Re: Humboldt Nursing and Rehabilitation Center, Humboldt, Tennessee  
Nursing Home License #87: Request for extension of inactive license status

Dear Ms. Reed:

Please accept this correspondence as Humboldt Nursing and Rehabilitation Center's request for an extension of its inactive license status for one year, extending the expiration date to June 2027. The inactive license status is currently set to be reviewed by the Commission's Meeting on May 28, 2026.

At present, Harber Laman Healthcare Management remains in negotiations and partnership efforts with another health care operator who desires to reopen the facility in the very near future. Therefore, we need and request additional time for discussions to review and consider all options.

As the representative for Humboldt Nursing and Rehabilitation Center, I am respectfully requesting to be placed on the Licensing Board's agenda for the May 28, 2026 meeting. Should you have any questions or need additional information, please feel free to reach me via phone or email listed below.

Respectfully,

**Rita Croom, MBA, SHRM-CP, LNHA, CPXP**  
**Chief Financial Officer**
