

Legislative Update 2019: Board of Radiologic Imaging and Radiation Therapy

Public Chapter 61

This act states that an entity responsible for an AED program is immune from civil liability for personal injury caused by maintenance or use of an AED if such conduct does not rise to the level of willful or wanton misconduct or gross negligence.

This act took effect on March 28, 2019.

Public Chapter 195

The majority of this act pertains to boards governed by the Department of Commerce and Insurance. One small section applies to the health related boards. Currently, the health related boards have an expedited licensure process for military members and their spouses. Previously, a spouse of an active military member had to leave active employment to be eligible for this expedited process. This act removes that requirement. This section applies to all health related boards. The Commissioner of Health is permitted to promulgate rules, but rules are not needed to implement the act.

This act takes effect July 1, 2019.

Public Chapter 229

This act allows healthcare professionals to accept goods or services as payment in direct exchange of barter for healthcare services. Bartering is only permissible if the patient to whom services are provided is not covered by health insurance. All barter accepted by a healthcare professional must be submitted to the IRS annually. This act does not apply to healthcare services provided at a pain management clinic.

This act took effect April 30, 2019.

Public Chapter 243

This act mandates that an agency that requires a person applying for a license to engage in an occupation, trade, or profession in this state to take an examination must provide appropriate accommodations in accordance with the Americans with Disabilities Act (ADA). Any state agency that administers a required examination for licensure (except for examinations required

by federal law) shall promulgate rules in regard to eligibility criteria. This legislation was introduced to assist individuals with dyslexia.

This act took effect May 2, 2019 for the purpose of promulgating rules, and for all other purposes, takes effect July 1, 2020.

Public Chapter 255

The act permits a medical professional who has a current license to practice from another state, commonwealth territory, or the District of Columbia is exempt from the licensure requirements of such boards if: (1) the medical professional is a member of the armed forces; and (2) the medical professional is engaged in the practice of the medical profession listed in 68-1-101 through a partnership with the federal Innovative Readiness Training. The respective health boards may promulgate rules for implementation.

This act took effect April 18, 2019 for the purpose of promulgating rules, and for all other purposes, takes effect July 1, 2019.

Public Chapter 305

This act sunsets the Tennessee Radiologic Imaging and Radiation Therapy Board of examiners on June 30, 2020. The Board was inadvertently left out of the sunset cycle upon its creation.

This act was signed into law May 8, 2019.

Public Chapter 447

This act permits law enforcement agencies to subpoena materials and documents pertaining to an investigation conducted by the Department of Health prior to formal disciplinary charges being filed against the provider. This bill was brought by the Tennessee Bureau of Investigation.

This act went into effect May 22, 2019.
