| <b>Overall Lead</b>  | <b>Topic</b>        | <b>Summary/Decisions</b>  | <b>Assignments / Next Steps</b> | <b>Responsible Person</b> | <b>Time Frame</b> |
|----------------------|---------------------|---|---------------------------------|---------------------------|-------------------|
| <b>Robbie Tester</b> | <b>Roll Call</b>    | Roll call was taken by the Chairman and a quorum was declared and the meeting was started at 10:06 am CDST  |                                 |                           |                   |
| <b>Robbie Tester</b> | <b>Minutes</b>      | 06/27/2017 minutes approved by voice vote.  |                                 |                           |                   |
| <b>Robbie Tester</b> | <b>Old Business</b> | Mr. Richardson reported that the proposed Rules are on track to be presented to the Board by the 2018 June Meeting.   |                                 |                           |                   |
| <b>Robbie Tester</b> | <b>New Business</b> | <p>FAA Helipad 5010 form and requirement were discussed. It was determined that having the form completed by each helipad owner in each service would increase the safety. It was agreed on by the Committee to pursue this initiative by each service contacting the helipad owner to complete the form. It was discussed about encouraging THA to help with this also.</p> <p>The increasing popularity of drones was discussed. The increase of usage of drones by hobbyists and by certain industries. It came to light that drones will in the future will have an air space</p> |                                 |                           |                   |
