		Motion by Jonathan Wood and second by			
		<b>Dustin Housewright</b> to accept March 21, 2023, minutes.			
	Sub-Committee	Initial Education Committee Report:			
	Reports	• Jon Wood delivered the report- Vanderbilt LifeFlight presented to their orientation for their medics to challenge the state critical care test upon completion. Their orientation and clinical process meets and/or exceeds state requirements. This was passed. Randy White with Clinical issues committee shared that they are updating the state CQI program. A standardized drug reporting system was also discussed. There was also heavy discussion surrounding the			

difference between flight medic vs.         TN critical care paramedic. It was         voted that the FP-C and TN Critical         Care paramedic are not         interchangeable. There is a pilot         program for blood in West TN. A         motion was made and passed that any         time there is a new clinical practice         submitted it must also include a         training component. AEMT rain the         must meet the same criteria as an         instate candidate. Discussed         upcronsed psychomotor         exam elimination by NAEMT. The         policy also remains that you cannot         have any adverse action against your         license if you wish to be an I/C.         Candidates retain the right to appeal to         the board if an application is denied         per Director Ward.         •       Lee Blair gave ac ACOPEC report.         COPEC will continue to exist. There         will be some restructuring of the         statt. COPEC will remain a      <
