PROCEDURES FOR APPLYING FOR LICENSURE OF A NEW FACILITY

1. You must first apply for a Certificate of Need (CON) from the Health Services and Development Agency prior to applying for licensure of this type of facility. If your agency will provide only pediatric services and/or services in the EEOICPA federal program, a CON is not required prior to applying for licensure. Once you obtain a CON you will need to submit a notarized application along with the appropriate licensure fee to the address at the bottom of the application.

2. Approximately thirty (30) to forty-five (45) days prior to your being ready to open your facility you will need to send a letter to the Regional Office in your area to request a survey of the facility. The Regional Office will notify you to schedule the survey. Be certain that you have given yourself plenty of time to have your policies and procedures in order. If you are not ready on the date of survey it will most likely be thirty (30) days or more before the survey can be rescheduled.

3. Once the survey has been completed the surveyor will tell you if a recommendation is going to be made to license your facility. The surveyor will forward the appropriate forms to the Regional Office for the Regional Director’s signature. The forms will then be forwarded to the Central Office Licensure Division in Nashville.

4. Licensure staff will then process the forms and send an initial approval letter to you. The application will then be presented to the Board for Licensing Health Care Facilities at the next regularly scheduled board meeting for ratification. If the Board ratifies the application the license will then be ordered from the computer center. You should receive the license in seven (7) to ten (10) business days.

5. If the Board does not ratify the initial approval of your application, a letter will be mailed to you providing an explanation and specific instructions as to any actions you may take to have the decision reviewed, at which time this authorization shall cease to be effective.
