

# A VIRTUAL PANEL DISCUSSION FOR PROVIDERS:

## Primary Care Strategies for Patients with Dementia & Caregiver Support

Join a panel of experts to discuss effective strategies for primary care providers in treating patients with dementia and supporting their caregivers. Learn about essential community resources and services that enhance dementia care, providing comprehensive and compassionate support for both patients and caregivers.

### Panelists Include:

- **Dr. Inder Grewal, M.D** | Geriatric Psychiatrist, Vanderbilt University Medical Center
- **Tiffany Cloud-Mann, M.Ed.** | Eldercare Coach Manager, AgeWell Middle TN
- **Dr. James S. Powers, MD** | Geriatrician - Longitudinal Care for Alzheimer's Disease
