After discussion between the board members, Ms. Putnam, and Mr. Murphy, the board members decided to hold off on their vote until Mr. Murphy could recommendations in writing for them to review. After reviewing the proposal of changes to the rules from Mr. Murphy, it was decided to strike all but two changes. Recommended that the words “physical, in-person” be added before “dentist-patient relationship.” The Board approved this recommendation. The second change to the proposed rules would be a new paragraph (f) stating “The dentist that is performing teledentistry services must disclose via public website his or her name, license number, telephone number, address and education to the public who may be using or interested in their teledentistry services.” All board members voted to accept changes and language for the rules.

0460-02-.05- Examination-

Changes to this rule would clarify the language surrounding examinations accepted by the board. Dr. Gilmore, Dr. Yeserzky, and Dr. Werther, chair of the Anesthesia Committee all spoke to the board pertaining to their concerns, questions, or suggestions about the proposed language for these rules. All board members voted to keep language of the rules as proposed and did not accept changes proposed by the TDA letter. The board also voted not to make changes to the language of the rules that were suggested by the AGD. All board members voted to accept all rule changes as written.

0460-03.-12 – Administration of Local Anesthesia-
