A certificate of completion documenting review of these materials can be completed at the end of the session. Internet site: www.TNPAP.org

Ms. French gave the Mid-Year 2018 Fiscal report during the April meeting to include expenditures and projections for the fiscal year. Those expenditures are comparable with those of 2017 year end data.
A revised report will be presented to board members during their October meeting.

No board action taken on this matter.
A copy of the report is on file in the administrative office.
Ms. Leonard’s investigative report included the following:

Monitored Practitioners:
Four suspensions, one probation, two currently under board order, one TSAC suspension (will be removed per new legislation 2018 session).

Investigative Licensed Laboratory Personnel:
Three new complaints; one drug allegation; one for unprofessional conduct, the third for malpractice. Two complaints closed one sent on to OGC for CE violation another closed with letter of concern.

Investigative Licensed Facilities:
Two new complaints: One for malpractice and second for nonlicensed practice.

Motion To Accept Report: Ms. Dolsen.
Second: Mr. Johnson.
The investigations report was accepted as given.

Mr. Powell presented the following information promulgated by the legislature during their 2018 session relative to medical laboratory board oversight. This information is provided in the form of public chapters:

**Legislative Update - 2018**

**Public Chapter 611**
This law requires an agency holding a public hearing as part of its rulemaking process, to make copies of the rule available in “redline form” to people attending the hearing.
**Effective: July 1, 2018.**
**Public Chapter 744**
This statute allows a licensing entity the discretion to not suspend/deny/revoke a license in cases where the licensee has defaulted or become delinquent on student loans if a medical hardship significantly contributed to the default or delinquency.
*Effective: January 1, 2019.*

**Public Chapter 745 and Public Chapter 793**
These public chapters work together to create and implement the “Fresh Start Act.” Licensing authorities are prohibited from denying an application or renewal for a license/certificate/registration due to a prior criminal conviction that does not directly relate to the applicable occupation.
Lays out the requirements on the licensing authorities as well as the exceptions to the law (ex: rebuttable presumption regarding A and B level felonies).
*Effective: July 1, 2018.*

**Public Chapter 754**
This chapter prevents any board, commission, committee, etc. created by statute from promulgating rules, issuing statements, or issuing intra-agency memoranda that infringe on an entity member’s freedom of speech.
Freedom of speech includes, but is not limited to, a member’s freedom to express an opinion concerning any matter relating to that governmental entity, excluding matters deemed to be confidential under TCA 10-7-504.
Violations as determined by a joint evaluation committee may result in recommendations to the general assembly concerning the entity’s sunset status, rulemaking authority and funding.
*Effective: April 18, 2018.*

**Public Chapter 788**
This chapter is the department of health (TDH) administration bill “Medlab.” This exempts public health lab personnel employed by TDH from the licensure requirements of the Tennessee Medical Laboratory Act.
This is intended to open up a greater pool of qualified candidates for open lab positions.
*Effective: April 20, 2018.*
Public Chapter 929
This act redefines policy and rule and requires each agency to submit a list of all policies, with certain exceptions, that have been adopted or changed in the previous year to the chairs of the government operations committees on July 1 of each year. The submission shall include a summary of the policy and the justification for adopting a policy instead of a rule. This act also prohibits any policy or rule by any agency that infringes upon an agency member’s freedom of speech.

Finally, this act establishes that an agency’s appointing authority shall have the sole power to remove a member from a board, committee, etc.

Effective: July 1, 2018 and applies to policies adopted on or after that date.

Public Chapter 954
This legislation requires the initial licensure fee for low-income persons to be waived.

Low income individuals per the statute are defined as persons who are enrolled in a state or federal public assistance program including but not limited to TANF, Medicaid, and SNAP.

All licensing authorities are required to promulgate rules to effectuate the purposes of this act.

Effective: January 1, 2019.

Public Chapter 1021
This act allows for appeals of contested case hearings to be in the chancery court nearest the residence of the person contesting the agency action or at that person’s discretion, in the chancery court nearest the place the action arose, or in the chancery court of Davidson County. Petitions seeking review must be filed within 60 days after entry of the agency’s final order.

Effective: July 1, 2018.

Several licensed health professionals serving as board members expressed their concern as individuals with Public Chapter 788 in having non-clinical trained personnel employed in state public health laboratories considering the specificity/complexity of the tests performed in those locations.

No further discussion on this legislative update.
Motion to accept the report: Dr. Calarco.
Second: Ms. Cox.
Report accepted as given.

Discuss, review, take action, if needed:

Advisgroup
Mokena, IL 60448
Region One Health
Memphis, TN

Kyonzté Hughes-Toombs, JD
Deputy General Counsel,
Office of General Counsel
Board Advisory Attorney

During the April 2018 meeting board members were unable to provide a response based on the information given during the presentation relative to the necessity of licensure for this Region One Health location, and requested Ms. Hughes-Toombs to perform additional research with the facility and return with her findings.

Research status:
Advisory Counsel, Ms. Hughes-Toombs reported concerning a conversation with the Region One Health administration concerning the operations of the Shelby County Healthcare Corporation d/b/a Region One relating to a change of ownership (CHOW) and the possibility of state licensure for this clinical facility per Rules and Regulations 120006-03-.16 (2) (a-c).

After this review, it was determined a state license was not required relative to the parameters defined within that conversation, and the operations to be defined as a physician’s office laboratory based on the testing performed to be only on the patients of that physician’s group with no referral testing performed for non-group physicians or their patients.

After the report, board members agreed with the advisory attorney’s findings and no further action was taken on this matter.

Point of Care Exemptions
1200-06-03-.16(1)

Direct 3+ Labs
1200-06-03-.13(5)

Henry D. Edwards, MD
Department of Pathology
St. Thomas Midtown Hospital
Nashville, TN 37336

Dr. Edwards appeared before the board to request approval for the directorship of his fifth laboratory.

He currently serves as medical laboratory director for the following Tennessee licensed facilities:
1-LabPlus, St. Thomas River Park Hospital-McMinnville.  
2-LabPlus, St. Thomas Highlands Hospital-Sparta.  
3-LabPlus, St. Thomas Dekalb Hospital-Smithville.  
4-LabPlus, St. Thomas Stones River Hospital-Woodbury.  

The hospital in Woodbury is adding point of care testing operations and a second license is necessary for those out-of-laboratory tests. (POC)  

Dr. Edwards is requesting to be director of operations for that additional license because he is already on site for the clinical laboratory operations of the clinical laboratory under the direction/ownership of the LabPlus corporation.  

The point of care activities are not under the umbrella of the LabPlus corporation.  

Motion: Ms. Jolly.  
Second: Dr. Parham.  
Abstain: Dr. Davis.  

Directorship of 5th laboratory approved.  

The report included statistical data concerning the licensure of laboratory personnel, facilities, training programs licensure and health fair/health screening events.  

Motion to approve report as given: Mr. Johnson.  
Second: Ms. Dolsen.  
Report accepted as given.  

A copy of this report is kept on file in the administrative office.  

Counsel Hughes-Toombs gave her report for the past quarter:  

One open case is currently the Office of General Counsel. The re-write of the Rules Governing Medical Laboratory Personnel 1200-06-01 are getting closer to rulemaking event.
Red-lined rules will be sent to med lab director for review then on to rulemaking possibly during October meeting.

Motion to accept report as given: Mr. Johnson.
Second: Dr. Parham.
Report accepted as given.

Reinstatement of License

No licenses were presented for reinstatement this quarter.
