INTRODUCTION

WIC is the Women, Infants and Children's Supplemental Nutrition Program for pregnant, postpartum, or breast-feeding women, and infants and children who are determined to be at nutritional risk by a medical professional. This program is administered by the Tennessee Department of Health.

CSFP, the Commodity Supplemental Food Program, is also administered by the Tennessee Department of Health. The program is designed to improve the health of low-income elderly persons at least 60 years of age by supplementing their diets with nutritious USDA foods. Approximately, 7,770 participants receive CSFP benefits in three counties - Dyer, Davidson, and Shelby.

FMNP is the Farmers Market Nutrition Program (FMNP) which provides fresh, unprocessed, Tennessee-grown produce (fruits, herbs, and vegetables) to WIC and CSFP participants. In addition, the program serves low-income seniors in selected counties. FMNP expands the awareness, use of and sales at Tennessee farmers market locations. The Tennessee Department of Health administers the FMNP.

The goals of the Farmers Market Nutrition Program are to increase the consumption of fresh fruits and vegetables and to expand the awareness and use of produce grown by Tennessee farmers.

The WIC and Senior FMNPs provide participating families with checks to purchase fresh, unprocessed, Tennessee grown produce at authorized farmers' market locations. Checks are used to purchase produce from farmers who have completed a special training program and have been authorized by FMNP to accept checks. Authorized farmers validate the checks with a stamp provided by the Department of Health and deposit checks in their bank account for payment.

HOW CAN FARMERS BENEFIT? The FMNP can provide new customers and increased sales. Many WIC and Senior participants have never shopped at a farmer's market before receiving these Checks. Many of the FMNP participants come to the farmers market for the first time and say they would return, even without checks to spend.

Farmer Authorization

Farmer authorization is not in effect and checks are not to be accepted until the farmer

- completes an authorized application,
- receives training and a copy of the farmer handbook,
- receives the applicant copy of the farmer agreement signed by both parties, and
- receives a vendor stamp and vendor identification signs.

Farmer authorization expires on Dec 31st of each year of issuance. Individuals must annually apply for and receive farmer authorization in order to participate in the FMNP/SFMNP.

The program does not limit the number of vendors who may become authorized under FMNP/SFMNP. A farmer authorized to accept program checks may accept checks at any established farmers market in the state, depending upon acceptance by the local market.

Eligible foods are those fruits, vegetables and herbs listed on the approved food list and must be grown in Tennessee. The authorized farmer must have personally grown at least 51% of the eligible foods for sale.

A farmer who satisfies the following criteria shall be authorized to accept checks:

- Resides and grows eligible foods within Tennessee borders;
- Meets the eligibility requirements based on the information submitted in a completed application to the program;
- Submits a completed and signed authorization agreement to the authorizing agency;
- Indicates the intent to participate in the program for a majority of the season. Agrees to notify the authorizing agency if operations cease at which time the farmer must return the State of Tennessee FMNP/SFMNP Stamp to the authorizing agency. If the selling farmers market location changes during the season, the farmer must notify the authorizing agency. At the discretion of the Vendor Representative, a new application may need to be submitted, noting the new farmers market location, and a new agreement may need to be signed.
- Provides information requested for reporting to the USDA; for example, cooperating with the program in the evaluation of each season by completely and accurately responding to a survey;
- Provides suitable hours and environment for FMNP/SFMNP participant access, and offers participants any courtesies offered other customers: acknowledges and complies with USDA nondiscrimination provisions: that standards for participation in FMNP/SFMNP are the same for everyone regardless of race, color, national origin, sex, age, or disability;
- Agrees to prominently display an authorized farmer identification sign stating participation in the FMNP/SFMNP. The sign should be removed when eligible foods are sold out. The current approved food list should be available. Immediately informs the authorizing agency in the event of loss, destruction, or theft of the authorized vendor identification sign or the authorized vendor identification stamp so that a replacement can be issued;

- Accepts checks only in exchange for Tennessee-grown produce as listed on the approved food list at the farmer's market location. The check should be properly completed and signed by the participant or proxy.
- Agrees that prices charged to participants for eligible foods shall be the same or lower as prices charged to other customers, except that sales tax will not be charged for foods purchased with checks;
- Agrees not to issue cash change for purchases that are in an amount less than the value of the FMNP/SFMNP check;
- Agrees to accept checks as payment for eligible foods only if check is presented in the year printed on the face of the check. Agrees to stamp each transacted check with the authorized vendor number prior to check deposit. Agrees to submit checks for payment within 30 days from the day the check is redeemed by the farmer;
- Agrees not to attempt to seek reimbursement from FMNP/SFMNP participants in connection with the negotiation of a check not paid by FMNP/SFMNP ;
- Grants the FMNP/SFMNP the right to collect any claims of reimbursement due to error, negligence, or fraud;
- Participates in the training on FMNP/SFMNP rules and procedures through attendance in an entire session of one of the training meetings conducted by the program staff. Takes responsibility for properly training and informing employees/helpers of obligations to the FMNP/SFMNP, and is accountable for the actions of his/her employees/helpers.
- Agrees to be monitored at selling and/or growing sites for compliance with FMNP/SFMNP requirements, including both overt and covert monitoring, and to provide directions to growing sites upon request of program staff.
- Acknowledges that non-compliance with clauses contained in this section may result in sanctions being issued by the FMNP/SFMNP according to the Farmer Sanction Procedures section of the FMNP/SFMNP Farmer Handbook; and
- Acknowledges that a farmer who commits fraud or abuse of the program is liable to prosecution under applicable Federal, State or local laws. Under 7 CFR Part 248 and Part 249 of the federal regulations, those who have willfully misapplied, stolen or fraudulently obtained FMNP/SFMNP funds shall be subject to a fine of not more than \$10,000 or imprisonment for not more than five (5) years or both.

IMPORTANT THINGS TO NOTE ABOUT THE FMNP CHECK

Month Valid – The local health department or clinic issues checks to participants. (Sample check is on page 12.) This year, checks will not have a specific month when they need to be used and can be used in either July or August. The date redeemed should be filled in immediately upon receipt from the participant.

A check can be redeemed for only fresh, unprocessed, Tennessee-grown produce listed on the FMNP Food List. **No substitutions allowed!**

The redemption amount for each check is \$5, not including sales tax. **Sales tax should not be charged!** This is the amount of money the bank will pay on the check. **No change will be returned and no credit due given. Each check will be redeemed for \$5.00.**

The check should never be altered (changed, rewritten or erased) for any reason. Altering a check may result in non-payment of that check. If a mistake is made on a check, hold the check and submit it to your FMNP regional contact (listed on page 16) prior to depositing that check in the bank.

Checks must be deposited weekly so we can track how many checks are being used. All checks have to be deposited by **SEPTEMBER 15, 2022.**

The image shows a sample check form for the Tennessee Farmers' Market Nutrition Program. The form is light purple with black and red text. At the top left, it says "Tennessee Farmers' Market Nutrition Program" and "Pay to the order of authorized Tennessee Farmers' Market Vendor". Class II violations include:

1. failing to provide information requested for reporting to the USDA;

The FMNP Stamp and poster(s) shall be surrendered to an FMNP representative during the period of disqualification. In the event that a farmer who is disqualified redeems FMNP checks, the farmer must pay the state agency for the total amount of the transactions in violation. Failing to reimburse FMNP on a claim for one or more FMNP Checks due to error negligence or fraud may lead to state or federal prosecution.

Termination

In addition to the above sanction actions, the FMNP may terminate the farmer's FMNP Agreement due to negligence, fraud, abuse, violation of the agreement, or for any other reason. The FMNP shall provide the farmer with fifteen (15) calendar day's prior notice of such action. This notification will be made by certified mail, return receipt requested, or by hand delivery. The notification will also outline the farmer's opportunity to appeal the action and to request a hearing within 30 days of the date of the notification letter.

The FMNP shall provide fifteen (15) calendar days prior notice of a sanction action being taken against a farmer. The sanction notice shall contain the violation(s) used for the decision, the procedure to file for an administrative review, the effective date of the sanction(s), the time period allowed to appeal, and any other pertinent information.
