Prepared by the Division of Policy, Planning, and Assessment, Office of Performance Management, Tennessee Department of Health. Nashville, TN. April 2015. opm.health@tn.gov or 615-741-5001. The full report can be accessed at: [http://health.tn.gov/statistics/specialprojects.htm](http://health.tn.gov/statistics/specialprojects.htm). All data is from the University of Wisconsin Population Health Institute and Robert Wood Johnson Foundation’s, 2015 County Health Rankings and Roadmaps report. Difference statements represent the absolute value using the following formula: \(|Value - 10th\text{Ranked Value}|\). The action statements are based on the assumption that no new additional cases occur. All rankings and action statements presented in this report must be interpreted with caution due to various limitations of each measurement. Further information with regards to the strengths and limitations of each measurement may be found by clicking the hyperlink found in the description of each measurement.
### Health Factors
#### Physical Inactivity

To reach a population-to-provider ratio at or exceeding that of the 10th ranking county, 11 mental health providers would need to be recruited to the county. More importantly, if the county’s value is greater than 30,000, this county would be considered a Health Professional Shortage Area.

For every 100 Medicare enrollees, prevent 1 Medicare enrollee from being hospitalized for ambulatory care sensitive conditions.

For every 100 diabetic Medicare enrollees, get 2 additional Medicare enrollees to receive HbA1c screening.

For every 100 female Medicare enrollees, get 12 additional Medicare enrollees to receive their mammography screening.

For every 100 ninth graders, assist 13 additional ninth graders to graduate within four years.

For every 100 adults between 25-44 years of age, assist 3677 additional adults to complete some coursework at the collegiate level.

For every 100 persons ages 16 years and older, help 4 persons successfully find employment.

For every 100 children (under 18 years) in poverty, help 53 children to find assistance to get out of poverty.
