAACLS) or a national accrediting agency acceptable to the Board.
NOTE: For all licensing categories, courses completed in a laboratory training program do not count toward a major in those fields of study. Survey, audit, remedial, college level examination program and advanced placement do not qualify as fulfillment of the chemistry, biology, or mathematics requirements. Core curriculum courses in chemistry, biology or mathematics are acceptable when completed online.

SCIENCE COURSEWORK REQUIRED IN LAB TRAINING PROGRAM

__ Sixteen (16) semester hours or twenty-four (24) quarter hours of chemistry which shall include one (1) full academic year of general chemistry courses (including lecture and laboratory) and one (1) course in organic chemistry or biochemistry (including lecture and laboratory). The other courses may be selected from qualitative or quantitative chemistry.

__ Sixteen (16) semester hours or twenty-four (24) quarter hours of biological sciences, including a course in microbiology (lecture and lab).

__ Three (3) semester hours or four and one half (4.5) quarter hours of pre-science mathematics.

Work experience must be verified in writing on hospital letterhead and must be submitted directly from the employer to the administrative office of the Medical Laboratory Board. The letters must include: job title, dates of employment, lab areas of employment and full (30 hours per week) or part-time employment status.

If your work experience was part-time, the verification letters must indicate the number of hours worked per week. Work experience letters must be sent directly from the employer to the administrative office for the Medical Laboratory Board.

MEDICAL TECHNOLOGIST-CATEGORICAL CHECKLIST (Rule 1200-06-01-.22)

Attach a check or money order in the amount of sixty ($60) dollars, payable to the State of Tennessee to your application.

A medical laboratory technologist may obtain a license limited to one of the following categories:

___Chemistry    ___Hematology    ___Immunohematology    ___Microbiology

The applicant must meet the following requirements:

__ Must present proof of national certification by certifying body acceptable to the Board in the laboratory specialty at which licensure is being sought at the technologist level, or present proof of national certification as a general technologist.

__ Must meet one of the qualification routes on the medical laboratory technologist checklist.

COMPETENCY INFORMATION

PLEASE ANSWER THE FOLLOWING QUESTIONS. If you answer “yes” to any of the questions in this part, you must supplement your affirmative response with a thorough explanation on a separate page.

IN SUPPORT OF YOUR EXPLANATION, THE FINAL DOCUMENTS OR ORDERS FROM THE ISSUING STATES, COURTS, AND/OR AGENCIES MUST BE SUBMITTED WITH THIS APPLICATION.

Additional information may be requested and/or required before a licensure decision may be made.

For the purposes of these questions, the following phrases or words have the following meanings:

1. “Ability to practice your profession” is to be construed to include all of the following:
   a. The cognitive capacity to make appropriate clinical diagnoses, exercise reasoned medical judgments, to learn, and keep abreast of medical developments;
   b. The ability to communicate those judgments and medical information to patients and other health care providers, with or without the use of aids or devices, such as voice amplifiers; and
   c. The physical capability to perform professional tasks and procedures required of your profession, with or without the use of aids or devices, such as corrective lenses or hearing aids.

2. “Medical Condition” includes physiological, mental or psychological conditions including, but not limited to: orthopedic, visual, speech and/or hearing impairments, emotional or mental illness, specific learning disabilities, drug addiction, and alcoholism.

3. "Minor Traffic Offense” generally means moving and non-moving violations punishable by fines only and does not include offenses such as driving under the influence or while intoxicated or reckless driving.

4. "Currently" does not mean on the day of, or even in the weeks or months preceding the completion of this application. Rather, it means recently enough so that the use of drugs or alcohol may have an ongoing impact on one's functioning as a licensee, or within the past two (2) years.

5. "Illegal use of illicit or controlled substances" means the use of substances obtained illegally (e.g. heroin, or cocaine) as well as the use of controlled substances that are not obtained pursuant to a valid prescription or not taken in accordance with the directions of a licensed health care practitioner.

QUESTIONS:

1. Do you currently have any physical or psychological limitations or impairments caused by an existing medical condition which are reduced or ameliorated by ongoing treatment or monitoring, or field of practice, the setting or the manner in which you have chosen to practice? ____  ____

2. Do you currently use any chemical substances which in any way impair or limit your ability to practice your profession with reasonable skill and safety? ____  ____

(If you receive such ongoing treatment or participating in such a monitoring program, the Board will make an individual assessment of the nature, the severity and the duration of the risks associated with an ongoing medical condition to determine whether an unrestricted license should be issued, conditions should be imposed, or you are not eligible for licensure).
3. At any time within the past two years, have you engaged in the illegal or illicit use of controlled substances?  

4. Are you currently participating in a supervised rehabilitation program or professional assistance program that monitors you to assure that you do not consume alcohol and/or do not engage in the illegal use of illicit or controlled substances?  

5. Have you ever been diagnosed as having or have you ever been treated for pedophilia, exhibitionism, voyeurism or other diagnosis of a predatory nature?  

6. Have you ever held or applied for a license, privilege, registration or certificate to practice in the medical laboratory field in any state, country, or province, that has been or was ever denied, curtailed, or voluntarily surrendered under threat of investigation or disciplinary action?  

7. Have you ever had staff privileges at any hospital or health care facility that were revoked, suspended, curtailed, restricted, limited, otherwise disciplined or voluntarily surrendered under threat of restriction or disciplinary action?  

8. Have you ever applied for and been denied a state or federal controlled substance certificate that was ever denied, revoked, suspended, restricted, voluntarily surrendered or otherwise disciplined or surrendered under threat of restriction or disciplinary action?  

9. Have you ever been convicted (including a nolo contendere plea or guilty plea) of a felony or a misdemeanor (other than a minor traffic offense) whether or not sentence was imposed or suspended?  

10. Have you ever been rejected or censured by a professional association or society?  

11. In relation to the performance of your professional services in any profession:  

   a. Have you ever had a final judgement rendered against you in relation to the performance of your professional services in any profession?  

   b. Have you ever entered into any settlement of any legal action in relation to the performance of your professional services in any profession?  

   c. Are there any legal actions pending against you or to which you are a party in relation to the performance of your professional services in any profession?  

12. If you have ever held a license, registration, privilege or certificate in any profession that has ever been reprimanded, suspended, restricted, revoked or otherwise disciplined, curtailed or voluntarily surrendered under threat of investigation or disciplinary act?  

13. My name has been placed on the registry of persons who have abused, neglected or misappropriated the property of vulnerable individuals (Tennessee abuse registry or an abuse registry in another state) in relation to the performance of your professional services in any profession.
AFFIDAVIT OF APPLICANT
APPLICANT’S CONSENT AND RELEASE

In applying for licensure in the State of Tennessee, I HEREBY:

SIGNIFY my willingness to appear to answer such questions as the Board may find necessary and which may include a full Board interview.

RELEASE to the Board, its staff, and their representatives, any and all documentation necessary now and in the future to establish my physical and mental capabilities to safely practice as a medical laboratory professional.

AUTHORIZE the Board, its staff and their representatives to consult with my prior and current associates and others who may have information bearing on my professional competence, character, health status, ethical qualifications, ability to work cooperatively with others and other qualifications.

RELEASE from liability the Board, its staff and all their representatives and any and all organizations which provide information for their acts performed and statements made in good faith and without malice concerning my competence, ethics, character, other qualifications for licensure.

ACKNOWLEDGE that I, as an applicant for licensure, have the burden of producing adequate information for a proper evaluation of my professional, ethical, and other qualifications, and for resolving any doubts about such qualifications.

AUTHORIZE release, use and disclosure of otherwise HIPPA protected health information to the limited extent necessary for my application to receive full consideration up to and including discussion in a public forum should that become necessary.

THIS CERTIFIES THAT THE INFORMATION SUBMITTED IN THIS APPLICATION IS TRUE AND COMPLETE TO THE BEST OF MY KNOWLEDGE AND BELIEF.
