

# VFC Report Card

Tennessee Immunization Summit

quality improvement  
tool for immunizing  
providers

- Quarterly Report
- Facility level coverage data in TennIIS
- Progress towards meeting VFC Programmatic Compliance metrics
- Early identification and troubleshooting of technical issues
- Bridges communication gaps between VFC Providers and VPDIP

Why and How?

January  
1, 2017

All VFC providers are required to record in TennIS every vaccine administered to all patients under 19 years of age, regardless of VFC status, within two weeks of administration date.

Researching  
what other  
states do?

What does TN  
want to  
communicate?

Is this as useful  
as we think?

Quarterly  
program wide  
distribution

# Vaccines for Children TennIS Report Card - PILOT EDITION

VFC FACILITY NAME, PIN 000000

2018 Quarter 2: April 01 - June 30

## VFC Provider Site Information

Primary Contact: First Last Name, first.last@facility.org  
Secondary Contact: First Last Name, first.last@facility.org  
Facility Contact: First Last Name, first.last@facility.org  
Lead Medical Contact: First Last Name, first.last@facility.org

VFC Provider Agreement Renewal Deadline: 01/01/2019  
IIS Reporting Method: Electronic Message Transfer  
Site Type: Private - Group HMO

### Quantity & Quality of Vaccine Records

1,000 vaccine doses administered at this site were reported to TennIS during this 3-month period.

How they were entered:

- 750 (75%) were sent by your Electronic Health Record System (EHR)
- 250 (25%) were entered by a user at your facility through the TennIS website

Completeness of vaccine information (target = 100%)

- 1,000 (100%) included VFC eligibility status
- 1,000 (100%) included lot number
- 900 (90%) included manufacturer

Please note this report card only evaluates vaccinations **entered** or **added as administered doses** by your facility.

### Patient Profile & Vaccine Coverage Rates

VFC enrollment patient profile (self-reported):

- 10,000 total patients under 19 years of age
- 7,500 of total are VFC eligible

Looks wrong? Contact us to update your patient profile.

Patients under 19 years linked to this site ("owned") in TennIS\*:

- 10,000

Key vaccination coverage rates for your patients in TennIS:

- 1 or more **influenza** vaccine since July 1, 2017: 9500/9500(100%) of patients 6 months and up (target: 70%)
- HPV** vaccine aged 12 through 18 years:
  - At least one dose: 5000/5000(100%)
  - Complete: 4000/5000(80%) (target: 80%)
- 4<sup>th</sup> DTaP**: 900/1000(90%) of 12-24 month-olds (target: 90%)

\*TennIS automatically assigns a person to your site after you report administering a vaccine to the person. This is called "ownership."

### VFC Program TennIS Reporting Compliance

The VFC Program requires that each vaccine administered to patients under 19 years, regardless of VFC status, be reported to TennIS within two weeks of administration.

During this 3-month period:

- VOMS inventory reconciliation indicated 750 dose(s) of VFC vaccines were administered. *This number will not equal the doses reported on patient TennIS records.*
- Patient TennIS records: 750 VFC vaccines reported VFC eligibility is based on the reported vaccine information
- 1,000 (100%) of all vaccines reported were submitted within two weeks of administration

### Contact Us & Helpful Information

- Contact your EHR Vendor regarding your electronic submissions. If they cannot resolve the issue please contact [TennIS.MU@tn.gov](mailto:TennIS.MU@tn.gov) and put "VFC Report Card" in the subject.
- [VFC.Enrollment@tn.gov](mailto:VFC.Enrollment@tn.gov) regarding provider agreement contacts and enrollment numbers.
- [TennIS.Training@tn.gov](mailto:TennIS.Training@tn.gov) to learn how to run reports in TennIS to track your progress.
- Tennessee Immunization Program phone (800) 342-1813

Sites experiencing difficulties with reporting may be contacted by VFC Program staff to offer assistance.
