- I. CALL TO ORDER**
- II. ROLL CALL**
- III. APRIL 22, 2026 MINUTES APPROVAL**
- IV. HEALTHCARE FACILITIES LICENSURE AND DISCIPLINARY CONSENT CALENDAR**

A. License Status Requests

- a. Siskin Hospital's for Physical Subacute Rehabilitation Program, Chattanooga - NH #382**
This twenty-nine (29) beds nursing home facility is requesting an inactive status extension waiver for their license to remain on inactive status for one (1) additional year until the June 2027 Health Facilities Commission meeting.
- b. Kingston Dialysis Center, Kingston - ESRD #159**
This end stage renal dialysis facility is requesting an inactive status extension waiver for their license to remain on inactive status for one (1) additional year until the May 2027 Health Facilities Commission meeting.
- c. Jackson Park Christian Home, Inc., Nashville - NH #55**
This twenty-eight (28) bed nursing home facility is requesting a continuation for an extension waiver for their license to remain on inactive status for twelve (12) additional months through May 2027. Signature HealthCARE continues to actively explore viable options for reactivating the licensed facility and its beds. As a result of lasting effects of the COVID-19 pandemic and the downturn in the long-term care industry, additional time is still needed to evaluate potential plans for the Facility's future use, whether through reopening, sale, or relocation.

- d. Bailey Park Community Living Center, Humboldt – NH #88**
This fifty (50) bed nursing home is requesting an inactive status extension waiver for their license to remain on inactive status for twelve (12) additional months through May 2027. Bailey Park Community Living Center is in the process of identifying viable options to reactivate the license, facility and beds at the facility and evaluating possible other strategic steps for the nursing home.
- e. Humboldt Nursing and Rehabilitation Center, Humboldt – NH #87**
This one hundred twenty (120) beds skilled nursing home facility is requesting a continuation for an extension waiver for their license to remain on inactive status for one (1) additional year through May 2027. At present, Harber Laman Healthcare Management remains in negotiations and partnership efforts with another health care operator who desires to reopen the facility in the very near future and therefore, additional time for discussions to review and consider all options.
- f. Upper Cumberland Physician’s Surgery Center, Cookeville – ASTC #155**
Upper Cumberland Physicians Surgery Center (UCPSC) is requesting an extension waiver for their license to remain on inactive status for one (1) additional year through May 2027. Cookeville Regional Medical Center has considered many options for their license and will continue to evaluate a long-term surgical strategy for the patients of the Upper Cumberland. This consideration will allow the most appropriate next steps for this license
- g. Baptist Trinity Home Care-Private Pay Division, Memphis – HHA #242**
This home health agency is requesting an extension waiver for their license to remain on inactive status for one (1) additional year through May 2027. This will allow further time for Baptist-Trinity Home Care to consider potential future operations of the agency and to evaluate whether there is a continued need for the services previously offered under this license.
- h. Pruitt Healthcare-Nashville, LLC., Nashville fka Nashville Metro Care and Rehabilitation Center, Nashville – NH #47**
This one hundred eleven (111) bed skilled nursing home facility is requesting an extension waiver for their license to remain on inactive status for twelve (12) additional months through May 2027. Pruitt Healthcare-Nashville, LLC was granted a Certificate of Need (CON) on March 26, 2025 and is now working to implement the CON by the construction of a new facility as proposed in the CON application.
- i. Wayne County Nursing Home, Waynesboro – NH #277**
This forty-six (46) bed nursing home is seeking an extension waiver for their license to remain on inactive status for an additional twelve (12) months through June 2027.

j. Radiosurgical Center of Memphis, LP, Memphis – ASTC #74

This ambulatory surgical treatment center is requesting to place their license on inactive status for nine (9) months through February 2027. Due to current financial environment Medicare patients' reimbursements are about \$2,600; it currently costs the facility over \$10,000 to complete a case. The number of commercial cases continues to decrease, which does not cover the Medicare reimbursement shortfall. Radiosurgical Center of Memphis, LP intend to use this time to explore their options with larger institutions. This will allow better economics of scale, and they receive a much better reimbursement from Medicare.

k. Surgery Center of Clarksville, Clarksville – ASTC #68

This ambulatory surgical treatment center is requesting to place their license on inactive status effective June 1, 2026 for a period of one (1) year through May 2027. Recently, the facility's operating performance, projected financial trajectory, and capital requirements alongside evolving regulatory obligations and market conditions have been thoroughly evaluated and continuing operations is not sustainable. The temporary closure will support an orderly pause in operations and provide time to address essential administrative and operational matters in a responsible manner.
