## Reinstatement of Sick Leave

Tenn. Code Ann. § 8-50-804(a) states that whenever an employee who has worked on a full-time, continuous basis for the state of Tennessee for at least one (1) full year leaves state employment in good standing and returns to state service as a full-time state employee, the employee shall immediately be credited with all sick leave to which the employee was entitled at the time of the previous termination; provided, that any such employee having had at least one (1) full year of employment and returning to state service as a full-time state employee who has had any interim employment with the state of Tennessee for less than one (1) year shall not be disqualified from receiving such credited sick leave to which the employee was otherwise qualified to receive because of the employee's prior employment with the state.

Sick leave reinstatement will be denied to any employee who is dismissed from state employment because of gross misconduct. Sick leave will be reinstated to employees who leave state employment for any other reason, regardless of the rehire designation.

Sick leave reinstatement requests will be honored for employees who are eligible based on this policy. To correct sick leave balances, the hiring agency must submit an Attendance and Leave Adjustment Form, Form C-7, along with appropriate documentation to the Department of Human Resources' Agency Resource Center (ARC).

Questions regarding this policy may be directed to the Agency Resource Center.
