Buck a Week

Does my dollar a week really make a difference?

Yes! If you'd like to help make Tennessee a better place to live, giving a Buck-A-Week can make an extraordinary difference in our community covering many areas of need. Here are a few examples of what a Buck-A-Week can do:

- Provide milk for a child living at TBCH for one week
- Cover the cost of one uninsured patient's return visit to Salvus Center
- Restore 4 feet of destroyed creek bank
- Provide 40 one way bus tickets for individuals who are disabled and are working towards self-sufficiency
- Provide a meal and 4 comfort kits including hygiene items for a family of four displaced by a disaster
- Provide disaster relief training for 18 volunteers
- Provide one month of homebound meals for a senior citizen
- Cover the cost of providing after school program which includes tutoring, homework assistance, and sports and enrichment activities for one youth for nine months
- Provide 1 high school student the opportunity to strengthen research, leadership and public speaking skills
- Buy 26 awards medals for Special Olympics' athletes this year
- Provide a teen with funds to help with back to school supplies
- Provide a family with a home visitor every week to provide parent coaching, and strengthen parents' bond with their young baby
- Feed a nestling songbird, a baby squirrel, a cottontail or box turtle for one day
- Pay for four Tennessee children to receive one book per month delivered to their home for an entire year
- Purchase helmets for 7 epileptic children who can't afford them
- Provide an eye exam and glasses for a child in need

Please consider giving a Buck-A-Week through payroll deduction and help us change the lives of millions of Tennesseans.

United Ways of Tennessee fights for the health, education and financial stability of every person in our state, and our efforts provide:

- Crisis response, food and shelter for victims of disasters, such as the pandemic and tornadoes
- Health care for vulnerable people who would otherwise go without
- Basic needs for those facing tough times
- Safe havens from domestic abuse
- Volunteer opportunities to support our communities
- Job skills for people who want to work
- Programming to engage and educate children and youth
- Free 2-1-1 phone access in every county to find health and human services

When you give to United Way, you can give to a specific charity, a combination of charities, or you can designate directly to United Ways of Tennessee for statewide efforts or to a member United Way that serves your local community.

Together, we can inspire hope and create opportunities for a better tomorrow.

That's what it means to **LIVE UNITED™**

To learn more about how we and your local United Way is helping your community, please link to: www.uwtn.org

We also are proud to lead the Tennessee Afterschool Network and are grateful for donations for this initiative!

The Tennessee Afterschool network supports children, youth and families by building access to healthy and nurturing afterschool and summer learning experiences. Out-of-school-time programs give parents peace of mind, allow them to work a full schedule, and help them be more productive on the job and successful in their careers, including our essential workers. They also offer social and emotional support and enriching activities that spark kids' interest in school and learning. Research shows that students participating in high-quality afterschool programs are less likely to abuse drugs or alcohol; are more likely to advance to the next grade and graduate from high school; earn higher grades and do better on standardized tests. Some out-of-school-time programs even provide opportunities for youth to gain employability skills, connect with local businesses, and explore possible careers.

These programs include Dolly Parton's Imagination Library, Storybook Trails, Book Buses, K-3rd Grade Summer Reading and Caregiver Engagement. GELF was founded in 2004 by former Gov. Phil Bredesen as a public-private partnership to sustain Dolly Parton's Imagination Library in Tennessee, giving all birth to age five children the opportunity to receive books in the mail at no cost to families. GELF has grown from solely a book-gifting program to an early literacy organization driven by a vision where all Tennessee children have access to the resources, guidance and support they need to become lifelong learners. Monroe Harding
Homes • Healing • Opportunities

[Monroe Harding](#), established in 1893, follows an operational framework that integrates positive youth development, trauma and resiliency informed care, and evidence-based practices. Through this framework, we help children and young adults in Middle Tennessee develop resilience, replace maladaptive coping mechanisms with new skills, and connect with supportive resources that enhance protective factors and improve life trajectory. We operate under the belief that all young people are inherently resourceful and resilient. We work to be responsive to the needs of children and young adults in our community. Recognizing that Opportunity Youth experience many of the same challenges as those in foster care, we expanded services to this vulnerable population in 2019. Our team of social service professionals, volunteers, and community partners step in as a family, providing resources for Homes, Healing, and Opportunities—what we call the "H2O" that we believe is vital to helping young people succeed. To that proven formula, Monroe Harding adds the elements of Engagement and Advocacy, which serve as catalysts to propel service recipients into self-determined futures. www.monroeharding.org.
