

**STATE OF TENNESSEE  
DEPARTMENT OF HEALTH**

**REQUEST FOR APPLICATION**

**FOR**

**MATERNAL VIOLENT DEATHS EVALUATION PROJECT**

**RFA # 34347-86523**

## I. Introduction:

Maternal Mortality, including those maternal deaths due to violence, continues to be a growing public health problem in Tennessee. In 2017, TDH began a maternal mortality review committee to review all deaths occurring during pregnancy or within a year of pregnancy. In October 2021, Health and Human Services provided TDH with funding to address the prevention of maternal deaths due to violence. The purpose of this funding is to support the health department to improve data, implement interventions and improve sustainability to prevent violent maternal deaths. Specifically, these funds support the implementation of evidence-based interventions to reduce maternal homicide and suicide deaths.

This funding opportunity is to evaluate TDH efforts to prevent violent maternal deaths. Applicant must be able to demonstrate the ability to monitor and assess the effectiveness of each maternal violent death strategy and activity by creating and implementing an evaluation plan that identifies key questions, stakeholders, indicators, short, medium, and long-term outcome measures and data sources. Key strategies being implemented by TDH such as post-partum depression training, domestic violence training, danger assessment training, data surveillance and sustainability will be evaluated. Applicant will analyze sign in sheets, pre and post tests and other documents to determine number trained, increase in knowledge and other evaluation measures.

This request for application is supported by the Office of the Assistant Secretary of Health (OASH) of the U.S. Department of Health and Human Services (HHS) as part of a financial assistance award totaling \$300,000 with 100 percent funded by OASH/HHS. The contents are those of the author(s) and do not necessarily represent the official views of, nor an endorsement, by OASH/HHS, or the U.S. Government.
