RE: Last Day of Operation and Request to put Facility on an Inactive Status.

Ms Reed,

Good morning. Due to unforeseen circumstances " low census and nurses requesting more than \$80 per hour" last day of dialysis at Kingston dialysis Center was November 10, 2025. All patients were placed in Fresenius Roane County Dialysis. We wish to put Kingston dialysis center license number 159 on inactive until May 30th 2026.

Should the situation changes I will let you know.

Best wishes

Moeen Hatab PhD
