The Trauma Care Advisory Council met on 2-11-26 and voted to allow trauma centers due site reviews in calendar year 2026, to be reviewed under the trauma center rules currently in place. The new trauma rules are scheduled to be promulgated on May 6, 2026, and if Government Operations approves the trauma centers rule packet, all trauma centers due site reviews in calendar year 2027 and beyond will be reviewed under the new rules once promulgated.
