Re: Inactive License Status Request for Surgery Center of Clarksville (ASTC License Number 00000068)

Dear Ms. Reed:

I write today on behalf of Surgery Center of Clarksville, which is an Ambulatory Surgical Treatment Center (the "Center") owned by Clarksville Surgicenter, LLC. The Center is located at 121 Hillcrest Drive, Clarksville, TN 37043 in Montgomery County. The Center holds License Number 00000068 (the "License"). The Center respectfully requests that the License be placed on inactive status effective June 1, 2026 (the "Effective Date"), for a period of one year. The last day surgical procedures will be performed at the Center prior to the Effective Date is Friday, May 29, 2026 (the "Final Service Date").

The Center's medical staff was notified of the Center's plan to close temporarily via email on April 29, 2026. All patients with procedures scheduled after the Final Service Date are either having their procedures rescheduled to be provided at the Center on an earlier date or to be provided at a different facility. The offices of the patients' physicians are handling communications with the patients who need to reschedule their procedures. However, to ensure patients seeking copies of their medical records are able to obtain them, the Center will be posting notices on its doors and setting up a voicemail message, both of which will provide patients with instructions for obtaining their records.

The Center seeks inactive status following a comprehensive review in which Center leadership determined that temporarily ceasing operations is necessary. In recent months, the Center's operating performance, projected financial trajectory, and capital requirements have been thoroughly evaluated alongside evolving regulatory obligations and market conditions. Based on this review, the Center has concluded that continuing operations in the near term is not sustainable. As a result, the Center plans to suspend clinical services and place the License on inactive status. The temporary closure will support an orderly pause in operations and provide time to address essential administrative and operational matters in a responsible manner.

Thank you in advance for your assistance with this matter. Please do not hesitate to contact our representative, Mitchell Gladstein, by phone (615-850-6067) or email (Mitchell.Gladstein@hklaw.com) should you have any questions or require additional information.

Ms. Ann R. Reed
