

Student Internship Opportunities

Types of Placement

The Tennessee Department of Health (TDH) offers diverse opportunities for in-state and out-of-state individuals seeking a student internship.

The opportunities offered are unpaid, but can be used as course credit. We offer these experiences for students:

- Internship for academic credit (academic credit earned)
- Volunteer internship (no academic credit)

How to Apply

For more information and the application, please visit: tn.gov/health

Interested individuals must complete the online application in order to be considered. Once TDH has reviewed the completed application, you will be contacted by the department and notified of next steps.

Internship Learning Opportunities

- Weekly Seminar Series
- Workshops
- Field Trips
- Job Shadowing
- Informational Interviews

* While an internship with TDH does not guarantee a full time position upon completion, some previous interns have gone on to work for TDH.

For questions, please email internships.health@tn.gov
