

QUARTERLY REPORT: First Quarter, Project Year 2

Reducing Avoidable Hospitalizations Across the Continuum of Care: Dissemination of Resident and Family Decision Guide, *Go to the Hospital or Stay Here?* in CMS Region IV

Tennessee: Agency Tracking# 34305-22517

Quarter 1: October 1, 2018 – December 31, 2018

Report Date: January 2, 2019

Narrative Report

In this first quarter of the second year of the project, we completed the editing of the training videos and are uploading them onto a You Tube site for easy access. We also completed application to NAB for approval of the workshops for continuing education credit for administrators and application to the FAU College of Nursing for approval of continuing education credit for nurses. Venues for the workshops have been identified and contracts are either complete or well along in the approval process thanks to the efforts of our Tennessee project advisors. We also have begun the Power Point presentation for the workshops and are finalizing revision of the data collection forms with an eye to simplification where possible. We are now contacting the printer used last year to plan for preparation and distribution of the training materials and with our webmaster for uploading the revisions once they are complete.
