INDIVIDUALS APPLYING FOR AN EMS LICENSE IN TENNESSEE MUST:

• Obtain a Criminal Background Check
  A criminal background check (CBC) is required before a license can be issued. If you are in Tennessee or plan on visiting prior to your move you can obtain the information on how to get a state of Tennessee criminal background check from our web site at: https://www.tn.gov/health/health-professionals/criminal-background-check.html On the website there is also an option if you are out of state and you should select the “Living Outside the State of Tennessee” and follow the instructions. Under enrollment services if your state does not offer digital fingerprinting you can contact the TN EMS office for further information. The CBC must be submitted to our office directly from the vendor identified in the licensure application materials.

• Hold a current license in another state and hold or have held a current national registry certification for the level in which you are applying or;
  Have received your training while employed at a federal agency and hold a current national registry certification for the level in which you are applying.

• Submit all of the required documentation on the enclosed checklist.

• Pay all required fees.

• Complete any additional training which may be required.

• Successfully pass any examinations that may be required.

Your application package will be reviewed upon receipt of written verification from the issuing EMS licensing agency of your current EMS license or upon receipt of written verification from a federal training agency. The Office of EMS does not issue temporary licenses for employment.

All the required documentation and fees must be submitted as one package. The only exceptions are the state or federal verification forms and CBC.

There are two options for submitting your packet.
Online registration at: lars.tn.gov where you can open an application and download all the required documents (excluding the verification form(s) and CBC mentioned above).

OR
Mail your packet to: Tennessee Department of Health, Division of Health Licensure and Regulation, Office of Emergency Medical Services, 665 Mainstream Drive, Nashville, TN 37243
APPLICATION PROCESS:

NOTE: The reciprocity packet is valid for two years from the date on the application. If all requirements are not met within this timeframe you must re-apply for licensure.

With your cooperation, we will make every effort to expedite your application.

1. Allow 14 business days for information mailed to our office to be received and placed in your file. The Federal Special courier services will not appreciably reduce the process time. If you would like confirmation that the Office has received your application packet, it is recommended that you mail the packet certified mail with return receipt requested. For online submission allow 5-7 business days for processing.

2. Absent of any complicating factors, the average application processing time is 7-14 business days from receipt of all the documentation. This includes state or federal verification forms and CBC.

3. **We will discuss the application status with the APPLICANT only.** Please inform potential employers and any others that application status updates must be obtained from you.

4. Examination information for National Registry testing can be acquired from the NREMT web site (www.nremt.org) or by calling the Registry at 614-888-4484.

5. If an address change occurs at any time during the application process you must notify this office in writing or go online at lars.tn.gov.

6. **Anyone practicing as an EMT, AEMT or Paramedic must first obtain a valid license in Tennessee.** Therefore, it is recommended that you do not make arrangements to accept employment in Tennessee until you are granted a license by this office.
RECIPIROCITY CHECKLIST

The following are general requirements that must be met and documents that must be submitted by all EMT, AEMT and Paramedic levels:

General Requirements:

**NOTE** All documents listed below (excluding the state and federal verifications and criminal background check) can be submitted online by going to lars.tn.gov.

1. Application for Licensure
   a. The application (PH-3784) must be signed and dated and all questions answered before processing will begin. The signed application is valid for two years from the date on the application.

2. EMS Professional Fees
   a. Submit the Fee Form (PH-2397) with a check or money order for all applicable fees, which includes the application fee, license fee and reciprocity fee for the appropriate level you are applying. If you would like confirmation of receipt of your fees/documents, you should send by certified mail with a receipt requested. (The application fee is non-refundable.)
   b. The business name refers to employment with an Emergency Medical Service or similar organization approved to operate in the State of Tennessee. If not employed, indicate Not Applicable.

3. Medical Statement
   a. The medical statement (PH-0130) must be completed and physician must verify sufficient health requirements by signing form.

4. Current Professional or EMS State License (does not apply to federally trained applicant)
   a. Submit a copy of your current EMS license that verifies the expiration date.

5. National Registry Certification
   a. You must currently hold or have held a National Registry certification at the level of licensure for which you are applying. You must submit a copy of a certificate or card.
   b. If you are applying for reciprocity through your training from a Federal Agency you must hold a current National Registry Certification at the level of licensure for which you are applying. You must submit a copy of the National Registry card that verifies the expiration date.

6. Verification of Education
   a. Submit a copy of one of the following: a High School Diploma, a Graduate Equivalency Diploma (GED Certificate), or a college transcript/degree.

7. Letters of Moral Character (Excludes EMT Level)
   a. Submit two (2) original letters signed by a medical professional attesting to your personal character.
   b. Letters must be completed within the past 12 months.

8. Proof of Current CPR Training
   a. Submit a copy of your current CPR card for a Basic Rescuer or equivalent.
   b. Verification of an electronic copy of your CPR card is also acceptable.
9.  □ Knowledge of Destination Determination  
   a. All applicants must read the trauma destination guidelines. These documents are included in the packet (pages 8-11) and must be verified by signing the acknowledgement sheet (page 12).

10. □ State Verification of License or Federal Agency Training Verification  
   a. Mail the verification of licensure form (PH-3607) or Federal Agency Training form (PH-3936) to the appropriate state(s) in which you hold or have held a license or to the Federal Agency where you received your training.  
   b. The verification form must be returned to our office by the verifying state or agency.

11. □ Declaration of Citizenship  
   a. Form must be notarized and required identification submitted.

12. □ Criminal Background Check  
   a. All applicants applying for initial licensure in Tennessee are required to obtain a criminal background check through the State of Tennessee selected vendor.  
   b. You may register online or by telephone. Electronic print locations are available at https://www.tn.gov/content/tn/health/health-professionals/criminal-background-check.html  
   c. The enclosed Criminal Background Disclosure form (PH-3856) is to be completed only if you have a criminal history.

NOTE:  Fees Are Subject To Change Without Notice.

ALL REQUIRED DOCUMENTATION, FORMS, AND FEES MUST BE SUBMITTED TOGETHER AS ONE PACKET. (Excluding the State licensure or Federal Agency training verification and Criminal Background Check)

"Under HIPPA, the health information you furnish on this document is protected from public inspection, absent a subpoena or for purposes of health oversight activities."
MEDICAL STATEMENT
For Emergency Medical Services Professional License

The Office of Emergency Medical Services is the state agency responsible for the licensing of emergency medical services personnel. The mission of the agency is to oversee the delivery of pre-hospital emergency care and to safeguard the public from inappropriate or incompetent medical care in the pre-hospital environment. When issuing a license, it is understood that the individual can meet the demands, duties, and responsibilities listed below and examiner performing the evaluation is a licensed physician, nurse practitioner or physician assistant.

GENERAL DUTY REQUIREMENTS:
The general environmental conditions in which emergency medical service personnel work includes a variety of hot and cold temperatures and, at times, they may be exposed to hazardous fumes. They may be required to walk, climb, crawl, bend, pull, push, or lift and balance over less than ideal terrain. They can also be exposed to a variety of noise levels, which can be quite high, particularly when sirens are sounding. The individual must be able to function effectively in uncontrolled environments with high levels of ambient noise. Aptitudes required for work of this nature are good physical stamina, endurance, and body condition which would not be adversely affected by having times to lift, move, carry and balance while moving in excess of 125 pounds (250 pounds 2 person lift). Motor Coordination is dexterity to bandage, splint and move patients, including properly applying invasive airways and administering injections.

Driving in a safe manner, accurately discerning street names, map reading, and the ability to correctly distinguish house numbers or business locations are essential tasks. Use of the telephone or radio for transmitting and responding to physician's advice is also essential. The ability to concisely and accurately describe orally to health professionals the patient's condition is critical. The provider must also be able to accurately summarize all data in the form of a written report.

DESTINATION DETERMINATION
GUIDELINES

YOU MUST READ THE FOLLOWING AND SIGN AND RETURN THE ENCLOSED
VERIFICATION OF SUCH WITH YOUR APPLICATION PACKET.

1200-12-01-.21  Destination Determination – Sick or injured persons who are in need of transport to a
health care facility by a ground or air ambulance requiring licensure by the State of Tennessee should be
transported according to these destination rules.

(1) Trauma patients - The goal of the pre-hospital component of the trauma system and destination
guidelines is to minimize injury through safe and rapid transport of the injured patient. The
patient should be taken directly to the center most appropriately equipped and staffed to
handle the patient's injury as defined by the region's trauma system. These destinations
should be clearly identified and understood by regional prehospital personnel and should
be determined by triage protocols or by direct medical direction. Ambulances should
bypass those facilities not identified by the region's trauma system as appropriate
destinations, even if they are closest to the incident.

(2) Beginning no later than six (6) months after the designation of a trauma center in any
region, persons in that region, who are in need of transport who have been involved in a
traumatic incident and who are suffering from trauma or a traumatic injury as a result
thereof as determined by triage at the scene, should be transported according to the
following rules.

(a) Adult (greater than or equal to fifteen (15) years of age) and Pediatric (less than fifteen
(15) years of age) Trauma Patients will be triaged and transported according to the
flow chart labeled "Field Triage Decision Scheme" in "Resources For Optimal Care of
the Injured Patient: 1999," or any successor publication. The Pediatric Trauma Score
shall be used as published in "Basic Trauma Life Support for Paramedics and Other
from the Division.

1. Step One and Step Two patients should go to a Level 1 Trauma Center or
Comprehensive Regional Pediatric Center (CRPC), either initially or after
stabilization at another facility. EMS field personnel may initiate air
ambulance response.

2. Step One or Step Two pediatric patients should be transported to a
Comprehensive Regional Pediatric Center (CRPC) or to an adult Level 1
Trauma Center if no CRPC is available. Local Destination Guidelines
should assure that in regions with two CRPC's or one CRPC and another
facility with Level 1 Adult Trauma capability that seriously injured
children are cared for in the facility most appropriate for their injuries.

3. For pediatric patients, a Pediatric Trauma Score of less than equal to 8 (<8)
will be considered as a cutoff level for Step One patients.

4. Local or Regional Trauma Medical Control may establish criteria to allow
for non-transport of clearly uninjured patients.
5. Trauma Medical Control will determine patient destinations within thirty (30) minutes by ground transport of a Level I Trauma Center or CRPC.

(b) Exceptions apply in the following circumstances:

1. For ground ambulances, when transport to a Level I Trauma Center will exceed thirty (30) minutes, Trauma Medical Control will determine the patient's destination. If Trauma Medical Control is not available, the patient should be transported to the closest appropriate medical facility.

2. For air ambulances, Step One patients will be transported to the most rapidly accessible Level I Trauma Center, taking safety and operational issues into consideration. Step Two, Three, and Four patients will be transported to a Level I Trauma Center as determined by the air ambulance's Medical Control. The Flight Crew will make determination of patient status on arrival of the air ambulance.

3. Air ambulances will not transport chemical or radiation contaminated patients prior to decontamination.

4. If the Trauma Center chosen as the patient's destination is overloaded and cannot treat the patient, Trauma Medical Control shall determine the patient's destination. If Trauma or Medical Control is not available, the patient's destination shall be determined pursuant to regional or local destination guidelines.

5. A transport may be diverted from the original destination:

   (1) if a patient's condition becomes unmanageable or exceeds the capabilities of the transporting unit; or
   (2) if Trauma Medical Control deems that transport to a Level I Trauma Center is not necessary.

(c) Utilization of any of the exceptions listed above should prompt review of that transport by the quality improvement process and the medical director of the individual EMS providers.

(d) Trauma Medical Control can be accomplished by a Trauma or Emergency Physician on duty at a designated Trauma Center or by protocols established in conjunction with a Regional Level I Trauma Center.

(3) Pediatric Medical Emergency - Pediatric patients represent a unique patient population with special care requirements in illness and injury. Tennessee has a comprehensive destination system for emergency care facilities in regards to pediatric patients where there are variable levels of available care, as defined in Rule 1200-9-30-.01.

(a) There are circumstances in pediatric emergency care as determined by local medical control where it would be appropriate to bypass a basic or a primary care facility for a general or comprehensive regional pediatric center.

1. Examples of such circumstances include, but are not limited to the following
(i) On-going seizures
(ii) A poorly responsive infant or lethargic child
(iii) Cardiac arrest
(iv) Significant toxic ingestion history
(v) Progressive respiratory distress (cyanosis)
(vi) Massive gastrointestinal (GI) bleed
(vii) Life threatening dysrhythmias
(viii) Compromised airway
(ix) Signs or symptoms of shock
(x) Severe respiratory distress
(xi) Respiratory arrest
(xii) Febrile infant less than two months of age.

2. Pediatric medical emergency transport may be diverted from the original
destination if the patient's condition becomes unmanageable or exceeds the
capability of the transporting unit, in which case the patient should be treated at
the closest facility.

3. Pediatric medical emergency air ambulance transports must go to a
Comprehensive Regional Pediatric Center.

(b) Pediatric trauma patients should be taken to trauma facilities as provided in paragraph
(2).

(4) Any patient who does not qualify for transport to a Trauma Center or a Comprehensive
Regional Pediatric Center should be transported to the most appropriate facility in
accordance with regional or local destination guidelines.

(5) Adults or children with specialized healthcare needs beyond those already addressed
should have their destination determined by Medical or Trauma Control, by regional or
local guidelines, or by previous arrangement on the part of patient (or his/her family or
physician).

(6) A transport may be refused or an alternate destination requested. Non-transport of the
patient, or transport of the patient to an alternate destination shall not violate this rule and
shall not constitute refusal of care

History: Original rule filed October 15, 2002; effective December 29, 2002.
### 2011 Guidelines for Field Triage of Injured Patients

**Measure vital signs and level of consciousness**

<table>
<thead>
<tr>
<th>Measure</th>
<th>Criteria</th>
</tr>
</thead>
<tbody>
<tr>
<td>Glasgow Coma Scale</td>
<td>≤13</td>
</tr>
<tr>
<td>Systolic Blood Pressure (mmHg)</td>
<td>&lt;90 mmHg</td>
</tr>
<tr>
<td>Respiratory Rate</td>
<td>&lt;10 or &gt;29 breaths per minute, or need for ventilatory support (&lt;20 in infant aged &lt;1 year)</td>
</tr>
</tbody>
</table>

**Assess anatomy of injury**

- All penetrating injuries to head, neck, torso, and extremities proximal to elbow or knee
- Chest wall instability or deformity (e.g., flail chest)
- Two or more proximal long-bone fractures
- Crushed, degloved, mangled, or pulseless extremity
- Amputation proximal to wrist or ankle
- Pelvic fractures
- Open or depressed skull fracture
- Paralysis

**Assess mechanism of injury and evidence of high-energy impact**

**Falls**
- Adults: >20 feet (one story is equal to 10 feet)
- Children: >10 feet or two or three times the height of the child

**High-risk auto crash**
- Intrusion, including roof: >12 inches occupant site; >18 inches any site
- Ejection (partial or complete) from automobile
- Death in same passenger compartment
- Vehicle telemetry data consistent with a high risk of injury

**Auto vs. pedestrian/bicyclist thrown, run over, or with significant (>20 mph) impact
Motorcycle crash >20 mph**

**Assess special patient or system considerations**

**Older Adults**
- Risk of injury/death increases after age 55 years
- SBP <110 may represent shock after age 65
- Low impact mechanisms (e.g., ground level falls) may result in severe injury

**Children**
- Should be triaged preferentially to pediatric capable trauma centers

**Anticoagulants and bleeding disorders**
- Patients with head injury are at high risk for rapid deterioration

**Burns**
- Without other trauma mechanism: triage to burn facility
- With trauma mechanism: triage to trauma center

**Pregnancy >20 weeks**

**EMS provider judgment**

**Transport to a trauma center.** Steps 1 and 2 attempt to identify the most seriously injured patients. These patients should be transported preferentially to the highest level of care within the defined trauma system.

**Transport to a trauma center, which, depending upon the defined trauma system, need not be the highest level trauma center.**

**Transport to a trauma center or hospital capable of timely and thorough evaluation and initial management of potentially serious injuries. Consider consultation with medical control.**

When in doubt, transport to a trauma center.

6. Applicants claiming United States Citizenship MUST attach a copy of one of the following:
   a) A valid Tennessee Driver’s License, or photo ID issued by the Tennessee Department of Safety.
   b) A valid driver license or ID issued by another state, provided its issuance requirements meet Tennessee Department of Safety criteria.
   c) An official birth certificate issued by a U.S. state, territory, or other jurisdiction. Puerto Rican birth certificates issued before July 1, 2010 do not qualify.
   d) A federally issued birth certificate.
   e) A valid, unexpired U.S. passport.
   g) A certificate of citizenship.
   h) A certificate of naturalization.
   i) A U.S. citizen ID card.
   j) Any successor document to #’s e-i above.
   k) A Social Security Card that is verifiable with the Social Security Administration in accordance with federal law.

7. If you answered “No” to question 5, indicate from the list below which category applies to you: (check one)
   ☐ Permanent Resident
   ☐ A nonimmigrant applicant for a professional or commercial license whose visa for entry into the United States is related to such employment, or a nonimmigrant under the Immigration and Nationality Act (8 U.S.C. 1101 et seq.)
☑ Asylees who meet the qualifications set out in 8 U.S.C. 1158.
☑ Refugees who meet the qualifications set out in 8 U.S.C. 1157.
☑ Persons who have been “paroled into the United States,” under 8 U.S.C. 1182(d)(5) or whose deportation has been withheld under 8 U.S.C. 1253.
☑ Cuban or Haitian entrants as defined by section 501(e) of the Refugee Education Assistance Act of 1980.
☑ Persons granted conditional entry into the U.S. under 8 U.S.C. 1153(a)(7) before April 1, 1980, because of persecution or fear of persecution on account of race, religion, or political opinion or because of being uprooted by catastrophic national calamity.
☑ An alien who has been “battered” or subjected to “extreme cruelty” by a parent or spouse as defined by 8 U.S.C. 1641(c), and also meets the qualifications set out 8 U.S.C. 1641(c)(1)(B). Under the circumstances set out in 8 U.S.C. 1641(c)(2) and (3), victims’ children, or the parents of children who are victims, may also apply for benefits as qualified aliens.

Applicants claiming **qualified alien status** (question 7 above), please submit two of the following forms of “documentation of identity and immigration status” as determined by U.S. Homeland Security to be acceptable for verification through the SAVE program. Common types of documents used to verify immigration status are listed below. (Note: If you can provide only one document, your status will be verified through the U.S. Department of Homeland Security’s SAVE program):

- I-327 (Reentry Permit)
- I-551 (Permanent Resident Card or “Green Card”)
- I-571 (Refugee Travel Document)
- I-766 (Employment Authorization Card)
- Machine Readable Immigrant Visa (with Temporary I-551 language)
- Temporary I-551 stamp (on passport or I-94)
- I-94 (Arrival/Departure record)
- Unexpired foreign passport
- WT/WB Admission Stamp in unexpired foreign passport
- I-20 (Certificate of Eligibility for Nonimmigrant F (1) student status—“student visa”)
- DS2019 (Certificate of Eligibility for Exchange Visitor (J-1) Status)

If an applicant is discovered to be an unqualified alien, or otherwise ineligible for benefits under the Act, all recurring benefits provided to that applicant must be immediately terminated. Anyone who purposefully makes a false, fictitious, or fraudulent claim of U.S. citizenship or qualified alien status will be liable under the Tennessee Medicaid False Claims Act, or Tennessee’s False Claims Act. Any person who conspires to defraud the state or any local health department by securing a false claim allowed or paid to another person in violation of the Act may be liable under Tennessee’s False Claims Act. Upon discovery of an applicant’s false, fictitious, or fraudulent claim of U.S. citizenship or qualified alien status, state governmental entities and local health departments must also file a criminal complaint with the Office of the Attorney General and/or the United State Attorney.
CRIMINAL BACKGROUND DISCLOSURE
DOCUMENTATION AND INFORMATION

Please complete the information below and submit with your Application for Licensure form (PH-3937). If applicable, you must attach a certified copy of your court records.

NAME: _____________________________________________________________
