2 Is the total grant value of 1.69M for all 9 grants combined?	Yes.
3 Is this a sole source award?	This contract is not sole source, it is competitive based on RFGP responses. After RFGP responses are evaluated, up to nine (9) contracts (one for each site) will be awarded. If one respondent proposes for all clinics, then it could be awarded to one grantee.
4 Will each of the 9 clinics (across the 6 regions) be ordering for their respective clinics?	Yes.
5 How far in advance will a clinic notify the grantee of their need for x-rays?	The state will give 48-hours notice, providing this info to the grantee: date of TB clinic, location of TB clinic, start and end times of TB clinic, estimated number of patients for each TB clinic, and orders for each patient scheduled for TB clinic. Please see the Sample GR Contract Section A. for the complete scope of services.
6 For those x-rays performed on state-owned equipment, please explain how those images will be provided to the grantee for interpretation.	The grantee will burn the images to one or more disks, and the disks will be used by the grantee for interpretation.
