2017 List of Reportable Diseases in Tennessee

For Laboratories

The diseases, events, and conditions reportable to Tennessee Department of Health (TDH) by laboratories, including laboratories in healthcare facilities, are listed below for 2017. Refer to Page 1 of this document for a list of diseases, events, and conditions reportable by healthcare providers. Laboratories should refer to the Detailed Laboratory Guidance document for additional guidance on reportable tests and results, and specimen/isolate submission to the state public health laboratory.

Laboratory reports, and the reporting form (PH-1600) (if needed), may be faxed directly to the local or regional health office (see <u>http://tn.gov/health/topic/localdepartments</u>) or the Division of Communicable and Environmental Diseases and Emergency Preparedness (CEDEP) at (615) 741-3857. The PH-1600 also is available for completion online at <u>https://redcap.health.tn.gov/redcap/surveys/?s=XTJTN4MD3D</u>. Refer to the Reportable Diseases website at <u>https://apps.health.tn.gov/</u> <u>ReportableDiseases</u> for additional reporting information. For questions, contact CEDEP at (615) 741-7247 or (800) 404-3006.
